A story of celebration with the characters of Hazel Village. The One Year Book of Encouragement is a collection of insights from assorted Christian authors, past and present—from Oswald Chambers and Philip Yancey to John Calvin and John Wesley. Draw encouragement every day from the wisdom of the ages with this One Year book—it's bound to be a classic! Squirrel knows that New Year's Day is a great day for making resolutions! But what does it mean to make a resolution, anyway? As she makes visits around the forest she learns about New Year's resolutions and helps her friends get started on theirs. If only she can think of a resolution of her very own. The cult classic from the godfather of Cuban science fiction, Agustín de Rojas's *The Year 200* is both a visionary sci-fi masterwork and a bold political parable about the perils of state power. Centuries have passed since the Communist Federation defeated the capitalist Empire, but humanity is still divided. A vast artificial-intelligence network, a psychiatric bureaucracy, and a tiny egalitarian council oversee civil affairs and quash "abnormal" attitudes such as romantic love. Disillusioned civilians renounce the new society and either forego technology to live as "primitives" or enhance their brains with cybernetic implants to become "cybos." When the Empire returns and takes over the minds of unsuspecting citizens in a scenario that terrifyingly recalls *Invasion of the Body Snatchers*, the world's fate falls into the hands of two brave women. Originally published in 1990, just after the fall of the Berlin Wall and before the onset of Cuba's devastating Special Period, Agustín de Rojas's magnum opus brings contemporary trajectories to their logical extremes and boldly asks, "What does 'the greatest good for the greatest number' really mean?" "List of the names of persons engaged in the various activities": v. 10, p. 243-257. From the National Book Award-winning author of Just Kids and M Train, a profound, beautifully realized memoir in which dreams and reality are vividly woven into a tapestry of one transformative year.

Following a run of New Year's concerts at San Francisco's legendary Fillmore, Patti Smith finds herself tramping the coast of Santa Cruz, about to embark on a year of solitary wandering. Unfettered by logic or time, she draws us into her private wonderland with no design, yet heeding signs—including a talking sign that looms above her, prodding and sparring like the Cheshire Cat. In February, a surreal lunar year begins, bringing with it unexpected turns, heightened mischief, and inescapable sorrow. In a stranger's words, "Anything is possible: after all, it's the Year of the Monkey." For Smith—inventorately curious, always exploring, tracking thoughts, writing—the year evolves as one of reckoning with the changes in life's gyre: with loss, aging, and a dramatic shift in the political landscape of America. Smith melds the western landscape with her own dreamscape. Taking us from California to the Arizona desert; to a Kentucky farm as the amanuensis of a friend in crisis; to the hospital room of a valued mentor; and by turns to remembered and imagined places, this haunting memoir blends fact and fiction with poetic mastery. The unexpected happens; grief and disillusionment set in. But as Smith heads toward a new decade in her own life, she offers this balm to the reader: her wisdom, wit, gimlet eye, and above all, a rugged hope for a better world. Riveting, elegant, often humorous, illustrated by Smith's signature Polaroids, *Year of the Monkey* is a moving and original work, a touchstone for our turbulent times. The creator of "Grey's Anatomy" and "Scandal" details the one-year experiment with saying "yes" that transformed her life, revealing how accepting unexpected invitations she would have otherwise declined enabled powerful benefits. Here are 365 classic hymn texts, along with stories of how they came to be written. This is an ideal startling point for personal or family devotions. Some years—1789, 1929, 1989—change the world suddenly. Or do they? In 2020, a pandemic converged with an economic collapse, inequalities exploded, and institutions weakened. Yet these crises sprang not from new risks but from known dangers. The world—like many patients—met 2020 with a host of preexisting conditions, which together tilted the odds toward disaster. Perhaps 2020 wasn't the year the world changed; perhaps it was simply the moment the world finally understood its deadly diagnosis. In *The Long Year*, some of the world's most incisive thinkers excavate 2020's buried crises, revealing how they must be confronted in order to achieve a more equal future. Keeanga-Yamahatta Taylor calls for the defunding of police and the refunding of communities; Keisha Blain demonstrates why the battle against racism must be global; and Adam Tooze reveals that COVID-19 hit hardest where inequality was already greatest and welfare states weakest. Yarimar Bonilla, Xiaowei Wang, Simon Balto, Marcia Chatelain, Gautam Bhan, Ananya Roy, and others offer insights from the factory farms of China to the elite resorts of France, the meatpacking plants of the Midwest to the overcrowded hospitals of India. The definitive guide to these ongoing catastrophes, *The Long Year* shows that only by exposing the roots and ramifications of 2020 can another such breakdown be prevented. It is made possible through institutional partnerships with Public Books