Under Platform 13 at King's Cross Station there is a secret door that leads to a magical island . . . It appears only once every nine years. And when it opens, four mysterious figures step into the streets of London. A wizard, an ogre, a fey and a young hag have come to find the prince of their kingdom, stolen as a baby nine years before. But the prince has become a horrible rich boy called Raymond Trottle, who doesn't understand magic and is determined not to be rescued. Shortlisted for the Smarties Prize, *The Secret of Platform 13* is an exciting magical adventure from Eva Ibbotson, the award-winning author of *Journey to the River Sea*. 'This kind of fun will never fail to delight' Philip Pullman Obesity is currently regarded as one of the major health challenges of the developed world. Excess body weight is an important risk factor for morbidity and mortality from cardiovascular diseases, diabetes, cancer, musculoskeletal disorders and even psychiatric problems and is estimated to cause nearly 3 million deaths per year worldwide. Obesity is not necessarily associated with comorbidities: there are indeed metabolically healthy obese individuals. Thus, we need to consider individuals presenting simple with obesity separately from those at risk of developing or who have already developed complex clinical states potentially leading to disability. Comorbidities can tip the balance of independence in patients who already have functional limitations mainly due to the excess of mass itself or who develop conditions such as diabetes,

cardiovascular conditions, non-alcoholic fatty liver disease, where an abnormal metabolism of adipose tissue prevails. Morbid obesity with comorbidities leading to disability represents a real social and economic burden for National Health Systems worldwide. The presence of multiple and associated comorbidities often represents an obstacle to being admitted to hospitals for the treatment of metabolic diseases. On the other hand, clinical units with optimal standards for the treatment of pathological conditions in normal-weight patients are often structurally and technologically inadequate for the care of patients with extreme obesity. The aim of this book is to focus on the pathophysiological and rehabilitative aspects of disabling obesity, highlighting multidisciplinary rehabilitation interventions as key to counteracting the disabling aspects of complicated obesity. The only text to feature examples of 30 key concept analyses supporting nursing research and practice This DNP and PhD doctoral-level nursing text delivers analyses of 30 core concepts that define nursing theory, research, education, and professional practice. Grounded in the concept analysis framework developed by Walker and Avant, the book clearly demonstrates how concepts are used to build theory, support research, and improve education and professional practice. Designed to facilitate practical applications of concept analysis methodology, all chapters provide an explicit description of each concept and a consistent framework for its analysis. Additionally, a diagrammatic representation of characteristics across concepts allows readers to make comparisons and ultimately to build on the text's knowledge base. Expert authors from clinical and research disciplines focus on the core of nursing-- the nurse-patient relationship--grouping concepts into the categories of patient/client-focused concepts, career-focused concepts, and organizational/systems-focused concepts. Within these groups the book addresses such contemporary themes as hope, postpartum depression, resilience, self-care, cultural competence, and many others. With its expansive descriptions and analyses of key nursing concepts within a consistent framework, the book will help nurse scholars to develop a sophisticated analytic ability and provide graduate nursing students with a foundation for developing a DNP capstone or PhD research project. Key Features: Offers in-depth description and analyses of 30 core concepts relevant to nursing and related disciplines Provides a consistent analytic framework throughout Demonstrates a highly practical application of concept analysis methodology Includes diagrams of characteristics across concepts for comparison Authored by renowned scholars and practitioners An insider's look at the beloved house-elves of the Harry Potter films, complete with a do-it-yourself 3D wood model of Dobby! Skill Level: Easy For the youngest readers, the board book edition of the second book in the New York Times bestselling Rainbow Fish series. Rainbow Fish is torn between his newfound friends and a lonely striped fish who is not allowed to join the group because he lacks a shiny scale. When a dangerous and hungry shark suddenly appears, Rainbow Fish must decide: Should he risk losing his new friends - maybe even his life - for the little stranger? For centuries, social life in rural Tuscany has centered around the veglia, an evening gathering of family and friends at the hearth. Folklore by the Fireside is a thorough and insightful study of this custom—from the tales, riddles, lullabies, and folk prayers performed as the small children are put to bed to the courtship songs and dances later in the evening to the anti-veglia male gossip, card games, and protest songs originating in the tavern. Alessandro Falassi skillfully correlates the veglia to the rites of passage and family values of an agrarian society. Although the impact of mass media and other factors has tended to weaken the tradition, even today Tuscan children are taught to behave and adolescents are guided along the conventional path to adulthood, courtship, and marriage through veglia folklore. This is the first work to deal systematically with Tuscan folklore from a semiotic and structural viewpoint and to examine the veglia as a means of handing down traditional values. It is important not only for its careful, detailed description but also for its rigorous methodology and theoretical richness. "As the sixteenth century opened, members of the patriciate were increasingly withdrawing from trade, desiring to be seen as "gentlemen in fact" as well as "gentlemen in name." The author considers why this was so and explores such wide-ranging themes as attitudes toward wealth and display, the articulation of family identity, the interplay between the public and the private, and the emergence of characteristically Venetian decorative practices and styles of art and architecture. Brown focuses new light on the visual culture of Venetian women - how they lived within, furnished, and decorated their homes; what spaces were allotted to them; what their roles and domestic tasks were; how they dressed; how they raised their children; and how they entertained. Bringing together both high arts and low, the book examines all aspects of Renaissance material culture."--BOOK JACKET. A collection of essays concerning the nature of Renaissance biographies and portraits, which contextualise the works in order to understand their contemporary significance. This seminal volume on the indigenous African Dinka group is a landmark documentation of a vanishing people in war-torn Sudan. World-renowned photographers

