Wombs and Alien Spirits Aug 21 2020 Based on nearly two years of ethnographic fieldwork in a Muslim village in northern Sudan, *Wombs and Alien Spirits* explores the zâr cult, the most widely practiced traditional healing cult in Africa. Adherents of the cult are usually women with marital or fertility problems, who are possessed by spirits very different from their own proscribed roles as mothers. Through the woman, the spirit makes demands upon her husband and family and makes provocative comments on village issues, such as the increasing influence of formal Islam or encroaching Western economic domination. In accommodating the spirits, the women are able metaphorically to reformulate everyday discourse to portray consciousness of their own subordination. Janice Boddy examines the moral universe of the village, discussing female circumcision, personhood, kinship, and bodily integrity, then describes the workings of the cult and the effect of possession on the lives of men as well as women. She suggests that spirit possession is a feminist discourse, though a veiled and allegorical one, on women's objectification and subordination. Additionally, the spirit world acts as a foil for village life in the context of rapid historical change and as such provides a focus for cultural resistance that is particularly, though not exclusively, relevant to women.

The Liberator's Medallion Jan 26 2021 Losing her parents and sister within months of each other, then watching her husband walk out on her had been enough drama to last Katiana Helmick a lifetime. However, more comes her way when she finds a magical medallion and is transported to Zafora; a world with alien customs, diseases, and dangers. The people of Zafora believe that being in possession of the magic medallion makes Katiana a Liberator, and they look to her to save their planet from its perils. Like it or not until she finds a way to do this, all while evading those out to stop her, she has no chance of returning to her own world. Kat is a simple librarian, but she knows the power of words. If there is one way to solve both problems of healing the dying people and returning home, it will be through the power of the books

she can now control. But will this be enough to ensure their survival and take her back to Earth?

I Am an Alien Oct 03 2021 There is no better time to release book of such magnitude like this one. This world in a state of disarray and full of conflicting information and conspiracies making everyone very confused. What you will find in this book is coming from a man that is in possession of information of great value never shared with this world before. Reading these short chapters you will quickly realize that this information is coming from someone intuitive with great support of an invisible council. There are subjects in this book that will challenge your beliefs but also will put you at ease once you understand who you are. There is chapter that will help you conquer fear, and chapter how to redesign your future life. Perhaps you wish to know the message from Nostradamus addressed to you. I don't shy from subjects explaining false prophets, sign of the beast, or conspiracies. You will find my view on controversial subjects like;-what are aliens-who you really are-untold story of Cain and Abel-secret about Solomon's temple-what is Garden of Eden-who is god-who is Antichrist-and many more including my own strange encounters.Enjoy.

Henry James and the "Aliens" Jun 23 2023 Henry James and the “Aliens” intervenes substantially in current debates in James studies, most notably in the key areas of cultural studies, ethnic studies and queer studies. Focusing throughout on questions of identity, and most prominently on how the latter is given shape in the very form of the late style, the book finds that James’s response to the ethnic other can be grasped neither as an attempt to police, supervise and master the other, nor as a politics of non-identical surrender to that other. Instead, there is a continuum of identity—akin to the “criminal continuity” that James registers throughout the American scene—in which self and other, native and alien, subject and object adopt alternate roles of control and submission. Both are at times in possession of the American scene and possessed by that scene. Jamesian sexual identity, too, proves to be constantly reconstituted in transitive processes of signification that make it impossible to fix the “I” or the “other” within a fixed framework—be that framework a heterosexual or a homosexual one. The eroticism that strikingly informs the late James can therefore only be captured, if at all, under the rubric of the “queer.”

His Human Possession Jul 24 2023 He doesn't want her to offer. He prefers to take. Demand. Conquer. Leti only intended to seduce the alien warrior. Because the game was to survive. Ingratiate herself to a new master. She never thought she'd fall for the giant horned warrior who rescued her from slavery. But it's easy to make him lose control. All she has to do is tempt him, and his need to master her takes over. Paal's species battle to take back their planet. All of their futures dangle by a thread. Leti and Paal should cling together as they fight for freedom, but her every seduction drives a wedge between them. And when he learns her secret, it just may be the end.

Alien Energy Dec 25 2020 The UFO and crop circle enigmas have been interpreted as extraterrestrial or hoaxes, but there are subtle answers to genuine reports (not hoaxes) which have never been explored. Andrew Collins, best-selling British author, puts forth the idea that ground-based energy forms, with an intelligence, are responsible for these phenomena. Collins' experiments at crop circle locations are described along with photographs and data reported initially in 1994.

