Art Lab for Kids: Express Yourself contains 52 brand new original art projects that will draw out each young artist as they discover their style, document their thoughts, and build confidence in their unique perspective. Each lesson asks questions and offers personal choices while encouraging diverse approaches and creative thinking. One of the most important gifts we can give children is to nurture their creativity and allow them to express themselves freely. There's no better way to express yourself than through creative art projects. This is especially true for children because it gives them an outlet to

explore their developing interests and strengths. The Colorful Beasts project, which incorporates discussion of endangered animals with the Blue Rider art movement, asks children to use torn colored tissue paper and glue to create an expressive representation of a favorite vulnerable animal. In *I Built This City*, children imagine and build their own cityscape using columns of newspaper text to make buildings on top of a watercolor painted background, and detailed with marker. Many projects include varying examples and executions of the activity to illustrate and reinforce the open-ended nature of the labs, inspiring children to embrace and share their own voice. Give children the great gift of creative self-exploration with *Art Lab for Kids: Express Yourself*. The popular *Lab for Kids* series features a growing list of books that share hands-on activities and projects on a wide host of topics, including art, astronomy, clay, geology, math, and even how to create your own circus—all authored by established experts in their fields. In April, an urgent call was placed from a Special Forces operator serving overseas. The message: Get Nezam out of Afghanistan now. Nezam was part of the Afghan National Army's first group of American-trained commandos. He passed through Fort Bragg's legendary Q course and served alongside the US Special Forces for over a decade. But Afghanistan's government and army are collapsing, and Nezam is getting threatening texts from the Taliban. The message reached Nezam's former commanding officer, retired Lt. Col. Scott Mann, who can't face the idea of losing another soldier in the long War on Terror. He sends out an SOS to a group of Afghan vets (Navy SEALs, Green Berets, CIA officers, USAID advisors). They all answer the call for one last mission. Operating out of basements and garages, Task Force Pineapple organizes an escape route for Nezam and gets him into hiding in Taliban-controlled Kabul. After many tense days, he braves the enemy checkpoints and the crowds of thousands blocking the airport gates. He finally makes it through the wire and into the American-held airport thanks to the frantic efforts of the Pineapple express, a relentless Congressional aide, and a US embassy official. Nezam is safe, but calls are coming in from all directions requesting help for other Afghan soldiers, interpreters, and at-risk women and children. Task Force Pineapple begins all over again—and ends up rescuing 500 more Afghans from Kabul in the three chaotic days

before the ISIS-K suicide bombing. *Operation Pineapple Express* is a thrilling, suspenseful tale of service and loyalty amidst the chaos of the US withdrawal from Afghanistan. A true story of capture and incarceration; danger and degradation; hope and survival. 1921-1942 contain abstracts of periodical reports.
