"A beautiful tribute to the power of good teachers."--Terry Gross, Fresh Air "One of the most inspiring stories I've come across in a long time."--Pamela Paul, New York Times Book Review Ryan Speedo Green had a tough upbringing in southeastern Virginia: his family lived in a trailer park and later a bullet-riddled house across the street from drug dealers. His father was absent; his mother was volatile and abusive. At the age of twelve, Ryan was sent to Virginia's juvenile facility of last resort. He was placed in solitary confinement. He was uncontrollable, uncontainable, with little hope for the future. In 2011, at the age of twenty-four, Ryan won a nationwide competition hosted by New York's Metropolitan Opera, beating out 1,200 other talented singers. Today, he is a rising star performing major roles at the Met and Europe's most prestigious opera houses. SING FOR YOUR LIFE chronicles Ryan's suspenseful, racially charged and artistically intricate journey from solitary confinement to stardom. Daniel Bergner takes readers on Ryan's path toward redemption, introducing us to a cast of memorable characters--including the two teachers from his childhood who redirect his rage into music, and his long-lost father who finally reappears to hear Ryan sing. Bergner illuminates all that it takes--technically, creatively--to find and foster the beauty of the human voice. And Sing for Your Life sheds unique light on the enduring and complex realities of race in America.

Song of My People Dec 23 2020 In the 'Song of My People ' internationally acclaimed liturgical composer Liam Lawton

tells the story behind his music. For the past 10 years he has been drawing inspiration from the rich and beautiful heritage of his native land, never tiring of discovering connections between people, landscape and spirituality, one constantly influencing the other. *Song of My People* tells the story of what has inspired him to compose. He explores what it is about the native Irish tradition that has created some of the most beautiful and lyrical melodies despite knowing times of great strife and struggle. This is not an academic study but rather a compelling look into the world that has shaped Liam Lawton's music, from the early Christian settlers in Ireland, to the stories of Famine days to the contemporary world of Irish music.

This Is Your Brain on Music Jul 22 2023 In this groundbreaking union of art and science, rocker-turned-neuroscientist Daniel J. Levitin explores the connection between music—its performance, its composition, how we listen to it, why we enjoy it—and the human brain. Taking on prominent thinkers who argue that music is nothing more than an evolutionary accident, Levitin poses that music is fundamental to our species, perhaps even more so than language. Drawing on the latest research and on musical examples ranging from Mozart to Duke Ellington to Van Halen, he reveals: • How composers produce some of the most pleasurable effects of listening to music by exploiting the way our brains make sense of the world • Why we are so emotionally attached to the music we listened to as teenagers, whether it was Fleetwood Mac, U2, or Dr. Dre • That practice, rather than talent, is the driving force behind musical expertise • How those insidious little jingles (called earworms) get stuck in our head A Los Angeles Times Book Award finalist, *This Is Your Brain on Music* will attract readers of Oliver Sacks and David Byrne, as it is an unprecedented, eye-opening investigation into an obsession at the heart of human nature.

Your Song Changed My Life Feb 05 2022 From the beloved host and creator of NPR's *All Songs Considered* and *Tiny Desk Concerts* comes an essential oral history of modern music, told in the voices of iconic and up-and-coming musicians, including Dave Grohl, Jimmy Page, Michael Stipe, Carrie Brownstein, Smokey Robinson, and Jeff Tweedy, among

