Arthurian Bibliography III: 1978-1992 Jan 23 2021 Details of all published Arthurian work post 1978 to 1992. If one wants to scoop up nearly everything on an Arthurian subject, there is no substitute for the Arthurian Bibliography series. ANGLIA In 1981 the first Arthurian Bibliography appeared, an exhaustive alphabetical author-listing of all critical material recorded in the standard Arthurian bibliographies up to 1978. This was followed in 1983 by the second volume, giving full indexes by topic, key-word and individual work/author to form a complete subject-index of every topic in Arthurian literature. Summaries and reviews were also indicated where they existed. Arthurian Bibliography III updates this invaluable reference work for Arthurian scholars to 1992. Compiled from the BBSIA, it conveniently contains both author-listing and subject-index in one volume.

The Juggler of Notre Dame and the Medievalizing of Modernity. Dec 02 2021 This ambitious and vivid study in six volumes explores the journey of a single, electrifying story, from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries. The Juggler of Notre Dame tells how an entertainer abandons the world to join a monastery, but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt; he is saved when the statue, delighted by his skill, miraculously comes to life. Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth-century Paris, before its translation into English in Britain and the United States. The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations, and Ziolkowski concludes with an examination of the explosion of interest in The Juggler of Notre Dame in the twentieth century and its place in mass culture today. Volume 2: Medieval Meets Medievalism deals with the influence of the tale in nineteenth- and early-twentieth-century Europe and America, and the development of literary medievalism at this time. The Juggler of Notre Dame and the Medievalizing of Modernity is a rich case study for the reception of the Middle Ages in modernity. Spanning centuries and continents, the medieval period is understood through the lens of its (post)modern reception in Europe and America. Profound connections between the verbal and the visual are illustrated by a rich trove of images, including book illustrations, stained glass, postage stamps, architecture, and Christmas cards. Presented with great clarity and simplicity, Ziolkowski's work is accessible to the general reader, while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies, medievalism, philology, literary history, art history, folklore, performance studies, and reception studies.

Blandin de Cornoalha, A Comic Occitan Romance Feb 21 2021 The volume makes available for the first time in English an edition of the medieval romance Blandin de Cornoalha, accompanied by a translation and introduction to the work. Composed in the second half of the fourteenth century by an anonymous author, the story offers the first recording of the Sleeping Beauty folktale, incorporated into the adventures of two knights. Many elements in the romance are comic, suggesting that Blandin is not simply a tale of knights in battle, but also a parody of medieval romance in general.

Introduction à la vie littéraire du Moyen-Age Apr 18 2023

La vie littéraire au Moyen Age Dec 22 2020

Against the Friars Nov 01 2021 The friars represented a remarkable innovation in medieval religious life. Founded in the early 13th century, the Franciscans and Dominicans seemed a perfect solution to the Church's troubles in confronting rapid changes in society. They attracted enthusiastic support, especially from the papacy, to which they answered directly. In their first 200 years, membership grew at an astonishing rate, and they became counsellors to princes and kings, receiving an endless stream of donations and gifts. Yet there were those who believed the adulation was misguided or even dangerous, and who saw in the friars' actions only hypocrisy, deceit, greed and even signs of the end of the world. From the mid-13th century, writings appeared denouncing and mocking the friars and calling for their abolition. Their French and English opponents were among the most vocal. From harsh theological criticism and outrage at the Inquisition to vulgar tales and bathroom humor, this thoroughly documented work is suitable for the newcomer, as well as for readers who are familiar with the subject but might like to investigate specific topics in more detail.

Lai de L'Oiselet: an Old French Poem of the Thirteenth Century Jun 15 2020 Provides a complete & accurate text of a poem, *Lai de l'Oiselet*, that has long been available only in outdated or partial editions. Brings up-to-date & gathers in one place as much info. as possible about the origins of the story & its many analogues. Contents: (I) Synopsis of the Story; (II) Manuscripts; (III) Editions of the Story; (IV) Sources & Analogues of the Story: The *Barlaam & Josaphat*; The *Disciplina clericalis*; The *Chastoiement*, *Trois Savoirs*, & *Donnei des Amants*; Thematic Sources: The *locus amoenus*; Generic & Stylistic Observations; (V) The Present Edition: The Choice of the Base Manuscript; Conclusions: Editorial Principles; Bibliography; Text of the Story; Rejected Readings of Ms *B*; Diplomatic Texts; & Glossary. Illus.

