Down with Traitors Jul 19 2020 Throughout the War of Resistance against Japan (1931-1945), the Chinese Nationalist government punished collaborators with harsh measures, labeling the enemies from within hanjian (literally, traitors to the Han Chinese). Trials of hanjian gained momentum during the postwar years, escalating the power struggle between Nationalists and Communists. Yun Xia examines the leaders of collaborationist regimes, who were perceived as threats to national security and public order, and other subgroups of hanjian including economic, cultural, female, and Taiwanese hanjian. Built on previously unexamined code, edicts, and government correspondence, as well as accusation letters, petitions, newspapers, and popular

literature, Down with Traitors reveals how the hanjian were punished in both legal and extralegal ways and how the anti-hanjian campaigns captured the national crisis, political struggle, roaring nationalism, and social tension of China's eventful decades from the 1930s through the 1950s.

The Secret History of the Five Eyes Oct 22 2020 'Puts Richard Kerbaj in the front rank of modern authors on espionage. It is, by turns, gripping and shocking and sheds completely new light on the most important intelligence alliance in the world' -- Tim Shipman, author of All Out War The Secret History of The Five Eyes: The untold story of the international spy network, is a riveting and exclusive narrative of the most powerful and least understood intelligence alliance, which has been steeped in secrecy since its formation in 1956. Richard Kerbaj, an award-winning investigative journalist and filmmaker, bypasses the usual censorship channels to tell the definitive account of authoritative but unauthorised stories of the Western world's most powerful but least known intelligence alliance made up of the US, Britain, Australia, Canada, and New Zealand. As Kerbaj shows, spy stories are never better than when they are true - and these span from 1930s Nazi spy rings to the most recent developments in Ukraine and China. Through personal interviews with world leaders - including British Prime Ministers Theresa May and David Cameron - and more than 100 intelligence officials, this book explores the complex personalities who helped shape the Five Eyes. They include a Scotland Yard detective who became a spymaster and inspired the first exchanges between MI5 and the FBI. An American home economics teacher who helped create one of the most effective programmes to counter Soviet espionage. The CIA's lone officer in Budapest during the Hungarian Revolution. GCHQ's chief during the Edward Snowden intelligence leak. And the Australian politician turned diplomat whose tip-off to the FBI instigated the inquiry into Russia's meddling in the US presidential contest between Donald Trump and Hillary Clinton in 2016. Richard Kerbaj is able to draw from deep inside the secret corridors of power and his unparalleled access spans all 5 countries. Some of the people he has interviewed include former GCHQ director Sir Iain Lobban, CIA director General David Petraeus, MI5 director-general Eliza Manningham-Buller, NSA director Admiral Mike Rogers, British National Security Advisor Kim Darroch, ASIO chief Mike Burgess, the Canadian Security Intelligence Service's chief Richard Fadden, and Ciaran Martin, the official who oversaw Britain's assessments on whether the Chinese telecoms firm, Huawei, should have had a role in the creation of the UK's 5G network. This page-turning book will lift the lid on spy stories from across the English-speaking world, question the future of the alliance, and our place within it.

Traitors Feb 23 2021 The figure of the traitor plays an intriguing role in modern politics. Traitors are a source of transgression from within, creating their own kinds of aversion and suspicion. They destabilize the rigid moral binaries of victim and persecutor, friend and enemy. Recent history is stained by collaborators, informers, traitors, and the bloody purges and other acts of retribution against them. In the emergent nation-state of Bhutan, the specter of the "antinational" traitor helped to transform the traditional view of loyalty based on social relations. In Sri Lanka, the Tamil Tigers' fear of traitors is tangled with the Tamil civilians' fear of being betrayed to the Tigers as traitors. For Palestinians in the West Bank, simply earning a living can mean complicity with people acting in the name of the Israeli state. While most contemporary studies of violence and citizenship focus on the creation of the "other," the cases in Traitors: Suspicion, Intimacy, and the Ethics of State-Building illustrate the equally strong political and social anxieties among those who seem to be most alike. Treason is often treated as a pathological distortion of political life. However, the essays in Traitors propose that treachery is a

constant, essential, and normal part of the processes through which social and political order is produced. In the political gray zones between personal and state loyalties, traitors and their prosecutors play roles that make and unmake regimes. In this volume, ten scholars examine political, ethnic, and personal trust and betrayals in modern times from Mozambique to the Taiwan Straits, from the former Eastern Bloc to the West Bank. This fascinating collection studies the tension between close personal relationships, the demands of nation-states, and the moral choices that result when these interests collide. In asking how traitors are defined in the context of local histories, contributors address larger comparative questions about the nature of postcolonial citizenship.

