Da quando i suoi genitori si sono separati, scaricando su di lei la loro faida senza fine, è stata travolta da un effetto a valanga di sensi di colpa, che ha destabilizzato la sua infanzia. Nella casa della domenica, dove il padre vive insieme alla sorella e dove lei è costretta ad andare ogni settimana, conosce l'umiliazione di non sentirsi amata; per sette lunghi anni sente su di sé solamente collera, disprezzo ed estraneità, chiudendosi sempre di più in un mutismo solitario. Circondata da adulti privi di tenerezze nei suoi confronti, inizia a rifugiarsi nel suo mondo ricco di colori e sfumature, circondandosi dei personaggi delle sue favole preferite, che le aprono una porta verso una vita in cui il lieto fine è ancora possibile. Le storie la curano, la prendono per mano... e così, diventata adulta, si affida al potere terapeutico della parola scritta per raccontare il suo vissuto senza provare eccessivo dolore; in questo delicato viaggio dell'anima, può accarezzare la fragile bambina che è stata, e promettere alla donna che è diventata che non smetterà mai di sognare. A photo-packed memoir by the Ramones guitarist and "true iconoclast" (Publishers Weekly). Raised in Queens, New York, Johnny Ramone founded one of the most influential rock bands of all time, but he never strayed from his blue-collar roots and attitude. He was truly imbued with the angry-young-man spirit that would characterize his persona both on and off stage. Through it all, Johnny kept the band focused and moving forward, ultimately securing their place in music history by inventing punk rock. The Ramones were inducted into the Rock and Roll Hall of Fame in 2002—and two years later, Johnny died of cancer, having outlived two other founding members. Revealing, inspiring, and told on his own terms, this memoir also features Johnny's assessment of the Ramones' albums; a number of eccentric Top Ten lists; rare historical artifacts; and scores of personal and professional photos, many of which have never before been published. "Feels like a conversation with Johnny." —The Boston Globe A delightful new collection of Winnie-the-Pooh stories, told in the style of A. A. Milne, that explores life before the Hundred Acre Wood. How did Christopher Robin meet his beloved bear? Did Pooh and his friends see any of London before they moved to the Hundred Acre Wood? These questions and more are explored in this charming new collection of stories. Each tale features a gentle adventure set in London or the countryside, and they include iconic locations such as Harrods, London Zoo, and the Natural History Museum. Pooh, Eeyore, and Piglet even make a new friend: Flo the house mouse. Written in the timeless style of A. A. Milne, with illustrations that are true to the spirit of the original drawings by E. H. Shepard. These sweet and comforting tales are perfect for both new readers and longtime fans. All the fundamentals. No fluff. Learn more with less! The dramatic story of neighbors in a small Danish fishing village who, during the Holocaust, shelter a Jewish family waiting to be ferried to safety in Sweden. It is 1943 in Nazi-occupied Denmark. Anett and her parents are hiding a Jewish woman and her son, Carl, in their cellar until a fishing boat can take them across the sound to neutral Sweden. The soldiers patrolling their street are growing suspicious, so Carl and his mama must make their way to the harbor despite a cloudy sky with no moon to guide them. Worried about their safety, Anett devises a clever and unusual plan for their safe passage to the harbor. Based on a true story. Everything is made of stuff. Some things are made of paper, like this book. And some things are made of PLASTIC. If you look around you, plastic is everywhere. Even in places where it's not meant to be. If it drops to the ground, it doesn't rot away - it sticks around for ever. Our world is drowning in plastic, and it's a big problem. Award-winning author-illustrator Neal Layton is here to explain where plastic comes from, why it doesn't biodegrade, and why that's dangerous for animals and humans alike.

But he's also FULL of ideas for how you can help! From giving up straws in juice cartons to recycling all we can and taking part in a beach clean, A Planet Full of Plastic will get young readers excited about how they can make a difference to keep Planet Earth happy. This brilliant non-fiction picture book, illustrated in Neal's trademark collage style, is perfect for readers aged 5-7 who love nature and want to help the environment.