La vie littéraire en France au Moyen-Age Jul 21 2023

Introduction à la vie littéraire du Moyen Âge Aug 22 2023 Pierre-Yves Badel La connaissance du latin est, au Moyen Age, un privilège qui semble condamner à l'inculture ceux qui l'ignorent. Aussi la classe des chevaliers va-t-elle trouver dans un moyen d'expression nouveau, le français, l'outil qui lui permettra de donner forme à une culture profane autonome. Situé au point de convergence des synthèses historiques et de la critique des textes, cet essai vise à préciser le milieu social l'univers mental et la tradition littéraire qui modèlent toute création poétique au Moyen Age. Pierre-Yves Badel présente tout d'abord les grands traits de la société féodale et chrétienne, le vocabulaire qu'elle impose à ses poètes, les idéaux qu'elle entend leur voir célébrer. Puis il définit les aspects d'une poésie dont les représentants innoveront malgré eux, en voulant restaurer une tradition plus ancienne. Chansons de gestes, romans et ballades constituent le miroir où toute la chevalerie s'est réfléchi, trouvée, admirée et peut-être finalement perdue...

Introduction to Medieval Latin May 19 2023

The Mind of the Middle Ages May 27 2021 "This is the third edition of a near standard survey of the intellectual life of the age of faith. Artz on the arts, as on philosophy, politics and other aspects of culture, makes lively and informative reading."—The Washington Post

Feminism May 15 2020

Telling the Story in the Middle Ages Feb 04 2022 New examinations of the role storytelling played in medieval life.

Le Lai de l'oiselet Jun 08 2022 This edition of *Lai de l'Oiselet* was undertaken in order to provide a complete and accurate text of a poem that has long been available only in outdated or partial editions. The critical

study was intended to bring up to date and to gather in one place as much information as possible about the origins of the story and its many analogues.

Guillaume de Machaut Mar 17 2023 First Published in 1996. Routledge is an imprint of Taylor & Francis, an informa company.

Christine de Pizan Oct 20 2020 Published by Boydell & Brewer Inc.

Ravishing Maidens Nov 20 2020 In this study of sexual violence and rape in French medieval literature and law, Kathryn Gravdal examines an array of famous works never before analyzed in connection with sexual violence. Gravdal demonstrates the variety of techniques through which medieval discourse made rape acceptable: sometimes through humor and aestheticization, sometimes through the use of social and political themes, but especially through the romanticism of rape scenes.

Mentality and Thought Aug 30 2021 "Mentality and Thought - North, South, East and West presents the reader with an informed pluri-disciplinary discussion of the concept of mentality, its relevance and its interconnection with culture past and present, on the one hand, and cognition and mental frames on the other. The exploration is one of both theoretical depth and socio-historical width, each paper providing its own synthetic combination of conceptual and empirical analysis." --Book Jacket.

Medieval Roles for Modern Times Jul 17 2020 "Examines the performances of a Parisian youth group, Gustave Cohen's Théophiliens, and the process of making medieval culture a part of the modern world.

Explores the work of actor Moussa Abadi, and his clandestine resistance under the Vichy regime in France during World War II"--Provided by publisher.

Handbook of Medieval Studies Dec 14 2022 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades. The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field. The handbook consists of four parts. The first, large section offers articles on all of the main disciplines and discussions of the field. The second section presents articles on the key concepts of modern medieval studies and the debates therein. The third section is a lexicon of the most important text genres of the Middle Ages. The fourth section provides an international bio-bibliographical lexicon of the most prominent medievalists in all disciplines. A comprehensive bibliography rounds off the compendium. The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together.

Christine de Pizan Jul 29 2021 Christine de Pizan (c. 1364-1430), a celebrated author and early feminist, was one of the outstanding women of her time. Her present revival has focused new critical attention on her work and contributions to late medieval culture. This revised and enlarged second edition is an annotated, cross-referenced bibliography including both primary and secondary source material. With three indexes.

Entries include primary and secondary sources about Christine de Pizan (c. 1364-1430), a celebrated author and early feminist.

The Art of Medieval French Romance Nov 13 2022 Douglas Kelly provides a comprehensive and historically valid analysis of the art of medieval French romance as the romancers themselves describe it. He focuses on well-known writers, such as Chrétien de Troyes and Marie de France, and also draws on a wide range of other sources—prose romances, non-Arthurian romances, thirteenth-century verse romances, and variant versions from the later Middle Ages. Kelly is the first scholar to present the “art” of medieval romance to a modern audience through the interventions and comments of medieval writers themselves. The book begins by examining the difficulties scholars perceive in medieval literature: problems such as source and intertextuality, structure in its manifold modern meanings, and character psychology and individuality. These issues frame Kelly’s identification and discussion of all the known authorial interventions on the art and craft of romance. Kelly’s careful reconstruction of the “art” of romance, based on the records left by the romancers themselves, will be an invaluable resource and guide for all medievalists.