and the Social Science Research Council. ECPA 2020 Christian Book Award Finalist! You wouldn't believe it, but . . . James Earl Jones, the voice of Darth Vader, grew up mute. Michael Jordan was cut from his high school basketball team. Albert Einstein was bullied mercilessly in school. Beethoven's mom almost aborted him. Life takes the strangest sharp turns—and sometimes, U-turns. Robert Petterson—popular speaker, storyteller, and author—has been a student for his entire life of what God is teaching us through those real-life U-turns. In this book, he compiles 365 amazing stories that teach lessons you won't easily forget. Each entry is written in the rest-of-the-story style popularized by Paul Harvey. With *The One Year Book of Amazing Stories*, you'll marvel at how God has used the lives of these ordinary people to change the course of human history. Colombia is undergoing a period of generation-marking adversity. And saying this of Colombia is a tall order given a tumultuous yesterday of armed conflict and internal mass displacement. Today's struggles are of a different nature, however. President Duque has had to give simultaneous management to the COVID-19 health crisis, the Venezuelan refugee crisis, and an expanding fiscal deficit situation that lost the country its investment-grade rating. All this against a backdrop of mass social discontent manifested by record-setting civilian protest. Considering this concoction of challenges, Colombian business leaders have demonstrated the exceptional traits of resilience that characterize this country's people. This edition of *The Business Year: Colombia* is dedicated to them. This 188-page publication aims to paint a picture of Colombia's current economic condition, examining each major sector through

exclusive interviews, as well as news and analysis, from finance to energy and transport to tourism. A NEW YORK TIMES NOTABLE BOOK • The dramatic story of the Flint water crisis, by a relentless physician who stood up to power. "Stirring . . . [a] blueprint for all those who believe . . . that 'the world . . . should be full of people raising their voices.'"—The New York Times "Revealing, with the gripping intrigue of a Grisham thriller." —O: The Oprah Magazine Here is the inspiring story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world. Paced like a scientific thriller, *What the Eyes Don't See* reveals how misguided austerity policies, broken democracy, and callous bureaucratic indifference placed an entire city at risk. And at the center of the story is Dr. Mona herself—an immigrant, doctor, scientist, and mother whose family's activist roots inspired her pursuit of justice. *What the Eyes Don't See* is a riveting account of a shameful disaster that became a tale of hope, the story of a city on the ropes that came together to fight for justice, self-determination, and the right to build a better world for their—and all of our—children. Praise for *What the Eyes Don't See* "It is one thing to point out a problem. It is another thing altogether to step up and work to fix it. Mona Hanna-Attisha is a true American hero."—Erin Brockovich "A clarion call to live a life of purpose."—The Washington Post "Gripping . . . entertaining . . . Her book has power precisely because she takes the events she recounts so personally. . . . Moral outrage present on every page."—The New York Times Book Review "Personal and emotional. . . She vividly describes the effects of lead poisoning on her young patients. . . . She is at her best when recounting the detective work she undertook after a tip-off about lead levels from a friend. . . . 'Flint will not be defined by this crisis,' vows Ms. Hanna-Attisha."—The Economist "Flint is a public health disaster. But it was Dr. Mona, this caring, tough pediatrician turned detective, who cracked the case."—Rachel Maddow In this dramatic adaptation of her award-winning, bestselling memoir, Joan Didion transforms the story of the sudden and unexpected loss of her husband and their only daughter into a stunning and powerful one-woman play. "This happened on December 30, 2003. That may seem a while ago but it won't when it happens to you . . ." Michiko Kakutani in The New York Times called the memoir that was the basis for the play, "an indelible portrait of loss and grief . . . a haunting portrait of a four-decade-long marriage." The first theatrical production of *The Year of Magical Thinking* opened at the Booth Theatre on March 29, 2007, starring Vanessa Redgrave and directed by David Hare. "A picture book comically following one girl through each of the four seasons"-- Includes official reports, ordinances, and annual reports of the Dept. of Public Health. The *Haiku Year* exists because seven friends made a pact to write haikus every day for a year as a way to keep in touch with each other. The finished product is a document of a year's worth of moments filled with joy, sorrow and unexpected beauty. The book y creates the sense that present moments do not just disappear and provides a visceral understanding of how these moments fit into the

