Seaside links courses offer golfers unmatched challenges and enchanting scenery. And while they can be found in many parts of the world, the links of the British Isles are the most famous in their class. Donald Steel takes readers on a tour of seventy-five spectacular greens along windswept beaches and sheer cliffs of Britain and Ireland. These links prove true the old belief that courses are for expanding a player's abilities, rather than defining and confining them as in so many other sports. Steel offers up destinations like St. Andrews, Royal St. George's, and Formby, Ballybunion, and Muirfield among the seaside playing fields that have been the home to championship tournaments and amateur aspirations. With scorecards, maps, color photos, and helpful hints for most holes, this guide is an essential reference tool for the traveling golfer. It tells the history of the courses it covers and provides information

on the designers who built them and the pros who have set their records. Brian Morgan's stunning photography handsomely captures the majestic layout of the courses. From the deceptive lengths to the treacherous traps, his visual log of the courses prepares golfers for the beauty and challenges that await them. His award-winning and world-renowned pictures have appeared in golf journals on both sides of the Atlantic and in several exhibitions. Typical accounts of Anglo-Scottish relations during the 14th century tends to present a sustained period of bitter enmity. However, this book shows that the situation was far more complex. Drawing together new perspectives from leading researchers, the essays investigate the great complexity of the Anglo-Scottish tensions. In *England and Scotland at War, c.1296-c.1513*, Andy King and David Simpkin bring together new perspectives on the Anglo-Scottish conflict from Dunbar to Flodden. The essays focus on the military history of the wars from both sides of the border. In-room fireplaces, classic charm, four-poster beds and low rates. This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. Vols. for 1837-52 include the Companion to the Almanac, or Year-book of general information. *Border Fury* provides a fascinating account of the period of Anglo-Scottish Border conflict from the Edwardian invasions of 1296 until the Union of the Crowns under James VI of Scotland, James I of England in 1603. It looks at developments in the art of war during the period, the key transition from medieval to renaissance warfare, the development of tactics, arms, armour and military logistics during the period. All the key personalities involved are profiled and the typology of each battle site is examined in detail with the author providing several new interpretations that differ radically from those that have previously been understood. England, Scotland, and Wales together possess one of the largest and most impressive collections of castles anywhere in the world. Their names--Kenilworth, Edinburgh, Bodiam, Stirling, Tintagel--conjure images of romance, battles and intrigue. Trace each stage of the castles' development from Norman times through Plantagenet and Edwardian expansion, including their role in strengthening the coastline during the Tudor age, the appalling devastation suffered in the Civil War, and the gradual decay of the castle--and its renaissance. Intended as a comprehensive and accessible guide for travelers and armchair explorers alike, Sears' illustrated tour of the British Isles offers a wealth of information and insights on the history, geography, culture, and natural beauty of these unique and fascinating lands. From bustling cities to ancient ruins, from pastoral countryside to rugged coastline, there is something here for every reader to discover. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Vols. for 1837-52 include the Companion to the Almanac, or Year-book of general

information. Excerpt from An Address to the People of England, Scotland, and Ireland, on the Present Important Crisis of Affairs The advantage of a second opportunity to correct a mistake, when the first has been neglected, is a happiness which few individuals, or bodies of men, experience; and a blessing which, if it oftener occurred in the affairs of life, would enable most of us to avoid the greater part of the misery which at present appears inseparable to the human state. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. England, Scotland, & Ireland - A Picturesque Survey of the United Kingdom and its Institutions is an unchanged, high-quality reprint of the original edition of 1887. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future. His passionate love for his wife, Sarah Churchill, ran like a golden thread of romance through Marlborough's stormy career. On the eve of battle, and in the first flush of victory, he must first and last write her; and he would more willingly meet 20,000 Frenchmen than his wife's displeasure! Indeed Sarah seems to have waged her own battles very successfully with her tongue, and also to have had her own diplomatic triumphs. -from Chapter XI With a verve and liveliness worthy of a novelist, American writer MARY PLATT PARMELE (1843-1911) put her unique stamp on world history with her series of clever, concise histories, condensed tales of the world's great nations that encompassed the essential facts necessary for appreciating the state of the world as she saw it. With this book, first published in 1895 and updated in 1900, she sketches the extraordinary story of the British Isles. From Boadicea and the Roman invasion to the Irish famine, the Great Exhibition, and the laying of the transatlantic telegraph cable, this is an exciting and inspiring reminder of the history of the peoples who share with Americans a language, an industrious spirit, and a love of freedom and democracy. OF INTEREST TO: readers of European and classical history Parmele's books available from Cosimo Classics include: * The Evolution of an Empire: A Brief Historical Sketch of France * The Evolution of an Empire: A Brief Historical Sketch of the United States * A Short History of France * A Short History of Germany * A Short History of Spain * A Short History of Rome and Italy
