**Andrew Jackson, Southerner** Aug 29 2021 Many Americans view Andrew Jackson as a frontiersman who fought duels, killed Indians, and stole another man's wife. Historians have traditionally presented Jackson as a man who struggled to overcome the obstacles of his backwoods upbringing and helped create a more democratic United States. In his compelling new biography of Jackson, Mark R. Cheatham argues for a reassessment of these long-held views, suggesting that in fact "Old Hickory" lived as an elite southern gentleman. Jackson grew up along the border between North Carolina and South Carolina, a district tied to Charleston, where the city's gentry engaged in the transatlantic marketplace. Jackson then moved to North Carolina, where he joined various political and kinship networks that provided him with entrée into society. In fact, Cheatham contends, Jackson had already started to assume the characteristics of a southern gentleman by the time he arrived in Middle Tennessee in 1788. After moving to Nashville, Jackson further ensconced himself in an exclusive social order by marrying the daughter of one of the city's cofounders, engaging in land speculation, and leading the state militia. Cheatham notes that through these ventures Jackson grew to own multiple plantations and cultivated them with the labor of almost two hundred slaves. His status also enabled him to build a military career focused on eradicating the nation's enemies, including Indians residing on land desired by white southerners. Jackson's military success eventually propelled him onto the national political stage in the 1820s, where he won two terms as president. Jackson's years as chief executive demonstrated the complexity of the expectations of elite white southern men, as he earned the approval of many white southerners by continuing to pursue Manifest Destiny and opposing the spread of abolitionism, yet earned their ire because of his efforts to fight nullification and the Second Bank of the United States. By emphasizing Jackson's southern identity -- characterized by violence, honor, kinship, slavery, and Manifest Destiny -- Cheatham's narrative offers a bold new perspective on

one of the nineteenth century's most renowned and controversial presidents.

**Andrew Jackson in Context** Aug 09 2022 For over a century historians have been unable to agree about Andrew Jackson. Was he as Robert Remini has insisted for more than forty years a masterful politician who shaped the modern presidency and ushered in an era of new democratic politics? Or was he, as James C. Curtis and Andrew Burstein have argued, a loose cannon who possessed no vision for the American republic? What historians do not doubt is Jackson's significant and lasting impact on American politics and the nation. To fully assess his role and legacy, one must explore the interaction between his personal and political motivations and the larger developments of the early republic and antebellum period. In *Andrew Jackson in Context*, Matthew Warshauer, Professor of History at Central Connecticut State University and author of *Andrew Jackson and the Politics of Martial Law*, offers a detailed look at differing historians' views on Jackson and places these perspectives within an accessible biography of the seventh president. Warshauer insists that any study of Jackson must place him within the context of his time and that his motivations regarding such pivotal issues as economics and the preservation of the Union cannot be divorced from the very real and turbulent politics of the Jacksonian period. The author discounts the psychological driven theories of authors like Curtis and Burstein, though recognises that Jackson was often a vain, blustering, power-driven man who when he deemed it necessary had no qualms about violating the Constitution. This is an engaging, well-written biography that is perfect for students and those who want to understand not only Jackson and his era, but what historians have written about him.

**Andrew Jackson** Feb 15 2023 Andrew Jackson was one of the most influential presidents in the history of the United States. Even in his own day, he was a controversial figure, and time has only increased the conflict. How was Andrew Jackson seen in his own time, and how is he seen in ours? What actions and beliefs did he represent that are still debated to this day? This biography presents readers with compelling details about the life and times of "Old Hickory, the People's President," and examines the conflicts that still divide our nation.

*Life and Public Services of Gen. Andrew Jackson, Seventh President of the United States* Aug 21 2023 From wilderness pioneer to the perils of the oval office! First published in 1847.

Andrew Jackson Dec 13 2022 Explores the life of the first "common man" to become president of the United States, discussing Jackson's early days in South Carolina, his military exploits, and his contributions to the cause of democracy and Manifest Destiny.