Evidence of Extraterrestrials Nov 23 2020 Discover detailed analysis of dozens of UFO encounters that prove once and for all that

extraterrestrials are visiting the Earth. Beginning with historical cases such as the Aurora Crash in 1897 and the famous battle of Los Angeles in 1942, this book tells the definitive stories and provides impeccable documentation for these compelling cases. Learn whether the bodies recovered at Roswell were test dummies or extraterrestrials. Read the full story of why the military response to the Phoenix lights encounter didn't account for the eye-witness testimony. Read about the Petit-Rechain photograph of the Belgian UFO Wave, the Lubbock Lights photograph, and the Mariana footage of two unidentified craft flying over Great Falls, Montana. You will explore lesser known incidents such as the shutdown of China's Xiaoshan Airport in 2010 as well as the famous Tic Tac encounter off the coast of California. Additionally, Evidence of Extraterrestrials details the shortcomings of six notable government programs for the study of UFOs as the community of researchers continues on the quest for disclosure.

Invaded Jun 11 2022 Four people. Two bodies. One nightmare. The day Tracy Seavers dies, Detective John Peters arrives on the scene of the car accident to find she has miraculously walked away. An impossible conclusion, had the same thing not happened to him five years before. John suspects Tracy is now host to an alien entity with incredible healing power, and sometimes sinister needs. John wants Tracy almost as much as the entity inside him yearns for the new alien hiding within the beautiful brunette. The last time John got involved with another host, though, it ended in disaster. So Tracy is off-limits, no matter how much he and his entity want to wrap themselves around her. Instead, he throws himself into the ultimate distraction: finding the serial killer stalking their town. When both John and Tracy start having blackouts, and new evidence points to an entity as the killer, John has to admit that now even he is a suspect; and the only other alien in town lives inside Tracy. Unless he can find another. The South Jersey Slasher strikes again tonight. The clock is ticking—and Tracy is missing. Again. If you love the emotional connection of Jennifer L. Armentrout, the alien possession in *THE HOST*, and the dark intrigue of *Criminal Minds*, you'll die for *INVADED*. Pick up *INVADED* today and get ready to catch a killer. **TRIGGER WARNING:** Intense scenes. Disturbing Images. Adult Content.

And All the Devils Are Here Feb 24 2021 *And All the Devils Are Here* weaves horror, humor and science fiction together into a genre-bending odyssey that leaves no stone of the supernatural unturned, including demonic possession, alien abductors and an inter-dimensional being that is certainly no angel. No topic is taboo, no belief system off limits as sacred cows of ancient and modern thought are mutilated all along the way from the first page to the last. With engaging characters, an intricate plot and a pace that only occasionally lets the major players catch their breath, *And All the Devils Are Here* transcends stereotypical horror in favor of creating a story that refuses to fit into any convenient category.

CE-VI Apr 21 2023 "This book catapults the reader into the many-layered realms of human consciousness and experience, revealing unwanted intrusions by alien "others." This kind of ET/UFO encounter appears to be nonphysical yet every bit as intrusive as the well-known abduction scenario."--Publisher description

Alien's Host May 22 2023 "Humans weren't built for this," he whispered. "You were too open. I had to bring you back, or you'd disappear." ?LAYLA I didn't know how frustrating aliens could be until I got stuck with this golden giant on his ranch in the middle of a freak blizzard. The way he towers over me makes my breath hitch and his sharp eyes see right through me. Yet his aloof, condescending attitude towards humans makes me want to just get this job over with and go home. But now, I'm lying injured in his bed. And there's something crawling under my skin. And I can't let myself relax. Because if I do... I'm afraid I'm going to like it. KUTHIL ASH KHARN My new financial advisor is angry about being made to cancel her "Christmas" ritual, but easily placated with a dead tree and shiny objects. Just as we get down to business, however, she is injured on my watch. Now we're trapped, she's hurt, and I know of only one way to help her. But when I initialize the healing process of molding, I learn first hand how greedy and hungry a human female can be, no matter how hard she tries to fight her base instincts. And now that we've molded... I realize I'm hungry, too. *Alien's Host: A Sci-Fi Possession Romance* is a spicy science fiction romance featuring alien possession and being stuck together in (very) close quarters. This story was originally published in the *Unwrapping the Alien* anthology. It contains a revised ending with three additional chapters.

