Christianity

2000 Years and Beyond brings together some of the most eminent thinkers of our time - specialists in philosophy, theology, anthropology and cultural theory. In a horizon-scanning work, they look backwards and forwards to explore what links us to the matrix of the Judaeo-Christian tradition from which Western cultural identity has evolved. Their plural reflections raise searching questions about how we move from past to future - and about who 'we' are. What do the catastrophes of the twentieth century signify for hopes of progress? Can post - Enlightenment humanism and its notion of human nature survive without faith? If the 'numinous magic global capitalism' is our own giant shadow cast abroad, does that shadow offer hope enough of a communal future? Has the modern, secularized West now outgrown its originating faith matrix? Often controversial and sometimes visionary, these seven new essays ask: how do we tell - and rewrite - the story of the Common Era? Introduced by Paul Gifford, and discussed in a lively dialogic conclusion, they add their distinctive voices to a debate of profound and urgent topicality. This book was born out of the author's deep conviction that today's Christians can benefit enormously from learning what God has done in the past. The mighty acts of Christ did not come to a halt soon after the events recorded in the book of Acts. In every century since the first, the Almighty has been at work, and believers can trace his footsteps by studying the way that Christians of a previous generation faced the challenges that confronted them. - Back cover. Fatherhood is in transition and being challenged by often contradictory forces: societal mandates to be both an active father and provider, men's own wish to be

more involved with their children, and the institutional arrangements in which fathers work and live. This book explores these phenomena in the context of cross-national policies and their relation to the daily childcare practices of fathers. It presents the current state of knowledge on father involvement with young children in six countries from different welfare state regimes with unique policies related to parenting in general and fathers in particular: Finland, Germany, Italy, Slovenia, the UK and the USA. In this first volume of my book I have proved beyond the shadow of a doubt that The Two Witnesses in Revelation 11 are God The Father and The Holy Spirit. Which is a fact that none of the Ancient, or, Modern day commentators have ever known in 2,000 years! That they are primarily God the Son's Two Witnesses, who is the Glorious omnipotent Angel in Revelation chapter 10 who is prophesying to John about his immediate future in Revelation chapter 11, where he has assumed his second nature as Jesus (Rev. 11:8). Nor have they ever known that Jesus is the Main and Hidden Actor behind the scenes, and underlying dimension of chapter 11, in spite of the fact that his Two Witnesses who are actually 'in him' in chapter 11, as I shall also demonstrate, seem to be the main Actors on the surface as I shall also demonstrate. Or ever known that Jesus is alive in chapter 11. Now that the Angel has become Jesus, they must be referred to as Christ' Two Witnesses. None of the commentators have ever taken these facts into account, because they never suspected the Two Witnesses could be God, who they should have considered in the first place! And considered 2 Cor. 5:19 which says that, "God was 'in Christ' reconciling the world unto himself." That which immediately proves the Two Witnesses are the Father and Holy Spirit, is the fact that Christ, who is also God, is called the very same things in the Bible they are, a Witness, an Olive Tree, a Lampstand and a Prophet, making a total of Three "Witnesses" (Rev. 1:5; Rev. 11:3). Three "Olive Trees" (Rev. 11:4; Judg. 9:8-9). Three "Lampstands" (Rev. 11:4; Zech. 4:1). And Three "Prophets" (Rev. 11:10; John 4:19). The Father, Son, and Holy Spirit, have always been Witnesses of each other throughout all Eternity. And now that God the Son, the omnipotent Angel has come down from the third heaven to earth in Rev. 10:1-2, and assumed the form of Jesus, the

