Old Testament stories center around men. Leaders, prophets, kings, and priests are all male. But hidden in the background are strong-willed, daring females. Jane Yolen and Barbara Diamond Goldin's masterful retellings pairs eloquent profiles with stunning art, answering one question: What makes these women heroes? From first woman, Eve, to Deborah the judge, to Queen Esther, savior of her people, females in the Hebrew bible are resourceful and courageous. Each chapter is devoted to a single story with text complemented by sidebars, known in Jewish tradition as "midrashim," that pose questions, provide more information, and include nondenominational interpretations. "A much-needed, thoughtful updating of Bible stories about women" — Kirkus Reviews (STARRED REVIEW) "A solid source of study and reflection for libraries with religious patrons" — School Library Journal "Each chapter features a lovely full-page piece of artwork" — Booklist This epic tale leads readers on an extraordinary journey into a world of magic and monsters -- a journey fraught with peril at every turn. Can one boy and girl stand in the way of a colossal evil with its roots sunk deep in ages of wickedness? "Droughts. Floods. Contamination. The perils to the global fresh-water supply have never been so clear or so numerous. In dozens of countries, ordinary citizens have cause to worry about their water, and who will ensure that it is available, affordable, and safe. In this refreshing examination of the fate and future of water, now available in trade paper edition, Marq de Villiers takes on some of the biggest questions and shibboleths of the century. Who owns water? Is access to water a human right? Who is responsible for keeping water clean and ensuring that it gets to the people who need it most? Is privatization of ownership an evil or an extension of the public trust? In this engaging and inspiring book, De Villiers offers a clear-eyed assessment of the politics of water, proposing innovative, real-life solutions based on local initiatives."-- Despite the many challenges, women continue to make great strides in their chosen careers. As more women become aware of interconnections between their professional and spiritual lives, they become more insistent in finding ways of combining both lives. "Strength in the Struggle" includes a wealth of information including chapters such as "A Foundation on Leadership," "Defining Moments," Living Beyond the Stereotypes." "Strength in the Struggle" will provide all women with insight and encouragement to develop and grow as effective leaders. This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel The Unlit Lamp (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy The Forge (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel The Well of Loneliness (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon. Are there books you know you should read but haven't because they seem too daunting? In The Well-Educated Mind, Susan Wise Bauer provides a welcome and encouraging antidote to the distractions of our age, electronic and otherwise. In her previous book, The Well-Trained Mind, the author provided a road map of classical education for parents wishing to home-school their children, and that book is now the premier resource for home-schoolers. In this new book, Bauer takes the same elements and techniques and adapts them to the use of adult readers who want both enjoyment and self-improvement from the time they spend reading. The Well-Educated Mind offers brief, entertaining histories of five literary genres—fiction, autobiography, history, drama, and poetry—accompanied by detailed instructions on how to read each type. The annotated lists at the end of each chapter—ranging from Cervantes to A. S. Byatt, Herodotus to Laurel Thatcher Ulrich—preview recommended reading and encourage readers to make vital connections between ancient traditions and contemporary writing. The Well-Educated Mind reassures those readers who worry that they read too slowly or with below-average comprehension. If you can understand a daily newspaper, there's no reason you can't read and enjoy Shakespeare's Sonnets or Jane Eyre. But no one should attempt to read the "Great Books" without a guide and a plan. Susan Wise Bauer will show you how to allocate time to your reading on a regular basis; how to master a difficult argument; how to make personal and literary judgments about what you read; how to appreciate the resonant links among texts within a genre—what does Anna Karenina owe to Madame Bovary?—and also between genres. Followed carefully, the advice in The Well-Educated Mind will restore and expand the pleasure of the written word. The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation. An enchanting, visually arresting, "extraordinary children's book for adults...that peers into the depths of the human experience and the meaning of our existence." (Brainpickings.org). Set in rural Arkansas in 1919, this novel tells the story of ex-slaves, displaced Yankees, and a century of community history. Now with over 10 million copies sold, The Mistborn Series has the thrills of a heist story, the twistiness of political intrigue, and the epic scale of a landmark fantasy saga. The impossible has been accomplished. The Lord Ruler -- the man who claimed to be god incarnate and brutally ruled the world for a thousand years -- has been vanquished. But Kelsier, the hero who masterminded that triumph, is dead too, and now the awesome task of building a new world has been left to his young protégé, Vin, the former street urchin

