Join her as she tries to save bowler Wilfrid Wombat from the evil clutches of Digby Dingo. Subtle suggestions that support the fight against bullying and how to handle ADHD. Dance, sports and fantasy lovers of ALL AGES will find this book enlightening and informative in an enjoyable rhyming mode. Join Koala Ballerina in her first book as she tries to make the role of "world's greatest female koala superhero!" Midwest Book Review: Koala's solution goes beyond rescue, delving into creating bridges of understanding that adults can use to show the young how to foster cooperation in their own young worlds. By using the image of a proactive, strong female who figures out how to not just be a superhero, but help educate those around her, the story moves beyond an action figure's rescue attempts to delve into the bigger picture of emotional barriers to acceptance, and understanding how to address them. Libraries and adults looking for picture books that feature strong female characters, attract attention with vivid color drawings and the familiar superhero concept, then take the next step into linking these attractors to better life choices and true heroism will find Koala Ballerina's Superhero Bowling Rescue a winner. D. Donovan, Sr. Editor, Midwest Book Review A review from the customer is always welcome! Note from the author: As a child starting in third grade, I started exhibiting ADHD. This included having a hard time focusing, panic attacks which resulted in sometimes not being able to sit in the classroom seat and room. This then involved on and off in-school and home schooling education until the end of high school. I did choir when I could and also art club, but there were so many more after school activities I wanted to be in. While struggling through all this, I was daily bullied by kids from the 7th -12th grade which included both terrible verbal and physical attacks. Kids taunted me like I had something really mentally wrong with me. Taking piano lessons helped me somewhat cope due to the beauty of the music I played. In the mean time, I discovered wonderful friends that supported and defended me even to this day. By the end of high school, I had outgrown most of the ADHD, and I started college with no issues. I graduated with five honor societies, dean's list and being named 1 of 20 NIU Outstanding Women Students for 1991. Since 1979, I have been the Director/Educator of my own music school teaching piano and voice. Many of my students have gone on to sing at Carnegie Hall, Grand O' Opry, Off-Broadway and make it in the first round of American Idol. Also having one student teaching piano at Interlochen. I have also won a 1985 Gold Congressional Medal for the performing arts and got to go to Washington, DC to receive it. I am a wife, mother and a grandmother of a little girl. Since 2013, I have been an Amazon Bestselling Children's Author with the Cassie Pup Series, which has won 1 international and 11 national children's book awards. I strongly felt I needed to write the Koala Ballerina book for the kids who have been bullied and have ADHD and need encouragement on how to cope with the situation; that they are not alone and the true friends and family will be behind them 100% always. Children can read this book over and over to gain confidence and to know there is no reason to feel despair, but just have hope for today and the future. www.sheripoe-pape.com Zombelina loves to dance. She moonwalks with mummies and boogies with bats. She spins like a specter and glides like a ghost and loves to dance for her family the most. When Zombelina enrolls in a ballet class for real girls, her dancing gives everyone the chills! But when her first recital brings on a case of stage fright, her zombie moans and ghoulish groans scare her audience away. Only her devoted family's cheers, in their special spooky way, help Zombelina dance the ballet debut of her dreams. Introducing the most adorable zombie to ever grace the dance floor, Kristyn Crow's pitch-perfect rhyme and Molly Idle's charmingly spook-tacular illustrations will make every reader want to sway and sashay in their own zombie trance. My Rhyming Poetry Scroll, from start to finish as it does unroll, shows my poems in their variety, all in order chronologically, from when I was age twenty-seven to about sixty, from days of mental stability through bipolarism (manic-depression) back to mental stability. I hope on you it makes a good impression. My poems run from being serious to being lighthearted and humorous. They reveal most of my thinking through years of experience and reading. I've written about what's bad or quite great, things important to my heart, soul and mind (pate). I write about rhyme and its absence from today's verse, and write about bad psychiatrists

who could not be worse. Some poems are couplets, one's an hour long, but all are in rhyme, and some approach song. My scroll shows my development, from where I was to where I went, my life's sweetness and bitterness, my strength and feebleness, my simplicity and complexity, my criticism and whimsy, my sarcasm and sympathy, my opinion and philosophy, my love and my hate, culminating in what I have written of late. In my scroll you will find my joy, sadness, thankfulness, ire, and as I write here now, I hope you like my work, entire.
