Twelve-year old Ron Baker finds a mini bike while scuba diving and, with the help of a former motorcycle rider and racer, restores the bike and enters competitions. In the Fifties and Sixties American dirt track motorcycle racing fans' attention was focused on half-mile and mile oval flat track races and the occasional TT race looped inside the half-mile tracks to include a jump. There were a few "scramble" races on tracks but the surfaces were graded and smoothed so they were more-or-less flat track races with a few more left hand turns and a jump or two. Motocross, as we know it today was the sport of Europeans. All that changed in 1968 when motocross was "imported" into America, first as the "Inter-Am" series in 1968-'69, then as the "Trans-Am" series in 1970. Classic race tracks ranged from the movie backlot at Westlake Village and the arid Carlsbad and Saddleback Park in California to Linnville, Ohio, and Unadilla, New York, and Pepperrell, Massachusetts. The best European riders - Roger Decoster, Jeff Smith, Joel Robert, Torsten Hallman, Bengt Aberg, Arne Kring, Vic Allan, Dave Bickers and others - competed against the brash new American like Gary Bailey, Dick Mann, Marty Tripes, Brad Lackey, Jim Pomeroy, Gary Jones, Rex Stanton, Barry Higgins, Preston Petty and more. This is the story of the beginning of what has become America's #1 dirt sport. Kyle raced motocross throughout his youth and was pursuing a career in racing. On October 1st, 2008, fate stepped in and kicked his racing career to the curb. Kyle broke his neck at the age of 18 at a Dodge Amateur National. This would halt his career in motocross but not his love for the sport. While Kyle could not race anymore, he still was very passionate about motocross and wanted to be involved in it in some way. So... he decided to write a book. A kids book about motocross, to inspire tomorrows youth to grow up loving motocross like he did. During the process of writing the book he had an illustrator that was doing a great job. Although life got in the way for him and he had to back out. So Kyle was stuck with half of a book illustrated. As fate would have it, an old friend of his was finishing school to become an illustrator and they got back in touch. The rest is history. He started from scratch illustrating the book and did a fantastic job creating many professional illustrations. Kyle is in the process of writing more books, so stay tuned! Author: Growing up I could never find any Motocross or even dirt bike books for kids. So, I decided to write a book just for kids that was all about motocross / dirt bikes & racing! At nineteen, Ashley Fiolek is already the top female competitor in a tough men's sport: motocross, a form of off-road motorcycle racing that is one of the most competitive and dangerous extreme sports in the world. Since going pro in late 2007, Fiolek has taken gold at the X Games, won the American Women's Motocross Championship twice, and become the first woman in American motocross history to be signed to a factory team—the highest echelon of industry backing. But Fiolek's rise has not come without obstacles. Fiolek was born profoundly deaf, a handicap that makes everyday life

difficult—and competition on the track downright dangerous. Originally misdiagnosed as "mildly retarded," she was a painfully shy and introverted child—until her parents introduced her to the world of dirt bikes, which helped her escape the silence in her head and connect with others who shared her passion. She began racing at seven, and as her successes grew through hard work and no small number of broken bones, so did her confidence. Fiolek has never believed her disability should stand in the way of her dreams. Nor has she allowed her gender to limit her career—motocross historically has been a men's sport, but with the love and support of her dirt-obsessed family, including her "Grandpa Motorcycle," her little brother, Kicker, and her dogs, Turbo and Rocco, Ashley has emerged as one of the sport's most talked-about stars, changing the way the entire industry views women. Armed with her extraordinary talent, contagious grin, and deep faith in God, Fiolek continues to venture into unknown territory, relentlessly pushing herself—and women's motocross—to ever-greater heights. Kicking Up Dirt is a remarkable, inspiring tale of a young woman's courage and determination to succeed in the face of truly challenging obstacles.