Studies in Romance Philology and French Literature Jul 09 2022

Weaving Narrative Aug 10 2022 Enide’s tattered dress and Erec’s fabulous coronation robe; Yvain’s nudity in the forest, which prevents maidens who know him well clothed from identifying him; Lanval’s fairy-lady parading about in the Arthurian court, scantily dressed, for all to observe: just why is clothing so important in twelfth-century French romance? This interdisciplinary book explores how writers of this era used clothing as a signifier with multiple meanings for many narrative purposes. Clothing figured prominently in twelfth-century France, where exotic fabrics and furs came to define a social elite. Monica Wright shows that representations of clothing are not mere embellishments to the text; they help form the textual weave of the romances in which they appear. This book is about how these descriptions are constructed, what they mean, and how clothing becomes an active part of romance composition—the ways in which writers use it to develop and elaborate character, to advance or stall the plot, and to structure the narrative generally.

Orality and Performance in Early French Romance Sep 18 2020 This book proposes a fundamental revision of the history of early French romance: it argues that oral and performed traditions were far more important in the development of romance than scholars have recognised. Starting with issues of orality and literacy, it is argued that the form in which romances were composed was not the invention of clerics but was, rather, an oral form. The second part of the book looks at performance, and shows that romances such as those of Chretien invited voiced presentation; moreover, they were frequently recited from memory, sung, and acted out in dramatic fashion. Romances can, and should, still be performed today.

Giono Sep 11 2022 Since his death in October 1970, Jean Giono's reputation as a major French novelist has steadily increased. In order to treat most powerfully the essential nature of modern man confronted with the worst problems of the twentieth century, he adapted into prose the tried and true literary modes: the epic, the pastoral, Greek tragedy, Shakespearean tragedy, and autobiography. In Giono's work the old modes and familiar forms continue to fulfill the age-old functions of great literature: we see the Christian epic suddenly made relevant to everyday life or the pagan epic re-explain modern male savagery. In Giono's hands the novel explains man to himself, shows man more clearly the world about him, and offers to men everywhere renewed courage and hope. Originally published in 1973. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Concise Survey of French Literature Jun 20 2023 In this introductory survey, Professor Mason offers a bird's-eye view of French literature in six chapters, each dealing with approximately a century. She adopts the views which 'seem[ed] to have the assent of the best critics' in 1958.

A Distant Mirror Aug 18 2020 A “marvelous history”* of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years’ War, by the Pulitzer Prize–winning author of *The Guns of August*
*Lawrence Wright, author of *The End of October*, in *The Wall Street Journal* The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the

other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and “furious follies,” a “terrible worm in an iron cocoon.” Praise for *A Distant Mirror* “Beautifully written, careful and thorough in its scholarship . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better.”—*The New York Review of Books* “A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer.”—*The Wall Street Journal* “Wise, witty, and wonderful . . . a great book, in a great historical tradition.”—*Commentary*

Reconstructing Camelot Apr 13 2020 This book examines French Romantic medievalism through one of its many manifestations, the treatment of the Arthurian legends. Examining works of historiography and literary history, as well as literary texts proper, it assesses the place of the Arthurian material in French culture in the period up to 1860, the date of publication of Edgar Quinet's *Merlin l'enchanteur*. In so doing, it reveals key features of French Romanticism and traces the origins of some of the problems and contradictions which still affect the practice of medieval studies, the study of medieval literature, and the representation of the Middle Ages. The author argues that the depiction of Arthurian legends in French Romantic writing discloses some of the underlying ideological positions of the movement, such as the division between liberal and royalist views of the Middle Ages and the construction of a French national identity. He also explores the developing tensions between the interests of a general literary public and the ambitions of scholars seeking to define and promote medieval literature as an emerging field of study. In addition to scholars such as Claude Fauriel, Paulin Paris and Francisque Michel, other important figures in French Romanticism are considered, including Edgar Quinet and Michelet.

A History of Women in the West Jun 27 2021 Discusses the legal, social, and religious position of women in the Greco-Roman world, Middle Ages, Renaissance, Industrial Revolution, and modern era.

