A delight to read." —The Wall Street Journal From bestselling biographer and historian Paul Johnson, a brilliant portrait of Socrates, the founding father of philosophy In his highly acclaimed style, historian Paul Johnson masterfully disentangles centuries of scarce sources to offer a riveting account of Socrates, who is often hailed as the most important thinker of all time. Johnson provides a compelling picture of Athens in the fifth century BCE, and of the people Socrates reciprocally delighted in, as well as many enlightening and intimate analyses of specific aspects of his personality. Enchantingly portraying "the sheer power of Socrates's mind, and its unique combination of steel, subtlety, and frivolity," Paul Johnson captures the vast and intriguing life of a man who did nothing less than supply the basic apparatus of the human mind. Twenty years ago. The second best time? Today.”—Chinese proverb

Twenty years ago, David Milarch, a northern Michigan nurseryman with a penchant for hard living, had a vision: angels came to tell him that the earth was in trouble. Its trees were dying, and without them, human life was in jeopardy. The solution, they told him, was to clone the champion trees of the world—the largest, the hardiest, the ones that had survived millennia and were most resilient to climate change—and create a kind of Noah's ark of tree genetics. Without knowing if the message had any basis in science, or why he'd been chosen for this task, Milarch began his mission of cloning the world's great trees. Many scientists and tree experts told him it couldn't be done, but, twenty years later, his team has successfully cloned some of the world's oldest trees—among them giant redwoods and sequoias. They have also grown seedlings from the oldest tree in the

world, the bristlecone pine Methuselah. When New York Times journalist Jim Robbins came upon Milarch's story, he was fascinated but had his doubts. Yet over several years, listening to Milarch and talking to scientists, he came to realize that there is so much we do not yet know about trees: how they die, how they communicate, the myriad crucial ways they filter water and air and otherwise support life on Earth. It became clear that as the planet changes, trees and forest are essential to assuring its survival. Praise for *The Man Who Planted Trees* “This is a story of miracles and obsession and love and survival. Told with Jim Robbins's signature clarity and eye for telling detail, *The Man Who Planted Trees* is also the most hopeful book I've read in years. I kept thinking of the end of Saint Francis's wonderful prayer, ‘And may God bless you with enough foolishness to believe that you can make a difference in the world, so that you can do what others claim cannot be done.’ ”—Alexandra Fuller, author of *Don't Let's Go to the Dogs Tonight* “Absorbing, eloquent, and loving . . . While Robbins's tone is urgent, it doesn't compromise his crystal-clear science. . . . Even the smallest details here are fascinating.”—Dominique Browning, *The New York Times Book Review* “The great poet W. S. Merwin once wrote, ‘On the last day of the world I would want to plant a tree.’ It's good to see, in this lovely volume, that some folks are getting a head start!”—Bill McKibben, author of *Eaarth: Making a Life on a Tough New Planet*

"Inspiring . . . Robbins lucidly summarizes the importance and value of trees to planet Earth and all humanity."—The Ecologist " 'Imagine a world without trees,' writes journalist Jim Robbins. It's nearly impossible after reading *The Man Who Planted Trees*, in which Robbins weaves science and spirituality as he explores the bounty these plants offer the planet."—Audubon Men who do "women's work" have consistently been the butt of jokes, derided for their lack of drive and masculinity. In this eye-opening study, Christine Williams provides a wholly new look at men who work in predominantly female jobs. Having conducted extensive interviews in four cities, Williams uncovers how men in four occupations—nursing, elementary school teaching, librarianship, and social work—think about themselves and experience their work. Contrary to popular imagery, men in traditionally female occupations do not define themselves differently from men in more traditional occupations. Williams finds that most embrace conventional, masculine values. Her findings about how these men fare in their jobs are also counterintuitive. Rather than being surpassed by the larger number of women around them, these men experience the "glass escalator effect," rising in disproportionate numbers to administrative jobs at the top of their professions. Williams finds that a complex interplay between gendered expectations embedded in organizations, and the socially determined