Dual Abduction Apr 16 2020 They both wanted her. The question was, could they share her? Abducted by alien slavers, along with her group of teenage misfits, Louisa doesn't think her week can get any stranger until two big purple warriors arrive to the rescue-and then fight over who gets to keep her. Not interested in a winner, she clobbers them, but when they regain consciousness, they're even more determined to claim her. Best friends, Brax and Xarn, share everything; loot, jobs, trouble, until they come across a luscious human that stirs their possessive side. Their battle over who gets to keep her ends in a tie due to matching concussions, but what's a bruise or two when it comes to winning her as a mate. When she keeps denying them both, they put aside their rivalry to team up and claim the one they want.

Aliens Dec 17 2022 How and when does there come to be an "anthropology of the alien?" This set of essays, written for the eighth J. Lloyd Eaton Conference on Fantasy and Science Fiction, is concerned with the significance of that question. "[Anthropology] is the science that must designate the alien if it is to redefine a place for itself in the universe," according to the Introduction. The idea of the alien is not new. In the Renaissance, Montaigne's purpose in describing an alien encounter was excorporation--mankind was the "savage" because the artificial devices of nature controlled him. Shakespeare's version of the alien encounter was incorporation; his character of Caliban is brought to the artificial, political world of man and incorporated into the body politic "The essays in this volume . . . show, in their general orientation, that the tribe of Shakespeare still, in literary studies at least, outnumbers that of Montaigne." These essays show the interrelation of the excorporating possibilities to the internal soundings of the alien encounter within the human mind and form. This book is divided into three parts: "Searchings: The Quest for the Alien" includes "The Aliens in Our Mind," by Larry Niven; "Effing the Ineffable," by Gregory Benford; "Border Patrols," by Michael Beehler; "Alien Aliens," by Pascal Ducommun; and "Metamorphoses of the Dragon," by George E. Slusser.

"Sightings: The Aliens among Us" includes "Discriminating among Friends," by John Huntington; "Sex, Superman, Sociobiology," by Joseph D. Miller; "Cowboys and Telepaths," by Eric S. Rabkin; "Robots," by Noel Perrin; "Aliens in the Supermarket," by George R. Guffey; and "Aliens 'R' U.S.," by Zoe Sofia. "Soundings: Man as the Alien" includes "H. G. Wells' Familiar Aliens," by John R. Reed; "Inspiration and Possession," by Clayton Koelb; "Cybernauts in Cyberspace," by David Porush; "The Human Alien," by Leighton Brett Cooke; "From Astarte to Barbie," by Frank McConnell; and "An Indication of Monsters;" by Colin Greenland.

Other Space Jan 18 2023 Three tales from Other Space, including alien possession, an alien revelation, and an alien war.

Possessed Jul 12 2022 I sacrificed myself to save my sister's ship. Now the raider warlord owns me. It was my own fault. I was the navigator of our ship, and I'm the one who led us straight into Vandar territory. We'd heard rumors about the Vandar raiders-everyone in the galaxy had. Terrifying and ruthless, they were a scourge on the Zagrath empire and destroyed everything in their path. Few had actually laid eyes on the Vandar or the notorious warlords who led their fleets of warships-and survived to talk about it. So, when the ruthless aliens board our ship intent on destroying it and killing the crew, I did the only thing I could do. I gave myself to the dark and menacing warlord. In exchange for allowing my sister's ship passage out of the Vandar territory, I must share his bed and travel with his crew of deadly raiders. Even though the sight of the huge, battle-scarred alien terrifies me. But as I adjust to my new life on a savage warship, I discover that the dominant alien warrior wants more than just my body. He wants to possess my soul. And he'll make a new deal with me to get it. Possessed is a full-length sci fi romance novel with an HEA and no cheating. It features steamy scenes on a raider warship, alien horde space battles, and some serious enemies-to-lovers heat. If you like dominant and dangerous alien warriors, alien abduction to seduction romance, and hot scenes with a happily ever after, you'll love Possessed, the first book in Tana Stone's sci-fi romance Raider Warlords of the Vandar series. Each book can be read as a standalone.

These events and more lead Sarah Hartman and Ken Boyd through a complex labyrinth of secrets, lies, and cover-ups, with their ultimate destination being an unfathomable truth-we aren't alone in the universe. Just how 'un-alone' we are will shock the world and change everything forever... Is there anybody out there? Yes, yes there is...