Father and Holy Spirit, have now become the Two Witnesses of the Lamb that was slain (Rev. 11:7-8; Rev. 5:6) in Time. Since the very beginning of the Church Christians have taught and believed that God was revealed by Jesus as Father. Over time they came to define this in their creeds. Yet sadly in many ways the knowledge of God as a real and personal father was lost to the vast majority of the church. Along with this many other personal aspects of Christianity were lost to ordinary people as the centuries passed by. In the last few hundred years however a change began to take place as key biblical truth was rediscovered by people. This has reignited life into a moribund church. This book follows a journey through 2000 years of the history of the church looking at how generation after generation the church lost key biblical truth including the knowledge of God as a loving father. The author then charts the restoring of this forgotten truth back to the body of Christ right up to the present day. It's primary focus is the revelation of God as Father that is becoming widely talked about and taught in the church today, to the rediscovery of sonship and how this results in us living as sons and daughters. Mark Stibbe points the reader to a story Jesus told over 2,000 years ago which demonstrates the qualities of a perfect dad. More than that the story paints the clearest picture of what Jesus thought God is really like. It provides a wonderfully accessible introduction to the Father you've been waiting for and contains many new insights into a story loved by millions and known as the parable of parables. "This is a must-read for anyone who wants a direct, honest explanation of how remarkable God who created the universe and more, loves and is interested in an exclusive, intimate, life-transforming relationship with you." - Diane Louise Jordan THOUGHT PROVOCKING! "In the Name of the Father, and of the Son, and of the Holy Spirit." Have you ever wondered what the Holy Covenant Name of our Creator actually is? After all He did create you. Isn't it about time you found out? Like most of us believers, we say the words during weddings and baptism's, and funerals and communion services. We all say "In the Name of the Father, and of the Son, and of the Holy Spirit"; but Have you ever noticed that they leave without SAYING the actual NAME of the Father? Have you ever noticed that at

the funeral? How about the Name of the Son? Was it mentioned at the last wedding you attended? The Holy Covenant Name of the Holy Spirit; was it uttered at the last Baptism you attended? Our Father in heaven, Our Creator; What is His actual Name? Is His Name "God"? Is it "Lord"? What is REALLY the ACTUAL Holy Covenant Name of our Father in heaven? What is the Name of the Son? After all; he did die for you. Is it "Jesus"? Was it "Christ"? Is it "Hossanah"? How about "King of kings," or "Lord of lords"? The Holy Spirit has a Name, do you know what it is? After we uncover the facts together in this book; it will change the way that you thought about modern christianity forever! This book is a memorial to the Name of the Father, and to the Name of the Son, and to the Name of the Holy Spirit! This book will SHOCK you! The information revealed In this book, is the most important information to surface in the last 2000 years; concerning the Name of the Father, and the Son, and the Holy Spirit. This book will ASTOUND you; with facts derived souly from the "King James" version of the Holy Scripture's; which is the version of Holy Scripture that allmost ALL protestant christian denominations rely upon for the truth of the Holy Word. That is why the "King James" version is the primary resource book that we will be using to prove out each Holy Covenant Name. Finally: A book that takes the reader "by the hand" and presents the historical evidenc Aimed at historians, students of politics and anyone interested in Welsh contemporary life, this illustrated history of Wales was first published in Welsh. It surveys the various eras of the past 2000 years. If you thought your parenting responsibilities ended after eighteen years per child, you thought wrong. Instead, it's your privilege to lead your family-and influence succeeding generations-for a century...or more. Anchor Man presents the high calling of fatherhood, the traits of a Christian father, the adventures that await him as he interacts with his children, and the significance of his role as a good family man. Steve Farrar presents these roles and responsibilities in a way any man wanting to increase his understanding of his place in the family, and our society, can put into action every day. Anchor Man encourages, exhorts, and demonstrates with biblical concepts how to raise a godly family and how to anchor that

family in Christ for the next one hundred years. Farrar's unique teaching style blends humor and practicality with the tools fathers need to become all that God intended them to be as the leaders of their families. "When a man gets serious about following Christ with his whole heart," Farrar says, "God desires to not only pour out His blessing on that man, but on his children, and his children's children. For over half a century, Robert Schmuhl interviewed and wrote about Reverend Theodore M. Hesburgh, C.S.C., who served as the president of the University of Notre Dame from 1952 until 1987. Beginning as an undergraduate student during the 1960s, when he covered Hesburgh and Notre Dame for the Associated Press, to 2014 when he conducted his last visit with the frail ninety-seven-year-old priest, Schmuhl maintained a unique relationship with Father Hesburgh. Over time, Hesburgh's meetings with Schmuhl evolved into a friendship, which is documented in this personal and warmhearted portrait of the man who was for decades considered the most influential priest in America. Fifty Years with Father Hesburgh: On and Off the Record contains excerpts and commentary from various interviews Schmuhl conducted with Father Hesburgh about his service as Notre Dame's president, including the most difficult years of his

