Extraordinary Tale  
A Dog's Tale  
Thoughts

Last spring, Pansy chickened out on going to spring break camp, even though she'd promised her best friend, Anna, she'd go. It was just like when they went to get their hair cut for Locks of Love; only one of them walked out with a new hairstyle, and it wasn't Pansy. But Pansy never got the chance to make it up to Anna. While at camp, Anna contracted meningitis and a dangerously high fever, and she hasn't been the same since. Now all Pansy wants is her best friend back—not the silent girl in the wheelchair who has

to go to a special school and who can't do all the things Pansy used to chicken out of doing. So when Pansy discovers that Anna is getting a surgery that might cure her, Pansy realizes this is her chance—she'll become the friend she always should have been. She'll become the best friend Anna's ever had—even if it means taking risks, trying new things (like those scary roller skates), and running herself ragged in the process. Pansy's chasing extraordinary, hoping she reaches it in time for her friend's triumphant return. But what lies at the end of Pansy's journey

might not be exactly what she had expected—or wanted. Extraordinary is a heartfelt, occasionally funny, coming-of-age middle grade novel by debut author Miriam Spitzer Franklin. It's sure to appeal to fans of Cynthia Lord's Rules and will inspire young friends to cherish the times they spend together. Every day should be lived like it's extraordinary. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade

readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. Wesley Scott is a teenage boy with autism. He lives within his own intimate realm of sensory overload, dysfunction, sometimes violence, and fear of the

outside world. He describes himself as the only actor on a stage without a script. We learn through Wes' own words that he is a deep, thoughtful young man...but no one knows it. Wes is unable to connect with anyone other than his father, a captain in the Marine Corps. He in turn adores his extraordinary son, his "Ex-man," as he fondly calls him. When Captain Scott ships off to fight in the Middle East, Wes is confused and senses foreboding in what it all means, although he cannot express it to his family, friends, or teachers. With his father overseas, Wes finds himself further isolated in a world of "Ords" (his

dad's term for the ordinaries, unlike his "Ex" son) and a stranger in his own family. His mother is distant and cold, his high school brother resents the inordinate attention his autistic brother constantly steals from him, and his twenty-something sister has chosen to move away from it all to Manhattan. The burden on the family gets exponentially worse when Captain Scott returns home wounded. The family tries to cope as best they can, but when his father succumbs to PTSD, Wes must somehow make sense of all that has happened—which is difficult for a teenager under normal conditions, let alone one on the

autism spectrum who's suddenly lost the only family member who ever really bothered to know him. The Scotts seem on the verge of unraveling and Wes finds himself in a bewildering land of family turmoil. How will Wes come to understand this tragedy? And how will the family ever come to fill the void left by a father who understood what the rest have yet to discover...that Wes is an extraordinary young man indeed. And that all of us, no matter how much the world seems to scorn our existence—or has simply forgotten our pain—have something extraordinary to offer and make that world a better

place. Extraordinary is not just the title of this book—it's a description of the beauty within the pages. Meet eleven-year-old Joey Flynn. He's a regular kid who likes baseball, video games, and hanging out with friends. His ordinary life changes the summer his family moves from California to Oregon, where he meets an extraordinary individual. Come along with Joey on his adventures as he learns to trust God. Presents the story of four progressive maharanis, wives of maharajas, who, during the early years of India's independence, acquired

educations, became ruling regents, advocated for women's rights, and ran for parliament. It is considered by many to be the biggest upset in the history of boxing: James "Buster" Douglas knocked out then-undefeated and seemingly invincible Heavyweight Champion Mike Tyson in the tenth round in 1990. The Last Great Fight takes readers not only behind the scenes of this epic battle, but inside the lives of two men, their ambitions, their dreams, the downfall of one and the rise of another. Using his exclusive interviews with both Tyson and Douglas, family members, the

referee, the cutmen, trainers and managers, commentators and HBO staff covering the fight in Tokyo, Layden has crafted a human drama played out on a large stage. This is a compelling tale of shattered dreams and, ultimately, redemption. Freddy Bloomenberg is a very ordinary boy but when he discovers a hidden entrance to a mysterious land at the bottom of his own garden then the most extraordinary tale begins. Follow Freddy as he meets new friends, fights new enemies and most importantly as he discovers a land more extraordinary than his wildest dreams. With one hundred dollars in

