Riva. A Name a Design. Ediz. Illustrata Dec 23 2020 È il 1842: Pietro, abile calafato, lascia il lago di Como e si trasferisce sul lago d'Iseo, a Sarnico, dove ha inizio l'avventura dei Riva. Nascono le barche da pesca, poi i battelli a vapore e ancora i primi scafi da corsa e da diporto. Nelle pagine del volume Decio Giulio Carugati racconta la storia dell'evoluzione del Cantiere Riva. L'iconografia declina le immagini di alcuni tra gli scafi più famosi e dei personaggi che hanno contribuito a caratterizzare, per oltre un secolo, il mondo della navigazione da diporto.

Mario Sughì. A Place to Rest. Ediz. Illustrata Oct 13 2022 It's like when you sit in a coffee shop and enjoy looking at the people passing by. Some of the people capture your attention. You follow them with your eyes and you reinvent their stories. And yet the only thing you know about those people and their lives is their image standing in front of you. And that is what you try to do when then you draw and paint: you try to capture and reproduce those interesting images. Nothing more nothing less, because the image seems already to have everything you need within it.00Ultimately the work is about the image and the image is made by colours, lights and volumes. It seems to me that digital painting, so naturally adapted to working with primary colours, large backgrounds and flat surfaces, allows for the creation of very elegant images that also have a great sense of depth.00Exhibition: Droichead Arts Centre,
