Thoughts Unlocked Oct 12 2022 A pandemic made us all sad, mute and tremble with fear. We locked the entire world one day and isolated ourselves from each other. This book *Thoughts Unlocked – Lockdown Days Musings* is a perfect riposte to a pandemic that has rendered the humans voiceless. Writer Sreenivasan ruminates on how the pandemic made a larger impact on his life and those around him. It would give the reader an insight into how a human mind works when, one day, the world closes all its doors and puts us all under house arrest. This book tells the stories of the past, present and future. It seems autobiographical and fictitious at times. It may lack in order of things, but is written in a language that is lucid, mild, straight and with a grand touch of humour. The thoughts the writer shares here would create in every reader a ponderous urgency to look back to the lives we had in the past. This book is a definite read and should be a great help in the freeing of our thoughts and presumptions

**Unlocked** Dec 14 2022 From Louis Ferrante, a one-time mafia thug and federal prison inmate, comes this remarkable and moving memoir of his journey from a life of crime to that of a promising writer Up until his incarceration, Louis Ferrante led the life of a mobster. As a young ruffian, he made his reputation by leading a street gang and shooting a neighborhood bully. Later, he became connected with John Gotti Jr. and the Gambino crime family. During his time with the mob, Ferrante committed the most lucrative robberies in US history, many of which are still unsolved. But soon enough, the law caught up to him.

Indictments came from the Secret Service, the Nassau County Organized Crime Force, and the FBI (twice) and Louis found himself behind bars. In jail, Louis read his first book and a new world was opened up to him. During the course of his 8 years he read everything from Caesar's Gallic Wars to Danielle Steele and everything in between. With only what he could teach himself, Louis successfully appealed his own conviction, a landmark case that now appears in textbooks. In addition to law, Ferrante studied the three major faiths, including Buddhism. He eventually chose to become an Orthodox Jew. Free from prison, Ferrante's memoir retells his meteoric rise to the upper-echelon of the mafia hierarchy, his time in prison, and the astonishing turn around his life has made. After spending most of his life involved with crime or in jail, Louis Ferrante has reinvented himself as a writer. With a crisp yet harsh writing style similar to Charles Bukowski, Ferrante's stories of crime with the mob and his time spent in prison are sure to captivate audiences.

*Unlocked* Feb 16 2023 A Poignant and Inspiring Story of a Family Whose Child Emerges from Autism. Unlocked begins with a vivid depiction of the author's life with her autistic son, Ben. Feelings of isolation, self-hate, and even moments of hatred toward her own child in response to his behaviors, as well as the impact on her marriage and younger daughter, impel her to seek solutions for his condition. Through years of trial and error, Susan eventually discovers methods that bring about radical improvement in Ben. The story, however, is not just about Ben, but also addresses Susan's own spiritual and psychological struggles—and ultimate transformation—as she and her husband watch Ben go in and out of autism. Through years of intermittent progress and frustrating “steps backwards,” Susan learns that loving Ben means embracing him as he is, day by day, rather than waiting to love him fully “one day when he is cured.” Told largely through anecdote, Unlocked is, by turns, heart-wrenching and joyful, hopeful and doubt-laden. As we follow young Ben's exploits into a new social world, our own hearts break as he stumbles, but finally soar as he achieves his dream: genuine, caring, and reciprocal relationships with his peers. In the end, Unlocked is a story about family, commitment, and the power of embracing, nonjudgmental love.

24/7 Mar 05 2022 In the spring of 1998, mild-mannered, Ivy League-educated Andrés Martínez took \$50,000--most of the advance his publisher was paying for this book--and headed to Las Vegas for thirty days, ten casinos, and a wild ride through the belly of a neon beast. The result: this brilliant, often hilarious chronicle of flesh, flash, and gambling in a city where everyone dreams of hitting the jackpot--and once in a while, someone actually does. From seedy strip

clubs to sprawling suburbs, from the sumptuous Bellagio to the Liberace Museum, Martinez meets a host of colorful characters...gathering tricks of the trade from blackjack dealers and fellow bleary-eyed gamblers, attending Easter Sunday mass on the Strip, befriending a family man who raised six kids while losing eight million dollars as a sports gambler. An exhilarating joyride of a read, 24/7 is a breathless tour of America's Sin City...as seen through the eyes of a man making \$1.65 million in wagers in a single month. Guess how much he took home?

In joint families, by the time the children are old enough to know the trick played by their grandma, there is usually another group of kids ready to fall for it! They excite the kids, but the real nutrition lies not in the noodles but in the soup. The problems given in this book are like those noodles/cherries while solving all these problems are nutritious soup. Now it is your choice to drink the nutritious soups or not!!!