Bulletin bibliographique de la Société internationale arthurienne Apr 25 2021

L'averroïsme Et Le Roman de la Rose de Jean de Meung Jan 03 2022

Les visions de la vie de cour dans la littérature française de la fin du Moyen Âge Feb 16 2023 Les conceptions relatives a la vie de cour traduites par les ecrivains de France (en langue francaise et en langue latine) sous la dynastie des premiers Valois (1328-1498) constituent un theme litteraire d'une importance primordiale. Elles attestent deux attitudes - l'attitude procuriale et l'attitude anticuriale - et temoignent de deux mentalites. La mentalite medievale, a travers laquelle se manifestent a la fois de l'attrait ou du mepris pour la vie de cour, revele de la part des gens de lettres une croyance confiante au progres moral de l'homme. A l'oppose, la mentalite humaniste verse dans un pessimisme assez constant qui denie, au moins theoriquement, toute valeur a l'existence curiale et qui prone un comportement de repli sur soi fonde sur l'exaltation de la liberte individuelle et sur le culte du moi renforce par la pratique des belles-lettres. Jusqu'ici, les historiens des mentalites avaient neglige les aspects essentiels de la litterature medievale favorable au destin des gens de cour. Aussi, une part importante de ce livre est reservee a l'etude des ecrivains qui plaident la cause des milieux curiaux, en general des hommes de lettres professionnels, et qui exaltent les valeurs intellectuelles et esthetiques vecues par l'aristocratie ou qui fournissent des justifications morales a l'existence mondaine. Seduite par les ideaux traditionnels de la chevalerie et de la courtoisie, la noblesse de cour va progressivement changer de statut : le vassal, lie au depart a son suzerain par un lien personnel, se mue bientot en homme de cour. Puis, a la fin du XVIe siecle, quand l'aristocratie sera depouillee de ses prerogatives, apparait le courtisan, ou membre (souvent roturier) de la suite du prince appele a defendre par des moyens quelquefois peu avouables la faveur qu'il a conquise. Au-dela des aspects moraux de la censure de cour, assez bien mis en lumiere jusqu'ici, le present ouvrage s'attache a considerer les perspectives sociales de cette critique. Si la personne royale est generalement epargnee par les blames des bourgeois ou du peuple, la noblesse et le clerge voient leurs comportements denonces avec une sourcilieuse severite. Dans l'ensemble, les auteurs inspires par la mentalite medievale manifestent une conviction determinee dans un possible amendement des esprits. A l'inverse, prenant appui sur le sentiment personnel de la *satietas curiae*, la critique humaniste de la vie en cour montre moins de confiance dans le perfectionnement moral des etres et comprend un caractere individualiste affirme. Inspire par l'Italie, renforce par des reactions nationalistes a l'oeuvre de Petarque, ce mouvement intellectuel revet souvent les atours d'un jeu litteraire : les plus virulents contempteurs de la vie curiale sont aussi des membres de chancellerie tres fideles a leur maitre... L'etude des visions de la vie de cour atteste la grande richesse de la pensee litteraire au XIVe et au XV siecle. Cette epoque nourrit une grande fermentation intellectuelle et, a travers deux mentalites assez contradictoires, illustre l'eternelle grandeur de l'homme.

Introducing the Medieval Ass Oct 12 2022 This is the first book dedicated to the medieval ass It appeals to a multi-Audience: interested lay readership; accessible, introductory and undergraduate level book; scholar This book explains how the medieval ass was an arse, an idiot, a violent hot-tempered sexed-up brute that ate the balls of its own male offspring. Conversely, the ass was also a humble, patient, loyal, hard-working Christian animal (marked with a cross) that Christ rode into Jerusalem. These paradoxical qualities are explored in this book and open up a wealth of information on how people in the Middle Ages viewed the ass, not just as a simple beast of burden, but also as a figure to warn and to educate, to expose human failings and praise the divine. *Introducing the Medieval Ass* reveals medieval attitudes to animals, to people, and to the divine, making it an excellent way to approach medieval cultural and animal studies.

The Moral Disarmament of France Mar 05 2022 Publisher Description

Chrétien de Troyes Mar 25 2021 The supplement to the 1976 original bibliography reflects the expanding scope of modern Chrétien studies, including items from around the world, with the assistance of an international team of scholars.

Reading the Juggler of Notre Dame Sep 30 2021 In this two-part anthology, Jan M. Ziolkowski builds on themes uncovered in his earlier *The Juggler of Notre Dame and the Medievalizing of Modernity*. Here he focuses particularly on the performing arts. Part one contextualises *Our Lady's Tumbler*, a French poem of the late 1230s, by comparing it with episodes in the Bible and miracles in a wide variety of medieval European sources. It relates this material to analogues and folklore across the ages from, among others, Persian, Jewish and Hungarian cultures. Part two scrutinizes the reception and impact of the poem with reference to modern European and American literature, including works by the Nobel prize-winner Anatole France, professor-poet Katharine Lee Bates, philosopher-historian Henry Adams and poet W.H. Auden. This innovative collection of sources introduces readers to many previously untranslated texts, and invites them to explore the journey of *Our Lady's Tumbler* across both sides of the Atlantic. *Reading the Juggler of Notre Dame: Medieval Miracles and Modern Remakings* will benefit scholars and students alike. The short introductions and numerous annotations shed light on unusual beliefs and practices of the past, making the readings accessible to anyone with an interest in the arts and an openness to the Middle Ages.