**Life and Times of Andrew Jackson** Feb 03 2022

**Andrew Jackson** Nov 19 2020 Volume Three covers Jackson's reelection to the presidency and the weighty issues with which he was faced: the nullification crisis, the tragic removal of the Indians beyond the Mississippi River, the mounting violence throughout the country over slavery, and the tortuous efforts to win the annexation of Texas.

Biography of Andrew Jackson Mar 04 2022

An Interview with Andrew Jackson Jul 08 2022 Written in first person, this book is presented through the narrator who is an interviewer sharing a conversation with President Andrew Jackson. Beginning with his youth and going through his military service, political life, and presidency, she covers all the bases in the form of questions and answers. The story expertly weaves actual words of Jackson and his colleagues into the narrative. Tremendous amounts of research are compiled into this work, making it as educational for kids as it is entertaining.

**American Lion** Dec 01 2021 The definitive biography of a larger-than-life president who defied norms, divided a nation, and changed Washington forever Andrew Jackson, his intimate circle of friends, and his tumultuous times are at the heart of this remarkable book about the man who rose from nothing to create the modern presidency. Beloved and hated, venerated and reviled, Andrew Jackson was an orphan who fought his way to the pinnacle of power, bending the nation to his will in the cause of democracy. Jackson's election in 1828 ushered in a new and lasting era in which the people, not distant elites, were the guiding force in American politics. Democracy made its stand in the Jackson years, and he gave voice to the hopes and the fears of a restless, changing nation facing challenging times at home and threats abroad. To tell the saga of Jackson's presidency, acclaimed author Jon Meacham goes inside the Jackson White House. Drawing on newly discovered family letters and papers, he details the human drama—the family, the women, and the inner circle of advisers— that shaped Jackson's private world through years of storm and victory. One of our most significant yet dimly recalled presidents, Jackson was a battle-hardened warrior, the founder of the Democratic Party, and the architect of the presidency as we know it. His story is one of violence, sex, courage, and tragedy. With his powerful persona, his evident bravery, and his mystical connection to the people, Jackson moved the White House from the periphery of government to the center of national action, articulating a vision of change that challenged entrenched interests to heed the popular will— or face his formidable wrath. The greatest of the presidents who have followed Jackson in the White House—from Lincoln to Theodore Roosevelt to FDR to Truman—have found inspiration in his example, and virtue in his vision. Jackson was the most contradictory of men. The architect of the removal of Indians from their native lands, he was warmly sentimental and risked everything to give more power to ordinary citizens. He was, in short, a lot like his country: alternately kind and vicious, brilliant and blind; and a man who fought a lifelong war to keep the republic safe—no matter what it took.

**Before Andrew Jackson Was President** Apr 17 2023 Andrew Jackson took his fame from the War of 1812 and became the people's president. But before his inauguration lay a fascinating story waiting to be told, from Jackson's military career to his origins as an orphan from South Carolina. After losing much of his family during the American Revolution, Jackson followed his family into a military life and became famous for his efforts in New Orleans during the second war with the British. Through timelines and other exciting graphical elements, Jackson's life is brought into sharp focus for readers looking for a fuller picture of presidential history.

The Papers of Andrew Jackson: 1816-1820 Jun 26 2021 V. 10. This volume presents more than four hundred documents from Andrew Jackson's fourth presidential year. It includes private memoranda, intimate family letters, drafts of official messages, and correspondence with government and military officers, diplomats, Indians, political friends and foes, and ordinary citizens throughout the country. The year 1832 began with Jackson still pursuing his feud with Vice President John C. Calhoun, whom Jackson accused of secretly siding against him in the 1818 controversy over Jackson's Seminole campaign in Florida. The episode ended embarrassingly for Jackson when a key witness, called on to prove his charges, instead directly contradicted them. Indian removal remained a preoccupation for Jackson. The Choctaws began emigrating westward, the Creeks and Chickasaws signed but then immediately protested removal treaties, and the Cherokees won what proved to be an empty victory against removal in the Supreme Court. Illinois Indians mounted armed resistance in the Black Hawk War. In midsummer, a cholera epidemic swept the country, and Jackson was urged to proclaim a day of fasting and prayer. He refused, saying it would intermingle church and state. A bill to recharter the Bank of the United States passed Congress in July, and Jackson vetoed it with a ringing message that became the signature document of his presidency. In November, Jackson, with new running mate Martin Van Buren, won triumphant reelection over Henry Clay. But only days later, South Carolina nullified the federal tariff law and began preparing for armed resistance. Jackson answered with an official proclamation that disunion by armed force is treason.

