**An Introduction to Western Sidereal Astrology** Feb 12

2022 In this easy to read book, Ken Bowser presents the basics of sidereal astrology from the viewpoint of a Western astrologer. Both astrologers and students of the science will appreciate the clear and helpful delineation of the planets, signs, houses, and aspects as presented in the sidereal chart. Ken also examines the forty-five planet combinations, looking at each in depth and presenting the unique characteristics each represents. All of these principles are illustrated with examples that serve as a guide for interpretation. Also included are three appendices: historical information, the origin of the exaltations, and the tropical-sidereal debate. An Introduction to Western Sidereal Astrology is a modest title for this excellent book, which provides a basic overview of sidereal astrology as it has developed in the West since the rediscovery of the ancient Babylonian sidereal zodiac at the end of the nineteenth century. Arising out of forty years of practice with sidereal astrology, this book is a gift to the world, representing the reemergence in our time of an astrology based upon the actual positions of the stars themselves and offering insightful interpretations of the stellar script as it comes to expression in the horoscope. - Robert Powell Ph.D., author of History of the Zodiac and many other works, and co-author of the recently published book The Astrological Revolution. With An Introduction to Western Sidereal Astrology, Ken Bowser has produced a valuable contribution to a literature that is both scholarly and practical. His careful, well-resourced explanations of the Babylonian origination of the zodiac (fixed to the celestial sphere and not their equinoxes) and its reintroduction into modern astrology, are a must-read

for both students and professionals. On the practical side, he shows astrologers who want to try out the sidereal zodiac how to use it in everyday work. His outstanding planet combinations, which are independent of the zodiac, can be used by anyone and everyone who wants to master the art of astrology.--Ken Irving, Editor, American Astrology, Horoscope Guide  
Bowser skillfully and eloquently leads the reader through a tour of the complex issues at the heart of the zodiac issue with a level of clarity that can only be conveyed by someone who has attained a deep and comprehensive understanding of his subject. Ken Bowser is incontrovertibly qualified to write the book of this title, and he has chosen his moment well.--Deborah Houlding, Editor, The Traditional Astrologer and [skyscript.co.uk](http://skyscript.co.uk)

**The Sacred and the Profane** Aug 09 2021 Famed historian of religion Mircea Eliade observes that even moderns who proclaim themselves residents of a completely profane world are still unconsciously nourished by the memory of the sacred. Eliade traces manifestations of the sacred from primitive to modern times in terms of space, time, nature, and the cosmos. In doing so he shows how the total human experience of the religious man compares with that of the nonreligious. This book serves as an excellent introduction to the history of religion, but its perspective also encompasses philosophical anthropology, phenomenology, and psychology. It will appeal to anyone seeking to discover the potential dimensions of human existence. -- P. [4] of cover.

**Exalted** Aug 01 2023 It is the second Age of Man, the age before the world turned. The Empire of the Dragon-Blooded -- an invincible colossus -- stands astride the ruins of the First Age. For millennia, the scarlet Empress held the world in her steel grip. But the empress is no more, and the Realm spirals toward chaos and civil war. Its enemies descend --

demon princes, deathlords, skin-changing barbarians and the twisted and inscrutable Fair Folk hammer at the gates. In this time of darkness are reborn the solar Exalted, heroes of legend once slain by the Dragon-Blooded. Will these living legends herald the return of the Golden Age... or the end of creation? The first in a series of hardbacks making the other types of Exalted available for play. Exalted: The Dragon-Blooded includes extensive detail on the world and society of the Terrestrial Exalted, as well as full rules for creating and playing Dragon-Blooded characters. Inside is everything needed to portray these warlike aristocrats, from guides to their manners to systems for the supernatural martial arts practiced by the Immaculate Order.

**The City of God** Oct 30 2020 The City of God Against the Pagans , often called The City of God, is a book of Christian philosophy written in Latin by Augustine of Hippo in the early 5th century AD. The book was in response to allegations that Christianity brought about the decline of Rome and is considered one of Augustine's most important works, standing alongside The Confessions, The Enchiridion, On Christian Doctrine and On the Trinity. As a work of one of the most influential Church Fathers, The City of God is a cornerstone of Western thought, expounding on many profound questions of theology, such as the suffering of the righteous, the existence of evil, the conflict between free will and divine omniscience, and the doctrine of original sin.

*The 12 Powers of Man* Jan 14 2022 The 12 Powers of Man aims to clear up the mystery that ever envelops the advent, life, and death of Jesus. To the superficial reader of the Gospels His life was a tragedy and, so far as concerns the kingly reign that was prophesied, it was a failure. Yet those who understand the subtlety of the soul and supremacy of Spirit see that Jesus was conqueror of a psychic force that was destroying the human race. Jesus was the star actor in the greatest drama ever played on earth. This drama was developed in the celestial realm, its object being to inject new life into perishing men. The full significance of this great plan of salvation cannot be understood by man until he awakens faculties that relate him to the earth beneath and heavens above. Contents The Twelve Powers of Man The Development of Faith Strength -- Stability -- Steadfastness Wisdom -- Judgment Regenerating Love Power -- Dominion -- Mastery The Work of the Imagination in Regeneration Understanding The Will Is the Man Spiritual Law and Order Zeal -- Enthusiasm Renunciation Generative Life

Ancient Mesopotamia Sep 21 2022 "This splendid work of scholarship . . . sums up with economy and power all that the

written record so far deciphered has to tell about the ancient and complementary civilizations of Babylon and Assyria."—Edward B. Garside, *New York Times Book Review Ancient Mesopotamia*—the area now called Iraq—has received less attention than ancient Egypt and other long-extinct and more spectacular civilizations. But numerous small clay tablets buried in the desert soil for thousands of years make it possible for us to know more about the people of ancient Mesopotamia than any other land in the early Near East. Professor Oppenheim, who studied these tablets for more than thirty years, used his intimate knowledge of long-dead languages to put together a distinctively personal picture of the Mesopotamians of some three thousand years ago. Following Oppenheim's death, Erica Reiner used the author's outline to complete the revisions he had begun. "To any serious student of Mesopotamian civilization, this is one of the most valuable books ever written."—Leonard Cottrell, *Book Week* "Leo Oppenheim has made a bold, brave, pioneering attempt to present a synthesis of the vast mass of philological and archaeological data that have accumulated over the past hundred years in the field of Assyriological research."—Samuel Noah Kramer, *Archaeology A. Leo Oppenheim, one of the most distinguished Assyriologists of our time, was editor in charge of the Assyrian Dictionary of the Oriental Institute and John A. Wilson Professor of Oriental Studies at the University of Chicago.*