who is now the most powerful Mistborn in the land, and to the idealistic young nobleman she loves. As Kelsier's protégé and slayer of the Lord Ruler she is now venerated by a budding new religion, a distinction that makes her intensely uncomfortable. Even more worrying, the mists have begun behaving strangely since the Lord Ruler died, and seem to harbor a strange vaporous entity that haunts her. Stopping assassins may keep Vin's Mistborn skills sharp, but it's the least of her problems. Luthadel, the largest city of the former empire, doesn't run itself, and Vin and the other members of Kelsier's crew, who lead the revolution, must learn a whole new set of practical and political skills to help. It certainly won't get easier with three armies - one of them composed of ferocious giants - now vying to conquer the city, and no sign of the Lord Ruler's hidden cache of atium, the rarest and most powerful allomantic metal. As the siege of Luthadel tightens, an ancient legend seems to offer a glimmer of hope. But even if it really exists, no one knows where to find the Well of Ascension or what manner of power it bestows.

From the author of *Bunny*, which Margaret Atwood hails as "genius," comes a "wild, and exhilarating" (Lauren Groff) novel about a theater professor who is convinced staging Shakespeare's most maligned play will remedy all that ails her—but at what cost? Miranda Fitch's life is a waking nightmare. The accident that ended her burgeoning acting career left her with excruciating chronic back pain, a failed marriage, and a deepening dependence on painkillers. And now, she's on the verge of losing her job as a college theater director. Determined to put on Shakespeare's *All's Well That Ends Well*, the play that promised and cost her everything, she faces a mutinous cast hellbent on staging *Macbeth* instead. Miranda sees her chance at redemption slip through her fingers. That's when she meets three strange benefactors who have an eerie knowledge of Miranda's past and a tantalizing promise for her future: one where the show goes on, her rebellious students get what's coming to them, and the invisible doubted pain that's kept her from the spotlight is made known. With prose Margaret Atwood has described as "no punches pulled, no hilarities dodged...genius," Mona Awad has concocted her most potent, subversive novel yet. *All's Well* is a "fabulous novel" (Mary Karr) about a woman at her breaking point and a formidable, piercingly funny indictment of our collective refusal to witness and believe female pain. In the tradition of empowering spiritual writers such as Ilanya Vanzant, Bishop Vashti McKenzie offers women a Christian path to personal transformation. A groundbreaking preacher who, in 2000, became the first woman to serve as bishop in the African Methodist Episcopal Church, Bishop McKenzie is renowned for her eloquence and passion in the pulpit. Now she brings her inspirational message to readers through the biblical story of the meeting at the well between Jesus and the Samaritan woman. In twelve lessons,

McKenzie interweaves the Samaritan woman's experiences with contemporary personal stories, Bible quotations, life-affirming sayings, and meditational activities. Through them she shows women that if they hold onto hope and listen for their moments of epiphany, they can accomplish anything. "Edited by Mark Siegel. Cover design by Kirk Benshoff. Interior book design by Sunny Lee."--page [174]. Aron Wiesenfeld makes paintings and charcoal drawings in which he evokes a reality that is at once familiar and mysterious. These poetic and carefully composed fragments are windows into an autonomous world that continues off the edges of the canvas. They trigger stories in the imagination that can take the shape of fairy tales, or more complex forms, questioning modern-day alienation. References to art history, mythology, and pop culture converge without hierarchical order amid the cluttered remainders of manufactured landscapes, or baroque scenes of nature in glorious overgrowth. The people that populate his work embark on secret errands into veils of falling snow and twilight. His works have a restrained and focused tone, inviting contemplation of this intimate space, silent but for murmurs of the ominous. Immortal, unchanging, the external survivor, Nathan Brazil had tired of his long duty as the guardian of the Well World and had enlisted Mavra Chang, space pilot and adventurer, as his companion and equal, sharing with her some of the godlike power to control the universe's destiny. But over the millennia, Brazil and Chang had become estranged. When they were once again summoned to the Well World, they came as bitter rivals, each racing to be the first to reach the Well of Souls. What they found, however, was a Well World changed in ways it should not have been. Evolution on the Well World seemed to have diverged from its preset course- and that was impossible. Brail sensed that some force beyond local animosity was at work, and he was determined to find out just what that force was and how it could have changed the elaborate programming of the Well of Souls. But the changes that had so affected the Well World were beginning to change the unchangeable Nathan Brazil - and if the watchman himself could altered, the universe might be left without any guardian at all . . .