his pocket, his thumb out, and a backpack on his back, the author embarks upon a hitchhiking journey across America, taking him deep within the distinctive American landscape of the early 1970s and an aimless adventure unfolds into an unforeseen spiritual awakening. Returning home, but now driven by the fiery blaze of an unquenchable wanderlust, the author begins a tireless journey across the planet, on a bare bones budget, backpacking throughout Europe, Latin America, the Middle East, Southeast Asia, Nepal, India, Sri Lanka, and deep

into the heart of the Islamic world, following the legendary overland trail to India. An extraordinary tale of travel is a multi-layered, raw and detailed account of one solitary traveler and a six year odyssey taking him to the outermost edges of the road, written from a perspective seldom found in traveler's tales. A thrilling piece of undiscovered history, this is the true account of a young Jewish woman who survived World War II in Berlin. In 1942, Marie Jalowicz, a twenty-year-old Jewish Berliner, made the extraordinary decision to do everything in her power to avoid the

concentration camps. She removed her yellow star, took on an assumed identity, and disappeared into the city. In the years that followed, Marie took shelter wherever it was offered, living with the strangest of bedfellows, from circus performers and committed communists to convinced Nazis. As Marie quickly learned, however, compassion and cruelty are very often two sides of the same coin. Fifty years later, Marie agreed to tell her story for the first time. Told in her own voice with unflinching honesty, *Underground in Berlin* is a book like no other, of the surreal, sometimes

absurd day-to-day life in wartime Berlin. This might be just one woman's story, but it gives an unparalleled glimpse into what it truly means to be human. International human rights activist Lisa Shannon spent many afternoons at the kitchen table having tea with her friend Francisca Thelin, who often spoke of her childhood in Congo. Thelin would conjure vivid images of lush flower gardens, fish the size of small children, and of children running barefoot through her family's coffee plantation, gorging on fruit from the robust and plentiful mango trees. She

urged Shannon to visit her family in Dungu, to get a taste of real Congo, peaceful Congo; a place so different than the conflict-ravaged places Shannon knew from her activism work. But then the nightly phone calls from Congo began: static-filled, hasty reports from Francisca's mother, "Mama Koko," of gunmen—Joseph Kony's Lord's Resistance Army—who had infested Dungu and began launching attacks. Night after night for a year, Mama Koko delivered the devastating news of Francisca's cousins, nieces, nephews, friends, and neighbors, who had been killed, abducted, burned alive on Christmas

Day. In an unlikely journey, Shannon and Thelin decided to travel from Portland, Oregon to Dungu, to witness first-hand the devastation unfolding at Joseph Kony's hands. Masquerading as Francisca's American sister-in-law, Shannon tucked herself into Mama Koko's raw cement living room and listened to the stories of Mama Koko and her husband, Papa Alexander—as well as those from dozens of other friends and neighbors (“Mama Koko's War Tribunal”)—who lined up outside the house and waited for hours, eager to offer their testimony. In Mama Koko and the

Hundred Gunmen, Shannon weaves together the family's tragic stories of LRA encounters with tales from the family's history: we hear of Mama Koko's early life as a gap-toothed beauty plotting to escape her inevitable fate of wife and motherhood; Papa Alexander's empire of wives he married because they cooked and cleaned and made good coffee; and Francisca's childhood at the family “castle” and coffee plantation. These lively stories transport Shannon from the chaos of the violence around her and bring to life Francisca's kitchen-table stories of the peaceful Congo.

Yet, as the LRA camp out on the edge of town grew, tensions inside the house reach a fever pitch and Shannon and Thelin's friendship was fiercely tested. Shannon was forced to confront her limitations as an activist and reconcile her vision of what it means to affect meaningful change in the lives of others. Mama Koko and the Hundred Gunmen is at once an illuminating piece of storytelling and an exploration of what it means to truly make a difference. It is an exquisite testimony to the beauty of human connection and the strength of the human spirit in times of unimaginable

tragedy. A 15-year old boy from a small Ohio farm town, drowns in the family's pond. His miraculous return to life comes with a mystical, cosmic experience that draws worldwide attention. The attention turns sinister and unfolds in an extraordinary narrative encompassing the persistence of youth, the cosmos, local police, U.S. intelligence agencies, Russia, the Amish community and, The Creator. While her sisters were blessed at birth with exceptional skills, Princess Basil's "gift" is to be ordinary. But can a princess be ordinary? After escaping an unconventional

kidnapping, Princess Basil finds herself far from her castle and must take fate into her own hands. She tracks down the fairy godmother who "blessed" her, and learns the solution to her ordinariness might be as simple as finding a magic ring. With an unlikely ally in tow, she takes on gnomes, a badger, and a couple of snarky foxes in her quest for a less ordinary life. Portland comics artist Cassie Anderson (Lifeformed) takes her webcomic to print in this tale of magical adventure, full of soul and humor for readers of all ages. An entertaining account of the

