Hollywood by Hollywood Jun 18 2020 The backstudio picture, or the movie about movie-making, is a staple of Hollywood film production harking back to the silent era and extending to the present day. What gives backstudios their coherence as a distinctive genre, Steven Cohan argues in *Hollywood by Hollywood*, is their fascination with the mystique of Hollywood as a geographic place, a self-contained industry, and a fantasy of fame, leisure, sexual freedom, and modernity. Yet by the same token, if backstudio pictures have rarely achieved blockbuster box-office success, what accounts for the film industry's interest in continuing to produce them? The backstudio picture has been an enduring genre because, aside from offering a director or writer a chance to settle old scores, in branding filmmaking with the Hollywood mystique, the genre solicits consumers' strong investment in the movies. Whether inspiring the "movie crazy" fan girls of the early teens and twenties or the wannabe filmmakers of this century heading to the West Coast after their college graduations, backstudios have given emotional weight

and cultural heft to filmmaking as the quintessential American success story. But more than that, a backstudio picture is concerned with shaping perceptions of how the film industry works, with masking how its product depends upon an industrial labor force, including stardom, and with determining how that work's value accrues from the Hollywood brand stamped onto the product. Cohan supports his well theorized and well researched claims with nuanced discussions of over fifty backstudios, some canonical and well-known, and others obscure and rarely seen. Covering the hundred-year timespan of feature length film production, *Hollywood by Hollywood* offers an illuminating perspective for considering anew the history of American movies.

The Shadow Self in Film Oct 23 2020 This book examines 13 movies that deal with the protagonist and his projected "other." The cinematic Other is interpreted as an unconscious personality, a denied part of the protagonist that appears in his life as a shadowy menace who won't go away. Devoting a chapter to each movie, the book starts with Mamoulian's *Dr. Jekyll and Mr. Hyde* and three cinematic pairs: two Hitchcock films, *Shadow of a Doubt* and *Strangers on a Train*; two versions of *Cape Fear*, J. Lee Thompson's 1962 original and Martin Scorsese's 1991 remake; and a pair of Clint Eastwood films, *In the Line of Fire* and *Blood Work*. The book then examines *Something Wild*, *Sea of*

Love, Fight Club, Desperately Seeking Susan, Apocalypse Now and The Lives of Others. Overall the book aims to show how movies envision the unconscious Other we all too often project on other people.

Unarmed Empire Aug 01 2021 Shunned.

Condemned. Controlled. Describing church, believers and nonbelievers deploy stinging terms to define an imperial, culturally privileged, and powerful American force. Church has become synonymous with shame, exclusion, and hostility. This is not the church of Jesus. American Christians are victims of a deliberate and shortsighted scheme designed to identify and defeat religious, cultural, and sexual Others. From the language of “makers and takers,” to “if you’re not for us, you’re against us,” to the continual suggestion that we are soldiers in a constant series of wars—the war on women, the war on the family, the war on Christians, the war on Christmas, the war on terror, and much more—Christians are near the heart of enmity. The New Testament, however, seeks to create an alternative community—a community devoid of fear, wherein God’s love and acceptance are mediated to all people through the grace of Jesus. In Unarmed Empire, Sean Palmer reclaims the New Testament’s vision of the church as an alternative community of welcome, harmony, and peace. Unarmed Empire is for everyone who’s been misled about church. It’s for everyone who feels blacklisted

by believers, everyone who has been hurt. It ' s for everyone longing for a purer experience of church.