None Dare Call It Treason Book 5 Jun 29 2021 Presidents come and go but the conspirators working quietly behind the scenes in each Administration often remain. Thousands of job slots are filled with each change of Presidents. With whom these openings are staffed largely determines whether or not the Administration follows or thwarts a President's objectives. A sizable number of positions in every Administration since Roosevelt -- within State, Treasury, Agriculture, the CIA, etc. -- have either been filled with outright Communists, suspected Communists or Communist sympathizers! Senator William Jenner's 1953 Senate Internal Security Subcommittee Report revealed how Russian espionage agents penetrated the government many years ago. Soviet spies were able to obtain jobs all the way up to and including critical policy making positions! Once secure in a department each Communist helped other conspirators find employment. They placed and promoted their Comrades and helped each other avoid exposure! Nothing has been done to date with any measurable degree of success to rid the government of these dangerous Moscow hirelings. Senator Joseph R. McCarthy came too close for comfort! He was ruthlessly destroyed before his thankless task could be finished. Congressional hearings have come and gone! A very few traitors have been exposed! But little has been done to force the executive branch to take appropriate action. A great number of serious security risks who began their shadowy careers in government under one President, can be traced through succeeding Administrations, whether Democrat or Republican! Many important subversives stay behind the scenes, to do the bidding of their Kremlin masters. They avoid controversy, work quietly in the background, and shun the media. They are often known only to intelligence agencies. Many names would not be at all familiar to the average American. And this is exactly the way it's preferred by a mole. Whittaker Chambers, former Communist spy and Time senior editor went to Assistant Secretary of State Adolph Berle on September 2, 1939. He gave Berle the names of two dozen Communists secretly implanted in government! Among them was the infamous Alger Hiss! Roosevelt again laughed when Berle presented him with this devastating information! Despite the fact that he was a known Soviet spy, Hiss was continually promoted within the State Department! He was glued to Roosevelt's side all during the Yalta betrayal! And he was an important figure involved in the UN founding and the writing of the charter. Alger Hiss was finally exposed publicly nine years later in 1948 by the same Whittaker Chambers. Roosevelt turned a deaf ear to all legitimate charges of Communist infiltration in his Administration. When Congressman Dies continued pressing, the President angrily retorted: "I have never seen a man who had such exaggerated ideas about this thing! "I do not believe in Communism anymore than you do but there is nothing wrong with the Communists in this country! "Several of the best friends I've got are Communists!" Evidently Roosevelt was telling the truth! The record shows he appointed Reds to a multitude of key government positions. FDR refused to listen to Dies and Berle explained Malkin in his 1972 book, Return To My Father's House. Why? Because there were so many "leftist and Communists among his advisors and cabinet: Harry Hopkins, Albert R. William, Harold Ickes, Lauchlin Currie, Nathan

Gregory Silvermaster, Harry Dexter White -- not to mention his chiefs in the WPA, where Communists were in charge or control of the most important projects." President Harry S. Truman was another disaster to internal security! His treasonous promotion of Communist espionage agent Harry Dexter White from Treasury to head the International Monetary Fund was done after he'd been repeatedly warned by J. Edgar Hoover that White was a Kremlin spy.

The Traitors Sep 01 2021 "Down with the traitors! Down with the Russian spies! Down with Metzger!" Above the roaring of the north wind rose the clamour of voices, the cries of hate and disgust, the deep groaning sobs of fierce and militant anger. The man and the woman exchanged quick glances. "They are coming nearer," he said. She drew aside the heavy curtain, and stood there, looking out into the night. "It is so," she answered. "They are pouring into the square." He rose and stood beneath the great carved mantelpiece. Over his head, hewn out of the solid oak, black with age and coloured with that deep richness which is to-day as a lost art, were blazoned the arms of one of Europe's noblest families. He, Nicholas of Reist, its sole male representative, stood deep in thought, his dark young face furrowed with anxiety. The moment was critical. It was one of a lifetime. She dropped the curtain and came over to his side. The flush of excitement was in her cheeks. Her eyes were like shining stars. Of their close relationship there could be no manner of doubt. The same oval face and finely-cut features, the same pride of race, the same firm, graceful bearing. Only there were lines upon his face—the lines of thought and care; whilst hers remained as smooth as damask, typically and wonderfully beautiful. Again the murmur of hoarse voices—nearer now and more clamorous. "Down with the traitor Metzger and his accursed government! Reist! Reist! A Reist!" Her white fingers fell upon his shoulder. "They are calling for you, Nicholas," she said, softly. "Listen! It is the voice of our people, and they need you. Will you go out and speak to them? Shall I open the window—yes?" "Not yet," he answered, swiftly. "Not yet." Her hands were already upon the curtains. She turned around, an impatient frown upon her face. "You do not hesitate, my brother," she cried. "No, it is not possible. It is our country, Nicholas, our homeland which calls for you to save it." "Ay, to save it—but how? Metzger has made the way difficult." Her eyes flashed fire upon him. She was superbly disdainful. "Are you the first Duke of Reist who has governed Theos?" she cried. "Is there not the blood of former Kings in your veins? Holy Mother, but it is intolerable that you should hesitate! Nicholas, if you let these people call in vain you will be the first of our race who has ever shrunk from his duty. I will not call you any longer my brother. Listen!" "Reist! Nicholas of Reist! Down with the common dogs. Down with the traitors. Down with Metzger!" He smiled faintly. Those subtle lines about his mouth were not there in va