presidency during the 1960s, when Notre Dame and other college campuses were in turmoil because of student protests against the Vietnam War and other issues. Knowing and working with four popes and nine U.S. presidents, Father Hesburgh was a moral force in virtually all major social issues of his day, including civil rights, peaceful uses of atomic energy, third-world development, and immigration reform. Schmuhl records Hesburgh's candid reflections on the U.S. presidents with whom he worked and his assessment of the years after he left the university's presidency and maintained an active life of service in retirement. Schmuhl expresses his devotion and respect in the chapters about Hesburgh's twilight decades. He describes how Hesburgh dealt with macular degeneration and blindness in his later years, enlisting students to read the New York Times and other publications to him. During the 1990s and the first years of the twenty-first century, Father Ted was, as he liked to say, "everybody's grandfather." His open-door policy extended beyond students to faculty, staff, alumni, and campus visitors, and continued right up until the end of his life. Throughout the book, Schmuhl captures the essence, spirit, and humanity of a great leader. How ancient is father care of human infants and young children, and why did it emerge? Is it possible that father care arose among the ancestors of modern humans and became essential for survival? Or is it a recent, though variable, development? Is father care an evolved trait of Homo sapiens or is it a learned cultural behavior transmitted across generations in some societies but not others? In this important study, Frank L'Engle Williams examines the anthropological record for evidence of the social behaviors associated with paternity, suggesting that ample evidence exists for the importance of such behaviors for infant survival. Focusing on the first three postnatal years, he considers the implications of father care—both in the fossil record and in more recent cross-cultural research—for the development of such distinctively human traits as bipedalism, extensive brain growth, language, and socialization. He also reviews the rituals by which many human societies construct and reinforce the meanings of socially recognized fatherhood. Father care was adaptive within the context of the parental pair bond and shaped

how infants developed socially and biologically. The initial imprinting of socially recognized fathers during the first few postnatal years may have sustained culturally sanctioned indirect care such as provisioning and protection of dependents for nearly two decades thereafter. In modern humans, this three-year window is critical to father-child bonding. By increasing the survival of children in the past, present, and quite possibly the future, father care may be a driving force in the biological and cultural evolution of Homo sapiens. Dads will rely on this friendly yet authoritative book—and moms will find it helpful, too. This book investigates why, unlike in the early centuries, the ethical behavior of Christians today is so little different from that of non-Christians. It does this by first reviewing the teachings of Jesus about how Christians are to live and the positive response of early Christians to these teachings. The major portion of the book then documents how the rise of asceticism and the proliferation of church law came to eclipse Jesus' teachings of serving others through unselfish love. It reviews how Chrysostom, Augustine, Luther, and others tried to return the church to the New Testament way of life. The book reaches two conclusions: Christians today prefer to live by only avoiding the gross evils forbidden

by the Ten Commandments rather than by Jesus' all-inclusive New Commandment of loving one another as he loved us. They are also willing to offer God the piety of churchly activity, but what God also asks, a life of goodness serving one's fellowman, they feel is just asking too much. The Wandering Jew is a cosmic symbol—he is man, he is woman, he is sex, he is history, he is life itself. Church History The Founding Fathers Explore the foundations of the world we live in today "At what age should you introduce your child to computers? When and how should you go about drawing up a will? The day your child starts preschool, how will you cope with the pangs of adult separation anxiety? The answers to these questions and hundreds more are found in the pages of this information-packed volume. Author Armin Brott devotes a chapter to every three months of the second and third years. In each chapter, Brott charts the physical, intellectual, verbal, and emotional changes the child is going through and examines the emotional and psychological developments the father may be experiencing. He discusses issues that may develop between fathers and their partners as well as matters that involve the whole family. In addition, each chapter contains a section called "You and Your Child," in which activities and issues appropriate to the given age are discussed. New topics in this revised and expanded edition cover the latest research on child development, including brain growth. There is more advice for dads who are older, single, or in the military; fathers of preemies and multiples; stepfathers; and stay-at-home dads. This new edition adds information on a wide range of subjects, from helping a child grieve over the loss of a relative or a pet to health and safety issues to care of special-needs children. Incorporating the author's and other fathers' personal experiences, as well as the advice of top researchers in the field, and illustrated throughout with delightful New Yorker-style cartoons underscoring the universality of the joys and woes of parenting, *Fathering Your Toddler* is an essential sourcebook for every dad. It's certain to give every mom helpful insights as well." The first in a trilogy of books about the founding of the U.S. Navy, *The Founding Fathers at Odds: The Quasi-War*, is told in the form of a memoir from the vantage point of young South Carolinian of Scottish

