In STEP BY STEP, Muriel devotes each month of the year to an in-depth exploration of one of the Twelve Steps, with daily entries. The steps are presented in the chronological order of the months, though any of the meditations can be used out of sequence. No matter where we are in our recovery, these wise, inspiring messages and meditations can help us "step" our way to healthier, more productive lives. For therapists interested in exploring the ways that sandplay facilitates growth and healing and in expanding their reservoir of therapeutic tools by incorporating sandplay into their practices, this practical handbook will be an invaluable resource. After presenting the history and benefits of sandplay, the authors describe how to create a sandplay therapy room, including choosing sand containers, finding evocative objects, and displaying objects appropriately. They provide detailed, step-by-step instructions on how to conduct spontaneous and directed sandplay therapy sessions with individuals, couples, children, and families. Various ways of recording the creation of a sand world are described, so that both the process and the product will be saved even after the sand tray is dismantled. Not only does the book establish the foundation for incorporating sandplay into the reader's current psychotherapeutic practice, but it will also stimulate the creative process of the professional. Like the client who sees internal and interpersonal dynamics and dilemmas pictured in the sand, the therapist will find that this powerful experiential tool reveals insights, information, and avenues to explore. The authors illustrate the process with numerous sandplay experiences with clients. They also discuss clients for whom sandplay is contraindicated and some problems that might arise. To encourage the growth of the therapist, they include instructions on personal sandplay work. Comprehensive in nature, this book provides the foundation for both novice and experienced professionals to perform sandplay therapy effectively with adults, children, and couples.
