Now, for the first time, all of their thinking and research has been updated and brought together into Leveled Books, K-8 to form the ultimate guide to choosing and using books from kindergarten through middle school. Fountas and Pinnell take you through every aspect of leveled books, describing how to select and use them for different purposes in your literacy program and offering prototype descriptions of fiction and nonfiction books at each level. They share advice on: the role of leveled books in reading instruction, analyzing the characteristics of fiction and nonfiction texts, using benchmark books to assess instructional levels for guided reading, selecting books for both guided and independent reading, organizing high-quality classroom libraries, acquiring books and writing proposals to fund classroom-library purchases, creating a school book room. In addition, Fountas and Pinnell explain the leveling process in detail so that you can tentatively level any appropriate book that you want to use in your instruction. Best of all, Leveled Books, K-8 is one half of a new duo of resources that will change how you look at leveled books. Its companion-www.FountasandPinnellLeveledBooks.com-is a

Guided Reading Program Jul 27 2020

Guided Practice for Reading Growth, Grades 4-8 Jun 29 2023

"Struggling readers, especially those in grades 4-8, need to feel success with reading; they often develop negative mindsets and tune out and away from reading at this age. Currently, there is a large market for "low-level, high-interest" trade books to reach middle-school students who are reading far below grade level. The problem with such books, however, is that kids feel embarrassed to be seen reading them...furthering the negative mindset. And, of course, simply sticking a low-level reader with a book and asking him or her to read independently is problematic because these kids likely still need some shared and guided reading support in order to master the skills they're lacking. Yet many middle-grade teachers don't have experience teaching guided reading, so they, too, need support. This book by Laura Robb and David Harrison solves these problems by offering both original poems and short texts for students as well as lesson ideas for teachers. The poems and short texts are written specifically for students in grades 4 to 8 reading two or more years below grade level; they're written at a second and third grade

instructional level, but the ideas will be complex. Plus, the poems and short texts used for shared reading will be written at a higher level because the teacher reads the text first and then students choral read it together. The book's ultimate goal is this: As students gain self-confidence by reading and discussing poetry, short texts, and books during independent reading, their successes will develop the mindset needed to continue to read independently to improve their reading skill and stamina"--

Reading Comprehension Passages 1st Grade Sep 28 2020
Reading Comprehension Passages 1st Grade: Level C Guided Reading Comprehension Passages with Text Evidence Questions for 1st Grade: This product is designed to help kids who are reading at Guided Reading Level C become skilled at reading simple passages and answering text-based comprehension questions. As students find the evidence that supports their answers, they participate in their very first close reading lessons. This pack is ideal for morning work once students are familiar with the format. (Upon request, an abridged version of this product is now also listed in Spanish. If you'd like to take a look, please click [here](#).) This packet includes 30 reading comprehension passages with three questions per passage. Each passage is presented twice. - In the first set, the passages are provided in a standard format. I have students circle the correct answer and also write it on the line. - In the second set, a color-coded crayon is provided in each answer box. Students use that color to underline the evidence in the text that supports their answer & also answer in a standard format. - Supports the following Kindergarten and First Grade standards: - CCSS ELA-Literacy.RL.1.1 - Ask and answer questions about key details in a text. - CCSS ELA-Literacy.RL.K.1 -With prompting and support, ask and answer questions about key details in a text. - If multiple choice questions are new to your kids, I recommend putting simple questions in a multiple choice format during calendar time or other daily routines. I like to give each student a strip of

cardstock with A, B and C written on it and have them practice answering multiple choice questions by clipping a clothespin on the correct answer. This is an easy, fun way for kids to develop confidence answering multiple choice questions. - Once kids are comfortable with the multiple choice format, I like to discuss the first few passages with groups and demonstrate how to answer the simple text-based multiple choice questions. Some of the passages are similar to each other so you can use one passage to teach and the other to check each student's understanding during independent work. - I am finding that, with guided Reading comprehension practice, kids quickly develop the skills they need to be successful reading these passages and independently answering the multiple choice questions. These passages are based on common sight words. I also have kids find and highlight selected sight words. Supports the following standards: - CCSS ELA-Literacy.RF.1.3g - Recognize and read grade-appropriate irregularly spelled words (for beginning of year words). - CCSS ELA-Literacy.RF.K.3c - Read common high-frequency words by sight. Thank you for looking! - Reading Comprehension Test Education
