Insiders' Guide to Savannah and Hilton Head is the essential source for in-depth travel and relocation information to these treasured Southern cities. Written by a local (and true insider), this guide offers a personal and practical perspective that makes it a must-have guide for travelers as well as residents looking to rediscover their home city of Savannah or nearby Hilton Head. From its lively capital, Dublin, to vast swathes of remote wilderness, Ireland will surprise and delight in equal measure. Insight Guide Explore Ireland is the ideal pocket companion for your trip: a full-colour guide containing 16 easy-to-follow routes around Ireland. Inside Explore Ireland: Discover Ireland's epic natural attractions, including the dramatic Cliffs of Moher and the peculiar limestone Burren. Experience the historic and modern marvels of Dublin, Ireland's charming and vibrant capital city. Insight's trademark cultural coverage sets the routes in context, with introductions to Ireland's cuisine, entertainment options, wealth of activities on offer and key historical dates. Our recommended places to eat and drink are highlighted in each route, with even more suggestions in the directory section, which also contains a wealth of useful practical information including a range of carefully selected accommodation to suit all budgets. Pull-out map with useful plotted routes. Evocative photography captures Ireland's stunning green scenery. About Insight Guides: Insight Guides has over 40 years' experience of publishing high-quality, visual travel guides. We produce around 400 full-colour print guide books and

maps as well as picture-packed eBooks to meet different travellers' needs. Insight Guides' unique combination of beautiful travel photography and focus on history and culture together create a unique visual reference and planning tool to inspire your next adventure. 'Insight Guides has spawned many imitators but is still the best of its type.' - Wanderlust Magazine

Presents a pictorial history of Harley-Davidson motorcycles, detailing prices, production information, colors, and specifications for each model. The Soaring Pilot's Manual advances the reader from elementary flying to confident soaring by clearly and precisely explaining the basic soaring mechanisms and techniques. Many people modify their Harley-Davidson engines—and find the results disappointing. What they might not know—and what this book teaches—is that emphasizing horsepower over torque, the usual approach, makes for a difficult ride. Author Bill Rook has spent decades perfecting the art of building torque-monster V-twin Harley engines. Here he brings that experience to bear, guiding motorcycle enthusiasts through the modifications that make a bike not just fast but comfortable to ride. With clear, step-by-step instructions, his book shows readers how to get high performance out of their Harleys—and enjoy them, too. Donny Petersen, who studied privately with Harley-Davidson engineers, shares practical knowledge and street-wise tips in the fifth volume of his unauthorized guide on the best motorcycle maker in the world. Written in straightforward language, this guide can help even a motorcycle novice to become an expert mechanic by following Donny's step-by-step instructions. Whether you're looking for detailed service procedures such as fitting engine bearings or simple tips on maintenance, Donny is eager to share the expertise he's stockpiled on the Shovelhead over the last forty years. Donny shares real stories so you can find solutions to whatever is ailing your Shovelhead. Resolve teething problems, troubleshoot problematic aspects of the engine, and fix whatever comes up with various models. Gear ratios, torque multiplication, and H-D and aftermarket tools of the day are prominent in the guide, which even includes information on tools Donny invented himself to make your life easier. Get the specifications for tightening all the Shovelhead fasteners and adjustments to mechanisms on various models. In his usual forthright

manner, Donny makes technical issues understandable, interspersing explanations with entertaining stories about the hard core lifestyle that comes with being a Harley rider. Who knew, over a century ago, that the speed-hungry, cutting-edge motorcycle fanatics who founded Harley-Davidson were making history as well as bikes? The Harley-Davidson Motor Co. Archive Collection, showcasing more than 100 years of bikes that shaped motorcycle history, brings that history to gleaming life on page after page of motorcycles beyond compare. Created in cooperation with the official Harley-Davidson Museum in Milwaukee, this book gives motorcycle enthusiasts an opportunity to pore over milestone bikes from the collection, and to linger over every detail that has made Harley-Davidson an icon of American open-road power and performance. With exquisite, detailed photographs and histories of more than 200 motorcycles from Harley 's collection, from serial number one built in 1903 to pre-World War II racers to the latest Street Glide, the book captures the excitement of the best-known motorcycles in the world. From the earliest singles and twins through street, race, and military bikes powered by Flatheads, Panheads, Knuckleheads Evos, Twin Cams, and more, The Harley-Davidson Motor Co. Archive Collection is a stunning collection, all that 's missing is the patented roar, which readers are invited to supply! All the postwar bikes are profiled featuring production changes, facts and figures, and nearly 150 photos of Knucleheads, Panheads, Shovelheads, Sportsters, and Superglides. 2nd ed. Featuring world-famous motorcycles from the 1900s to the present day, Harley- Davidson is the ideal pocket-sized guide for identifying these legendary bikes.
