Writing it is easy but making it something you can action and actually fit into your busy life is a skill all its own. This book is the tool you need but it is not the teacher. I would recommend checking out S.J. Scott's book To-Do List Makeover: A Simple Guide to Getting the Important Things Done. It has what you need to make this journal the massive action taking tool it needs to be. No longer will you load your

list with pointless tasks that take away time and add stress to your life. Your random million dollar ideas are important but belong in their own spot. Most people create a disorganized mess with their to do lists, but not you. You will finally be productive, get things done and eliminate procrastination. No more sticky notes and pieces of paper with illegibly written ideas on them that irritate your significant other. Everything you need to do all in one place in a convenient 6 x 9 journal. Imprisoned on the planet Corellia, Han Solo finds himself at the mercy of his evil cousin, Thracken Sal-Solo. Thracken plans to restore the Imperial system and seize total power -- no matter what the cost. Han has one chance to stop him. But to do so he must turn his back on his human cousin and join forces with a female alien. Dracmus was arrested as a ringleader in a plot against the corrupt

Human League. Now she and Han will attempt a daring escape to Selonia in time to warn Leia, Luke Skywalker, and Lando of Thracken's plan. But can Han trust the alien to keep her word? Meanwhile, other questions threaten the New Republic -- and the lives of millions. Who is behind the deadly Starbuster plot? Why is someone attempting to take possession of Corellia's powerful planetary repulsors? And what is the secret behind the mysterious Centerpoint Station, and ancient, artificial world of unknown origin that has suddenly -- and

inexplicably -- come alive? Your To Do List Journal The reality is anyone can make a to do list but that doesn't mean it is an effective one.