Unruly Girls, Unrepentant Mothers Sep 21 2020
Since the 1990s, when *Reviving Ophelia* became a best seller and “Girl Power” a familiar anthem, girls have assumed new visibility in the culture. Yet in asserting their new power, young women have redefined femininity in ways that have often mystified their mothers. They have also largely disavowed feminism, even though their new influence is a likely legacy of feminism’s Second Wave. At the same time, popular culture has persisted in idealizing, demonizing, or simply erasing mothers, rarely depicting them in strong and loving relationships with their daughters. *Unruly Girls, Unrepentant Mothers*, a companion to Kathleen Rowe Karlyn’s groundbreaking work, *The Unruly Woman*, studies the ways popular culture and current debates within and about feminism inform each other. Surveying a range of films and television shows that have defined girls in the postfeminist era—from *Titanic* and *My So-Called Life* to *Scream* and *The Devil Wears Prada*, and from *Love and Basketball* to *Ugly Betty*—Karlyn explores the ways class, race, and generational conflicts have shaped both Girl Culture and feminism’s Third Wave. Tying feminism’s internal conflicts to negative attitudes toward mothers in the social world, she asks

whether today ' s seemingly materialistic and apolitical girls, inspired by such real and fictional figures as the Spice Girls and Buffy the Vampire Slayer, have turned their backs on the feminism of their mothers or are redefining unruliness for a new age.

Having first gained notice at the age of 12 as a mouseketeer on the variety show The Mickey Mouse Club, Gosling has built a reputation for playing misfits in independent films: a fanatic Neo-Nazi in the The Believer (2001), a drug-addicted junior high school teacher in Half

Nelson (2006), a socially inept loner in *Lars and the Real Girl* (2007) and a frazzled husband in *Blue Valentine* (2010). He has been nominated for an Academy Award for Best Leading Actor (for *Half Nelson*) and two Golden Globe Awards (for *Lars and the Real Girl* and *Blue Valentine*). A Woman ' s ViewApr 16 2020 "In this highly readable and entertaining book, Jeanine Basinger shows how the "woman's film" of the 30s, 40s, and

50s sent a potent mixed message to millions of female moviegoers. At the same time that such films exhorted women to stick to their "proper" realm of men, marriage, and motherhood, they portrayed -- usually with relish -- strong women playing out liberating fantasies of power, romance, sexuality, luxury, even wickedness...Basinger examines dozens of films -- whether melodrama, screwball comedy, musical, film noir, western, or biopic to make a persuasive case that the woman's film was a rich, complicated, and subversive genre that recognized and addressed, if covertly, the problems of women." Mae Murray Jul 12 2022 Mae Murray (1885--1965), popularly known as "the girl with the bee-stung lips," was a fiery presence in silent-era Hollywood. Renowned for her classic beauty and charismatic presence, she rocketed to stardom as a dancer in the Ziegfeld Follies, moving across the country to star in her first film, *To Have and to Hold*, in 1916. An instant hit with audiences, Murray soon became one of the most famous names in Tinseltown. However, Murray's moment in the spotlight was fleeting. The introduction of talkies, a string of failed marriages, a serious career blunder, and a number of bitter legal battles left the former star in a state of poverty and mental instability that she would never overcome. In this intriguing biography, Michael G. Ankerich traces Murray's career from the footlights

of Broadway to the klieg lights of Hollywood, recounting her impressive body of work on the stage and screen and charting her rapid ascent to fame and decline into obscurity. Featuring exclusive interviews with Murray's only son, Daniel, and with actor George Hamilton, whom the actress closely befriended at the end of her life, Ankerich restores this important figure in early film to the limelight.

Celebrity Biographies - The Amazing Life Of Ryan Gosling - Famous Actors Jan 06 2022 Ever wondered how Ryan Gosling rose to stardom? One of Hollywood ' s newest heartthrobs, Ryan Gosling has become somewhat of a mythological figure in the film industry, charming women and making men jealous with his rugged good looks and disarming and apathetic personality. Although the film star has recently struck box office gold with a string of comedy and action hits, the actor has also honed his acting chops through more reserved and awards-worthy performances. All but Gosling ' s most hardcore fans forget that the suave actor was once a wide-eyed and goofy child star that struggled to find his way in Hollywood, before finally bursting onto the mainstream scene in 2004 ' s dreamy romance film *The Notebook*. For more interesting facts you must read his biography! Grab your biography book now!