context of the rest of our lives. The short verses in *Haiku Year* stab and elate. They hint at both the transcendence and mediocrity of everyday life. The power of Michael Stipe's southern, twilight drenched lyrics from early REM albums is present in the volume. Douglas A. Martin's sparse yet descriptive prose gleams throughout. The thoughtful storytelling of Grant Lee Phillips is pared down to the simplest words to describe an instance. The *Haiku Year* is about the appreciation of small moments of beauty, ultimately adding up to the appreciation and respect not only for our individual lives but for all the lives that intersect with ours. The *Haiku Year* effortlessly urges readers to enjoy details and to let spare moments pierce through the numbness of everyday routine. A marvelous global history of the pivotal year 1945 as a new world emerged from the ruins of World War II *Year Zero* is a landmark reckoning with the great drama that ensued after war came to an end in 1945. One world had ended and a new, uncertain one was beginning. Regime change had come on a global scale: across Asia (including China, Korea, Indochina, and the Philippines, and of course Japan) and all of continental Europe. Out of the often vicious power struggles that ensued emerged the modern world as we know it. In human terms, the scale of transformation is almost impossible to imagine. Great cities around the world lay in ruins, their populations decimated, displaced, starving. Harsh revenge was meted out on a wide scale, and the ground was laid for much horror to come. At the same time, in the wake of unspeakable loss, the euphoria of the liberated was extraordinary, and the revelry unprecedented. The postwar years gave rise to the European welfare state, the United Nations, decolonization, Japanese pacifism, and the European Union. Social, cultural, and political "reeducation" was imposed on vanquished by victors on a scale that also had no historical precedent. Much that was done was ill advised, but in hindsight, as Ian Buruma shows us, these efforts were in fact relatively enlightened, humane, and effective. A poignant grace note throughout this history is Buruma's own father's story. Seized by the Nazis during the occupation of Holland, he spent much of the war in Berlin as a laborer, and by war's end was literally hiding in the rubble of a flattened city, having barely managed to survive starvation rations, Allied bombing, and Soviet shock troops when the end came. His journey home and attempted reentry into "normalcy" stand in many ways for his generation's experience. A work of enormous range and stirring human drama, conjuring both the Asian and European theaters with equal fluency, *Year Zero* is a book that Ian Buruma is perhaps uniquely positioned to write. It is surely his masterpiece. We tend to look to the New Testament to tell us about Jesus, yet it was the Old Testament about which Jesus said, "the Scriptures point to me!" In *The One Year Book of Discovering Jesus in the Old Testament*, Bible teacher Nancy Guthrie takes readers from Genesis through Malachi, shining the light of Christ on the promise of a descendent who will put an end to the curse of sin; the story of a father who offers up his son as a sacrifice; the symbol of a temple where people can meet with God; the prophecy of a servant who will suffer; the person of a king who will rule with righteousness—and so much more. Day by day throughout the year, readers will see the beauty of Christ in fresh new ways, creating a deeper understanding and appreciation for who Jesus is and what he accomplished through his Cross and Resurrection. From the Pulitzer Prize-winning author of *The Looming Tower*, and the pandemic novel *The End of October*: an unprecedented, momentous account of Covid-19—its origins, its wide-ranging repercussions, and the ongoing global fight to contain it "A book of panoramic breadth ... managing to surprise us about even those episodes we ... thought we knew well ... [With] lively exchanges about spike proteins and nonpharmaceutical interventions and disease waves, Wright's storytelling dexterity makes all this come alive." —The New York Times Book Review From the fateful first moments of the outbreak in China to the storming of the U.S. Capitol to the extraordinary vaccine rollout, Lawrence Wright's *The Plague Year* tells the story of Covid-19 in authoritative, galvanizing detail and with the full drama of events on both a global and intimate scale, illuminating the medical, economic, political, and social ramifications of the pandemic. Wright takes us inside the CDC, where a first round of faulty test kits lost America precious time . . . inside the halls of the White House, where Deputy National Security Adviser Matthew Pottinger's early alarm about the virus was met with confounding and drastically costly skepticism . . . into a Covid ward in a Charlottesville hospital, with an idealistic young woman doctor from the town of Little Africa, South Carolina . . . into the precincts of prediction specialists at Goldman Sachs . . . into Broadway's darkened theaters and Austin's struggling music venues . . . inside the human body, diving deep into the science of how the virus and vaccines function—with an eye-opening detour into the history of vaccination and of the modern anti-vaccination movement. And in this full accounting, Wright makes clear that the medical professionals around the country who've risked their lives to fight the virus reveal and embody an America in all its vulnerability, courage, and potential. In turns steely-eyed, sympathetic, infuriated, unexpectedly comical, and always precise, Lawrence Wright is a formidable guide, slicing through the dense fog of misinformation to give us a 360-degree portrait of the catastrophe we thought we knew.
