Rescuing the Children Jan 12 2022 This important book tells the story of how ten thousand Jewish children were rescued out of Nazi Europe just before the outbreak of World War 2. To Save the Children of Korea Jun 24 2020 “The important . . . largely unknown story of American adoption of Korean children since the Korean War . . . with remarkably extensive research and great verve.” —Charles K. Armstrong, Columbia University Arissa Oh argues that international adoption began in the aftermath of the Korean War. First established as an emergency measure through which to evacuate mixed-race “GI babies,” it became a mechanism through which the Korean government exported its unwanted children: the poor, the disabled, or those lacking Korean fathers. Focusing on the legal, social, and political systems at work, To Save the Children of Korea shows how the growth of Korean adoption from the 1950s to the 1980s occurred within the context of the neocolonial US-Korea relationship, and was facilitated by crucial congruencies in American and Korean racial thought, government policies, and nationalisms. Korean adoption served as a kind of template as international adoption began, in the late 1960s, to expand to new sending and receiving countries. Ultimately, Oh demonstrates that although Korea was not the first place that Americans adopted from internationally, it was the place where organized, systematic international adoption was born. “Absolutely fascinating.” —Giulia Miller, Times Higher Education “ Gracefully written. . . . Oh shows us how domestic politics and desires are intertwined with

geopolitical relationships and aims.” —Naoko Shibusawa, Brown University “Poignant, wide-ranging analysis and research.” —Kevin Y. Kim, Canadian Journal of History “Illuminates how the spheres of ‘public’ and ‘private,’ ‘domestic’ and ‘political’ are deeply imbricated and complicate American ideologies about family, nation, and race.” —Kira A. Donnell, Adoption & Culture

Saving the Vietnamese Orphans Mar 14 2022 Operation Babylift was one of the largest humanitarian efforts of the 20th Century. As American troops were pulled out of Vietnam, the vulnerable "bui doi" orphans were left exposed to the dangers presented by the North Vietnamese invasion. These children, many of whom were of mixed race, had nowhere to go and their caretakers in the orphanages were overwhelmed with the tasks of both caring for small children and defending them from the perils of war. President Gerald Ford made a decision to airlift these innocent children out of Southeast Asia. Would there there be enough time and resources available to get these children out of the country and into the arms of loving, adoptive families? Saving the Vietnamese Orphans is the true story of this compassionate and dangerous effort on the parts of thousands of military personnel, civilians, and humanitarian workers to rescue these precious children from the terrible fate that awaited them if they remained.

From Orphan to Adoptee Jan 24 2023 Since the 1950s, more than 100,000 Korean children have been adopted by predominantly white Americans; they were orphans of the Korean War, or so the story went. But begin the story earlier, as SooJin Pate does, and what has long been viewed as humanitarian rescue reveals itself as an exercise in expanding American empire during the Cold War. Transnational adoption was virtually nonexistent in Korea until U.S. military intervention in the 1940s. Currently it generates \$35 million in revenue—an economic miracle for South Korea and a social and political boon for the United States. Rather than focusing on the families “made whole” by these adoptions, this book identifies U.S. militarism as the condition by which displaced babies became orphans, some of whom were groomed into desirable adoptees, normalized for American audiences, and detached from their past and culture. Using archival research, film, and literary materials—including the cultural work of adoptees—Pate explores the various ways in which Korean children were employed by the U.S. nation-state to promote the myth of American exceptionalism, to expand U.S. empire during the burgeoning Cold War, and to solidify notions of the American family. In *From Orphan to Adoptee* we finally see how Korean adoption became the crucible in which technologies of the U.S. empire were invented and honed.

War Orphans Jan 29 2021 “If at all possible, send or take your household animals into the country in advance of an emergency. If you cannot place them in the care of neighbours, it really is kindest to have them destroyed.” Joanna Ryan’s father has gone off to war, leaving her in the care of her step-mother, a woman more concerned with having a good time than being any sort of parent to her. But then she finds a puppy, left for dead, and Joanna becomes determined to save him, sharing her meagre rations with