descent from the Waxhaws who goes to sea and is later impressed into the British Navy. This first work, spans the tumultuous era of the Quasi-War with France, the writing of the United States' Constitution, and the birth, in the United States, of partisan politics, which becomes increasingly bitter and divisive. The second volume, entitled *Dueling Brothers, Dueling Countries, and The Lure of Empire: The Barbary Pirates*, recounts the War with the Barbary Pirates, the rise of Aaron Burr, the Louisiana Purchase, and the Presidency of Thomas Jefferson, while the third volume, entitled, *Free Trade and Sailors' Right: The War of 1812*, covers the Second War of Independence (the War of 1812). The second volume should be out later this year of 2023, with the final volume to follow in 2024. The oldest of large family, James goes to sea sailing on a merchantman, while his brothers and sisters have roles to play as shipwrights under Joshua Humphreys, building the frigates that will serve the nation so well, such as the *Constellation* and the *Constitution*, or in serving in the militia under Andrew Jackson, or running the family's farm and other businesses. The setting in the Waxhaws, the site of an infamous massacre during the Revolution, and the clan's father and grandfather, having fought at both King's Mountain and at Cowpens under Daniel Morgan, grounds the novel in the era following the American Revolution. The spirit of partisan politics even divides James' family, with his brother John becoming a correspondent of Thomas Jefferson, James Monroe, and James Madison, while the patriarch of the family is longtime friend and admirer of Alexander Hamilton. When James is impressed by the British Navy, he finds himself under the cruel tutelage of Lieutenant Campbell and the equally sinister Sailing Master William Samuelson. Floggings and other punishments, such as mastheading during a vicious storm, are only some of the measures Campbell and Samuelson take in order to torment and hopefully kill young James. While James fights against the French in the British Navy, Captain John Truxtun defeats two French frigates in one-on-one ship battles during the Quasi-War. At home, his younger brother, John, who has always despised James, not only courts the intended of James, the prominent and wealthy Patience Pendleton, but also tries to

displace James as the eldest son in their father's eyes and their father's businesses. John, over the wishes of his father and the objections of the rest of the family invests in slaves to work their landholdings. This is the era where the relationship between the United States and France deteriorates, with the diplomats of France demanding huge bribes, merely to start diplomatic talks in the infamous X, Y, Z Affair. John Adams becomes aware that his Vice President and best friend, Thomas Jefferson, has been intriguing with France, counter to the policy of President Adams to court Great Britain and its secure some of its vast world trade network. While Great Britain fights Napoleon, among other naval adventures, our young sailor, James, fights the French fleet at Aboukir Bay in Egypt under Admiral Lord Nelson, learning the British naval tactics, discipline, and signals, which he later brings to the U.S. Navy during the War of 1812. If James can survive his servitude in the British Navy and come home, what will he find? His love stolen? His inheritance stolen? An indispensable handbook on all aspects of fatherhood during the first 12 months, by the author of *The Expectant Father*. The essential handbook for all things first-year father is now fully updated and revised. Not only will new dads get a month-by-month guide to their baby's development, men reading *The New Father* will learn how they change, grow, and develop over the first twelve months of fatherhood. The latest research, as well as time-honored wisdom--and humor, thanks to New Yorker cartoons and Brott's light touch--make *The New Father* indispensable for the modern father who doesn't want to miss a moment of his child's first year.