The year closed with Jackson immersed in plans to suppress nullification and destroy the Bank of the United States. Embracing all these stories and many more, this volume offers an incomparable window into Andrew Jackson, his presidency, and America itself in 1832. --

**Andrew Jackson, 1767-1845** Feb 20 2021

**Andrew Jackson** May 06 2022 The United States president preserves, protects, and defends the U.S. Constitution. Each president's term influences events in America and around the world for years to come. This biography introduces young readers to the life of Andrew Jackson, beginning with his childhood in the Waxhaw settlement in South Carolina. Information about Jackson's early career as a lawyer is discussed. In addition, his family and personal life, as well as his retirement years at the Hermitage, is highlighted. Easy-to-read text details Jackson's military service in the American Revolution, during which he was a British prisoner, in the War of 1812, during which "Old Hickory" won the Battle of New Orleans, and in the First Seminole War, as well as his political career as a participant in the convention to write the Tennessee state constitution, the first Tennessee congressman in the U.S. House of Representatives, a member of the U.S. Senate, a Tennessee Supreme Court judge, and military governor of Florida. Finally, students will explore key events from Democratic president Jackson's administration, including the Indian Removal Act, the Ordinance of Nullification, his opposition to the Bank of the United States, and his censure by the U.S. Senate. Beautiful graphics showcase the primary source documents and photographs. A timeline, fast facts, and sidebars help put essential information at students' fingertips. In addition, a quick-reference chart provides easy access to facts about every U.S. president. Checkerboard Library is an imprint of ABDO Publishing Company.

**The Passions of Andrew Jackson** Jan 02 2022 Most people vaguely imagine Andrew Jackson as a jaunty warrior and a man of the people, but he was much more—a man just as complex and controversial as Jefferson or Lincoln. Now, with the first major reinterpretation of his life in a generation, historian Andrew Burstein brings back Jackson with all his audacity and hot-tempered rhetoric. The unabashedly aggressive Jackson came of age in the Carolinas during the American Revolution, migrating to Tennessee after he was orphaned at the age of fourteen. Little more than a poorly educated frontier bully when he first opened his public career, he was possessed of a controlling sense of honor that would lead him into more than one duel. As a lover, he fled to Spanish Mississippi with his wife-to-be before she was divorced. Yet when he was declared a national hero upon his stunning victory at the Battle of New Orleans, Jackson suddenly found the presidency within his grasp. How this brash frontiersman took Washington by storm makes a fascinating story, and Burstein tells it thoughtfully and expertly. In the process he reveals why Jackson was so fiercely loved (and fiercely hated) by the American people, and how his presidency came to shape the young country's character.

Andrew Jackson Oct 11 2022

The Rise of Andrew Jackson Apr 05 2022 The story of Andrew Jackson's improbable ascent to the White House, centered on the handlers and propagandists who made it possible Andrew Jackson was volatile and prone to violence, and well into his forties his sole claim on the public's affections derived from his victory in a thirty-minute battle at New Orleans in early 1815. Yet those in his immediate circle believed he was a great man who should be president of the United States. Jackson's election in 1828 is usually viewed as a result of the expansion of democracy. Historians David and Jeanne Heidler argue that he actually owed his victory to his closest supporters, who wrote hagiographies of him, founded newspapers to savage his enemies, and built a political network that was always on message. In transforming a difficult man into a paragon of republican virtue, the Jacksonites exploded the old order and created a mode of electioneering that has been mimicked ever since. !--[endif]--