him. But, in a time of war, pets are only seen as an unnecessary burden and she is forced to hide her new friend, Harry, from her step-mother and the authorities. Before and After Nov 09 2021 The compelling, poignant true stories of victims of a notorious adoption scandal—some of whom learned the truth from Lisa Wingate's bestselling novel *Before We Were Yours* and were reunited with birth family members as a result of its wide reach From the 1920s to 1950, Georgia Tann ran a black-market baby business at the Tennessee Children's Home Society in Memphis. She offered up more than 5,000 orphans tailored to the wish lists of eager parents—hiding the fact that many weren't orphans at all, but stolen sons and daughters of poor families, desperate single mothers, and women told in maternity wards that their babies had died. The publication of Lisa Wingate's novel *Before We Were Yours* brought new awareness of Tann's lucrative career in child trafficking. Adoptees who knew little about their pasts gained insight into the startling facts behind their family histories. Encouraged by their contact with Wingate and award-winning journalist Judy Christie, who documented the stories of fifteen adoptees in this book, many determined Tann survivors set out to trace their roots

and find their birth families. Before and After includes moving and sometimes shocking accounts of the ways in which adoptees were separated from their first families. Often raised as only children, many have joyfully reunited with siblings in the final decades of their lives. Christie and Wingate tell of first meetings that are all the sweeter and more intense for time missed and of families from very different social backgrounds reaching out to embrace better-late-than-never brothers, sisters, and cousins. In a poignant culmination of art meeting life, many of the long-silent victims of the tragically corrupt system return to Memphis with the authors to reclaim their stories at a Tennessee Children's Home Society reunion . . . with extraordinary results. Advance praise for Before and After "In Before and After, authors Judy Christie and Lisa Wingate tackle the true stories behind Wingate's blockbuster Before We Were Yours, of the orphans who survived the Tennessee Children's Home Society. With a journalist's keen eye and a novelist's elegant prose, Christie and Wingate weave together the stories that inspired Before We Were Yours with the lives that were changed as a result of reading the novel. Readers will be educated, enlightened, and enraptured by this important and flawlessly executed book."—Pam Jenoff, author of The Orphan's Tale and The Lost Girls of Paris

Russia's Abandoned Children Aug 07 2021 Fujimura takes us across history and into Russian society, its orphanages and shelters, and along the streets of the nation to see how abandoned children are stigmatized and shunned. Readers come to understand how and why these children, left orphans by death or by choice, form their own culture to find power and to survive. This pioneering work on child abandonment looks at Russian society from a new angle: from the perspectives of abandoned youngsters and their caretakers. Based on direct observation of and interviews with

abandoned children, this work shows why any effort to rescue these children calls for a deep understanding of Russian culture, and why any effort to address abandonment in Russia calls for a joint effort between psychologists, social workers, and the children themselves. Suzanne's Children Nov 29 2020 One of the untold stories of the Holocaust—the nail-biting drama of Suzanne Spaak, who risked and gave her life to save hundreds of Jewish children from deportation from Nazi Paris to Auschwitz “vividly dramatizes the stakes of acting morally in a time of brutality” (The Wall Street Journal). Suzanne Spaak was born into the Belgian Catholic elite and married into the country’s leading political family. Her brother-in-law was the Foreign Minister and her husband Claude was a playwright and patron of the painter Renée Magritte. In Paris in the late 1930s her friendship with a Polish Jewish refugee led her to her life’s purpose. When France fell and the Nazis occupied Paris, she joined the Resistance. She used her fortune and social status to enlist allies among wealthy Parisians and church groups. Then, under the eyes of the Gestapo, Suzanne and women

from the Jewish and Christian resistance groups “kidnapped” hundreds of Jewish children to save them from the gas chambers. Suzanne’s Children is the “dogged...page-turning account” (Kirkus Reviews) of this incredible story of courage in the face of evil. “Anne Nelson is superb at showing the upheavals in Europe since WWI through vivid, illuminating details...and she also masterfully describes the incremental changes in the Jews’ plight under the Occupation” (Booklist). It was during the final year of the Occupation when Suzanne was caught in the Gestapo dragnet that was pursuing a Soviet agent she had aided. She was executed shortly before the liberation of Paris. Suzanne Spaak is honored in Israel as one of the Righteous Among Nations. Nelson’s “heartfelt story is almost a model for how popular history should be written; it will satisfy lovers of history, Jewish history in particular” (Library Journal).