ideas workers bring to their jobs, contribute to men's advantages in these occupations. Using a feminist psychoanalytic perspective, Williams calls for more men not only to cross over to women's occupations, but also to develop alternative masculinities that find common ground with traditionally female norms of cooperation and caring. Until the workplace is sexually integrated and masculine and feminine norms equally valued, it will unfortunately remain "still a man's world." Running away from yourself never works. You'll always catch up. "Donaldson, at his trademark best, fleshes out the characters to the max...and it's all wrapped around a well-paced, cleverly-plotted mystery that will leave readers wanting more." -
-Charleston Post on *The Man Who Killed His Brother Mick "Brew" Axbrewder* was once a great P.I. That was before he accidentally shot and killed a cop--worse, a cop who happened to be his own brother. Then Mick's partner, Ginny Fistoulari, blew off her own hand protecting him from a confrontation brought on by his alcoholism. Unsurprisingly, Mick and Ginny aren't on great terms any more. Now, a week after an incident in which he was shot, barely back on his feet, Mick has agreed against his better judgement to join Ginny in providing security at a "murder mystery camp", where a dozen people stay in an isolated, snowbound lodge to play at being detectives. Then a real killer starts bumping people off, one by one... As ever, Stephen Donaldson shows why he's regarded as one of America's greatest

In the movie industry, the rough cut is defined as the raw, first edition of a movie, which

provides an idea of what the finished product will look like, giving indications of where it has problems and where it excels.

Much like a rough cut movie, *Rough Cut Men* are not the “finished product”. We are a work in progress. Philippians 1:6 reads: “being confident of this, that he who began a good work in you will carry it on to completion until the day of Christ Jesus.”

Men today have hundreds of acquaintances, but most have no real friends. Men are isolated and struggling alone. And while the Bible says we are to “Pity the man who falls and has no one to help him up.” (Ecc. 4:10), most guys go into the battles of life with no covering fire. Every man needs a battle buddy.

Rough Cut Men utilizes a strategic blend of “guy” movie scenes, real world tales of men, Biblical Truth and even throws in some of the author’s personal testimony to accomplish one focused mission: To get men talking to each other about what’s really going on in their lives. Each chapter contains hard-hitting questions designed to drive men deeper in their walk with other men and with Christ.

Rough Cut Men is real, raw and authentic. And it will equip you for the battle.

WHAT IT MEANS TO BE A MAN Raising up men has never been easy, but today is seems particularly tough. The young and old need

heroes to embody the eternal qualities of manhood: honor, duty, valor, and integrity. In *The Book of Man*, William J. Bennett points the way, offering a positive, encouraging, uplifting, realizable idea of manhood, redolent of history and human nature, and practical for contemporary life. Using profiles, stories, letters, poems, essays, historical vignettes, and myths to bring his subject to life, *The Book of Man* defines what a man should be, how he should live, and to what he should aspire in several key areas of life: war, work, leisure, and more. “Whether we take up the sword, the plow, the ball, the gavel, our children, or our Bibles,” says Bennett, “we must always do it like the men we are called to be.” *The Book of Man* shows how. From the Twitter account @ManWhoHasItAll, a hilariously unforgiving and eye-opening role reversal parody of self-help guides for the working mother. While women have long been bombarded with advice about how to be the perfect mom, keep a perfect job, and have glowing skin—all at the same time—men have been left floundering. Can you be a dad and still feel sexy? Can curvy men truly be happy? Can men be funny? Finally, *The Man Who Has It All!*, drawn from the hugely popular satirical Twitter and Facebook accounts, is the first trailblazing guide that “empowers” men and shows them how they, too, can have it all! Providing gendered tips for career men and busy working dads on how to juggle fatherhood and still have a career—while maintaining the perfect