Hollywood Traitors Dec 24 2020 Allan Ryskind, son of Marx Brothers screenwriter Morrie Ryskind (Animal Crackers, A Night at the Opera, Room Service), exposes the ugly truth about the Communists blacklisted from the film industry. Too often, the "Hollywood Ten" brought before the House Un-American Activities Committee are memorialized as victims of an unjust witch-hunt and heroes who stood up for free speech. The truth is shocking: Not only did these supposed liberal paragons adore Josef Stalin and take their orders directly from the Communist Party, but they also sympathized with Adolf Hitler. Ryskind, who grew up in the heart of the Hollywood scene and personally knew many of the key players in this real-life Hollywood drama, has penned a definitive, myth-busting account of the Hollywood Ten and Hollywood Blacklist that will forever change the way you think about the ideological battle waged in the movie capital of the world. Spies and Traitors Mar 07 2022 A brilliant exposé of how Kim Philby—the master-spy and notorious double agent—became the mentor, and later, mortal enemy, of James Angleton, who would eventually lead the CIA. Kim Philby's life and career has inspired an entire literary genre: the spy novel of betrayal. Philby was one of the leaders of the British counter-intelligence efforts, first against the Nazis, then against the Soviet Union. He was also the KGB's most valuable double-agent, so highly regarded that today his image is on the postage stamps of the Russian Federation even today. Before he was exposed, Philby was the mentor of James Jesus Angleton, one of the central figures in the early years of the CIA who became the long-serving chief of the counter-intelligence staff of the Agency. James Angleton and Kim Philby were friends for six years, or so Angleton thought. Then they were enemies for the rest of their lives. This is the story of their intertwined careers and a betrayal that would have dramatic and irrevocable effects on the Cold War and US-Soviet relations, and have a direct effect on the shape and culture of the CIA in the latter half of the twentieth century. Spanning the globe, from London and Washington DC, to Rome and Istanbul, Spies and Traitors gets to the heart of one of the most important and flawed personal relationships in modern history.

Friends and Traitors Nov 22 2020 Inspector Troy of Scotland Yard stars in thriller that's "part murder mystery, part spy tale . . . a wickedly seductive entertainment" (The Washington Post). London, 1958. Chief Superintendent Frederick Troy of Scotland Yard, newly promoted after good service during Nikita Khrushchev's visit to Britain, is not looking forward to a European trip with his older brother, Rod. Rod has decided to take his entire family on "the Grand Tour" for his fifty-first birthday: a whirlwind of restaurants, galleries, and concert halls from Paris to Florence to Vienna to Amsterdam. But Frederick Troy only gets as far as Vienna. It is there that he crosses paths with an old acquaintance, a man who always seems to be followed by trouble: British-spy-turned-Soviet-agent Guy Burgess. Suffice it to say that Troy is more than surprised when Burgess, who has escaped from the bosom of Moscow for a quick visit to Vienna, tells him something extraordinary: "I want to come home." Troy knows this news will cause a ruckus in London—but even Troy doesn't expect an MI5 man to be gunned down as a result, with Troy himself suspected of doing the deed . . . "An artful blend of two ever-popular subjects: espionage and British police work." —The Seattle Times "The surprises keep coming, not merely up to the last chapter but even to the novel's very last line." —Pittsburgh Post-Gazette "Lawton's superb eighth Inspector Troy novel . . . [a] smart, fascinating historical thriller." —Publishers Weekly (starred review) "A beguiling

interpretation of [Guy] Burgess' life both before and after his defection in 1951."

***Patriots, Traitors and Empires** Jan 25 2021 **Patriots, Traitors and Empires** is an account of modern Korean history, written from the point of view of those who fought to free their country from the domination of foreign empires. It traces the history of Korea's struggle for freedom from opposition to Japanese colonialism starting in 1905 to North Korea's current efforts to deter the threat of invasion by the United States or anybody else by having nuclear weapons. Koreans have been fighting a civil war since 1932, when Kim Il Sung, founder of the Democratic People's Republic of Korea, along with other Korean patriots, launched a guerrilla war against Japanese colonial domination. Other Koreans, traitors to the cause of Korea's freedom, including a future South Korean president, joined the side of Japan's Empire, becoming officers in the Japanese army or enlisting in the hated colonial police force. From early in the 20th century when Japan incorporated Korea into its burgeoning empire, Koreans have struggled against foreign domination, first by Japan then by the United States. **Patriots, Traitors and Empires, The Story of Korea's Struggle for Freedom** is a much-needed antidote to the jingoist clamor spewing from all quarters whenever Korea is discussed.*

Traitors, Collaborators and Deserters in Contemporary European Politics of Memory** Oct 02 2021 **This volume offers a multidisciplinary approach to shaping and imposition of "formulas for betrayal" as a result of changing memory politics in post-war Europe. The contributors, who specialize in history, sociology, anthropology, memory studies, media studies and cultural studies, discuss the exertion of political control over memory (including the selection, imposition, silencing or ideological "twisting" of facts), the usage of "formulas for betrayal" in various cultural-political contexts, and the discursive framing of the betraying subject for the purpose of legitimizing various memory regimes and ideologies.
