Report on the Organization and Campaigns Mar 16 2023

Excerpt from Report on the Organization and Campaigns: Of the Army of the Potomac; To Which Is Added an Account of the Campaign in Western Virginia, With Plans of Battle-Fields The attack upon Fort Sumter on the 12th of April, 1861, took the Northern people

by surprise, and found them entirely unprepared to carry on a serious contest. Our people were born and educated amidst the blessings of peace and material prosperity; they were in the habit of yielding obedience to the laws of the country and the will of the majority as expressed in the elections, and had become accustomed to see great political excitement and animosity calmly subside through the deference of the minority to the decision of the majority. Thus to the last moment it was difficult to realize that a great civil war was imminent; and men clung fondly to the hope that the good sense of both sections

would in the eleventh hour find some honorable solution to the difficulty, as had so often been the case before. It is probable that neither section fully realized the power and violence of the passions evoked, and that each flattered itself with the delusive hope that the other would yield something, rather than risk the inevitable and terrible consequences of an appeal to arms. Each underrated the strength, resources and courage of the other. These mutual misunderstandings, ably used by a comparatively small number of ambitious and unscrupulous men, were at their height when the insult offered the national flag in the

harbor of Charleston aroused both parties to something like a true sense of their condition. The South were warned that they were irrevocably committed to make good their threats, and to establish by force their vaunted right of secession. Land Campaigns of the Civil War Aug 09 2022 This campaign-by-campaign analysis of the War Between the States presents the action from the opening shots at Fort Sumter to the furled flags at Appomattox. Battles both obscure and famous are examined in detail, covering each army's move and countermove. Commentary is provided on the individual

battles with attention to the role each conflict played in the greater scheme of the campaign and the war. The chronological arrangement of the campaigns allows for ready reference regarding a single event or an entire series of campaigns. The text is both clear and thorough, focusing on strategy and military successes and failures. An introduction to the events leading up to the war lays the groundwork for the military analysis. Maps and an index are also included. Grant and Robert E. Lee first met in battle. The Wilderness campaign of May 5-6 initiated an epic confrontation between these

two Civil War commanders-- one that would finally end, eleven months later, with Lee's surrender at Appomattox. The eight essays here assembled explore aspects of the background, conduct, and repercussions of the fighting in the Wilderness. Through an often-revisionist lens, contributors to this volume focus on topics such as civilian expectations for the campaign, morale in the two armies, and the generalship of Lee, Grant, Philip H. Sheridan, Richard S. Ewell, A. P. Hill, James Longstreet, and Lewis A. Grant. Taken together, these essays revise and enhance existing work on the battle, highlighting ways in which the military and

nonmilitary spheres of war intersected in the Wilderness. The contributors: --Peter S. Carmichael, 'Escaping the Shadow of Gettysburg: Richard S. Ewell and Ambrose Powell Hill at the Wilderness' --Gary W. Gallagher, 'Our Hearts Are Full of Hope: The Army of Northern Virginia in the Spring of 1864' --John J. Campaigns of 1862 And 1863 Jul 08 2022 Excerpt from Campaigns of 1862 and 1863: Illustrating the Principles of Strategy The discussion of events recently passed and fresh in everybody's memory, is a difficult task, as impressions of all kinds are still alive, and passions on the subject are not entirely subdued. It is therefore necessary, before entering on the discussion of the past campaign, to establish a sound basis, or rather to give the reader a correct idea of what in war is to be considered right

and what wrong. For this, sound knowledge and thorough understanding of the great maxims of the art, and a familiar acquaintance with the great geographical features of the theater of the contest, are absolutely indispensable. We will, consequently, devote a few chapters to the principles of strategy, as applied to great wars of invasion; and we will consider the geography of the Southern Confederacy, in so far as it has an influence on military Operations. Campaigns Of The Civil War Vol. 1 - The Outbreak Of

Rebellion Nov 12 2022 John G. Nicolay (1832-1901) was an

undeniably apt and brilliant choice to inaugurate the

landmark Campaigns of the Civil War series. Private

secretary to President Lincoln and coauthor (with John Hay)

of the monumental, ten-volume Lincoln biography, Nicolay

experienced the Civil War from a unique vantage point: living

in the White House, witnessing the many momentous events and minor wranglings, sharing the nation's trauma with Lincoln, and winning his open confidence. It is Nicolay's firsthand knowledge and personal observations of the key figures that imbue *The Outbreak of Rebellion* (1881) with immediacy and thrust. Here is the secession fever that swept the South; Lincoln's shrewd and desperate maneuverings to hold the border states; the behind-the-scenes debates about how to respond to the crisis; the attack on Fort Sumter and the call to arms; and the hard-fought battle along Bull Run creek that resulted in a chaotic

Federal defeat and the first appalling casualties of the war. Nicolay's insider view of the opening act of the Civil War has produced a succinct, compelling account of considerable value and fascinating insights. This book is one of the basics you need to have when diving into American history and the Civil War period especially. It covers the following chapters:
Contents: Preface. Chapter I - Secession. Chapter II - Charleston Harbor. Chapter III - The Confederate States' Rebellion. Chapter IV - Lincoln. Chapter V - Sumter. Chapter VI - The Call To Arms. Chapter VII - Baltimore. Chapter VIII - Washington. Chapter IX -

Ellsworth. Chapter X - Missouri. Chapter XI - Kentucky. Chapter XII - West Virginia. Chapter XIII - Patterson's Campaign. Chapter XIV - Manassas. Chapter XV - Bull Run. Chapter XVI - The Retreat. Chapter XVII - Conclusion.
Do Campaigns Matter? May 18 2023 A thorough examination of the impact of campaign politics on presidential elections in the United States is presented in this book. Using actual election results and empirical evidence, the author also incorporates data on additional factors such as media coverage, the impact of nominating conventions on public opinion, presidential

debates, and other events such as staff shake-ups, endorsements and scandals. In so doing, Holbrook develops a model for testing campaigns and proves how campaigns play a key role in shaping public opinion and, ultimately, influencing outcomes.

