Find all of the following, explained in plain-English with no legal jargon: The difference between deductions and credits Itemized deductions vs. the standard deduction Several money-saving deductions and credits and how to make sure you qualify for them How to calculate your refund How to know which tax forms to fill out State income taxes Alternative Minimum Tax (AMT) Capital Gains and Losses The "LLC, S-Corp, or C-Corp" question is one of essential importance: Make the right decision, and you'll be paying less tax; you'll know your personal assets are protected from lawsuits against your business; and you might even save yourself some money on accounting and legal fees. Make the wrong decision, and you'll be paying an unnecessary amount of tax; you'll be wasting money on legal bills; and you'll be only a lawsuit away from losing your home and other personal assets. Find the following, explained in plain-English with no legal jargon: The basics of sole proprietorship, partnership, LLC, S-Corp, and C-Corp taxation. How to protect your personal assets from lawsuits against your business. When the protection offered by an LLC will work. (And more importantly, when it will not!) Which business structures could reduce your federal income tax or self-employment tax. This easy-to-read guide takes the intimidation out of running a family child care business through legal and insurance planning. From researching and purchasing homeowner's, liability, auto and disability insurance to protecting against lawsuits, the Family Child Care Legal and Insurance Guide details the many practical ways business owners can maximize their knowledge about the safeguards needed to ensure the health and prosperity of their businesses. Tax-Wise Business Ownership is an easy-to-understand tax guide for business owners. Written by an attorney who is also a business owner, Tax-Wise Business Ownership is easy to read with plenty of examples of how the tax laws work and includes an alphabetical list of the various business deductions and how to take them. Readers will also learn about the various business structures that exist today and how those structures impact the bottom line. If you're a business owner, incorporation can help you protect your personal assets and cut down your tax bill. But all the paperwork and legalese can make incorporation seem like more trouble than it's worth. Incorporating Your Business For Dummies offers all the savvy tips you need to get incorporated — starting today! Whether your business is big or small, incorporating isn't as simple as it could be. This handy reference makes incorporation make sense, and guides you through the process step by step. From handling the mountain of paperwork to getting back to business once you're finished, Incorporating Your Business For Dummies offers a wealth of helpful advice on these and many more topics: Knowing whether or not incorporation can help you Choosing the type of entity that will work best for your business Dealing with shareholders and shareholder agreements Transferring money and assets in or out of the corporation Documenting corporate actions and maintaining compliance Finding the right attorney, accountant, tax advisor, and other professionals Written by the experts at The Company Corporation, who handle more than 100,000 incorporations every year, this helpful book offers the kind of advice you can only get from professionals — but in a user-friendly, lingo-free format. Whether you just want a little help with the paperwork, or don't even know what a corporation is, you'll find everything you need to know: What limited liability means Corporate statutes, bylaws, and articles Choosing directors and assigning duties The benefits of S corporation status

Deciding where to incorporate Registering corporate names and domain names Balancing equity versus debt Understanding shareholder rights Getting your financial information in order Hiring a professional to help with corporate compliance If you want step-by-step help on setting up your corporation, dealing with the paperwork, and getting off on the right foot, Incorporating Your Business For Dummies is the only resource you need. Packed with the kind of tips and advice you'll find nowhere else, it's the uncomplicated way to get incorporated. As people have come to yearn for more fulfilling and creative work, many are realizing their dreams by leaving the corporate life behind and creating businesses around the things they love. In Not Just a Living, Mark Henricks explores the genesis of this cultural and social phenomenon and offers a comprehensive approach for assessing your own potential, taking the plunge, and building a business that helps you fulfill both personal and professional aspirations. Combining the authority of firsthand experience, colorful and engaging stories from the front lines, and a variety of diagnostic and planning tools, Henricks shows you how to determine whether the entrepreneurial route is right for you, recognize opportunities, overcome obstacles, plan your course, and launch and sustain your business-whether it's a solo venture out of your garage or a multi-million-dollar enterprise. How can I avoid self-employment taxes? This simple question