others—published in association with NPR Music. Is there a unforgettable song that changed your life? NPR's renowned music authority Bob Boilen posed this question to some of today's best-loved musical legends and rising stars. In *Your Song Changed My Life*, Jimmy Page (Led Zeppelin), St. Vincent, Jónsi (Sigur Rós), Justin Vernon (Bon Iver), Cat Power, David Byrne (Talking Heads), Dave Grohl (Nirvana, Foo Fighters), Jeff Tweedy (Wilco), Jenny Lewis, Carrie Brownstein (Portlandia, Sleater-Kinney), Yusuf Islam (Cat Stevens), Colin Meloy (The Decemberists), Trey Anastasio (Phish), Jackson Browne, Valerie June, Philip Glass, James Blake, and other artists reflect on pivotal moments that inspired their work. For Wilco's Jeff Tweedy, it was discovering his sister's 45 of The Byrds' "Turn, Turn, Turn." A young St. Vincent's life changed the day a box of CDs literally fell off a delivery truck in front of her house. Cat Stevens was transformed when he heard John Lennon cover "Twist and Shout." These are the momentous yet unmarked events that have shaped these and many other musical talents, and ultimately the sound of modern music. A diverse collection of personal experiences, both ordinary and extraordinary, *Your Song Changed My Life* illustrates the ways in which music is revived, restored, and revolutionized. It is also a testament to the power of music in our lives, and an inspiration for future artists and music lovers. Amazing contributors include: Jimmy Page (Led Zeppelin), Carrie Brownstein (Sleater-Kinney, Portlandia, Wild Flag), Smokey Robinson, David Byrne (Talking Heads), St. Vincent, Jeff Tweedy (Wilco), James Blake, Colin Meloy (The Decemberists), Trey Anastasio (Phish), Jenny Lewis (Rilo Kiley), Dave Grohl (Nirvana, Foo Fighters), Yusuf Islam (Cat Stevens), Sturgill Simpson, Justin Vernon (Bon Iver), Cat Power, Jackson Browne, Michael Stipe (R.E.M.), Philip Glass, Jónsi (Sigur Rós), Hozier, Regina Carter, Conor Oberst (Bright Eyes, and others), Courtney Barnett, Chris Thile (Nickel Creek, Punch Brothers), Leon Bridges, Sharon Van Etten, and many more.

Dr. Collins lays out the groundbreaking research that shows how playing an instrument can improve language abilities, social skills, concentration, impulse control, emotional development, working memory, and planning and strategy competence, from infancy through adolescence. Don't Die with Your Music Still in You Jul 18 2020 In 2001, Dr. Wayne Dyer wrote a book called *10 Secrets for Success*

"Don't die with your music still in you" has been the most important principle for Serena: to her, it means that you don't allow yourself to live any life other than the one you were born to live. In this book, Serena sets out to explain what it was like to grow up with spiritual parents. She touches upon all ten of her dad's original secrets, imparting her own experiences with them and detailing how they have affected the way she approaches various situations in life. She shares stories, struggles, and triumphs—and Wayne, in turn, contributes his own perspective. This unique father-daughter collaboration will warm the hearts of all parents . . . and inspire anyone who is looking to find the "music" inside themselves.

"What's Your Favorite Song?" Mar 06 2022 If you enjoyed reading about "The Lady of 6,000 Songs" in the best seller *"Midnight in the Garden of Good and Evil,"* you will love going behind the scenes to learn more about how the remarkable entertainer and her husband successfully juggled their marriage, her Hall of Fame music career, his sign business, and at the same time, raise ten children. Though Emma Kelly was mostly known as the piano player who could seemingly play any song ever written, the close friend and collaborator of songwriter Johnny Mercer is revealed in *"What's Your Favorite Song?"* to have achieved even greater accomplishments as a wife and mother. Learn how she and her husband overcame challenges and hardships through the Great Depression, a World War, and through the baby boom years to raise ten children who would become an integral part of her musical performances and, later, successful college-educated adults. Author Ross Kelly chronicles a firsthand account of a nonstop, whirlwind family music fest that will border on feeling out of control, only in the end to reveal a loving, close-knit family guided by their commitment to one another, their love of music, and a foundation of principles employed by his parents to guide and shape his life and the lives of his nine brothers and sisters. Far beyond being about a large musical family growing up in South Georgia in the 1960s, *"What's Your Favorite Song?"* could almost serve as a guide for how families of any size, anywhere, can successfully manage their own challenges of juggling relationships, careers, and children. "Emma Kelly was known as 'The Lady of Six Thousand Songs,' but she could also have been called the Lady of Six Million Fans, among whom I enthusiastically include myself. Read this affectionate tribute by her son Ross, and you will understand why." John Berendt, *Midnight in the Garden of Good and Evil*. What makes the Kellys such an intriguing family? On the surface, it was thought that it was simply the musical genius and celebrity of Emma Kelly, the famed 'Lady of 6,000 Songs.' But there seemed to be more, much more. Was it the added dimension of how she and her husband together raised ten children, each of whom was an active participant in the Kelly family music shows performed around south Georgia during the 1950's, 60's and 70's? Or was it the unusual, but seemingly highly effective formula George and Emma Kelly employed to balance their two careers, their marriage, and raise each of their children to become college educated and successful adults, and instill an almost unheard of closeness between each of them that continues to this day? Or is it that the family legacy that George and Emma Kelly left, today now numbers close to 100 members, all of whom carry on that same tradition of a devotion to music and family that began almost eighty years ago. Perhaps it is all of those factors... and even more.