The Ochberg Orphans and the Horrors from Whence They Came Dec 23 2022 This book tells the story of a forgotten part of Jewish History; a period completely overshadowed by the Holocaust; the horrors of war and pogroms and starvation and disease suffered by Jews in the 'Pale of Settlement' from 1914 to 1922. It details the horrors and the help given to these desperate people by Jewish communities established in the USA, Canada, Palestine and South Africa. The book then focuses on, and follows up on the lives of the 181 Jewish Orphans rescued from the 'Pale of Settlement' in 1921 by Isaac Ochberg, the representative of the South African Jewish community. Half of these Ochberg Orphans, on arrival in South Africa, were placed in the care of the Cape Jewish Orphanage (later known as Oranjia) while the rest were sent to Johannesburg and placed in the care of the South African Jewish Orphanage (later known as Arcadia). While the firsthand accounts of the Ochberg Orphans are included in part one of the book, the secondhand accounts, as

recorded by their descendants, are in part two and part three of the book. Part two, Cape Town, South Africa, contains the history of Oranjia and the life stories of the Ochberg Orphans in its care and similarly part three, Johannesburg, South Africa contains the history of Arcadia and the life stories of the Ochberg Orphans in its care. This book a third volume on Arcadia (the Arc). The first volume published in 2006 100 Years of Arc Memories celebrated the centenary of Arcadia and contained the Arc memories of over 120 of its children. The second volume More Arc Memories published in 2008 contains the memories of over 100 further children including a section of 17 chapters on Ochberg's Orphans and it was almost complete when I started to receive, via the Jewish grapevine, the life stories of the Ochberg Orphans and I realised that we needed a third volume to properly record their history. In total we have made contact with the families of over 140 Ochberg Orphans and this book contains the life stories of 130 of the 181 Ochberg Orphans. No doubt more will come to light in the fullness of time. The book has three aims: -To record the forgotten history, the horrors suffered by Jews in the 'Pale of Settlement' from 1914 to 1922 and the help given to them by their brethren, the Jewish Communities worldwide. -To provide a legacy for the descendants of each of the Ochberg Orphans; a book which gives the history of the Ochberg Orphans and preserves the life stories of their Ochberg Orphan relative. -To raise funds for Arcadia and Oranjia, the two Jewish Orphanages in South Africa, in whose care the Ochberg Orphans were placed. Both of these institutions still exist and still take care of Jewish children in need and part of the proceeds from the sale of this book and all the proceeds on the sale of the two previous volumes on Arcadia will be donated to them. Related books also available are - The Pinsker Orphans, telling of the life and times of the children from the three Jewish Orphanages in Pinsk in the

1920s. -*This was a Man*, the life story of Isaac Ochberg as told by his daughter Bertha I Epstein.

Adoptionland Apr 26 2023 Ever wondered what it's like to be adopted? This anthology begins with personal accounts and then shifts to a bird's eye view on adoption from domestic, intercountry and transracial adoptees who are now adoptee rights activists. Along with adopted people, this collection also includes the voices of mothers and a father from the Baby Scoop Era, a modern-day mother who almost lost her child to adoption, and ends with the experience of an adoption investigator from *Against Child Trafficking*. These stories are usually abandoned by the very industry that professes to work for the "best interest of children," "child protection," and for families. However, according to adopted people who were scattered across nations as children, these represent typical human rights issues that have been ignored for too long. For many years, adopted people have just dealt with such matters alone, not knowing that all of us—as a community—have a great deal in common.

50 Children May 04 2021 Based on the acclaimed HBO documentary, the astonishing true story of how one American couple transported fifty Jewish children from Nazi-occupied Austria to America in 1939—the single largest group of unaccompanied refugee children allowed into the United States—for readers of *In the Garden of Beasts* and *A Train in Winter*. In early 1939, America's rigid immigration laws made it virtually impossible for European Jews to seek safe haven in the United States. As deep-seated anti-Semitism and isolationism gripped much of the country, neither President Roosevelt nor Congress rallied to their aid. Yet one brave Jewish couple from Philadelphia refused to silently stand by. Risking their own safety, Gilbert Kraus, a successful lawyer, and his stylish wife, Eleanor, traveled to Nazi-controlled Vienna and Berlin to save fifty Jewish children. Steven

Pressman brought the Kraus's rescue mission to life in his acclaimed HBO documentary, 50 Children. In this book, he expands upon the story related in the hour-long film, offering additional historical detail and context to offer a rich, full portrait of this ordinary couple and their extraordinary actions. Drawing from Eleanor Kraus's unpublished memoir, rare historical documents, and interviews with more than a dozen of the surviving children, and illustrated with period photographs, archival materials, and memorabilia, 50 Children is a remarkable tale of personal courage and triumphant heroism that offers a fresh, unique insight into a critical period of history.

Sky of Bombs, Sky of Stars May 23 2020 A beautiful omnibus edition of the award-winning biographies Last Airlift: A Vietnamese Orphan's Rescue from War and One Step at a Time: A Vietnamese Child Finds Her Way Tuyet remembers little about life before the Saigon orphanage, before polio left her limping and in constant pain, before the war made it too dangerous to stand under the bomb-filled Vietnam sky.

