Becoming Attached (1998) explores the importance of children's first relationships in life by examining their attachment to a primary caregiver. Offering insights into the positive and negative ways that early attachment can impact childhood development, Robert Karen presents his theories on childhood bonds and cements his place in the wider scientific conversation on attachment theory. Summary of Rich Dad, Poor Dad Introduction Key take-away from this book: Being rich is a mindset, not a sum of money. The

rich don't think the way that most of us who are trapped in the Rat Race do. The rich buy and build assets that put money back in their pocket. Once their assets are generating enough money to live off, a completely new world of freedom opens up where they can work for themselves rather than working for someone else. The son of one of the authors summed it up well in the book introduction. "Mom, I don't want to work as hard as you and dad do. You make a lot of money, and we live in a huge house with lots of toys. If I follow your advice, I'll wind up like you, working harder and harder only to pay more

taxes and wind up in debt. There is no job security anymore; I know all about downsizing and rightsizing. I also know that college graduates today earn less than you did when you graduated. Look at doctors. They don't make nearly as much money as they used to. I know I can't rely on Social Security or company pensions for retirement. I need new answers." The old answer is the Rat Race, "where you work for the owners of a company, for the government paying taxes, and for the bank paying off a mortgage and credit cards. We advise our children to 'study hard, get good grades, and find a safe job or

career' but this is risky advice. "That is old advice, and it's bad advice. If you could see what is happening in Asia, Europe, South America, you would be as concerned as I am." This short summary and analysis of Uninvited by Lysa TerKeurst includes: Historical context Chapter-by-chapter summaries Important quotes Fascinating trivia Select Scriptures Supporting material to enhance your understanding of the original work About Uninvited by Lysa TerKeurst: Uninvited: Living Loved When You Feel Less Than, Left Out, and Lonely, by outspoken New York Times—bestselling author, wife, and mother Lysa TerKeurst, is a spiritual guide to "living loved" in today's busy, social media-driven world. The book inspires and

empowers women to find the strength to overcome the pain of rejection, and to take control of their actions and feelings in order to fully experience God's love. Uninvited is an invitation to understanding, acceptance, belonging, and soulful restoration and redemption. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction. Accompanied by annual issue in 1944 and by quarterly cumulative issues beginning in 1945. Summary of Start with Why Start with Why is a book written by Simon

Sinek. Someone may ask, what is so special about this book? In this book, Sinek discusses success, but not in the usual, "follow these steps to achieve anything you want," way. Sinek uses a different approach than readers tend to find in other literature of the same type. The very first premise that the author uses to lead us into his book is a premise that contains one simple word: why. Why do some people reach success while others do not? Why do some groups manage to team-up and endure challenges, thus succeeding, while others fail to do so? What is it that makes some people

different from others when it comes to achieving success? The entire book revolves around that question word. But the interesting thing about it, which eventually leads to even more interesting conclusion, is that there is an answer to this "why." Sinek uses many examples from real life and from people he knew or had researched, and shows how they managed to succeed. By using these examples, the author shows his readers that if others can succeed, so can we. When it comes to practical answers to "why," the author invests significant effort in finding all the answers. Start with

Why is an intriguing and fascinating read, which will surely make readers ask themselves this simple, yet tricky question: why? Here is a Preview of What You Will Get: A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book. SUMMARY:

ATOMIC HABITS: An Easy & Proven Way to Build Good Habits & Break Bad Ones. This book is not meant to replace the original book but to serve as a companion to it.

ABOUT ORIGINAL BOOK: Atomic Habits can help you improve every day, no matter what your goals are. As one of the world's leading experts on habit formation, James Clear reveals practical strategies that will help you form good habits, break bad ones, and master tiny behaviors that lead to big changes. If you're having trouble changing

your habits, the problem isn't you. Instead, the issue is with your system. There is a reason bad habits repeat themselves over and over again, it's not that you are not willing to change, but that you have the wrong system for changing. "You do not rise to the level of your goals. You fall to the level of your systems" - James Clear I'm a huge fan of this book, and as soon as I read it I knew it was going to make a big difference in my life, so I couldn't wait to make a video on this book and share my ideas. Here is a link to James Clear's website, where I found he uploads a tonne of useful posts on motivation, habit

formation and human psychology. DISCLAIMER: This is an UNOFFICIAL summary and not the original book. It designed to record all the key points of the original book. The must-read summary of Arthur Levitt's book: "Take On the Street: What Wall Street and Corporate America Don't Want You to Know What You Can Do to Fight Back". This summary of the ideas from Arthur Levitt's book "Take On the Street" answers some of the questions that often befuddle the new investor: How should you deal with brokers? What are mutual funds? How should you read investor reports and financial results? In

his book, the author takes the time to answer these questions and many others. He also advises investors to always remember whom the person they are talking to is working for (your broker is first and foremost, a sales person) and how to find and identify the most important pieces of information. This summary is a must-read for any new investors who want to become informed and start making money. Added-value of this summary: • Save time • Understand key concepts • Expand your knowledge To learn more, read "Take On the Street" and discover how anyone can learn the facts and

become a savvy investor. David Brooks defines the four commitments that lead to a life of fulfillment. New York Times writer David Brooks describes the first stage of adult life, from your 20s to your 40s, as the "First Mountain". This period is characterized by establishing your career, building your professional and private life, and establishing yourself. But what happens once you've done that? What is your direction after that? This is what Brooks calls the "Second Mountain. For Brooks this period is about service to others. To your friends, to your spouse, and to your community. This

period is characterized by commitments, profession and personal, religious and intellectual. Brooks takes the standpoint of a mentor who has passed into this second mountain, more patient and maybe a little wiser, offering his thoughts and advice. Summary of Crucial Conversations - Tools for Talking When Stakes Are High - A Comprehensive Summary While the phrase "crucial conversation" might conjure up images of important officials gathered in conference rooms, the authors mean it to refer to the dialogues we engage in, every day of our lives. Three things come together to forge a crucial

conversation, which is a discussion involving two or more people: opposing opinions, strong emotions, and high stakes. Typically, people handle these kinds of conversations in three ways: they avoid them, they face them and handle them poorly, or they face them and handle them well. Of those three choices, who would not choose the third option, to handle them well? And yet, it usually goes the other way: usually, when we get into "crucial" territory, we bring out our worst behavior. The authors claim that this is because we are designed incorrectly, which means we do not know what to do when a

conversation slides out of casual territory. When we hear someone say something that we disagree with, our body reacts in a hostile manner, pumping adrenaline through our veins and diverting blood from the brain.

Worse, we are not usually... To be continued... Here is a Preview of What You Will Get: □ A Full Book Summary □ An Analysis □ Fun quizzes □ Quiz Answers □ Etc. Get a copy of this summary and learn about the book.

Data from known reliable reservoir sedimentation surveys made in the United States through 1970 are summarized in this bulletin. Additional data from surveys made after 1965 are included for a few reservoirs.