body—*The Man Who Has It All* isn’t afraid to address the big questions. Within these pages, learn: What his face shape says about his parenting skills How to express his opinion without coming off as bossy Why staying hydrated will improve his career prospects How he can stop feeling guilty about everything How he should prioritize “me-time” How he can ask for help Uproarious, scathing, unsettling, and revealing, *The Man Who Has It All* seizes the established sexist narratives and double standards women have heard too often in self-help books and magazines, and subverts them with a fiercely ironic feminist twist by speaking to an imaginary male audience—with hilarious and revolutionary results. Arthur Brownjohn has never quite got anything right. Whatever he does, it always seems to go more than a little awry. The same could be said for the murder of his wife - a bungled, inferior affair despite his having consulting all the experts in the field of killings, executions and dastardly deeds. Resolving never to repeat the same mistakes, he enlists the help of Major Easonby Mellon - a man who really knows what he's doing... THE GLOBAL BESTSELLER Sitting quietly in his room in an old people's home, Allan Karlsson is waiting for a party he doesn't want to begin. His one-hundredth birthday party to be precise. The Mayor will be there. The press will be there. But, as it turns out, Allan will not . . . Escaping (in his slippers) through his bedroom window, into the flowerbed, Allan makes his getaway. And so begins his picaresque and

unlikely journey involving criminals, several murders, a suitcase full of cash, and incompetent police. As his escapades unfold, Allan's earlier life is revealed. A life in which - remarkably - he played a key role behind the scenes in some of the momentous events of the twentieth century. Translated by Roy Bradbury. Look who's making dinner! Twenty-one of our favorite writers and chefs expound upon the joys—and perils—of feeding their families. Mario Batali's kids gobble up monkfish liver and foie gras. Peter Kaminsky's youngest daughter won't eat anything at all. Mark Bittman reveals the four stages of learning to cook. Stephen King offers tips about what to cook when you don't feel like cooking. And Jim Harrison shows how good food and wine trump expensive cars and houses. This book celebrates those who toil behind the stove, trying to nourish and please. Their tales are accompanied by more than sixty family-tested recipes, time-saving tips, and cookbook recommendations, as well as New Yorker cartoons. Plus there are interviews with homestyle heroes from all across America—a fireman in Brooklyn, a football coach in Atlanta, and a bond trader in Los Angeles, among others. What emerges is a book not just about food but about our changing families. It offers a newfound community for any man who proudly dons an apron and inspiration for those who have yet to pick up the spatula. A journalist's provocative and spellbinding account of her eighteen months spent disguised as a man.

Norah Vincent became an instant media sensation with the publication of *Self-Made Man*, her take on just how hard it is to be a man, even in a man's world. Following in the tradition of John Howard Griffin (*Black Like Me*), Vincent spent a year and a half disguised as her male alter ego, Ned, exploring what men are like when women aren't around. As Ned, she joined a bowling team, took a high-octane sales job, went on dates with women (and men), visited strip clubs, and even managed to infiltrate a monastery and a men's therapy group. At once thought-provoking and pure fun to read, *Self-Made Man* is a sympathetic and thrilling tour de force of immersion journalism. This book is about understanding where and who we come from. There are so many broken homes and relationships between fathers and their children. So many lives are turned upside down each year through divorce or parents walking away from their children. I wrote this book because I spent many of my days as a child, teenager, and even as a man trying to figure out what when wrong. Now God has revealed to me through His word just how important it is for us to know and understand where and whom we comes from. This book is cutting to the core of many issues that we face as we navigate through life without hearing the voice of the man we call "dad." I wanted to take you into a deeper understanding about searching and finding the answers into knowing who you are, no matter if you are a man, woman, or a teenager. This book will allow you

to see the tears and feel the pain of my life and quite possibly yours as well. One thing is certain though, you will have to face the truth about where and whom you come from. To know your dad, you must also know his dad. Narcissistic men seem like the ultimate catch: self-confident, attractive, charming individuals who are often the life of the party. The narcissist always knows the place to be and who to be seen with. His attention is initially very flattering, but eventually his behavior is not: he becomes aloof and controlling and may cheat. He still seems somewhat interested, however, and often makes enough nice gestures to maintain a girl's interest, leaving all but him to wonder: what is going on? The country's leading expert on narcissism, Dr. W. Keith Campbell, explains how to identify a narcissist, what it means to love a man who loves himself and how to break the cycle of dating men with this personality disorder. On her first tour as a knight errant, Alanna assumes a position of influence with a fierce desert tribe, makes some changes in the role of women in the society, and continues her own emotional development. Reproduction of the original: *The Man Who Rose Again* by Joseph Hocking When Erin discovers the Tipped Z ranch, she meets a cowboy whose horsemanship takes her breath away. It begins when Erin encounters a cowboy in the street early one morning. Mounted and wearing a hat, cloaked in a cloud of dust, he's driving a small herd of horses through her quiet desert