was the inspiration for creating an article describing the benefits of an S Corporation. That original article, which was about four pages long, quickly became a series of KnowledgeBase articles on the Watson CPA Group website. The articles touched on basic topics such as how to elect S Corp status, payroll, reasonable salary determination, retirement planning, health care, fringe benefits and liability protection. Those broad topics demanded much more information, both horizontally by spanning into more related issues, and vertically by digging deeper into the granular yet riveting levels of the tax code. The articles were grouped and relabeled as the Taxpayer's Comprehensive Guide to LLCs and S Corps which grew to 39 pages in its first edition. Time marched on, and more information was added to the first edition such as expanded retirement planning concerns, health care options after the Affordable Care Act and business valuations including exit strategies. Boom, we now had our second edition at over 100 pages. At that point it was suggested by some clients and colleagues to convert the PDF into an eBook as well as paperback. So here we are.. Each week we receive several phone calls and emails from small business owners across the country who have read our Taxpayer's Comprehensive Guide to LLCs and S Corps and praised the wealth of information. Regardless of your current situation, whether you are considering starting your own business or entertaining a contracting gig, or you are an experienced business owner, the contents of this book are for you. This book will show you how to reduce your self-employment taxes through an S Corporation election and how to use your corporation to your retirement and fringe benefit advantage. You will also learn the operational considerations of an S Corp plus the 185 reasons you should NOT elect S Corp status. Want to buy or sell a business? That's in here too. This book is written with the general taxpayer in mind. Too many resources simply regurgitate complex tax code without explanation. While in some cases tax code and court opinions are duplicated verbatim because of the precise words, this book strives to explain many technical concepts in layperson terms with some added humor and opinions. We believe you will find this book educational as well as amusing. Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where

you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D Scroll up, click the buy button, and get started today! Angel investing can be fun, financially rewarding, and socially impactful. But it can also be a costly endeavor in terms of money, time, and missed opportunities. Through the successes, failures, and collective experience of the authors you'll learn how to increase your chances of success and your payout when your investment succeeds, and what to do if things go sideways. You'll learn how to evaluate deals like a lead investor, think through term sheets like a lawyer, and keep perspective through losses and triumphs. This book will also be of use to founders raising an angel round, who will be wise to learn how decisions are made on the other side of the table. No matter where you're starting from, this book will give you the context to become a savvier thinker, a better negotiator, and a positive member of the angel investing and startup communities. Your Amazing Itty Bitty(R) S-Corp Book 15 Simple Steps to Understanding Everything About S-Corps Did you know that you are being unfairly overtaxed and over-audited by IRS? Capitalize on the permissible differences in stock rights to facilitate estate planning and ownership transfers. Determine allocation of income, losses, and deductions in the termination year of the S corporation . Plus, there are citations To The controlling rules, regulations, and court decisions that will save you hours of research. "The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited "U.S.C. 2012 ed." As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law

Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office"--Preface. A flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of concepts. This succinct and enlightening overview is a required reading for all those interested in the subject . We hope you find this book useful in shaping your future career & Business. The "LLC, S-Corp, or C-Corp" question is one of essential importance: Make the right decision, and you'll be paying less tax; you'll know your personal assets are protected from lawsuits against your business; and you might even save yourself some money on accounting and legal fees. Make the wrong decision, and you'll be paying an unnecessary amount of tax; you'll be wasting money on legal bills; and you'll be only a lawsuit away from losing your home and other personal assets. Find the following, explained in plain-English with no legal jargon: The basics of sole proprietorship, partnership, LLC, S-Corp, and C-Corp taxation. How to protect your personal assets from lawsuits against your business. When the protection offered by an LLC will work. (And more importantly, when it will not!) Which business structures could reduce your federal income tax or self-employment tax. A comprehensive guide to talking