Angela Fisher and Carol Beckwith have devoted their lives to documenting the rapidly disappearing ceremonies and cultures of the indigenous people of Africa. In breathtakingly poignant images, they present a story that started with their first visit to the Dinka thirty years ago. Living in harmony with their cattle, the Dinka have survived years of war only to find their culture on the brink of vanishing forever. Where the White Nile River reaches Dinka country, it spills over 11,000 square miles of flood plain to form the Sudd, the largest swamp in the world. In the dry season, it provides abundant pasture for cattle, and this is where the Dinka set up their camps. The men dust their bodies and faces with gray ash--protection against flies and lethal malarial mosquitoes, but also considered a mark of beauty. Covered with this ash and up to 7' 6- tall, the Dinka were referred to as -gentle- or -ghostly- giants by the early explorers. The Dinka call themselves -jieng- and -mony-jang, - which means -men of men.-

Poetry. Women's Studies. Translated from the Italian by Emanuel di Pasquale. Preface by John Taylor. Indian ink drawings by Alberto Cini. Claudia Zironi turns the tables on male writers with her poetic reminiscences of former boyfriends and lovers. Her tone by turns is bemused, angry and grateful, and sometimes revelatory. Her style is sharp, spare and paradoxical. Emanuel di Pasquale was born in Ragusa, Sicily, and emigrated to America in 1957. His translations from Italian include *The Journey Ends Here* by Carlo della Corte (Gradiva, 2000), *Sharing A Trip* by Silvio Ramat (Bordighera Press, 2001) and *Wings: Selected Poetry 2000- 2005* by Franco Buffoni (Chelsea Editions, 2008). He has published many books of his own poetry, the latest being *Knowing the Moment* (Blast Press, 2015). In 2012 Xenos Books published his co- translation with Bruno Alemanni of Dante's *La Vita Nuova*. He lives by the ocean in Long Branch, New Jersey. John Taylor, author of the preface, is an American writer, critic and translator who lives in France. Xenos Books has published two of his books, *THE APOCALYPSE TAPESTRIES* (2004) and *Now the Summer Came to Pass* (e-book, 2012). He is a noted translator of French, modern Greek and Italian poetry. His most recent from Italian

is Lorenzo Calogero, *ORCHID SHINING IN THE HAND: SELECTED POEMS 1932-1960* (Chelsea Editions, 2015). His critical essays on European poetry and French literature have appeared in five volumes with Transaction Publishers, the latest of which is *A Little Tour Through European Poetry* (2014). Music therapy is recognised as being applicable to a wide range of healthcare and social contexts. Since the first edition of *Music Therapy: An art beyond words*, it has extended into areas of general medicine, mainstream education and community practice. This new edition revises the historical and theoretical perspectives and recognises the growing evidence and research base in contemporary music therapy. Leslie Bunt and Brynjulf Stige document the historical evolution of music therapy and place the practice within seven current perspectives: medical, behavioural, psychoanalytical, humanistic, transpersonal, culture-centred and music-centred. No single perspective, individual or group approach is privileged, although the focus on the use of sounds and music within therapeutic relationships remains central. Four chapters relate to areas of contemporary practice across different stages of the lifespan: child health, adolescent health, adult health and older adult health. All include case narratives and detailed examples underpinned by selected theoretical and research perspectives. The final two chapters of the book reflect on the evolution of the profession as a community resource and the emergence of music therapy as an academic discipline in its own right. A concise introduction to the current practice of music therapy around the world, *Music Therapy: An art beyond words* is an invaluable resource for professionals in music therapy and music education, those working in the psychological therapies, social work and other caring professions, and students at all levels. A very special mouse escapes from a lab to find his missing family in this charming story of survival, determination, and the power of friendship. What makes Isaiah so unique? First, his fur is as blue as the sky -- which until recently was something he'd never seen, but had read all about. That's right: Isaiah can read and write. He can also talk to humans . . . if any of them are willing to listen! After a dramatic escape from a mysterious laboratory, Isaiah is separated from his "mischief" (which is the word for a mouse family) and has to survive in the dangerous outdoors, and hopefully find his missing family. But in a world of cruel cats, hungry owls, and terrified people, it's hard for a young, lone mouse to make it alone. When he meets an equally unusual and lonely human girl named Hailey, the two soon learn that true friendship can transcend all barriers. Everything changes for Chris one August evening when red-haired, freckle-faced Johnny turns up on a bicycle, but who is Johnny and why do the police have his bicycle and other belongings? For untold years Norrin Radd has surfed the galaxy, exploring the darkness between stars, witnessing the rise and fall of vast civilizations. Now his ride is about to come to an end. It starts with a small spot - a blemish that will spread until he is no more. Until then, the Silver Surfer would undertake his final voyage - to the one destination that has always eluded him. His journey starts where it began. Guest-starring the Fantastic Four! Collects *Silver Surfer: Requeim* (2007) #1-4. This