neighborhood. The sight of him lodges in her mind, reminding her of an old dream from her childhood. She decides to figure out where he came from. Erin's hunt leads her to the Tipped Z Ranch, where she signs up for riding lessons with a woman named Nora. Soon, Erin is hooked. She enjoys Nora and adores the horses. But the cowboy she saw that first day is still around. He's Nora's brother, Clint, and he's always at the edge of things—a distracting and watchful presence. Then Clint asks to stand in as Erin's instructor for a day. Erin goes in nervous, not knowing what to expect. Clint is a master horseman. She can't imagine why he'd be interested in spending time with someone who still has so much to learn. --- A Man Who Rides can be read as a stand-alone novel, but it is the first book in the Tipped Z series. These novels combine horsemanship, family, love, and the Tucson desert into thoughtful, heart-warming reads. Rodney R. Rhodes is a dynamic writer and poet. His plays, short stories and poems are riveting. The prime focus of the book is the story based on his screenplay: Souls of Black Men. It tells the stories of six black men who grew up together and later formed a black man society. But they go their own ways in life, some for the better and some tragic. The men reunite in a bar and have a chance meeting with a woman that changes their outlook on life. This screenplay tells of their road to discovery and the struggles they endure on the road to becoming a man. Their lives touch the soul and leave you wanting more. Rhodes is

well known for his breathtaking short story series: Wise Man on the Corner and his poetry in the Detroit, Michigan area. Now the world will be undeniably enlightened by his short stories, poetry, and the story based on his screenplay for Motion Picture. I now present to the world: SOUL of a MAN. "A powerful picture of the loneliness and bewilderment which each of us encounters in his single-handed struggle with the universe." —C. S. Lewis Part detective story, part surreal thriller, and part social commentary, The Man Who Was Thursday is a masterpiece of literary fiction by the brilliant G. K. Chesterton. The story centers around seven anarchists in turn-of-the-century London who call themselves by the days of the week. Fearing an impending act of terrorism, Gabriel Syme is sent by Scotland Yard to infiltrate their ranks by becoming "Thursday." Elected undercover into the Central European Council of anarchists, Syme must avoid detection and save the world from future bombings. Beyond the excitement of an elephant chase, duels, elaborate disguises, and a hot-air balloon pursuit through the streets of London, Chesterton is most interested in the battle of ideas. Indeed, his real agenda is to expose the moral relativism and parlor nihilism of his day as the devils he believed them to be. Chesterton's classic novella tackles anarchy, social order, God, peace, war, religion, and human nature, somehow managing to combine them all into a delightful tale full of biting social commentary that is still relevant today. A

riveting novel about the remarkable life—and many loves—of author H. G. Wells. H. G. Wells, author of The Time Machine and War of the Worlds, was one of the twentieth century's most prophetic and creative writers, a man who immersed himself in socialist politics and free love, whose meteoric rise to fame brought him into contact with the most important literary, intellectual, and political figures of his time, but who in later years felt increasingly ignored and disillusioned in his own utopian visions. Novelist and critic David Lodge has taken the compelling true story of Wells's life and transformed it into a witty and deeply moving narrative about a fascinating yet flawed man. Wells had sexual relations with innumerable women in his lifetime, but in 1944, as he finds himself dying, he returns to the memories of a select group of wives and mistresses, including the brilliant young student Amber Reeves and the gifted writer Rebecca West. As he reviews his professional, political, and romantic successes and failures, it is through his memories of these women that he comes to understand himself. Eloquent, sexy, and tender, the novel is an artfully composed portrait of Wells's astonishing life, with vivid glimpses of its turbulent historical background, by one of England's most respected and popular writers. The Bible is filled with amazing people, and Paul stands out prominently among them. What made him so effective, so influential? In this book, author Jim George explores how Paul took God's priorities for life and made them his