Art and the Historical Film Nov 04 2021 Art and the Historical Film provides an important examination of fine art's impact on filmmaking, grappling with the question of authenticity. From Eugene Delacroix's interpretation of the 1830 French revolution to Uli Edel's version of the Baader-Meinhof Gang, artistic representations of historical subjects are appealing and pervasive. Movies often adapt imagery from art history, including paintings of historical events. Films

and art shape the past for us and continue to affect our interpretation of history. While historical films are often argued over for their adherence to "the facts," their real problem is realism: how can the past be convincingly depicted? Realism in the historical film genre is often nourished and given credibility by its use of painterly references. This book examines how art-historical images affect historical films by going beyond period detail and surface design to look at how profound ideas about history are communicated through pictures. *Art and the Historical Film: Between Realism and the Sublime* is based on case studies that explore the links between art and cinema, including American independent Western *Meek's Cutoff* (Kelly Reichardt, 2010), British heritage film *Belle* (Amma Asante, 2013), and Dutch national epic *Admiral* (Roel Reiné, 2014). The chapters create immersive worlds that communicate distinct ideas about the past through cinematography, production design, and direction, as the films adapt, reference, and transpose paintings by artists such as Rubens, Albert Bierstadt, and Jacques-Louis David.

Reel Knockouts May 30 2021 When *Thelma* and

Louise outfought the men who had tormented them, women across America discovered what male fans of action movies have long known—the empowering rush of movie violence. Yet the duo's escapades also provoked censure across a wide range of viewers, from conservatives who felt threatened by the up-ending of women's traditional roles to feminists who saw the pair's use of male-style violence as yet another instance of women's co-option by the patriarchy. In the first book-length study of violent women in movies, *Reel Knockouts* makes feminist sense of violent women in films from Hollywood to Hong Kong, from top-grossing to direct-to-video, and from cop-action movies to X-rated skin flicks. Contributors from a variety of disciplines analyze violent women's respective places in the history of cinema, in the lives of viewers, and in the feminist response to male violence against women. The essays in part one, "Genre Films," turn to film cycles in which violent women have routinely appeared. The essays in part two, "New Bonds and New Communities," analyze movies singly or in pairs to determine how women's movie brutality fosters solidarity amongst the characters or their audiences. All of the contributions look at films not simply in terms of whether they properly represent women or feminist principles, but also as texts with social contexts and possible uses in the re-construction of masculinity and femininity.

Yet One More Spring Sep 14 2022 Joy Davidman (1915-1960) is probably best known today as the woman that C.S. Lewis married in the last decade of his life. This title provides a comprehensive critical study of Joy Davidman's poetry, nonfiction, and fiction.

God's Wider Presence Sep 02 2021 What are we to make of those occasional yet illuminating experiences of God's presence that occur outside both church and Scripture? We may encounter God's revelatory presence as we experience a beautiful sunset, the

birth of a child, or a work of art, music, or literature. While theologians have tended to describe such experiences abstractly as mere traces or echoes, those involved often recognize such moments of transcendence as transformative. Here senior theologian Robert Johnston explores how Christians should think theologically about God's wider revelatory presence that is mediated outside the church through creation, conscience, and culture. The book offers a robust, constructive biblical theology of general revelation, rooting its insights in the broader Trinitarian work of the Spirit. Drawing in part from the author's theological engagement with film and the arts, the book helps Christians understand personal moments of experiencing God's transcendence and accounts for revelatory experiences of those outside the believing community. It also shows how God's revelatory presence can impact our interaction with nonbelievers and those of other faiths.