Unable to play with the other children and knowing that at eight she is too old to be adopted, she helps care for the babies in the orphanage. So when frantic aid-workers load a van full of babies and take Tuyet as well, she thinks that's why she is there: as a carer. She can't guess that, with the capital about to fall to the North Vietnamese, she is being evacuated on the last airplane full of at-risk children bound for new adoptive homes in the west. Before she knows what is happening, Tuyet is whisked into life with the Morris family: Mom, Dad, their biological daughter Beth, and their adopted children Lara and Aaron. It takes some time to really understand that she isn't there to help care for baby Aaron: she is there to be their daughter. She learns that the bright sparks in the sky are stars, not bombs, that flames on a birthday cake are nothing to fear, and that her only jobs are to play and to be loved. But a bigger test stands before Tuyet: corrective surgery for her twisted ankle, and a gruelling physiotherapy regimen. Unable to speak English yet and terrified that the procedure will fail, Tuyet must draw on every ounce of courage and focus on her dream of running and kicking a ball in a pair of matching shoes. Sky of Bombs, Sky of Stars: A Vietnamese War Orphan Finds Home is an omnibus edition of the award-winning Last Airlift: A Vietnamese Orphan's Rescue from War and One Step at a Time: A Vietnamese Child Finds Her Way. Retold by acclaimed children's author Marsha Forchuk Skrypuch, Tuyet's dramatic true story is based on personal interviews and enhanced with archival photos.

Outsourced Children Jun 04 2021 It's no secret that tens of thousands of Chinese children have been adopted by American parents and that Western aid organizations have invested in helping orphans in China—but why have Chinese authorities allowed this exchange, and what does it reveal about processes of globalization? Countries that allow their

vulnerable children to be cared for by outsiders are typically viewed as weaker global players. However, Leslie K. Wang argues that China has turned this notion on its head by outsourcing the care of its unwanted children to attract foreign resources and secure closer ties with Western nations. She demonstrates the two main ways that this "outsourced intimacy" operates as an ongoing transnational exchange: first, through the exportation of mostly healthy girls into Western homes via adoption, and second, through the subsequent importation of first-world actors, resources, and practices into orphanages to care for the mostly special needs youth left behind. *Outsourced Children* reveals the different care standards offered in Chinese state-run orphanages that were aided by Western humanitarian organizations. Wang explains how such transnational partnerships place marginalized children squarely at the intersection of public and private spheres, state and civil society, and local and global agendas. While Western societies view childhood as an innocent time, unaffected by politics, this book explores how children both symbolize and influence national futures.

Orphan Trains Dec 11 2021 The true story behind Christina Baker Kline's bestselling novel is revealed in this "engaging and thoughtful history" of the Children's Aid Society (Los Angeles Times). A powerful blend of history, biography, and adventure, *Orphan Trains* fills a grievous gap in the American story. Tracing the evolution of the Children's Aid Society, this dramatic narrative tells the fascinating tale of one of the most famous—and sometimes infamous—child welfare programs: the orphan trains, which spirited away some two hundred fifty thousand abandoned children into the homes of rural families in the Midwest. In mid-nineteenth-century New York, vagrant children, whether orphans or runaways, filled the streets. The city's solution for years had been to sweep these children into prisons or almshouses. But a young minister named Charles Loring Brace took a different tack. With the creation of the Children's Aid Society in 1853, he provided homeless youngsters with shelter, education, and, for many, a new family out west. The family matching process was haphazard, to say the least: at town meetings, farming families took their pick of the orphan train riders. Some children, such as James Brady, who became governor of Alaska, found loving homes, while others, such as Charley Miller, who shot two boys on a train in Wyoming, saw no end to their misery. Complete with extraordinary photographs and deeply moving stories, *Orphan Trains* gives invaluable insights into a creative genius whose pioneering, if controversial, efforts inform child rescue work today.

The Orphan Rescue Jul 30 2023 The Orphan Rescue is inspired by a story from author Anne Dublin's own family history. Set during the spring of 1937 in the small city of Sosnowiec, Poland, it is the story of twelve-year-old Miriam and her younger brother, David. They live with their grandparents, having lost their own parents to illness and poverty. The family does not have much -- they live together in one room behind the grandfather's shop and often there isn't enough food for the four of them -- but they have each other. Miriam is devastated when her grandparents tell her that they can no longer survive as a family, and that the only solution is for David to go to an orphanage. Leaving her young brother behind with strangers breaks her heart, and Miriam decides to rescue him. When Miriam learns that David is being forced to work in a factory by the unscrupulous orphanage director, she realizes that rescuing him may prove difficult. The Orphan Rescue is a historical novel that resonates with the ongoing tragedy of child poverty and the exploitation of children around the world. It also offers a window onto the history of Jews in Europe pre-Holocaust. All of this in an accessible, entertaining story for young readers.