about money in every aspect of your life, including at work, with friends and family, and in relationships, from the author of the Broke Millennial series. Let's face it--talking about money is always awkward. In this user-friendly and approachable guide, finance writer Erin Lowry helps take the stress out of these tricky conversations. With scripts, tips, and troubleshooting advice, she takes you through every possible money talk scenario, including: • how to tell your friends you can't afford the same lifestyle they can • how to ask your parents if they can afford retirement and if they'll need your support as they age • how to talk to your coworkers about your salary and negotiate with your boss • how to broach the subject of a prenup with your fiancé Lowry arms you with all of the financial knowledge you'll need in order to get the most out of each interaction, whether that's with your friends, your spouse, your employer, or your mom. It's time to demystify our money and hash out these tough topics with the important people in our lives, and this helpful book will make it all much easier. "A 14% credit card rate! What a deal!" "Where it says 'adjustable' here on my mortgage - that means 'fixed', right?" "Work until I retire, then collect Social Security. That's my wealth plan." If you've ever wondered how your money works, where it goes or how it grows, stop wondering. "Control Your Cash: Making Money Make Sense" deconstructs personal finance so that everyone but the hopelessly inept can understand it. Inside the book, you'll learn: [how to get your bank accounts, credit cards and other financial instruments to work for you, and not the other way around [the right way to buy a car (i.e. with the salesman cursing your name as you drive away) [where and how to invest, and what all those symbols, charts and graphs mean [how to turn expenses into income, and stop living paycheck-to-paycheck [whom the tax system is stacked against (hint: it's most of us) and how to use that to your advantage [the very key to wealth itself. In fact, the authors thought it was so important they put it on the cover so you can read it even if you're too cheap to buy the book: Buy assets, sell liabilities. Finally, a

book that explains personal finance not only in layman's terms, but in detail. If you can read, and have any capacity for self-discipline, invest a few bucks in "Control Your Cash" now and reap big financial rewards for the rest of your life. Learn lucrative tax-saving business organization secrets and cut your research time in half with this complete guide and software system. Our unique Entity Wizard interviewing software will guide you safely through all the options and then draft a report based on the level of documentation you choose. The accompanying guide delivers the latest on single-member LLCs, check-the-box entity classification, tax breaks for QSBCs, and more. A guide to investing basics by the author of Broke Millennial, for anyone who feels like they aren't ready (or rich enough) to get into the market Millennials want to learn how to start investing. The problem is that most have no idea where to begin. There's a significant lack of information out there catering to the concerns of new millennial investors, such as: * Should I invest while paying down student loans? * How do I invest in a socially responsible way? * What about robo-advisors and apps--are any of them any good? * Where can I look online for investment advice? In this second book in the Broke Millennial series, Erin Lowry answers those questions and delivers all of the investment basics in one easy-to-digest package. Tackling topics ranging from common terminology to how to handle your anxiety to retirement savings and even how to actually buy and sell a stock, this hands-on guide will help any investment newbie become a confident player in the market on their way to building wealth. " ... analyzes the issues relating to the deduction by an employer for a "reasonable allowance" under [section] 162(a) for compensation paid with regard to personal services rendered. It discusses in depth the factors applied in determining reasonableness, the necessity for the actual performance of services, situations where a deduction for reasonable compensation is not allowable, and other aspects of reasonable compensation. Various tax planning and controversy considerations also are discussed"--Portfolio description (p. iii). Find all of the following, explained in plain-English with no legal jargon: Business Taxation 101: A brief primer on tax topics in general, especially as they apply to businesses. Home Office Deduction: How to ensure you qualify for it and how to calculate it. Estimated Tax payments: When and how to pay them, as well as an easy way to calculate each payment. Self-Employment Tax: What it is, why it exists, and how to calculate it. Business Retirement Plans: What the different types are, and which one is best for you. Numerous Business Deductions: Several deductions explained in detail, including how to make sure you can qualify to take them and how to maximize them. Audit Protection: Learn what records you need to keep (and how long to keep them) in order to protect yourself in case of an au
