Dramma Per Musica Jul 02 2021 'Dramma per musica', the most usual term for Italian serious opera from the seventeenth to the early nineteenth century, was a modern, enlightened form of theater that presented a unified, artistically designed, dramatic enactment of human stories, expressed by the voice and underscored by the orchestra. This book illustrates the diversity of this baroque art form and explains how it has given us opera as we know it.

Empress Marie Therese and Music at the Viennese Court, 1792-1807 May 12 2022 This is a study of the musical activities of Empress Marie Therese, one of the most important patrons in the Vienna of Haydn and Beethoven. Building on extensive archival research, including many documents published here for the first time, John A. Rice describes Marie Therese's activities as commissioner, collector and performer of music, and explores the rich and diverse musical culture that she fostered at court. This book, which will be of interest to musicologists, historians of artistic patronage and taste, and practitioners of women's studies, elucidates this remarkable woman's relations with a host of professional musicians, including Haydn, and argues that she played a significant and hitherto unsuspected role in the inception of one of the era's greatest masterpieces, Beethoven's Fidelio. Other composers discussed include Domenico Cimarosa, Joseph Eybler, Michael Haydn, Johann Simon Mayr, Ferdinando Paer, Antonio Salieri, Joseph Weigl and Paul Wranitzky.

Savor the Moment Dec 07 2021 Natalia Chambers is a successful singer/songwriter whose star is on the rise. But Nat has a problem. She can't seem to write any new music and the pressure is on to write a follow-up to her last record. The fact that her last girlfriend betrayed her and left her with a wounded heart certainly isn't helping any. When Nat comes home from her latest tour, she's ready for some serious R&R. The last thing she expects is a stunning pastry chef named Maddy LaDuke to send her tumbling (literally) head over heels. As Nat spends more time with Maddy she discovers a side benefit—it seems that their romance may hold the key to that serious writer's block problem. Just when Nat thinks she's ready for something big with Maddy, an old flame arrives and tries to burn it all down. Will Nat and Maddy be able to put their hearts on the line and find trust in each other? Dana Piccoli takes readers on journey of sweet romance and second chances with her debut novel, Savor the Moment.

Electroacoustic Music Oct 25 2020 Electroacoustic music, a flourishing medium for over half a century, remains today, in a wide array of technological forms, one of the major areas of creative activity in music. However, it has long been overlooked in theoretical studies—possibly in part because it does away with traditional scores and notation. In this landmark collection, a group of distinguished composers and theorists who have actively worked in the field present detailed analyses of important electroacoustic works while also demonstrating some recent approaches to the analysis of the music of this medium. Included here are discussions of such significant works as Karlheinz Stockhausen's *Gesang der Jünglinge* (1955/56), Iannis Xenakis' *Diamorphoses* (1957), and Jean-Claude Risset's *Contours* (1982). Overall, the collection aims to elucidate the sonic design of each of the electroacoustic music works under investigation, using its best examples as a lens through which to examine an unduly neglected genre. Demonstrating recent techniques in the analysis of electroacoustic music, the volume also considers various compositional approaches as well as computer applications that have become an irreplaceable tool in the composing of this music. So little has been written about this 20th-century art form that *Electroacoustic Music: Analytical Perspectives* is at once a fresh, bold step forward in musicology and analysis.

A Chronicle of First Broadcast Performances of Musical Works in the United Kingdom, 1923-1996 Oct 05 2021 First published in 2001, this work provides detailed information taken from the 'Programmes-as-Broadcast' daily log of output held at the BBC Written Archives Centre in Caversham. Arranged in chronological order, entries are given for broadcasts of first performances of musical works in the United Kingdom, and include details of: the date of the broadcast, the composer, the title of the work, performers and conductor. In addition to its usefulness as a reference tool, the Chronicle enables us to gauge the trends in twentieth-century British musical life, and the role of the BBC in their promotion.

Art and Music in the Early Modern Period Nov 25 2020 The relationship between music and painting in the Early Modern period is the focus of this collection of essays by an international group of distinguished art historians and musicologists. Each writer takes a multidisciplinary approach as he or she explores the interface between music performance and painting, or between music and art theory. The essays reflect a variety and range of approaches and offer methodologies which might usefully be employed in future research in this field. The volume is dedicated to the memory of Franca Trinchieri Camiz, an art historian who worked extensively on topics related to art and music, and who participated in some of the conference panels from which many of these essays originate. Three of Professor Camiz's own essays are included in the final section of this volume, together with a bibliography of her writings in this field. They are preceded by two thematic groups of essays covering aspects of musical imagery in portraits, issues in iconography and theory, and the relationship between music and art in religious imagery.

Sacred Music and Liturgical Reform Apr 30 2021 Anthony Ruff, O.S.B., has written a brilliant, comprehensive, well-researched book about the treasures of the Church's musical tradition, and about the transformations brought about by liturgical reform. The liturgy constitution *Sacrosanctum Concilium* stated many revolutionary principles of liturgical reform. Regarding liturgical music, the Council's decrees mandated, on the one hand, the preservation of the inherited treasury of sacred music, and on the other hand, advocated adaptation and expansion of this treasury to meet the changed requirements of the reformed liturgy. In clear, precise language, he retrieves the Council's neglected teachings on the preservation of the inherited music treasury. He clearly shows that this task is not at odds with good pastoral practice, but is rather an integral part of it. The book proposes an alternate hermeneutic for understanding the Second Vatican Council's teachings on worship music.

Violin Technique and Performance Practice in the Late Eighteenth and Early Nineteenth Centuries Jun 13 2022 This volume examines in detail the numerous violin treatises of the late- 18th and early-19th centuries. It provides an historical and technical guide to violin pedagogical method, technique and performance practice during this period.

A Performer's Guide to Seventeenth-Century Music Aug 03 2021 Revised and expanded, A Performer's Guide to Seventeenth Century Music is a comprehensive reference guide for students and professional musicians. The book contains useful material on vocal and choral music and style; instrumentation; performance practice; ornamentation, tuning, temperament; meter and tempo; basso continuo; dance; theatrical production; and much more. The volume includes new chapters on the violin, the violoncello and violone, and the trombone—as well as updated and expanded reference materials, internet resources, and other newly available material. This highly accessible handbook will prove a welcome reference for any musician or singer interested in historically informed performance.