Grey Aliens and the Harvesting of Souls Feb 07 2022 Exposes the agenda behind the bio-robotic grey aliens' genetic manipulation of certain human races • Reveals the Grey's nature as sophisticated self-aware machines created by a long vanished extraterrestrial civilization • Explains how their quest to capture human souls appears in the historical record from biblical times • Explains how the phenomenon of racism is a by-product of their genetic tampering In 1997 Nigel Kerner first introduced the notion of aliens known as Greys coming to Earth, explaining that Greys are sophisticated biological robots created by an extraterrestrial civilization they have long since outlived. In this new book Kerner reveals that the Greys are seeking to master death by obtaining something humans possess that they do not: souls. Through the manipulation of human DNA, these aliens hope to create their own souls and, thereby, escape the entropic grip of the material universe in favor of the timeless realm of spirit. Kerner explains that genetic manipulation by the Greys has occurred since biblical times and has led to numerous negative qualities that plague humanity, such as violence, greed, and maliciousness. Racism, he contends, was developed by the aliens to prevent their genetic experiments from being compromised by breeding with others outside their influence. Examining historical records, Kerner shows that Jesus, who represented an uncorrupted genetic line, warned his disciples about the threat posed by these alien interlopers, while Hitler, a pure product of this alien intelligence, waged genocide in an attempt to rid Earth of all those untouched by this genetic tampering. Despite the powerful grip the Greys have on humanity, Kerner says that all hope is not lost. Greys exist wholly in the material world, so if we follow the spiritual laws of reincarnation and karma, aiming for enlightenment and rising above the material--a state the Greys are unable to reach--we can free ourselves from their grasp.

Aliens in the Bible Apr 28 2021 To get more information on this book and my other books, check out my website at

www.AliensInTheBible.com. When reading the Bible, readers usually find moral guidance; sometimes they perceive a sense of poetic beauty. But how often do readers fall into the pages, and swim among the ancient Hebrew characters? How many people transcend the eons of time within the ancient text of the Bible, then look up from their reading, and consider for a moment that they are mysterious beings, immersed in a mysterious creation? How odd this current world must have looked, we with our televisions, space-shuttles, and computers, in the visions of the prophets of old; and how odd the world of antiquity looks to us today a world of giants, magicians, and sorcerers; a world of legendary gods coming from the heavens. Aliens in the Bible is a book of possibilities. No claim of supreme knowledge in biblical interpretation is made rather, scripture is presented, and with it, the pondering mind of the author. Some pondering may be perceived as utterly preposterous, despite the fact that science and historical literature other than the Bible may also support some suggested theories. Nevertheless, this book should be a healthy read; it should touch the unseen eyes of the soul, which delight in the revelations of the invisible realm. Aliens in the Bible is researched information that places paranormal subjects into three categories: supernatural entities, realms of existence, and phenomenon. Within the scope of paranormal phenomenon, unlike the title of this book may suggest, a host of topics are covered. Along with the existence of aliens ghosts, thought-forms, artificial intelligence, monsters, and mythical beings are also discussed all with a biblical interpretation. The realms of heaven and hell are explained in depth. Other paranormal phenomenon, such as reincarnation, PSI, astral projection, stigmata, and more, are also elaborated upon. Some of the theories presented in this book might make the average Christian laugh. Indeed, they could be embossed on the front page of a tabloid. Some of them are as follows: 1. The beast spoken of in the book of Revelation might actually be an artificial intelligent life form. 2. The giants of Genesis chapter 6 were genetically engineered hybrids of humans, and fallen angels. Dinosaurs and other monstrous prehistoric beasts were the results of precursory genetic experimentation leading up to the Nephilim giants. 3. Astral projection was practiced at the Tower of Babel. This ability aided in the growth of exponential knowledge. 4. Satan once ruled a host of planets; his home world was called Rahab. God destroyed this world; it became what is now known as the asteroid belt. 5. The heaven reported by many non-Christians that have had NDEs (Near-Death-Experiences) isnt really heaven at all. Its actually a vacated paradise located within the midst of Hades, ruled by demonic entities. 6. What people perceive as reincarnation is actually possession of the deceased. This book may be accused of not being focused on the primary message of the Bible. The heart of scripture is the heart of God; that He imbed Himself inside the body of a human being by the name of Jesus, and willingly allowed Himself to be murdered. Why did He do this? Because He demands perfect justice yet seeing that we can never pay this price, He paid it for us, if only we accept Him on His terms. Instead, this books focus is on items that may be deemed a value of secondary importance in comparison with the essentials of the Christian faith, such as the love of God, the immaculate conception of Christ, His work of salvation on the cross, moral absolutes, etc. To all Christian readers, I humbly request you humor this work, for this book should serve a valuable twofold purpose. First of all, it will witness to seekers who often immerse