**Andrew Jackson, Southerner** Sep 17 2020 Many Americans view Andrew Jackson as a frontiersman who fought duels, killed Indians, and stole another man's wife. Historians have traditionally presented Jackson as a man who struggled to overcome the obstacles of his backwoods upbringing and helped create a more democratic United States. In his compelling new biography of Jackson, Mark R. Cheatham argues for a reassessment of

these long-held views, suggesting that in fact "Old Hickory" lived as an elite southern gentleman. Jackson grew up along the border between North Carolina and South Carolina, a district tied to Charleston, where the city's gentry engaged in the transatlantic marketplace. Jackson then moved to North Carolina, where he joined various political and kinship networks that provided him with entrée into society. In fact, Cheatham contends, Jackson had already started to assume the characteristics of a southern gentleman by the time he arrived in Middle Tennessee in 1788. After moving to Nashville, Jackson further ensconced himself in an exclusive social order by marrying the daughter of one of the city's cofounders, engaging in land speculation, and leading the state militia. Cheatham notes that through these ventures Jackson grew to own multiple plantations and cultivated them with the labor of almost two hundred slaves. His status also enabled him to build a military career focused on eradicating the nation's enemies, including Indians residing on land desired by white southerners. Jackson's military success eventually propelled him onto the national political stage in the 1820s, where he won two terms as president. Jackson's years as chief executive demonstrated the complexity of the expectations of elite white southern men, as he earned the approval of many white southerners by continuing to pursue Manifest Destiny and opposing the spread of abolitionism, yet earned their ire because of his efforts to fight nullification and the Second Bank of the United States. By emphasizing Jackson's southern identity -- characterized by violence, honor, kinship, slavery, and Manifest Destiny -- Cheatham's narrative offers a bold new perspective on one of the nineteenth century's most renowned and controversial presidents.

**Life of Andrew Jackson** Sep 10 2022

**Vindicating Andrew Jackson** Oct 31 2021 The presidential election of 1828 is one of the most compelling stories in American history: Andrew Jackson, hero of the Battle of New Orleans and man of the people, bounced back from his controversial loss four years earlier to unseat John Quincy Adams in a campaign notorious for its mudslinging. With his victory, the torch was effectively passed from the founding fathers to the people. This study of Jackson's election separates myth from reality to explain why it had such an impact on present-day American politics. Featuring parades and public participation to a greater degree than had previously been seen, the campaign itself first centered on two key policy issues: tariffs and republicanism. But as Donald Cole shows, the major theme turned out to be what Adams scornfully called "electioneering": the rise of mass political parties and the origins of a two-party system, built from the top down, whose leaders were willing to spend unprecedented time and money to achieve victory. Cole's innovative study examines the election at the local and state, as well as the national, levels, focusing on New Hampshire, New York, Pennsylvania, Ohio, Kentucky, and Virginia to provide a social, economic, and political cross section of 1828 America. He describes how the Jacksonians were better organized, paid more attention to detail, and recruited a broader range of workers-especially state-level party leaders and newspaper editors who were invaluable for raising funds, publicizing party dogma, and smearing the opposition. The Jacksonians also outdid the Adams supporters in zealotry, violence of language, and the overwhelming force of their campaigning and succeeded in painting their opponents as aristocratic, class conscious, and undemocratic. Tracing interpretations of this election from James Parton's classic 1860 biography of Jackson to recent revisionist accounts attacking Old Hickory for his undemocratic treatment of blacks, Indians, and women, Cole argues that this famous election did not really bring democracy to America as touted-because it was democracy that enabled Jackson to win. By offering a more charismatic candidate, a more vigorous campaign, a more acceptable recipe for preserving the past, and a more forthright acceptance of a new political system, Jackson's Democrats dominated an election in which campaigning outweighed issues and presaged the presidential election of 2008.

