Per Mac, detective della Omicidi, è stato un buon anno. Trovare Tony quando tornava a casa lo ha reso un poliziotto e una persona migliore. Per Tony, invece, è dura essere innamorato di un uomo che non può nemmeno sfiorare in pubblico. Nascondersi e dover mentire agli amici e alla famiglia rovina in parte la sua relazione con Mac, ma Tony è determinato a farla funzionare. Ma quando il Dipartimento di polizia di Minneapolis è chiamato ad affrontare un'estate umida e bollente, Mac deve sostenere una sfida diversa. Un serial killer ha ucciso due donne bionde e la polizia brancola nel buio. Mac odia l'idea che solo un altro omicidio possa risolvere il caso. E quando l'assassino colpisce ancora, lo fa molto vicino a Tony. D'improvviso, Mac si trova davanti a un ultimatum: uscire allo scoperto e vivere accanto a Tony come l'uomo che ama o andarsene e vivere senza la metà del suo cuore. This book is about your heart (the little bit inside of you that makes you, you!) The words we listen to can affect how we feel. Some words can do amazing things and make us happy. And some words can really hurt us (we all know what sort of words those are). Our words have power, and we can choose to use them to make the world a better place. Simple, direct, and emotive, Words and Your Heart's message is that words have extraordinary power—to harm and to heal, to create and to destroy, and to spread love. From the bestselling author of Dragons Love Tacos comes a whimsical re-telling of the chupacabra folktale, written in a blend of English and Spanish A long time ago, a girl named Carla lived on a goat farm with her father, Hector. One night, a goat disappeared from the farm and turned up flat as a pancake. Only one creature could do that--El Chupacabras, the goatsucker! Legend has it that El Chupacabras is a fearsome beast, but you can't believe everything you hear...and sometimes the truth is even more interesting. Told in equal parts English and Spanish by bestselling author Adam Rubin, and cinematically illustrated by acclaimed Hollywood creature creator Crash McCreery, this lighthearted take on a modern legend is not told in the traditional bilingual style. Each sentence is half-Spanish/half-English followed by a repetition of the same line translated the other way around. This mirroring technique allows the languages to intermingle equally. A fun and unique way to introduce either Spanish or English to new readers. A note from author Adam Rubin: "I decided to tell this story in an unusual way to explore the beauty of harmony. It's easy to dismiss the unfamiliar, but compassion takes a little more effort. With so many people trumpeting divisiveness right now, it's more important than ever to teach kids that there is more than one way to understand the world." "Qui si intrecciano tradizione e innovazione: capolavori artistici, mulini a vento, campi di tulipani e caffè illuminati da candele convivono con opere architettoniche visionarie, design all'avanguardia e una vita notturna fenomenale". In questa guida: l'arte olandese, l'Olanda in bicicletta, viaggiare in famiglia, la cultura del bruin café. A beautiful new edition of "the greatest dessert book in the history of the world" (Bon Appétit), featuring 175 timeless recipes from Gramercy Tavern's James Beard Award-winning pastry chef. NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY The New York Times Book Review • The Atlantic • Food Network Claudia Fleming is a renowned name in the pastry world, acclaimed for having set an industrywide standard at New York City's Gramercy Tavern with her James Beard Award-winning desserts. With The Last Course, dessert lovers everywhere will be able to re-create and savor her impressive repertoire at home. Fleming's desserts have won a range of awards because they embody her philosophy of highly satisfying food without pretension, a perfect balance for home cooks. Using fresh, seasonal ingredients at the peak of their flavor, Fleming creates straightforward yet enchanting desserts that are somehow equal to much more than the sum of their parts. She has an uncanny ability to match contrasting textures, flavors, and temperatures to achieve a perfect result—placing something brittle and crunchy next to something satiny and smooth, and stretching the definition of sweet and savory while retaining an elemental simplicity. The Last Course contains 175 mouthwatering recipes that are organized seasonally by fruits, vegetables, nuts, herbs and flowers, spices, sweet essences, dairy, and chocolate. In the final chapter, Fleming suggests how to combine and assemble desserts from the previous chapters to create the ultimate composed desserts. And each chapter and each composed dessert is paired