**Structures and Beyond** Mar 17 2022 Adriana Belletti here collects work presented by top scholars at a workshop at the University of Siena in connection with a visit by Noam Chomsky. These eight articles go beyond strictly mapping syntactic properties, touching on broader theoretical questions related to Chomsky's Minimalist Program in particular. The reputation of the contributors, combined with the collection of cutting-edge research in one place, will interest scholars and students of generative linguistics.

**It Depends** Jan 03 2021 Montale uses satire and irony in describing how the past is very closely linked with the present in poems suggesting man's confusion, changing roles, aging, and death

**The Voices of Carlo Levi- Le Voci Di Carlo Levi** Dec 14 2021 As a writer, Carlo Levi has had the misfortune to be known as the author of one book, *Christ Stopped at Eboli*, the account of his years of internal banishment by the Fascist authorities to a remote village in the south of Italy. That book was recognised as a masterpiece of anti-Fascist literature and as a sensitive investigation of the way of life of a people at the margins of European civilisation. It enjoyed enormous success in the post-war period not only in Italy but also in Britain and the USA, and has been continuously in print since its first publication. However, Levi was also a painter of some repute, a novelist, a journalist, a critic of art and society, a political commentator, and above all, a wholly idiosyncratic travel writer whose reports on the countries and regions he visited, including Sicily, Sardinia, Germany, the USSR and India, were also reflections on Italy. This book attempts to assess the totality of Levi's achievement. Come scrittore, Carlo Levi ha avuto la sfortuna di essere celebrato come autore di un libro solo, *Cristo si è fermato ad Eboli*, la narrativa dei suoi anni di confino nel Mezzogiorno sotto il regime fascista. Sin dal momento della sua pubblicazione nel primo dopoguerra, questo libro è stato riconosciuto come capolavoro della letteratura anti-fascista e come indagine penetrante della cultura di un popolo ai margini della civiltà europea. Comunque, Levi fu anche pittore di grande talento, romanziere, critico d'arte, critico della società, commentatore politico e viaggiatore-scrittore di libri di viaggi sui generis. I suoi articoli, che poi divennero libri, sui paesi e sulle regioni che visitò - la Sicilia, la Sardegna, la Germania e l'India - si rivelarono anche riflessioni sulla condizione dell'Italia. Questa raccolta di saggi è una rivalutazione della totalità delle opere di Carlo Levi.

**Under Arturo's Star** Aug 29 2020 Elsa Morante has long been recognized internationally as one of the most significant, innovative, and important writers of the 20th century Italy. Nonetheless, there has, to date, been no full-length study in English dedicated to her work. Critical perspectives on Morante's literary achievement have shifted dramatically in recent years, and while this volume proposes to offer the first comprehensive evaluation of Morante to appear outside Italy, it also aims to take into account modern critical and theoretical developments. The authors' aim is to underline Morante's centrality in a broader context which goes beyond Italian national frontiers and deserves critical attention across a range of transcultural disciplines, departing from the traditional realm of philological analysis to encompass approaches informed by cultural and interdisciplinary studies. This volume gives a comprehensive insight into current thinking on and understanding of Elsa Morante's work. This book places her work in a much wider context of European culture, and traces her influence on a younger generation of writers.

**Manzoni and the Aesthetics of the Lombard Seicento** Feb 13 2022 Aligning these historical treatises with what little Manzoni said about art in his critical treatises, justifies a methodology that combines elements of ekphrasis and a comparison of the variants from the first to the final version of the novel. Such methodology allows us to identify how both dramatic and pictorial influences common in seventeenth-century Lombard art manifest themselves in

Manzoni's narrative constructs.

**Tosca** Jul 09 2021 Tosca è un'opera lirica in tre atti di Giacomo Puccini, su libretto di Giuseppe Giacosa e Luigi Illica, una breve storia d'amore e di morte. Nella Roma del 1800 dopo il fallimento della Repubblica Romana, quando lo Stato Pontificio sta catturando i rappresentanti ed i sostenitori della Repubblica, le vite del pittore Mario Cavaradossi e della sua amante Tosca, incrociano Cesare Angelotti, patriota fuggito dalle carceri del Papa. Sulle tracce del fuggiasco c'è il capo della polizia pontificia, barone Scampia che, innamorato di Tosca, approfitta della situazione per conquistare la donna. L'opera drammatica finisce come deve finire una tragedia: muore il fuggiasco, muore il cattivo Scampia per mano di Tosca, muore il pittore ed infine muore Tosca suicida (Aonia edizioni).

**On Translation** Jan 27 2023 "Everyone complains about what is lost in translations. This is the first account I have seen of the potentially positive impact of translation, that it represents... a genuinely new contribution." -- Drew A. Hyland In his original philosophical exploration of translation, John Sallis shows that translating is much more than a matter of transposing one language into another. At the very heart of language, translation is operative throughout human thought and experience. Sallis approaches translation from four directions: from the dream of nontranslation, or universal translatability; through a scene of translation staged by Shakespeare, in which the entire range of senses of translation is played out; through the question of the force of words; and from the representation of untranslatability in painting and music. Drawing on Jakobson, Gadamer, Benjamin, and Derrida, Sallis shows how the classical concept of translation has undergone mutation and deconstruction.

**Type Noun Constructions in Slavic, Germanic and Romance Languages** May 07 2021 This volume is the first dedicated to the comprehensive, in-depth analysis of constructions with nouns like 'type' and 'sort'. It focuses on type noun constructions in Romance, Germanic and Slavic languages, integrating the different descriptive traditions that had been developed for each language family. As a result, a greater variety of type noun constructions is revealed than in the hitherto more fragmented literature. But attention is also drawn to the cross-linguistic similarity of the new pragmatic meanings, such as ad hoc and approximative categorization, hedging, focus and filler uses, and the new grammatical functions in NPs (e.g. phoric uses), clauses (e.g. adverbial uses) and complex sentences (e.g. quotatives). The volume offers survey chapters of type noun constructions in each language family as well as contributions focusing on specific aspects in one or two languages, such as their grammar, semantics and pragmatics, diachronic development, discursive and sociolinguistic variety. These complementary methodologies elucidate the unique cross-linguistic field of type noun constructions both descriptively and theoretically. Hence, this volume can also serve as a model for similar surveys in other functional domains.

**Biography and Early Art Criticism of Leonardo Da Vinci** Mar 29 2023 Contains early biographical information and art criticism of Leonardo da Vinci and his work.

*Painting as Business in Early Seventeenth-century Rome* Nov 24 2022 Painting as Business in Early Seventeenth-Century Rome offers a new perspective on the world of painting in Rome at the beginning of the Baroque, from both an artistic and a socioeconomic point of view. Biased by the accounts of seventeenth-century biographers, who were often academic painters concerned about elevating the status of their profession, art historians have long believed that in Italy, and in Rome in particular, paintings were largely produced by major artists working on commission for the most important patrons of the time. Patrizia Cavazzini's extensive archival research reveals a substantially different situation. Cavazzini presents lively and colorful accounts of Roman artists' daily lives and apprenticeships and investigates the vast popular art market that served the aesthetic, devotional, and economic needs of artisans and professionals and of the laboring class. Painting as Business reconstructs the complex universe of painters, collectors, and merchants and irrevocably alters our understanding of the production, collecting, and merchandising of painting during a key period in Italian art history.