*Andrew Jackson* Jul 20 2023 "Describes Andrew Jackson's actions during the War of 1812 and the Trail of Tears"--

**A Companion to the Era of Andrew Jackson** Jun 07 2022 A COMPANION TO THE ERA OF ANDREW JACKSON More than perhaps any other president, Andrew Jackson's story mirrored that of the United States; from his childhood during the American Revolution, through his military

actions against both Native Americans and Great Britain, and continuing into his career in politics. As president, Jackson attacked the Bank of the United States, railed against disunion in South Carolina, defended the honor of Peggy Eaton, and founded the Democratic Party. In doing so, Andrew Jackson was not only an eyewitness to some of the seminal events of the Early American Republic; he produced an indelible mark on the nation's political, economic, and cultural history. A Companion to the Era of Andrew Jackson features a collection of more than 30 original essays by leading scholars and historians that consider various aspects of the life, times, and legacy of the seventh president of the United States. Topics explored include life in the Early American Republic; issues of race, religion, and culture; the rise of the Democratic Party; Native American removal events; the Panic of 1837; the birth of women's suffrage, and more.

**The Life of Andrew Jackson** Sep 29 2021 Robert V. Remini's prize-winning, three-volume biography Life of Andrew Jackson won the National Book Award on its completion in 1984 and is recognized as one of the greatest lives of a U.S. President. In this meticulously crafted single-volume abridgment, Remini captures the essence of the life and career of the seventh president of the United States. As president, from 1829-1837, Jackson was a significant force in the nation's expansion, the growth of presidential power, and the transition from republicanism to democracy. Jackson is a highly controversial figure who is undergoing historical reconsideration today. He is known as spurring the emergence of the modern American political division of Republican and Democratic parties, for the infamous Indian removal on the Trail of Tears, and for his brave victory against the British as Major General at the Battle of New Orleans. Never an apologist, Remini portrays Jackson as a forceful, sometimes tragic, hero--a man whose strength and flaws were larger than life, a president whose conviction provided the nation with one of the most influential, colorful, and controversial administrations in our history.

**History Of Andrew Jackson-Pioneer, Patriot, Soldier, Politician, President** Dec 21 2020

**Some Letters of Andrew Jackson** Oct 19 2020

People That Changed the Course of History Nov 12 2022 Have you ever wondered about the man behind the face on the \$20 bill? Andrew Jackson, the seventh president of the United States, was born 250 years ago. During his two terms as president, Andrew Jackson enacted a number of changes to the U.S. government and created policies that are controversial to this day. On March 15, 1767, in a backwoods settlement in the Carolinas, Andrew Jackson was born into poverty, but eventually rose to become a wealthy and successful lawyer and politician. He was a brawler and viewed himself as the direct representative of common man in politics. During the War of 1812, Jackson served as a major general and became a national war hero. This popularity eventually led to him defeating John Q. Adams in the presidential election of 1828. During his two terms as president, Jackson enacted several controversial policies, including the closing of the Bank of the United States and the Indian Removal Act, which eventually led to the Trail of Tears. Whether you love him or hate him, Andrew Jackson was one of the most influential presidents of his day. Take a closer look at "Old Hickory" and his impact on American history. Our books include full color and black and white images, index, glossary, CIP, reading websites, bibliography, detailed table of contents, sidebars, historical timeline, historical context overview, Dewey number and reading levels by Lexile and F&P Leveled reading.