His mother talks piously of the heaven that awaits the good, and disciplines him with an ox prod. His grandmother burns his precious crosses for kindling. His cousins meet to plot their grandfather's death. Yet in the hills surrounding his home, another reality exists, a place where his mother wears flowers in her hair, and his cousin Celestino, a poet who inscribes verse on the trunks of trees, understands his visions. The first novel in Reinaldo Arenas's "secret history of Cuba," a quintet he called the *Pentagonia*, *Singing from the Well* is by turns explosively crude and breathtakingly lyrical. In the end, it is a stunning depiction of a childhood besieged by horror--and a moving defense of liberty and the imagination in a world of barbarity, persecution, and ignorance. In the rich tradition of Francine Rivers's Lineage of Grace series, comes a beautiful retelling of the biblical story of the woman at the well—bringing to life this poignant young woman struggling to survive love and heartbreak. Could he be the One we've been waiting for? For the women of the Samaritan village of Sychar, the well is a place of blessing—the place where they gather to draw their water and share their lives—but not for Mara. Shunned for the many sins of her mother, Nava, Mara struggles against the constant threats of starvation or exile. Mara and Nava's lives are forever changed with the arrival of two men: Shem, a mysterious young man from Caesarea, and Jesus, a Jewish teacher. Nava is transformed by Jesus, but his teachings come too late and she is stoned by the unforgiving villagers. Desperate to save her dying mother, Mara and Shem embark on a journey to seek Jesus' help—a journey that brings unexpected love and unimaginable heartbreak. A showcase of the current culture and architecture, protagonists and ideas, and treatments and aims of twenty-first-century wellbeing. One of life's greatest pleasures is a day spent rejuvenating the body and nourishing the spirit. Humans have practiced self-care for centuries--in the sweat lodges of the American Southwest, Roman baths, the hammams of the Ottoman Empire, Japanese onsens, and Finnish saunas. Today, a new interest in self-care is redefining how we accomplish wellness, and there have never been more options. In our increasingly switched-on lives, a growing industry of highly choreographed experiences is geared to help us switch off. Be Well is a journey around the world's most extraordinary spaces for achieving this, looking at the innovative practices they offer and how to carry them into everyday life. One of the most well-known and loved stories of Jesus's ministry is the encounter with the Samaritan woman at Jacob's well. Now the creative mind of Diana Wallis Taylor imagines how the Samaritan woman got there in the first place. Marah is just a girl of thirteen when her life is set on a path that will eventually lead her to a life-changing encounter with the Messiah. But before that momentous meeting she must traverse through

times of love lost and found, cruel and manipulative men, and gossiping women. This creative and accurate portrayal of life in the time of Jesus opens a window into a fascinating world. Taylor's rich descriptions of the landscapes, lifestyles, and rituals mesh easily with the emotional and very personal story of one woman trying to make a life out of what fate seems to throw at her. This exciting and heartwrenching story will fascinate readers and lend new life to a familiar story. Exploring six Gospel texts in which women encounter Jesus, Gench encourages readers to view these stories anew through the eyes of contemporary biblical scholarship. "A deeply affecting work from one of the important and innovative voices in American health and medicine." -- Arianna Huffington

In Well, physician Sandro Galea examines what Americans miss when they fixate on healthcare: health. Americans spend more money on health than people anywhere else in the world. And what do they get for it? Statistically, not much. Americans today live shorter, less healthy lives than citizens of other rich countries, and these trends show no signs of letting up. The problem, Sandro Galea argues, is that Americans focus on the wrong things when they think about health. Our national understanding of what constitutes "being well" is centered on medicine -- the lifestyles we adopt to stay healthy, and the insurance plans and prescriptions we fall back on when we're not. While all these things are important, they've not proven to be the difference between healthy and unhealthy on the large scale. Well is a radical examination of the subtle and not-so-subtle factors that determine who gets to be healthy in America. Galea shows how the country's failing health is a product of American history and character -- and how refocusing on our national health can usher enlightenment across American life and politics. "When it comes to ministry related to mental health concerns, prayer and Scripture are not enough. Beginning with the biblical motif of going to the village well for the waters that sustain life and exploring the communal significance of that well, pastor, professor, and clinical psychologist Jessica Young Brown calls on the Black Church to rally its historic resilience and creativity to acknowledge and engage those in its pews who are struggling with mental health concerns. Using the acronym of SPACE, the author discusses: Silencing the Stigma ... naming the negative attitudes and mistaken assumptions about mental illness, especially in the African American community Presence & Persistence ... identifying the importance of authentic relationships in healing mind and spirit Application & Action ... highlighting practical steps to address the needs as they emerge Cautions ... being real about the fears and risks related to mental health crises, including the importance of referrals Expression & Exhortation ... calling on the cultural power of testimony to encourage the entire congregation to access the healing power of God Rev. Dr. Young Brown concludes with a practical exploration of "Now What? Digging the Well and Drawing from It." The book's appendix features a brief primer on common mental disorders that frequently affect members of our family, neighborhood, and church"-- "[A] Stephen Kinglike horror story...A chilling, bloody ghost story that resonates."— Kirkus