ghosts of Europe's haunted castles and palaces presents eleven stories of the spectral inhabitants of England, Provence, Westphalia, and many other celebrated locales throughout the continent. Tour. Hua grew up in a small town by the Yangtze River in Central China as the only child of an intellectual father and a feisty mother. As China opened itself up to the rest of the world in the 1990's, Hua at the age of nineteen left China to embark on an extraordinary journey that took her to four countries in two decades. This book tells a fascinating story about Hua who studied in Switzerland; fell in

love with an abusive man ten years her senior; rescued by an English gentleman who later became Hua's husband; moved to England alone and re-discovered her identity in this foreign country; established a successful career by working for some of the biggest multinational companies in the world; and moved back to Asia with her family and weathered unprecedented change. Hua candidly recounts some of her most personal moments of struggling with cultural conflicts, losing self-identity, dealing with failures and rebuilding resilience. This is a

book of self-discovery, self-reflection and self-improvement. It will resonate with people who are pursuing their dreams and inspire them to unleash their full potential. A true story about trust, love and family. Jane Cornelius lived and worked in Bali - until she met and fell in love with the wrong man. When she was five months pregnant, he abandoned her, leaving her with nothing. Desperate, she turned to her father, but he couldn't help. Jane drove into the British countryside looking for a safe haven. She had to ask the Social Services to help her. In a tiny cottage in

Glastonbury, her daughter Poppy was born. Now a single parent in the countryside, haunting memories of her family returned. A famous British wrestler, an insane gypsy cook and the Bunny Mother of the Playboy Club motivated her to dream of a different future. She sold everything and bought an around-the-world ticket. Jane travelled through Bali, across Australia, Hawaii and America and didn't give up until she found what she was looking for. Unlikely Friendships meets Marley and Me. This heartwarming gift book from National Geographic presents a

collection of inspiring dog stories and touching photos—dogs who comfort veterans, dogs who learn to surf, dogs who detect cancer, and dogs who save the day: Each one is devoted. These 38 uplifting dog stories showcase the most amazing dog rescues, accomplishments, and abilities that fascinate us and touch our hearts. Fourteen-year-old Jennifer sets the record straight after a best-selling book, ostensibly written about her, declares that her life was improved by her fairy godparent, who is actually a creepy, unkempt drunk with greasy hair. In this heartwarming

book, author Rebecca Ascher-Walsh presents a collection of inspiring dog stories -- dogs who comfort veterans, dogs who learn to surf, dogs who detect cancer, and dogs who save the day: each one is devoted. These thirty-eight uplifting dog stories showcase the most amazing dog rescues, accomplishments, and abilities that fascinate us and touch our hearts. Roping a buffalo, running off cattle rustlers, sitting out a winter storm in a cave-adventures like these were all part of everyday life for the cowboy. They're depicted here in stories that have stood the test of time, by writers

whose words are just as funny and wise today as they were one hundred years ago. Covering all corners of the great Western expanse—from Montana to Mexico, California to the Mississippi—the stories in this collection represent not just the Anglo male perspective but also that of the blacks, Mexicans, and women who made their lives on the range. It features works by Owen Wister, Theodore Roosevelt, Frederic Remington, Isabella L. Bird, Nat Love, Bill Nye, Charlie Siringo, Zane Grey, Andy Adams, Mark Twain, E. Mulford, O. Henry (creator of the Cisco Kid), and many others, including some

surprises by little-known authors. When the pot of chaos is stirred, who can say what will be served for dinner? As a dog, Jake is well-acquainted with dinner...and breakfast...and snacks. And he knows about pots. But the ephemeral concept of chaos? Well, that's a different matter altogether. After a typical day in the park becomes a little more untypical, Jake sets out of a wild adventure through a strange world. With the help of his mysterious friend, Sandy, and even a cat or two, Jake's adventures may just reveal the truth of an extraordinary dog hidden beneath the veneer of an

ordinary life. National Bestseller The true story that inspired the movie *Woman in Gold* starring Helen Mirren and Ryan Reynolds. Contributor to the *Washington Post* Anne-Marie O'Connor brilliantly regales us with the galvanizing story of Gustav Klimt's 1907 masterpiece—the breathtaking portrait of a Viennese Jewish socialite, Adele Bloch-Bauer. The celebrated painting, stolen by Nazis during World War II, subsequently became the subject of a decade-long dispute between her heirs and the Austrian government. When the U.S. Supreme Court became involved in the