**Avenging the People** Jun 14 2020 "With the passionate support of most voters and their families, Andrew Jackson broke through the protocols of the Founding generation, defying constitutional and international norms in the name of the "sovereign people." And yet Jackson's career was no less about limiting that sovereignty, imposing one kind of law over Americans so that they could inflict his sort of "justice" on non-Americans. Jackson made his name along the Carolina and Tennessee frontiers by representing merchants and creditors and serving governors and judges. At times that meant ejecting white squatters from native lands and returning blacks slaves to native planters. Jackson performed such duties in the name of federal

authority and the "law of nations." Yet he also survived an undeclared war with Cherokee and Creek fighters between 1792 and 1794, raging at the Washington administration's failure to "avenge the blood" of white colonists who sometimes leaned towards the Spanish Empire rather than the United States. Even under the friendlier presidency of Thomas Jefferson, Jackson chafed at the terms of national loyalty. During the long war in the south and west from 1811 to 1818 he repeatedly brushed aside state and federal restraints on organized violence, citing his deeper obligations to the people's safety within a terrifying world of hostile empires, lurking warriors, and rebellious slaves. By 1819 white Americans knew him as their "great avenger." Drawing from recent literatures on Jackson and the early republic and also from new archival sources, *Avenging the People* portrays him as a peculiar kind of nationalist for a particular form of nation, a grim and principled man whose grim principles made Americans fearsome in some respects and helpless in others"--

[History of Andrew Jackson](#) Mar 16 2023

*Andrew Jackson* Jan 14 2023 The towering figure who remade American politics—the champion of the ordinary citizen and the scourge of entrenched privilege "It is rare that historians manage both Wilentz's deep interpretation and lively narrative." - Publishers Weekly The Founding Fathers espoused a republican government, but they were distrustful of the common people, having designed a constitutional system that would temper popular passions. But as the revolutionary generation passed from the scene in the 1820s, a new movement, based on the principle of broader democracy, gathered force and united behind Andrew Jackson, the charismatic general who had defeated the British at New Orleans and who embodied the hopes of ordinary Americans. Raising his voice against the artificial inequalities fostered by birth, station, monied power, and political privilege, Jackson brought American politics into a new age. Sean Wilentz, one of America's leading historians of the nineteenth century, recounts the fiery career of this larger-than-life figure, a man whose high ideals were matched in equal measure by his failures and moral blind spots, a man who is remembered for the accomplishments of his eight years in office and for the bitter enemies he made. It was in Jackson's time that the great conflicts of American politics—urban versus rural, federal versus state, free versus slave—crystallized, and Jackson was not shy about taking a vigorous stand. It was under Jackson that modern American politics began, and his legacy continues to inform our debates to the present day.

*Andrew Jackson* May 18 2023 NATIONAL BESTSELLER • From the two-time Pulitzer Prize finalist and New York Times bestselling author of *The First American* comes the first major single-volume biography in a decade of the president who defined American democracy • "A big, rich biography." —The Boston Globe H. W. Brands reshapes our understanding of this fascinating man, and of the Age of Democracy that he ushered in. An orphan at a young age and without formal education or the family lineage of the Founding Fathers, Jackson showed that the presidency was not the exclusive province of the wealthy and the well-born but could truly be held by a man of the people. On a majestic, sweeping scale Brands re-creates Jackson's rise from his hardscrabble roots to his days as frontier lawyer, then on to his heroic victory in the Battle of New Orleans, and finally to the White House. Capturing Jackson's outsized life and deep impact on American history, Brands also explores his controversial actions, from his unapologetic expansionism to the disgraceful Trail of Tears.

**Who Was Andrew Jackson?** Jun 19 2023 Controversial in his day and still controversial now, President Andrew Jackson left his mark on American history. Seventh President Andrew Jackson was a man of contradictions: quick tempered and brash, he often seemed to look for fights, but he was so

devoted to his wife, he quit Congress twice to be by her side. He was a celebrated war hero who nevertheless most enjoyed his serene life in Tennessee. Although he saw himself as a champion of the poor, he grew to be a rich plantation owner owning many slaves. He adopted a young Native American as his son despite ordering the expulsion of tribes —hundreds of thousands of people—from their homeland in the Southeast. Douglas Yacka captures the many sides of Andrew Jackson, whose life began just before the Revolution and ended not long before the Civil War. This book in the New York Times best-selling series contains eighty illustrations that help bring the story to life.
