Helping Your Child with Fears and Worries 2nd Edition Oct 23 2020 PREVIOUSLY PUBLISHED AS OVERCOMING YOUR CHILD'S FEARS AND WORRIES Does your child suffer from fears and worries that affect their behaviour or keep them awake at night? Fears and worries are very common among children with around 15% thought to suffer from anxiety disorders; the most commonly identified emotional or behavioural problems among children. However, if left unchecked, they can cause more serious problems such as school avoidance, difficulties in making friends and long-term problems with anxiety and depression. Written by two of the UK's foremost experts on childhood anxiety, this extremely useful guide will enable you to understand what is causing your child's worries and to carry out step-by-step practical strategies to help him or her to overcome them, including: · Addressing specific fears and phobias as well as general anxiety and 'worrying' · Using case studies, worksheets and charts Helping Your Child is a series for parents and caregivers to support children through developmental difficulties, both psychological and physical. Each guide uses clinically-proven techniques. Series editors: Professor Peter Cooper and Dr Polly Waite

Awakening of the Soul Feb 24 2021 In 2002, Grace J. Scott began to receive messages from those beyond the grave. Grace felt it her duty to record their voices, their thoughts, and even their warnings. Awakening of the Soul is the amazing result. This intriguing collection of channeled thoughts from souls in heaven, other planetary systems, and other universes will benefit those seeking spiritual growth as well as those wanting information about preparing for upcoming Earth changes. Much of the material is packed with information and requires time to read and digest while other material is simple and easily understood. Presented in chronological order as received in reflexology sessions, the conversations are completely original, unedited, and unorganized, straight from the spirit itself. Some spirits channeled big lessons for the general public or gave messages to individuals while some explained disasters, politics, wars, dreams, and events in our daily lives. But all of the souls have one thing in common: they bring news that Earth is cleansing itself at a rapid pace, and they are here to assist us through the cleansing and beyond. Epic in scope, Awakening of the Soul is a vital tool for those looking to the future and to the fate of Earth itself.

The Recording Engineer's Handbook Nov 23 2020 Working as a recording engineer presents challenges from every direction of your project. From using microphones to deciding on EQ settings, choosing outboard gear to understanding how, when and why to process your signal, the seemingly never-ending choices can be very confusing. Professional Audio's bestselling author Bobby Owsinski (The Mixing Engineer's Handbook, The Mastering Engineer's Handbook) takes you into the tracking process for all manner of instruments and vocals-- providing you with the knowledge and skill to make sense of the many choices you have in any given project. From acoustic to electronic instruments, mic placement to EQ settings, everything you need to know to capture professionally recorded audio tracks is in this guide.

Authentic Fakes Sep 21 2020 Authentic Fakes explores the religious dimensions of American popular culture in unexpected places: baseball, the Human Genome Project, Coca-Cola, rock 'n' roll, the rhetoric of Ronald Reagan, the charisma of Jim Jones, Tupperware, and the free market, to name a few. Chidester travels through the cultural landscape and discovers the role that fakery—in the guise of frauds, charlatans, inventions, and simulations—plays in creating religious experience. His book is at once an incisive analysis of the relationship between religion and popular culture and a celebration of the myriad ways in which invention can stimulate the religious imagination. Moving beyond American borders, Chidester considers the religion of McDonald's and Disney, the discourse of W.E.B. Du Bois and the American movement in Southern Africa, the messianic promise of Nelson Mandela's 1990 tour to America, and more. He also looks at the creative possibilities of the Internet in such phenomena as Discordianism, the Holy Order of the Cheeseburger, and a range of similar inventions. Arguing throughout that religious fakes can do authentic religious work, and that American popular culture is the space of that creative labor, Chidester looks toward a future "pregnant with the possibilities of new kinds of authenticity."