with a selection of wines. Recipes include Raspberry-Lemon Verbena Meringue Cake, Blueberry-Cream Cheese Tarts with Graham Cracker Crust, Cherry Cheesecake Tart with a Red Wine Glaze, Concord Grape Sorbet, Apple Tarte Tatin, Chestnut Soufflés with Armagnac-Nutmeg Custard Sauce, Buttermilk Panna Cotta with Sauternes Gelée, Warm Chocolate Ganache Cakes, and more. Beautifully illustrated with more than eighty color photographs throughout, The Last Course is a timeless, one-of-a-kind collection filled with original recipes that will inspire dessert enthusiasts for years to come. Praise for The Last Course "While I must admit to being particularly partial to Claudia's Buttermilk Panna Cotta, every dessert in The Last Course made me salivate. Claudia's inspired recipes are so beautifully transcribed that even the most nervous of home cooks will feel comfortable trying them and will be a four-star chef for the day."—Daniel Boulud "The Goddess of New American Pastry."—Elle Un libro da scuotere, soffiare, schiacciare... Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War. 27000 Italian Words Dictionary With Definition s è un'ottima risorsa ovunque tu vada; è uno strumento facile che ha solo le parole completate nella descrizione che desideri e di cui hai bisogno! THE LOST MASTERPIECE FROM ASTRID LINDGREN'S CHILDREN'S CLASSIC Pippi Moves In marks the first time that the legendary Pippi Longstocking comics by the famed children's author and creator Astrid Lindgren and Danish illustrator Ingrid Vang Nyman will be published outside of Scandinavia in thirty years, as well as their first ever publication in English. The outspoken strong-girl with the carrot-colored pigtails and the mismatched socks has enthralled generations of children the world over with her fabulous exploits at Villa Villekulla, where she lives with her horse and monkey. Countless translations of the chapter books are available in more than sixty languages. Pippi is Sweden's best-known children's export, making it all the more remarkable that D+Q has discovered what will be a three-volume series. The comics are re-imaginings of the classic chapter book stories and were originally published in the Swedish magazine Humpty Dumpty in 1957-1959, a decade after the original books. The comics spotlight both Lindgren's brilliant writing and Vang Nyman's bold bright colors that seem presciently and eerily modern. The original illustrator for the chapter books, Vang Nyman was an avant-garde champion of the importance of children's literature who insisted that art in children's books needed to meet the same esthetic standards as art in any other medium. Sadly Vang Nyman never achieved international success, and tragically committed suicide in 1959 due to mental health issues, while Lindgren went on to become one of the world's best-loved writers with more than 145 million books sold worldwide. Similar to D+Q's 2005 unearthing of the Tove Jansson's Moomin comic strip, which has more than 100,000 units in print, these mid-century classics are waiting to be discovered and enjoyed by the world's legions of Pippi fans, both young and old. The inspiration behind the major motion picture After We Collided! From New York Times bestselling author and Wattpad sensation Anna Todd, "the biggest literary phenom of her generation" (Cosmopolitan), comes the sequel to the internet's most talked-about book—now with new exclusive material! Tessa has everything to lose. Hardin has nothing to lose...except her. AFTER WE COLLIDED...Life will never be the same. After a tumultuous beginning to their relationship, Tessa and Hardin were on the path to making things work. She knew he could be cruel, but when a bombshell revelation is dropped about the origins of their relationship—and Hardin's mysterious past—Tessa is beside herself. Hardin will always be...Hardin. But is he really the deep, thoughtful guy Tessa fell madly in love with despite his angry exterior, or has he been a stranger all along? She wishes she could walk away. It's just not that easy. Not with the memory of passionate nights spent in his arms. His electric touch. His hungry kisses. Still, Tessa's not sure she can endure one more broken promise. She put so much on hold for Hardin—school, friends, her mom, a relationship with a guy who really loved her, and now possibly even a promising new career. She needs to move forward with her life. Hardin knows he made a mistake, possibly the biggest one of his life. He's not going down without a fight. But can he change? Will he change...for love? Ash says goodbye to Kalos and embarks on a new quest in an unfamiliar region. Bianco e Nero. Questo libro ci spiega come possiamo creare, divertendoci, fantastici ricordi del