vengeance they're due. But releasing innocent ghosts from their ethereal tethers does not bring Okiku peace. Still she drifts on. Such is her existence, until she meets Tark. Evil writhes beneath the moody teen's skin, trapped by a series of intricate tattoos. While his neighbors fear him, Okiku knows the boy is not a monster. Suspenseful and creepy, *The Girl from the Well* is perfect for readers looking for Spooky books for young adults Japanese horror novels Ghost stories for teens East Asian folklore Praise for *The Girl from the Well* "There's a superior creep factor that is pervasive in every lyrical word of Chupeco's debut, and it's perfect for teens who enjoy traditional horror movies...the story is solidly scary and well worth the read." — Booklist "Chupeco makes a powerful debut with this unsettling ghost story...told in a marvelously disjointed fashion from Okiku's numbers-obsessed point of view, this story unfolds with creepy imagery and an intimate appreciation for Japanese horror, myth, and legend." — Publishers Weekly STARRED review "It hit all the right horror notes with me, and I absolutely recommend it to fans looking for a good scare. " — The Book Smugglers Why are so many so close to the Well and still so thirsty? Mark Hall takes the powerful story of the Woman at the Well and her encounter with Jesus to help readers understand that the "wells" we go to for life and sustenance, the "wells" of success, talent, control, favor, religion, etc., are keeping us from relying on Jesus and his abundant life, and we will never be truly satisfied until we realize that and go to Him for our needs. All's faire in love and war for two sworn enemies who indulge in a harmless flirtation in a laugh-out-loud rom-com from debut author Jen DeLuca. Emily knew there would be strings attached when she relocated to the small town of Willow Creek, Maryland, for the summer to help her sister recover from an accident, but who could anticipate getting roped into volunteering for the local Renaissance Faire alongside her teenaged niece? Or that the irritating and inscrutable schoolteacher in charge of the volunteers would be so annoying that she finds it impossible to stop thinking about him? The faire is Simon's family legacy and from the start he makes clear he doesn't have time for Emily's lighthearted approach to life, her oddball Shakespeare conspiracy theories, or her endless suggestions for new acts to shake things up. Yet on the faire grounds he becomes a different person, flirting freely with Emily when she's in her revealing wench's costume. But is this attraction real, or just part of the characters they're portraying? This summer was only ever supposed to be a pit stop on the way to somewhere else for Emily, but soon she can't seem to shake the fantasy of establishing something more with Simon or a permanent home of her own in Willow Creek. With an updated introduction, epilogue and McKenzie's 10 Commandments for African American Women in Ministry, *Not Without a Struggle* provides a cogent historical, theological, and biblical overview of women's leadership in the church. Building models of ministry that promote fellowship, support, and an environment conducive to learning and dialogue among peers and mentors, the author forges a new partnership among African American men and women. *From the Well to the Seais* the true story of a young Japanese man who travels by ship to distant New Zealand, where he makes an inner journey of faith from Buddhism to Christianity. When he realizes that Christian

fellowship has no ethnic boundaries because of the indwelling of the Holy Spirit, he learns to trust, not in circumstances or blessings, but in God alone. Truly, this Japanese frog has jumped into the great ocean of self-discovery to experience the joy of a personal relationship with the true and living God. In like manner, readers will discover a fresh perspective on cultural differences and gain renewed faith as they see the world through the eyes of one young Japanese missionary.
