Vice Patrol May 09 2022 "Vice Patrol: Cops, Courts, and the Struggle over Urban Gay Life chronicles how local police and criminal justice systems intruded on gay individuals, criminalizing, profiling, surveilling, and prosecuting them from the 1930's through the 1960's. Anna Lvovsky details the progression of enforcement strategies through the targeting of gay-friendly bars by liquor boards, enticement of sexual overtures by plainclothes police decoys, and surveilling of public bathrooms via peepholes and two-way mirrors to catch someone "in the act." Lvovsky shows how the use of tactics indistinguishable from entrapment to

criminalize homosexual men in public and private spaces produced charges brought forward and disputed by attorneys and evidence that had to stand before judges, who at times intervened against punitive policies. In Vice Patrol the author demonstrates how developments in the psychological, medical, and sociological handling of homosexuality filtered into police stations, courthouses, and the wider culture"--

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the

original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

Reports of the Trials of Colonel Aaron Burr (late Vice President of the United States,) for Treason, and for a Misdemeanor May 21 2023

Day in Court May 17 2020 THIS is in no sense a law book. The general reader cares little for lawyers and their dry rules of law, or the prosaic forms of practice and procedure in our courts. Everybody, however, is interested in the drama of a great trial, where the property, reputation, liberty, or life of a human being is often at stake. This has been strikingly exemplified recently by the great interest taken in the trial of Madame Steinheil in France, accounts of which were published in all the leading newspapers of the world. All our leading newspapers, nowadays, publish detailed accounts of every occurrence of general interest long before such matters reach the stage of litigation, and the whole reading public thereby becomes a jury to weigh each step of the evidence and render their verdict upon its truth or falsity. That this is true even of quasi-scientific questions was well illustrated by the intense public interest in the newspaper controversy as to Dr. Cook's alleged discovery of the North Pole, or his ascent of Mt. McKinley. The general public, therefore, should naturally be interested in the correct methods of sifting out the truth of any controversy or disputed question of fact, in which they may for any reason become interested. The purpose of this work is to give the general reader, and young men who desire to become successful advocates, some practical knowledge of the arts of great advocates in eliciting the truth; to indicate also the methods by which they charm and convince both court and jury, and win them over to their side of the controversy.—Francis L. Wellman

Model Rules of Professional Conduct Aug 24 2023 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Preparing and Winning Medical Negligence Cases Jul 31 2021

Preparing and Winning Medical Negligence Cases - Third Edition has been prepared by prominent, experienced medical specialists, all of whom have had much professional involvement and interest in legal medicine for many years, many of whom have JD as well as MD degrees. Therefore, while the chapters present a wealth of solid information for a variety of medical specialists, they are primarily designed to address important issues that are undoubtedly of great value to both plaintiff and defense trial attorneys, as well as health care professionals, and hospital administrative personnel regarding medical malpractice cases. Preparing and Winning Medical Negligence Cases provides extensive information for lawyers regarding medical malpractice suits from both a legal and medical perspectives. It makes complex topics such as anatomy, physiology and pathology of various organ systems and the clinical diagnoses rendered by medical specialists accessible to lawyers bringing or defending medical malpractice cases. The knowledge and experience contained in this work will provide invaluable information for attorneys in both the pretrial preparation and actual trial of medical negligence cases. Preparing and Winning Medical Negligence Cases brings together the combined knowledge and experience of outstanding medical-legal teachers and writers for the purpose of educating attorneys about the

difficult, variegated, and controversial subject of medical malpractice. It is difficult, if not impossible, to think of a legal area that has been the subject of as much oral and written commentary in the past twenty years as medical malpractice. Unfortunately, many of these speeches, publications, and special programs have generated far more heat than light on this complex and controversial topic. As a result, confusion and misunderstanding have precipitated hostility among a great majority of physicians toward lawyers, particularly plaintiffs' trial attorneys. Addressing this issue, this volume was prepared by prominent, experienced medical specialists, all of whom have had much involvement and interest in legal medicine for many years. Therefore, although the chapters are substantive, solid reviews from the perspective of medical specialists, they also are geared to address important issues encountered at the interface of law and medicine.

Reports of the Trials of Colonel Aaron Burr ... for treason, and for a misdemeanor, in preparing the means of a military expedition against Mexico ... To which is added, an appendix, containing the argumets and evidence in support ... of the motion afterwards made by the counsel for theUnited States, to commit A. Burr, H. Blennerhassett and I. Smith, to be sent for trial to the State of Kentucky, for treason or misdemeanor ... Taken in short hand by David Robertson, etc Jun 17 2020

The Vice-President Presented the Following Letter from the Attorney-General in Response to a Resolution of the Senate Dated December 3, 1895, Directing the Attorney-General to Report to the Senate the Number of Suits Against the United States Filed in the Court of Claims and Not Adjudicated at the Commencement of the Present Term Thereof, with Certain Specified Details Oct 14 2022

Reports of the Trials of Colonel Aaron Burr (late Vice President of the United States,) for Treason, and for a Misdemeanor Dec 16 2022

Trial Prep for Paralegals: Effective Case Management and Support to Attorneys in Preparation for Trial Nov 22 2020 Coyne and Furi-Perry have created the essential how-to guide for trial preparation.

Paralegals will master every stage of litigation, from initial client interviews to pulling together the trial notebook. The book begins with overviews of the litigation process and the evidence rules. Practical skills for interviewing, handling discovery, preparing exhibits, and more are then introduced and explained with examples. Finally, the book stresses the importance of communication and working well with attorneys, clients, courts, and others.
