Civics in Practice: A tradition of democracy. We the people

May 29 2021 The United States is a model of freedom, democracy, and economic strength for the rest of the world. Our continued success as a world leader depends on whether citizens like you take an active part in our government and institutions. This Civics program helps you foster student civic responsibility with a balanced approach that focuses on the principles of government, active citizenship, and responsible economic participation. Throughout Holt Civics in Practice, you will find special features that will help you

understand more about your roles in your country and community. Many of these features were developed with our partners, the Center for Civic Education and the World Almanac Education Group. - Publisher.

**Holt Researcher CD-ROM** May 17 2020

*Revolutionaries* Dec 24 2020 “[A] wide-ranging and nuanced group portrait of the Founding Fathers” by a Pulitzer Prize winner (The New Yorker). In the early 1770s, the men who invented America were living quiet, provincial lives in the rustic backwaters of the New World, devoted to family and the private pursuit of wealth and happiness. None set out to become “revolutionary.” But when events in Boston escalated, they found themselves thrust into a crisis that moved quickly from protest to war. In *Revolutionaries*, a Pulitzer Prize–winning historian shows how the private lives of these men were suddenly transformed into public careers—how Washington became a strategist, Franklin a pioneering cultural diplomat, Madison a sophisticated constitutional thinker, and Hamilton a brilliant policymaker. From the Boston Tea Party to the First Continental Congress, from Trenton to Valley Forge, from the ratification of the Constitution to the disputes that led to our two-party system, Rakove explores the competing views of politics, war, diplomacy, and society that shaped our nation. We see the founders before they were fully formed leaders, as ordinary men who became extraordinary, altered by history. “[An] eminently readable account of the men who led the

Revolution, wrote the Constitution and persuaded the citizens of the thirteen original states to adopt it.” —San Francisco Chronicle “Superb . . . a distinctive, fresh retelling of this epochal tale . . . Men like John Dickinson, George Mason, and Henry and John Laurens, rarely leading characters in similar works, put in strong appearances here. But the focus is on the big five: Washington, Franklin, John Adams, Jefferson, and Hamilton. Everyone interested in the founding of the U.S. will want to read this book.” —Publishers Weekly, starred review

**Core Skills Social Studies Workbook Grade 3** Nov 15

2022 The Core Skills Social Studies series engages students with easy-to-understand passages that help students build a better understanding of the world around them. Interactive lessons encourage active participation with the text, including practice with maps, charts, and illustrations.

Students are given many opportunities to reflect on the text through higher-level thinking questions. Social studies focuses on developing knowledge and skill in history, geography, culture, economics, civics, and government. Core Skills Social Studies addresses these areas of study and correlates with social studies curriculum throughout the United States.