nostro futuro, migliorando così la nostra vita attuale e rendendo felici le persone che amiamo. A prescindere da quali siano le tue intenzioni o il tuo prossimo obiettivo, immagina che essi siano già stati realizzati nella realtà e che ormai siano superati da tempo. Quello che devi fare dopo è ricordare la gioia che hai provato nel realizzarli, e a quel punto puoi giocare a ricordare esattamente come li hai fatti diventare realtà This book on the use of Arduino and Smartphones in physics experiments, with a focus on mechanics, introduces various techniques by way of examples. The main aim is to teach students how to take meaningful measurements and how to interpret them. Each topic is introduced by an experiment. Those at the beginning of the book are rather simple to build and analyze. As the lessons proceed, the experiments become more refined and new techniques are introduced. Rather than providing recipes to be adopted while taking measurements, the need for new concepts is raised by observing the results of an experiment. A formal justification is given only after a concept has been introduced experimentally. The discussion extends beyond the taking of measurements to their meaning in terms of physics, the importance of what is learned from the laws that are derived, and their limits. Stress is placed on the importance of careful design of experiments as to reduce systematic errors and on good practices to avoid common mistakes. Data are always analyzed using computer software. C-like structures are introduced in teaching how to program Arduino, while data collection and analysis is done using Python. Several methods of graphical representation of data are used. Raymond Briggs's funniest creation—the Boy Wonder of the Stone Age. This funny, sad, yet wonderfully life-affirming story is about a misunderstood boy genius who refuses to accept the limitations of the world in which he lives. Young Ug is upwardly mobile, always on the brink of finding a better way, a nicer way of getting through life. He discovers that the fire that comes out of the sky can make dead animal bits taste terrific, but his mother thinks this is a disgusting idea and, she adds, "Terrific? What sort of word is that? Don't you bring language like that into this cave!" He invents the wheel but doesn't know quite what to do with it. What he really wants is a pair of soft, warm trousers. But how many millions of years must he wait for them? Ug's story is told in more than 100 colorful frames with speech balloons much like a graphic novel but for a younger audience. Witty footnotes explain some of the many hilarious anachronisms. A groundbreaking collection of essays examining the effects of mobility and displacement on queer sexual identities and practices. This volume collects recent articles by Richard Kayne which illustrate the power of the comparative approach & state his argument that syntax is generally more complex than it first appears. Ho sempre pensato che fosse mio. Ora è l'uomo che non posso avere... Ci sono decine di foto di me e Ezra Stern. Siamo felici, sorridenti... persino in vasca da bagno. Niente di cui pensare male: avevamo sei mesi. Anni dopo, il nostro primo bacio è stato il più goffo, umidiccio e impacciato di sempre: i trenta secondi più spettacolari di tutta la mia adolescenza. Ma poi tutto è cambiato. Le nostre famiglie, molto unite fino a quel momento, hanno preso strade diverse. Ed è così che, vent'anni dopo, il ragazzo timido che ricordavo, il mio migliore amico d'infanzia, si è trasformato in un uomo molto diverso, dal pericoloso fascino magnetico. Elegante, feroce, intelligente... e sbagliato. L'Ezra che ho sempre considerato mio evidentemente non c'è più. Perché tra noi si sono fraposte decine di segreti, bugie, promesse infrante. Prima di arrendermi e dimenticarlo, però, ho un piano per scoprire se, nascosto dietro l'uomo tutto di un pezzo che finge di essere, c'è ancora il mio primo amore. From the critically acclaimed author of the novel The Good Brother and memoir My Father the Pornographer, Out of the Woods is Chris Offutt's fiercely original short story collection the New York Times calls "a magical book". Arriving seven years after Offutt's debut collection Kentucky Straight, Out of the Woods returns a masterly writer to the form which garnered him not only critical praise but many prestigious awards. Offutt, who "draws landscape and constructs dialogue with the eyes and ears of a native son" (The Miami Herald), is on strong home turf here, capturing those who have left the Kentucky hills and long to return. These nine stories of gravediggers and drifters, gamblers and truck drivers a long way from home, are tales so full of hard edges they