Prometheus: Life and Death Aug 01 2021 Colonial Marines have taken possession of an "abandoned" alien spacecraft-only to discover its owner is still onboard! Instead of heading to Earth as expected, the humans end up on LV-223 (the planet where the events in the film Prometheus took place). There they must contend with hostile alien life forms, as well as the mysterious "Engineers" who are determined to

wipe out not just them, but possibly all of humanity! This is the second chapter in the Life and Death story cycle-the follow-up to 2015's epic Fire and Stone crossover event. Before this tale is complete, the story lines of Predator, Prometheus, Aliens, and Aliens vs. Predator will all converge!

Alien Hearts May 30 2021 Alien Hearts was the last book that Guy de Maupassant finished before his death at the early age of forty-three. It is the most original and psychologically penetrating of his several novels, and the one in which he attains a truly tragic perception of the wounded human heart. André Mariolle is a rich, handsome, gifted young man who cannot settle on what to do with himself. Madame de Burne, a glacially dazzling beauty, wants Mariolle to attend her exclusive salon for artists, composers, writers, and other intellectuals. At first Mariolle keeps his distance, but then he hits on the solution to all his problems: caring for nothing in particular, he will devote himself to being in love; Madame de Burne will be his everything. Soon lover and beloved are equally lost within a hall of mirrors of their common devising. Richard Howard's new English translation of this complex and brooding novel—the first in more than a hundred years—reveals the final, unexpected flowering of a great French realist's art.

Sight Unseen Jun 30 2021 The New York Times bestselling author of Witnessed, Intruders, and Missing Time -- three groundbreaking books on the UFO phenomenon -- returns with astonishing evidence that other-worldly beings are a very real -- and growing -- part of our lives. In Sight Unseen, Budd Hopkins and coauthor Carol Rainey show how fascinating discoveries in modern science support the plausibility of the UFO phenomenon. Featuring sixteen never-before-published cases, Sight Unseen probes two newly uncovered patterns in alien abduction: cases of UFO "invisibility" and reports of genetically altered alien beings who interact with humans during their routine lives. The "invisibility" accounts detailed by Hopkins include numerous daylight abductions in densely populated urban areas -- all apparently unseen and accomplished through a technology of invisibility. Two air force non-coms are snatched from the tarmac of a busy military airfield. An Australian family is levitated up into a hovering craft while the father remains paralyzed on the ground with a camera to his eye. The resulting evidence on film is discussed in terms of our own scientific advances. In the second series of cases, abductees report encounters with beings who appear human but apparently possess paranormal powers and stunted emotional ranges. Three young women, unknown to each other, are mysteriously summoned to "job interviews." In ordinary office settings, they encounter human-looking beings who lead them into baffling UFO abduction experiences. A Wisconsin farmer meets "Damoe," a man with odd behavior who closely resembles his son. Damoe eventually reveals himself as an accomplice of UFO occupants in a startling abduction of the farmer and his wife. Five-year-old Jen is abducted at night to a nearby playground. There she must teach the techniques and skills of "play" to twelve seemingly identical, quasi-human children. Along with these bizarre, first-person stories told by credible people, Hopkins and Rainey explore cutting-edge advances in our own technologies and scientific theories that show how these new UFO patterns could have a concrete basis in contemporary science. Included are an examination of cloaking devices for aircraft, mind-control technologies, and teleportation achieved in the lab. Perhaps the most compelling argument to support these cases lies in the startling and controversial new science of transgenics that actually allows for the creation of alien/human beings.

In League with a UFO Feb 19 2023 The Alien ship recovered in Roswell, New Mexico in 1947, was filled with Alien gadgetry. The gadgetry or spawn, as some of the covert operators called the Alien things, infested the crashed flying saucer. The Alien spawn had magical and bizarre

qualities with eVietnamese tendencies. The gadgets served as tools and medical instruments and seemingly possessed personalities of their own. In their attempts to better understand the extraterrestrial menace Vietnamese sitting Earth, the covert committee performed extensive experiments on humans using the Alien gadgets.