work documents a recent exhibition at Richard Serra's work at the Gagosian Gallery, New York. The show was comprised of four distinct works linked by a common theme - each is based on the relationship between the viewer and a horizontal or planer elevation on eye level. At turns poignant and funny, *Sweet Dreams, Little One* - the most successful book to come out of Italy last year with over 1.2 million copies sold, and an international sensation - is the story of a secret which has been kept hidden for forty years and a lifelong search for happiness. Shuri, princess of Wakanda, has one of the bravest souls and most brilliant minds in the whole Marvel-Verse -- and these are the tales that prove it! Whether she's wearing the cowl of the Black Panther to take on A.I.M. and prove her mettle to a Wakandan challenger, or pitting her wits against the mutant Forge in a high-tech race, Shuri knows how to get the job done -- and have fun. That's why she is her brother T'Challa's most dependable ally, aiding him in battle against deadly threats! But when Shuri returns from near-death with mystical new abilities, what comes next? How about a meeting of the geniuses with Riri Williams, a.k.a. Ironheart? Randolph shows how "engaging" political symbols were grounded in a revolutionary way in amorous discourses that drew on metaphors of affection, desire, courtship, betrothal, marriage, homo- and hetero-eroticism, and procreation."--BOOK JACKET. Petra Blaisse and her firm, Inside Outside, specialize in the rare combination of interior and landscape design, interweaving architecture and context. Interior projects use materials that introduce visual effects such as color, flexibility, seasonal change, and movement and solve acoustic, climatic, shading, and spatial issues. Landscape projects reflect a fascination with materials, light, and movement within an urban and infrastructural program. This approach brings forth a series of strong, multilayered garden and park designs that combine logistics with rich planting schemes and graphic effects. Inside Outside introduces the full range of Blaisse's work, focusing on collaborations with internationally renowned architects including Rem Koolhaas and SANAA. It weaves together descriptions and documentation of more than fifty projects, a conversation with the designer, and essays by renowned writers and critics. Welcome to Ethan Stowell's New Italian Kitchen--not so much a place as a philosophy. Here food isn't formal or fussy, just focused, with recipes that honor Italian tradition while celebrating the best ingredients the Pacific Northwest has to offer. We're talking about a generous bowl of steaming handmade pasta--served with two forks for you and a friend. Or perhaps an impeccably fresh crudo, crunchy cucumber and tangy radish accenting impossibly sweet spot prawns. Next up are the jewel tones of a beet salad with lush, homemade ricotta, or maybe a tangle of white beans and clams spiked with Goat Horn pepper--finished off with a whole roasted fish that begs to be sucked off the bones. Oh, some cheese, a gooseberry compote complementing your Robiola, or the bittersweet surprise of Campari sorbet. This layered approach is a hallmark of Ethan's restaurants, and in his New Italian Kitchen, he offers home cooks a tantalizing roadmap for re-creating this style of eating. Prepare a feast simply by combining the lighter dishes found in "Nibbles and Bits"--from

Sardine Crudo with Celery Hearts, Pine Nuts, and Lemon to Crispy Young Favas with Green Garlic Mayonnaise—or adding recipes with complex flavors for a more sophisticated meal. Try the luscious Corn and Chanterelle Soup from “The Measure of a Cook;” or the Cavatelli with Cuttlefish, Spring Onion, and Lemon from “Wheat’s Highest Calling.” Up the ante with a stunning Duck Leg Farrotto with Pearl Onions and Bloomsdale Spinach from “Starches to Grow On,” or choose one of the “Beasties of the Land,” like Skillet-Roasted Rabbit with Pancetta-Basted Fingerlings. Each combination will nudge you and your guests in new, unexpected, and unforgettable directions. Every page of Ethan Stowell’s New Italian Kitchen captures the enthusiasm, humor, and imagination that make cooking one of life’s best and most satisfying adventures.