A Woman's View Apr 28 2021 Now, Voyager, Stella Dallas, Leaver Her to Heaven, Imitation of Life, Mildred Pierce, Gilda...these are only a few of the hundreds of "women's films" that poured out of Hollywood during the thirties, forties, and fifties. The films were widely disparate in subject, sentiment, and technique, they nonetheless shared one dual purpose: to provide the audience (of women, primarily) with temporary liberation into a screen dream—of romance, sexuality, luxury, suffering, or even wickedness—and

then send it home reminded of, reassured by, and resigned to the fact that no matter what else she might do, a woman's most important job was...to be a woman. Now, with boundless knowledge and infectious enthusiasm, Jeanine Basinger illuminates the various surprising and subversive ways in which women's films delivered their message. Basinger examines dozens of films, exploring the seemingly intractable contradictions at the convoluted heart of the woman's genre—among them, the dilemma of the strong and glamorous woman who cedes her power when she feels it threatening her personal happiness, and the self-abnegating woman whose selflessness is not always as “noble” as it appears. Basinger looks at the stars who played these women and helps us understand the qualities—the right off-screen personae, the right on-screen attitudes, the right faces—that made them personify the woman's film and equipped them to make believable drama or comedy out of the crackpot plots, the conflicting ideas, and the exaggerations of real behavior that characterize these movies. In each of the films the author discusses—whether melodrama, screwball comedy, musical, film noir, western, or biopic—a woman occupies the center of her particular universe. Her story—in its endless variations of rags to riches, boy meets girl, battle of the sexes, mother love, doomed romance—inevitably sends a highly potent mixed message: Yes, you women belong in your “proper

place ” (that is, content with the Big Three of the women ’ s film world—men, marriage, and motherhood), but meanwhile, and paradoxically, see what fun, glamour, and power you can enjoy along the way. A Woman ’ s View deepens our understanding of the times and circumstances and attitudes out of which these movies were created.

Dealbreaker May 10 2022 Dealbreaker is a hilarious reference guide to the qualities that, when discovered, transform the “ date you hope to go home with ” into the “ date you pray never calls again. ” A “ dealbreaker ” could be an annoying habit (you talk through movies), a physical attribute (your soul patch), a lifestyle choice (your cucumber melon body spray), a worldview (your delusions of grandeur), and everything in between! With a combination of good-natured ribbing and sardonic snark, comics Dave Horwitz and Marisa Pinson have catalogued these characteristics that, though occasionally trivial, serve

as early warning signs of possible relationship discontent. Based on their popular eponymous blog, which is gaining a wide audience of disgruntled singles, Dealbreaker is sure to resonate with anyone who has had a bad date or a relationship gone awry.

Ovid's Myth of Pygmalion on Screen Dec 17 2022 Why has the myth of Pygmalion and his ivory statue proved so inspirational for writers, artists, philosophers, scientists, and directors and creators of films and television series? The 'authorised' version of the story appears in the epic poem of transformations, *Metamorphoses*, by the first-century CE Latin poet Ovid; in which the bard Orpheus narrates the legend of the sculptor king of Cyprus whose beautiful carved woman was brought to life by the goddess Venus. Focusing on screen storylines with a Pygmalion subtext, from silent cinema to *Buffy the Vampire Slayer* and *Lars and the Real Girl*, this book looks at why and how the made-over or manufactured woman has survived through the centuries and what we can learn about this problematic model of 'perfection' from the perspective of the past and the present. Given the myriad representations of Ovid's myth, can we really make a modern text a tool of interpretation for an

ancient poem? This book answers with a resounding 'yes' and explains why it is so important to give antiquity back its future.

US Independent Film After 1989 Jan 18 2023

"Looking beyond the directors and works that have branded indie discourse in the 1990s and 2000s, US Independent Film After 1989: Possible Films attends to a group of 20 texts that have not been so fully subsumed by existing critical and promotional rhetoric. Through individual studies of films including *All the Real Girls*, *The Exploding Girl*, *Laurel Canyon*, *Jesus' Son*, *Old Joy*, *Primer* and *You Can Count on Me*, leading cinema scholars consider how notions of indie practice, poetics and politics can be opened up to account for a larger body of work than the dominant canon admits. With particular attention to female directors, this innovative and comprehensive book explores the central tenets of indie scholarship while simultaneously emphasising the classifying processes that can limit it."--Quatri è me de couverture.