own. The result? He had a significant impact on everyone around him. From Paul we can learn how to... let God's power work in and through us acquire discernment for making right decisions and choices pursue holiness that allows God to work through us unhindered stay faithful to God's calling all the way to the end Because it is God who enables us, these qualities are accessible to every believer. Readers will experience true fulfillment as they take steps toward making a difference in the workplace, at home, at church, and in their community. ".". and the man who loved cats"" is a collection of nine haunting stories: A woman is stalked by a caller; a young couple move into a house besieged by cats; a commuter is uplifted; a family man with dubious motivation aids an attractive neighbour; a backpacker vets prisoners' letters; a jilted man becomes suicidal; a woman kills her husband and uses acid to dispose his body; a man worries about his wife's fidelity; a blinded neo-Nazi discovers a new life. In April 2007, after 66 days, Martin Strel became the first person to swim the Amazon, 3,274 miles from the Peruvian Andes to the Atlantic shores of Brazil. On this extraordinary journey he dodged piranhas, met indigenous tribes and swam from dawn to dusk for 60 miles every single day. His story is an inspiration to people everywhere. A wounded hero must confront his own worst enemy: himself Mick "Brew" Axbrewder was once a great P.I. That was before he accidentally shot and killed a cop--

worse, a cop who happened to be his own brother. Now he only works off and on, as muscle for his old partner, Ginny Fistoulari. It's a living. And it provides an occasional opportunity for him to dry out. But their latest case demands more than muscle. Brew's dead brother's daughter has disappeared. His brother's widow wants him and Ginny to investigate. And both of them seem to expect him to sober up. Because the darkness they're finding under the surface of Sunbelt city Puerto del Sol goes beyond one missing teenager. Axbrewder will need all his talents to confront that darkness. Most of all, he'll need to confront his own worst enemy--himself. Years ago, bestselling author Stephen R. Donaldson published three novels about Mick Axbrewder and Ginny Fistoulari as paperback originals under the pseudonym Reed Stephens. Under his own name, Donaldson published a new novel in the sequence, *The Man Who Fought Alone*. Now, for Donaldson's millions of readers worldwide, the first of the original books, *The Man Who Killed His Brother*, appears under Donaldson's own name, in revised and expanded form. A brief biography of the Irish saint who was known for his love of books and his missionary work throughout Scotland. Mr. Chesterton is such a past-master in sophistries and casuistry, such a juggler of paradoxes, such an adept in the arts whereby the brilliant and quick-witted pull the

wool over the eyes of their less gifted brethren, that he can give full and serious credibility to his tale of the astounding adventures of the detective who was admitted into the innermost circle of anarchists. It is the poetic anarchist, with hair like a Madonna's and the face of a prize-fighter, who tries (unsuccessfully) to become Thursday. When a new, chatty, young couple and their two daughters move in next door, Ove's well-ordered, solitary world turns upside down. The National Book Critics Circle Award-winning author delivers a collection of essays that serve as the perfect "antidote to mansplaining" (*The Stranger*). In her comic, scathing essay "Men Explain Things to Me," Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they know things and wrongly assume women don't, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful encounters. She ends on a serious note— because the ultimate problem is the silencing of women who have something to say, including those saying things like, "He's trying to kill me!" This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf's embrace of mystery, of not knowing, of doubt and ambiguity, a highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. "In this series of personal but unsentimental essays, Solnit gives

succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even unrecognized." —The New York Times "Essential feminist reading." —The New Republic "This slim book hums with power and wit." —Boston Globe "Solnit tackles big themes of gender and power in these accessible essays. Honest and full of wit, this is an integral read that furthers the conversation on feminism and contemporary society." —San Francisco Chronicle "Essential." —Marketplace "Feminist, frequently funny, unflinchingly honest and often scathing in its conclusions." —Salon After Lumkile is arrested for robbery, his estranged mother appears and removes him to the Eastern Cape, where he makes a fresh start - reinventing himself at a new school and falling in love. When the time comes for Lumkile to enter manhood by undergoing a ritual circumcision, he prepares eagerly for the ceremonies ahead. However, in his makeshift hut on the mountain, Lumkile realises that something has gone terribly wrong. Having been taught that 'what happens at the mountain stays at the mountain' he faces a stark choice: to seek medical help and risk being forever ostracised and labelled as a 'failed man'; or to suffer life-changing injuries or even death. This deftly written novel is one young man's intimate account of a botched circumcision, and his journey to accept his fate and embrace his future, as he gains a deeper understanding of what it really means to be a man. One of The New York Times's 100 Notable

Books of 2020. A New York Times Book Review Editors' Choice. "Finely wrought, a master class in the layering of time and contradiction that gives us a deeply imagined, and deeply human, soul." --Rebecca Makkai, The New York Times Book Review From the bestselling author of *The Septemberers of Shiraz*, the story of an Iranian man reckoning with his capacity for love and evil Set in Iran and New York City, *Man of My Time* tells the story of Hamid Mozaffarian, who is as alienated from himself as he is from the world around him. After decades of ambivalent work as an interrogator with the Iranian regime, Hamid travels on a diplomatic mission to New York, where he encounters his estranged family and retrieves the ashes of his father, whose dying wish was to be buried in Iran. Tucked in his pocket throughout the trip, the ashes propel him into a first-person excavation—full of mordant wit and bitter memory—of a lifetime of betrayal, and prompt him to trace his own evolution from a perceptive boy in love with marbles to a man who, on seeing his own reflection, is startled to encounter someone he no longer recognizes. As he reconnects with his brother and others living in exile, Hamid is forced to reckon with his past, with the insidious nature of violence, and with his entrenchment in a system that for decades ensnared him. Politically complex and emotionally compelling, *Man of My Time* explores variations of loss—of people, places, ideals, time, and self. This is a novel not only about family and memory but about the

interdependence of captor and captive, of citizen and country, of an individual and his or her heritage. With sensitivity and strength, Dalia Sofer conjures the interior lives of the "generation that had borne and inflicted what could not be undone." Vittorio Ralfino, the Count of Cazolevara, is back in Italy to make a business proposition. He wishes to marry a traditional wife, and Anamaria Viale—sturdy, plain and from a good vintner's family—perfectly fits his bill. Ana is stunned that Vittorio is offering her—an ugly duckling!—marriage. She'd stoically resigned herself to a career and singledom. But Vittorio is persuasive and Ana would like a child of her own. Although she's under no illusion that this is anything but a convenient marriage—Vittorio will never offer her love. So when the time comes for him to claim her as his bride, she's surprised—and amazed—at the strength of his passion.... This book is an opportunity to pull back the curtain of Oliver Marcelle's life, so to speak, and take a look at the journey that he's taken through manhood up until this point. There are several 'man laws' that we've grown up under - directives that have been passed down from generation to generation. Concepts like: men don't cry, don't back down, stand strong on your position, etc. You can probably come up with your own list. Oliver has discovered throughout his life (especially after getting married) that the adoption of some of these 'laws' were detrimental. They were keeping him from making the necessary

adjustments that would enable him to see the kind of results he desired in his life, career and relationships. Something needed to change! The book highlights 5 very important things that Oliver has come to realize over the course of his life (referred to as the 'unwritten man laws'). Soul-searching, evaluation, self-actualization and adjustments were an important part of the process to becoming the man he wanted to be. The 5 areas are dissected into 8 pillars in an attempt to guide men onto their own path of self-discovery. It is not a manual, as no two people's paths are the same. It is an example, a blueprint, a recipe that can be tweaked to produce your specific desired outcome. The goal of this book can be summed up with words from the book's dedication: May you find 2020 long before hindsight. A covetable celebration of watches and the stories at the heart of men's obsession with them.