The Child Catchers Sep 07 2021 When Jessie Hawkins' adopted daughter told her she had another mom back in Ethiopia, Jessie didn't, at first, know what to think. She'd wanted her adoption to be great story about a child who needed a home and got one, and a family led by God to adopt. Instead, she felt like she'd done something wrong. Adoption has long been enmeshed in the politics of reproductive rights, pitched as a "win-win" compromise in the never-ending abortion debate. But as Kathryn Joyce makes clear in The Child Catchers, adoption has lately become even more

entangled in the conservative Christian agenda. To tens of millions of evangelicals, adoption is a new front in the culture wars: a test of “pro-life” bona fides, a way for born again Christians to reinvent compassionate conservatism on the global stage, and a means to fulfill the “Great Commission” mandate to evangelize the nations. Influential leaders fervently promote a new “orphan theology,” urging followers to adopt en masse, with little thought for the families these “orphans” may already have. Conservative evangelicals control much of that industry through an infrastructure of adoption agencies, ministries, political lobbying groups, and publicly-supported “crisis pregnancy centers,” which convince women not just to “choose life,” but to choose adoption. Overseas, conservative Christians preside over a spiraling boom-bust adoption market in countries where people are poor and regulations weak, and where hefty adoption fees provide lots of incentive to increase the “supply” of adoptable children, recruiting “orphans” from intact but vulnerable families. The Child Catchers is a shocking exposé of what the adoption industry has become and how it got there, told through deep investigative reporting and the heartbreaking stories of individuals who became collateral damage in a market driven by profit and, now, pulpit command. Anyone who seeks to adopt—of whatever faith or no faith, and however well-meaning—is affected by the evangelical adoption movement, whether they know it or not. The movement has shaped the way we think about adoption, the language we use to discuss it, the places we seek to adopt from, and the policies and laws that govern the process. In The Child Catchers, Kathryn Joyce reveals with great sensitivity and empathy why, if we truly care for children, we need to see more clearly.

description

Orphan Justice Jul 06 2021 Christians are clearly called to care for orphans, a group so close to the heart of Jesus. In reality, most of the 153 million orphaned and vulnerable children in the world do not need to be adopted, and not everyone needs to become an adoptive parent. However, there are other very important ways to help beyond adoption. Indeed, caring for orphaned and vulnerable children requires us to care about related issues from child trafficking and HIV/AIDS to racism and poverty. Too often, we only discuss or theologize the issues, relegating the responsibility to governments. No one can do everything, but everyone can do something. Based on his own personal journey toward pure religion, Johnny Carr moves readers from talking about global orphan care to actually doing something about it in Orphan Justice. Combining biblical truth with the latest research, this inspiring book:

- investigates the orphan care and adoption movement in the U.S. today*
- examines new data on the needs of orphaned and vulnerable children*
- connects “liberal issues” together as critical aspects of orphan care*
- discovers the role of the church worldwide in meeting these needs*
- develops a tangible, sustainable action plan using worldwide partnerships*
- fleshes out the why, what, and how of global orphan care*
- offers practical steps to getting involved and making a difference*

The Orphans of St Halibut's Dec 31 2020 Stolen cakes, major explosions and an unforgettable cast of characters – dive into The Orphans of St Halibut's, a hilarious caper from debut author Sophie Wills and million-copy bestselling illustrator, David Tazzyman. Perfect for fans of Roald Dahl and Lemony Snicket. Life has been perfect ever since the orphans of St Halibut's buried their matron – don't look like that, it was an accident! Tig, Stef, Herc, and Pamela the goat just have to make sure nobody finds out they're on their own. Discovering that an Inspector is on his way, they'll need to convince him that everything is peachy or they'll be sent to the Mending House – where badly behaved orphans go, never to return. But the Inspector is not quite what he seems and things very quickly go from bad to spectacularly out of hand . . . Can these crafty kids outsmart the adults and save their home? 'This book reminded me of an old fashioned film caper – a little like St Trinians meets Oliver with a twist of Matilda thrown in' Year 6 Teacher and Parent 'I would recommend this book to people that like spooky, funny and adventurous stories' Reader, aged 8