**Unlocking the Code** Jan 03 2022 Rabbi Levi Yitzchak Schneerson was the father and teacher of the Lubavitcher Rebbe. For about 25 years, the Rebbe lived, for the most part, in his parents' home where the Rebbe and his father developed a close personal bond. The Rebbe and his father last saw each other in the fall of 1927. During 1928, his father wrote to his son a series of 4 letters related to the Rebbe's upcoming wedding explaining the Kabbalistic significance of each holiday and how it relates to different aspects of marriage. These letters show not just Torah insights but also very personal insights into the close connection between Rabbi Levi Yitzchak (the then 50-year old father) and the Rebbe (his then 26-year old son). "It is my obligation and great zechus to suggest, request, etc., that everyone study from {my father's} teachings." From a letter of the Rebbe, Motzei Tisha B'Av 5744 (1984). In this publication, Shlomo M. Hamburger translates and analyzes these four letters 1928. In addition, Mr. Hamburger includes personal essays explaining some practical lessons to learn from these letters.

**Portrait with Keys: The City of Johannesburg Unlocked** Sep 11 2022 “Surely one of the most ingenious love letters—full of violence, fear, humour, and cunning—ever addressed to a city.” —Geoff Dyer This dazzling portrait of Johannesburg is one of the most haunting, poetic pieces of reportage about a metropolis since Suketu Mehta’s *Maximum City*. Through precisely crafted snapshots, Ivan Vladislavic observes the unpredictable, day-to-day transformation of his embattled city: the homeless using manholes as cupboards, a public statue slowly cannibalized for scrap. Most poignantly he charts the small, devastating changes along the postapartheid streets: walls grow higher, neighborhoods are gated off, the keys multiply. Security—insecurity?—is the growth industry. Vladislavic, described as “one of the most imaginative minds at work in South African literature today” (André Brink), delivers “one of the best things ever written about a great, if schizophrenic, city, and an utterly true picture of the new South Africa” (Christopher Hope).

**St. John the Divine** Aug 10 2022 Throughout the Middle Ages, John the Evangelist, identified as the author of both the Book of Revelation and the most profound and theologically informed of the four Gospels, provided monks and nuns with a figure of inspiration and an exemplar of vision and virginity. Rather than the historical apostle, this book’s protagonist is a persona of the Evangelist established in theology, the liturgy, and devotional practice: the model mystic, who, by virtue of his penetrating insight, was seen as having become a mirror image of Christ. In *St. John the Divine*, Jeffrey Hamburger identifies a remarkable set of images from the ninth to the fifteenth centuries that identify the inspired Evangelist so closely with the deity that he appears as his living image and embodiment. Hamburger explores the ways these representations of St. John in the guise of Christ elucidate the significance of images as such in medieval theology and mysticism. Above all, he shows how these artworks, presented together for the first time, epitomize the relationship between the visible and the invisible: between ideas, however abstract, and the concrete images that medieval Christians confronted face-to-face. -- Publisher’s description.

**The Fortune Hunter** May 27 2021 The two decades after Waterloo marked the great age of foreign fortune hunters in England. Each year brought a new influx of impecunious Continental noblemen to the world's richest country, and the more brides they carried off, the more alarmed society became. The most colourful of these men was Prince Hermann von Pückler-Muskau (1785-1871), remembered today as Germany's finest landscape gardener. In the mid-1820s,

however, his efforts to turn his estate into a magnificent park came close to bankrupting him. To save his legacy his wife Lucie devised an unusual plan: they would divorce so that Pückler could marry an heiress who would finance further landscaping and, after a decent interval, be cajoled into accepting Lucie's continued residence. In September 1826, his marriage dissolved, Pückler set off for London. Pückler is the most intelligent of the overseas visitors who noted their impressions of Regency England. His matrimonial quest brings him into contact with such luminaries as Walter Scott, George Canning, Princess Lieven, Nathan Mayer Rothschild, Beau Brummell and John Nash. The object of many rumours and caricatures, the prince sticks doggedly to his task for nearly two years. And just when it seems that he has failed, England fills his coffers in the most unexpected way, and in doing so launches him on a new career. In telling the story of Pückler's adventures in the context of the trend for Anglo-European marriages based on the exchange of a title for money, *The Fortune Hunter* writes a new chapter in the history of England's relationship with its Continental neighbours.