can't help but tell some hard truths. In a small Pacific Northwest town we meet a young man who has shot dead his best friend with a gun. The novel deals with the repercussions of this tragedy: the anguish, regret, despair and bittersweet romance. Typical of Brautigan's singular style, So the Wind Won't Blow it all Away is a beautifully written, brooding novel. Its autobiographical prose is a fitting epitaph to this complex, contradictory and often misunderstood writer. An adventure of epic proportions! I, Geronimo Stilton, had returned to the Kingdom of Fantasy on the wings of the Phoenix of Destiny! Blossom, Queen of the Fairies, needed my help once again. But Blossom was behaving strangely. She sent me off on quest after magical quest, each one more bizarre and dangerous than the last. It felt like my missions were building up to something truly terrible right under my snout. Could my friends and I put things right again? It's a story full of twists and turns, mazes and puzzles, and tons of fantastical creatures! Per Michael e i suoi amici è il momento della resa dei conti all'interno del VirtNet. Il gioco a cui stava giocando è oramai diventato più reale di qualsiasi realtà. Solo poche settimane prima, percorrere il Sentiero ha significato per loro vivere un'esperienza virtuale, indotta, per alcuni aspetti addirittura divertente. Il VirtNet, con la sua combinazione di tecnologia avveniristica e sofisticati programmi di gaming, li ha però avviluppati in un'oppressiva e ineludibile riproduzione del reale, e ora Michael sa che è la sua stessa vita a essere a rischio: il VirtNet si è manifestato come il mondo delle estreme conseguenze, e il gioco sta per finire. Kaine e i Tangenti, i programmi di intelligenza artificiale che professano la Dottrina della Mortalità, il piano visionario che ne guida le azioni, stanno per realizzare il loro disegno. Se ciò dovesse succedere, il mondo cadrebbe sotto una spietata ciberdominazione. Solo Michael è in grado di scongiurare questo pericolo, ma a patto di conoscere veramente gli scopi di chi gli sta attorno. Il terzo e ultimo capitolo di una trilogia indimenticabile, che getta una luce torva e allo stesso tempo rivelatrice sull'ingerenza del digitale nelle nostre esistenze. Following the success of the international best-seller, The Silver Spoon, this is the ultimate book on pasta, featuring 350 classic and modern recipes from the same team behind the Italian classic. The recipes in The Silver Spoon: Pasta are easy to follow and fully explained for American home cooks, and include some of the most popular pasta dishes from The Silver Spoon, along with hundreds of brand new recipes collected by the same team and published in English here for the first time. The Silver Spoon: Pasta offers detailed descriptions and cooking tips for both dried and fresh pasta and instruction on the traditional art of combining various pasta shapes with the right sauces. Featuring specially commissioned photographs and illustrations, its simple format makes it both accessible and a pleasure to read and use. Recipes include favorites such as Spaghetti Carbonara, Bucatini with Fried Bread Crumbs, Three-Color Ricotta Lasagna, Bow Ties with Smoked Pancetta, Tagliatelle with Sage and Tarragon Chicken Sauce, Shells with Gorgonzola and Pistachios and Chanterelle and Thyme Ravioli. Whether you are feeding the family, cooking for one, or preparing an elaborate dinner party, The Silver Spoon: Pasta has the perfect dish for every day of the year. By now most of us are aware of the threats looming in the food world. The best-selling Fast Food Nation and other recent books have alerted us to such dangers as genetically modified organisms, food-borne diseases, and industrial farming. Now it is time for answers, and Slow Food Nation steps up to the challenge. Here the charismatic leader of the Slow Food movement, Carlo Petrini, outlines many different routes by which we may take back control of our food. The three central principles of the Slow Food plan are these: food must be sustainably produced in ways that are sensitive to

the environment, those who produce the food must be fairly treated, and the food must be healthful and delicious. In his travels around the world as ambassador for Slow Food, Petrini has witnessed firsthand the many ways that native peoples are feeding themselves without making use of the harmful methods of the industrial complex. He relates the wisdom to be gleaned from local cultures in such varied places as Mongolia, Chiapas, Sri Lanka, and Puglia. Amidst our crisis, it is critical that Americans look for insight from other cultures around the world and begin to build a new and better way of eating in our communities here.