case, its decision had profound ramifications in the art world. Expertly researched, masterfully told, *The Lady in Gold* is at once a stunning depiction of fin-de siècle Vienna, a riveting tale of Nazi war crimes, and a fascinating glimpse into the high-stakes workings of the contemporary art world. One of the Best Books of the Year: The Huffington Post, The Christian Science Monitor. Winner of the Marfield National Award for Arts Writing. Winner of a California Book Award. An extraordinary life in the shadows of war and a Century in the making. Diana Mackintosh came of age to the drone of

sirens alerting the people of Malta to the arrival of relentless flights of belligerent German and Italian menace – the bombers she first imagined as a swarm of black flies, pests that stung and cursed her Mediterranean homeland. The three-year onslaught never took a day off; it was endless, but supplies were not. The hope of a shipment of high protein became an ongoing dream. The only time Diana wasn't hungry was when she slept. Her story of that time, and in 2020 she is one of the very few remaining who experienced it first-hand, makes it clear why Malta was collectively awarded the

George Cross, the highest British civilian honour for heroism. Of course, as she argues, no one was trying to be heroic, but somehow they helped reverse the fortunes of the Second World War in the Mediterranean and North Africa. Now at the age of 101, Diana is also celebrated for her children's achievements — she helped her eldest son, Sir Cameron Mackintosh, and worked as his unpaid secretary — and for a life in the wings of British cinema, Hollywood and theatreland. Spitfire Girl recounts Diana's extraordinary life, more than a century in the

making. War hero, resistance fighter, spy. Nancy is no ordinary mouse. In fact, she is extraordinarily brave and more than a little determined. This children's picture book is based on the true story of World War II hero, Nancy Wake. Pfft! I got fur in my mouth just reading this book! This is an extraordinary TRUE tale of a silly orange cat who appears when she is needed most. Along the way, her shenanigans help prepare everyone for a new baby! Her antics prove that life is meant to be a bit out of the ordinary. Wealthy orphans Adam and Cressida Bloom couldn't be less alike. Adam can't

seem to help being exceedingly ordinary whereas Cressida, his glamorous sister, has a magnificent talent - when she sings, even the birds stop to listen. Then Cressida is invited to perform at Fortescue's festival of young talents and Adam tags along. But once the children arrive at the festival, in a mountain-top hotel, their terrific talents begin to mysteriously disappear. A piano virtuoso suddenly forgets how to play, a maths genius finds she can no longer multiply. There's a sinister shadow that only Adam ever sees, a strange glow emanating from behind closed doors

. . . With the help of an erratic ex-racing driver, dashing Amy Swift, Adam and Cressida rip-roar off through the mountains in Amy's shiny racing car, the Silver Swift. They are in perilous pursuit of the dastardly talent thief! But from a hair-raisingly close shave with an avalanche to crash landing a plane on a runway the size of a table, Adam never gives up. Perhaps he isn't as ordinary as he first thought! With one hundred dollars in his pocket, his thumb out, and a backpack on his back, the author embarks upon a hitchhiking journey across America, taking him deep within the distinctive American landscape

of the early 1970s and an aimless adventure unfolds into an unforeseen spiritual awakening. Returning home, but now driven by the fiery blaze of an unquenchable wanderlust, the author begins a tireless journey across the planet, on a bare bones budget, backpacking throughout Europe, Latin America, the Middle East, Southeast Asia, Nepal, India, Sri Lanka, and deep into the heart of the Islamic world, following the legendary overland trail to India. An extraordinary tale of travel is a multi-layered, raw and detailed account of one solitary traveler and a six year

odyssey taking him to the outermost edges of the road, written from a perspective seldom found in traveler's tales. 1888. A little girl called Mirror and her shape-shifting guardian Goliath Honeyflower are washed up on the shores of Victorian England. Something has been wrong with Mirror since the day her grandfather locked her inside a mysterious clock that was painted all over with ladybirds. Mirror does not know what she is, but she knows she is no longer human. John Loveheart, meanwhile, was not born wicked. But after the sinister death of his parents, he was taken by Mr.