**Exploring the Culinary Art of Food Counters** Aug 18 2020 Food counters are small eating establishments that provide a selection of ready-to-eat foods, and customers choose from a variety of items such as sandwiches, burgers, tacos and other snacks. The food is usually displayed in an open-air environment, making it easy to see what is available and read the ingredients. Food counters provide a convenient way for customers to grab a quick meal or snack when they don't have time to sit down and order from a restaurant. They are typically found in shopping centers, airports and other places where people are on the go. Order a copy today for a loved one and family's members by a click

*By-Pass* Jul 17 2020 In many ways Tony Foster's life has never been ordinary. He was an adventurer, an entrepreneur, and a wheeler-dealer who risked much to achieve his idea of success. He flew patched-up agricultural aircraft a few feet above croplands throughout the world, sometimes in dictatorships where life was cheap and death came easy. He put together a global multi-million-dollar business deal whose only pay-off was a prison term. But in other ways his life was not uncommon. He lived on too many coffees, too many cigarettes, too much stress, too much rushing to keep from falling behind. But as the tentacles of business, the legal and penal systems wrapped themselves around him and began to squeeze, his own system revolted. In his early-forties he suffered two heart attacks. BY-PASS is told with humor and a typically energetic enthusiasm about a compelling episode in a fascinating life. But more importantly it is a constructive story of hope and survival for anyone who has been touched by the modern scourge of heart disease.

**Umami** May 15 2020 In the West, we have identified only four basic tastes—sour, sweet, salty, and bitter—that, through skillful combination and technique, create delicious foods. Yet in many parts of East Asia over the past century, an additional flavor has entered the culinary lexicon: umami, a fifth taste impression that is savory, complex, and wholly distinct. Combining culinary history with recent research into the chemistry, preparation, nutrition, and culture of food, Mouritsen and Styrbæk encapsulate what we know to date about the concept of umami, from ancient times to today. Umami can be found in soup stocks, meat dishes, air-dried ham, shellfish, aged cheeses, mushrooms, and ripe tomatoes, and it can enhance other taste substances to produce a transformative gustatory experience. Researchers have also discovered which substances in foodstuffs bring out umami, a breakthrough that allows any casual cook to prepare delicious and more nutritious meals with less fat, salt, and sugar. The implications of harnessing umami are both sensuous and social, enabling us to become more intimate with the subtleties of human taste while making better food choices for ourselves and our families. This volume, the product of an ongoing collaboration between a chef and a scientist, won the Danish national Mad+Medier-Prisen (Food and Media Award) in the category of academic food

communication.

*An Iron Horse Saga* Apr 13 2020 *An Iron Horse Saga* is not a traditional romantic novel with a sultry love triangle but rather a true story of an adventurous cross country motorcycle ride by a deeply in love husband and wife. A deep bond developed between the Rider and Iron Horse during the ride's impossible conditions. Normally a 5,200 mile Coast to Coast ride should be a simple test of Rider endurance. This ride was anything but normal! A transplanted skier from Upstate New York, the author moved to Florida to take advantage of the warmer climate and pursue his 2nd passion of motorcycle riding. The author's motorcycle riding experience spans 50 years and over 500,000 miles. A cross country motorcycle ride between the Atlantic Ocean and Pacific Ocean was an idea borne by the author to combine his passion for motorcycle riding with an opportunity to raise money to benefit children in the community. The Kiwanis Club of Southeast Volusia County sponsored the Coast to Coast Benefit Ride for Children.

**Close Encounters with This Weird Robot Thing** Jun 15 2020 Adam had a normal life. But one day, as he was lying on the couch after school he fell asleep and instead of jumping to consciousness from his alarm, he was awoken by a weird object that called itself "112011345679438767644527" a robot sent from the future to save the world with a little help from Adam!

*Inside the Torah* Jul 09 2022 God gave the Torah to Moses and our ancestors at Mount Sinai thousands of years ago, and we've been studying it ever since. Rabbi Chama S. Klein continues the tradition in this scholarly work, interpreting the Torah's fifty-four chapters in *Inside the Torah*. Klein presents interpretations from ancient Sages to modern commentators and adds original rabbinic interpretations on important topics such as creation, evolution, societal development, gender, sexual diversity, and more. The author also applies scientific lenses, including cultural, archeological, physical and medical anthropology to explicate hidden meanings in the Biblical text. Meant for Jews and non-Jews, the book is a significant contribution on the interpretation of the Torah from the perspectives of Chassidus and the Jewish mystical tradition of Kabbalah, its concepts, structures, and meaning. Rabbi Klein encourages the Jewish people

as inheritors of the Mosaic tradition to connect with God and repair ourselves and the world. Awaken, know, delve deep and reach high to make yourself a vessel for good.