*Wellington's Campaigns,
Peninsula-Waterloo, 1808-15*
Nov 19 2020 In this book, first published in 1907, all three

parts of Wellington's Campaigns, hitherto published separately, are brought out together in one volume. The consolidated volume covers all campaigns fought during the Peninsula War in Portugal, Spain, and the South of France between 1808 and 1814 and concludes with the Waterloo campaign in 1815. It also contains an additional Appendix concerning the influence of certain Spanish operations and special circumstances in Spain upon the movements of Moore and Wellington. Richly illustrated throughout with sketch maps and plans.

And Keep Moving On Feb 20 2021 When campaigning began

anew after the winter of 1863-64, the Battle of Wilderness seemed merely a reprise of earlier struggles, but Grant changed the pattern by refusing to withdraw and instead attacked again and again throughout the summer of 1864. This is the story of the 1864 Virginia campaign.

The Shenandoah Valley Campaign of 1864 Dec 01 2021 Generally regarded as the most important of the Civil War campaigns conducted in the

Shenandoah Valley of Virginia, that of 1864 lasted more than four months and claimed more than 25,000 casualties. The armies of Philip H. Sheridan and Jubal A. Early contended for immense stakes. Beyond the agricultural bounty and the boost in morale a victory would bring, events in the Valley also would affect Abraham Lincoln's chances for reelection in the November 1864 presidential canvass. The eleven original essays in this volume reexamine common assumptions about the campaign, its major figures, and its significance. Taking advantage of the most recent scholarship and a wide range of primary sources, contributors

examine strategy and tactics, the performances of key commanders on each side, the campaign's political repercussions, and the experiences of civilians caught in the path of the armies. The authors do not always agree with one another, yet, taken together, their essays highlight important connections between the home front and the battlefield, as well as ways in which military affairs, civilian experiences, and politics played off one another during the campaign. The Spotsylvania Campaign
May 14 2020 The Spotsylvania Campaign marked a crucial period in the confrontation

between Ulysses S. Grant and Robert E. Lee in Virginia. Waged over a two-week period in mid-May 1864, it included some of the most savage fighting of the Civil War and left indelible marks on all involved. Approaching topics related to Spotsylvania from a variety of perspectives, the contributors to this volume explore questions regarding high command, tactics and strategy, the impact of fighting on officers and soldiers in both armies, and the ways in which some participants chose to remember and interpret the campaign. They offer insight into the decisions and behavior of Lee and of Federal army leaders, the fullest descriptions

to date of the horrific fighting at the "Bloody Angle" on May 12, and a revealing look at how Grant used his memoirs to offset Lost Cause interpretations of his actions at Spotsylvania and elsewhere in the Overland Campaign. The contributors: _William A. Blair, Grant's Second Civil War: The Battle for Historical Memory _Peter S. 15 2023 A deft, lively, and highly readable history of the demise of the German way of war. As the allies found an antidote to the "shock and awe" approach of the Wehrmacht, the once mighty German army underwent an epic fall from remarkable operational victories to crushing operational defeats, forced to take on a defensive stance in a war it could never win.

How to Win Campaigns Aug 21 2023 How to Win Campaigns is a practical guide for creating and running successful campaigns. Written for the new campaigner and the experienced communicator alike, it explores what works (and what doesn't) and shows

how to use principles and strategy in campaigning as a new form of public politics. Applicable to any issue and from any point of view, the book's key steps and tools provide models of motivation, analysis and communication structure. This fully revised and updated second edition includes the following new features: * Campaign Master Planner * Political Checklist * Motivational Values * Behaviour Change * Campaigning and the Climate Issue * Dealing With Disasters * Using Celebrities * Being Interesting * Brainstorming * Visual Narratives * A Strategy For Values, Behaviour, Politics and Opinion * Emergencies *

Tame and Wicked Problems * How To Tell If You Are Winning * Plus all new case studies on - new media and the Obama campaign, the smoking ban, chemicals and health and greening Apple computers. *The U.S. Army Campaigns of the War of 1812 (Illustrated Edition)* Apr 17 2023 The War of 1812 is perhaps the United States' least known conflict. Other than Andrew Jackson's 1815 victory at New Orleans and Francis Scott Key's poem "The Star-Spangled Banner" written in 1814 during the British attack on Baltimore, most Americans know little about the country's second major war. This book will give you a full insight into the

hot hours in a newspaper
office, the click of a Morse
dispatch, and work far into the
midnight! " So I left Mr. Pratt,
of the Newport Mercury, with
anostentation of affront, and
bade James Brady, the

boatman, hoist sail and carry
me over to Dumpling Rocks. On
the grassy parapet of the
crumbling tower which once
served the purposes of a fort,
the transparent water
hungering at its base, the rocks
covered with fringe spotting
the channel, the ocean on my
right hand lost in its own
vastncss, and Newport out of
mind save when the town bells
rang, or the dip of oars beat in
the still swell of Narragansett, I
lay down, chafing and out of
temper, to curse the only
pleasurable labor I had ever
undertaken. To me all places
were workshops: the seaside,
the springs, the summer
mountains, the cataracts, the
theatres, th...