Fingers, the demon lord of the underworld. Some say he is mad. John would be inclined to agree. Now Mr Fingers is determined to find the little girl called Mirror, whose flesh he intends to eat, and whose soul is the key to his eternal reign. And John Loveheart has been called by his otherworldly father to help him track Mirror down... File Under: Fantasy [ Shapes Shifting / Inside the Clock / A Tasty Little Girl / 12 Dancing Princesses ] Fancy is a very talented and spunky bunny! But can Fancy's awe-inspiring talents help her conquer all the obstacles put before her? Not if her jealous siblings have their way! And

even though Fancy lives in a ran-down one-bedroom log-shack, she still has big dreams and believes in herself. Driven to achieve her goals, Fancy keeps believing that anything is possible as she goes above and beyond to succeed in this adorable "funny bunny" tale of courage... & forgiveness! An "Ordinary Guy" spirits us along his journey from the post World War Two neighborhoods of the Bronx through his days as a cadet at the New York State University Maritime College to his thirty years at sea sailing as mate on oil tankers and captain of harbor and sea-going towing vessels. He allows

us a peek into the the world of boats and the crews that worked them. Along the way we are skillfully transported through the rich tapestry of history that saw the Vietnam Era, the struggle for civil rights, a resignation of a president, the horror of 9/11 and the response to international terrorism. The "Ordinary Guy" shares with us his interpretation of these events, all the while entertaining us with tales that range from the informative to the outrageous. We are his passengers as he takes us along on his joyous and sometimes angry romp through seventy years of the extraordinary life

and times of this ordinary guy. My father loved to tell funny stories, though he only told them to my sister and me and later, his grandchildren, but never to grownups. Nor did he write them down, except for Joe Cat. That story came in a letter to his grandchildren after we moved to BC, and which I still have, a precious reminder of his kooky sense of humour. Other than Joe Cat, I have tried to re-create the stories as I remember them and his way of telling them, the utter wonderful silliness of them. I hope you enjoy them as much as we did. They say everyone has one. But could it be real?

Maybe instead I was like the psychic girl who was connected to the killer in the movies or like Sybil, the girl in the movie that had multiple personalities? Those were the questions I was asking myself when Michael Jackson was being accused of child molestation in 1993. It had been happening all my life. Thoughts and undercurrents of conversations. Meetings and knowings about a famous popstar that I had never met. It sounded crazy. Who would have believed it? But when the Michael Jackson I knew asked me to meet him and the local television station reported it, I could no longer ignore

the truth. Little did I realize then that I was not just picking up on a pop star, he was a part of me. Twin Souls have been in existence from the beginning of time. Literally being part of the same soul, they carry with them the same vibrational frequency. Like the yin/yang symbol, each also carries with them the essence of the other, allowing emotions, thoughts, and spiritual energies to blend together, slowly coming back into the state of union that they were from the beginning of their creation. Another Part of Me - An Extraordinary Tale of Twin Souls is a personal account of two people, two souls,

who have crossed over countless planes of existence throughout time and join together in the present day to serve humanity together. Everyone has heard of their "other half" their soul mate, but few truly understand the spiritual significance of this other half of ourselves. Here in this memoir the journey is recounted, inviting the reader to look up public information, dates and news clippings allowing them to validate the findings for themselves and follow the path and discovery of this unique, but magical part of us all. Whilst lost between the perceived reality of the world and the

dark void left in his life by the disappearance of his mother, Sergio is forced to swim in the tide waters of the past which he knows he must not. On an isolated route to seek the truth behind his reality, Sergio is confronted by horrors, mysteries, romances and thrilling events. Phoebe finds herself drawn to Mallory, the strange new girl in school, and the two soon become as close as sisters. Then Mallory's magnetic older brother, Ryland, shows up during their junior year. Ryland has an immediate hold on Phoebe - but a dangerous hold, for she begins to question her

feelings about her best friend and, worse, about herself. Soon Phoebe discovers the shocking truth about Ryland and Mallory: that they are from the faerie realm, here to collect on an age-old debt. And the price of that debt could cost Phoebe everything. But with the help of her friend Ben, Phoebe ultimately learns her own worth and breaks the generations-old curse. "Werlin crafts her characters so deftly and unrolls the story so cleverly . . . readers will be under the spell to the end." - Booklist "A compelling tale of friendship and a refreshing antidote to faerie stories about that one

special girl deserving of supernatural love." - Kirkus Reviews In *Playing With Fire*, Theo Fleury takes us behind the bench during his glorious days as an NHL player, and talks about growing up devastatingly poor and in chaos at home. Dark personal issues began to surface, and drinking, drugs, gambling, and girls ultimately derailed a career that had him destined for the Hall of Fame. Fleury shares all in this raw, captivating, and honest look at the previously untold story of one the game's greatest heroes. This is the real tale of Rodney the Rabbit who fell to Earth and found

a new home and made new friends!
