How To Pass Accounting Exams Apr 22 2020 Author Dr Simon Parry draws on over 20 years of experience as a professional accounting examiner and tutor to guide you to success in your accounting exams. The techniques in this book have been developed and refined over years of working with thousands of accounting students and have been proven to work. The book is divided into two parts: Part 1 focuses on how to be more effective and efficient in preparing for your exams. Topics covered include organising and structuring your studies; increasing the effectiveness of your studies; optimising modes of learning; improving your reading and note taking; preparing for numerical questions and preparing for written questions. In part 2 the author draws on his extensive experience as an accounting examiner to give valuable insights into how accounting exams are written and marked. This knowledge is translated into valuable tips on how to maximise your marks once you are in the exam and how you can apply good exam technique to substantially

improve your grades. The book is specifically focused on accounting exams and is written by an author who has spent his career helping accounting students to improve their exam performance. It contains many detailed examples and techniques applicable to exams in financial accounting, management accounting, financial management, taxation and business strategy. This book is your perfect study companion if you are studying for ACCA, CIMA, ICAEW, CPA, AAT, CAT or university/college accounting exams.

Mastering Accounting Research for the CPA Exam Oct 28 2020 STUDY AIDS/CPA (Certified Public Accountant) The first CPA review product of its kind to address the three research components of the CPA Exam You're a CPA Exam candidate. You've survived all those technical accounting courses and advanced courses on systems, auditing, cost accounting, and tax, and now you're ready to take the big exam. But perhaps in those intermediate or advanced

courses, you didn't receive enough exposure to research in the accounting standards, the auditing standards, or the tax code. Help has arrived. Now in a fully revised second edition, *Mastering Accounting Research for the CPA Exam* provides CPA candidates with a thorough foundation of the authoritative literature, knowledge of the standards, and strategies for researching the infobases for FAR (Financial Accounting and Reporting), AUD (Audit and Attestation), and REG (Regulation). Easy to follow and apply, the new edition of this concise, user-friendly guide brings CPA Exam candidates up to speed quickly on the research component of the Exam and:

- * Updates all references to Web addresses and information on obtaining infobases
- * Informs readers on changes to accounting standards
- * Helps students review on the spot with quick study lists for FAR, AUD, and REG
- * Offers new coverage and discussion of FAS 155 - 159
- * Includes new practice review problems at the end of each chapter

Without over-your-head technical jargon, author and CPA Anita Feller clearly explains and illustrates the research strategies for FAR, AUD, and REG that every CPA Exam candidate needs to ace the simulation sections of the CPA Exam.
