In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total

soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. A journalist's provocative and spellbinding account of her eighteen months spent disguised as a man. Norah Vincent became an instant media sensation with the publication of *Self-Made Man*, her take on just how hard it is to be a man, even in a man's world. Following in the tradition of John Howard Griffin (*Black Like Me*), Vincent spent a year and a half disguised as her male alter ego, Ned, exploring what men are like when women aren't around. As Ned, she joined a bowling team, took a high-octane sales job, went on dates with women (and men), visited strip clubs, and even managed to infiltrate a monastery and a men's therapy group. At once thought-provoking and pure fun to read, *Self-Made Man* is a sympathetic and thrilling tour de force of immersion journalism.

Everybody knows John Altman's music, but not so many people know his name. Yet he is one of the most prolific composers, conductors and arrangers in history and his saxophone

playing has been heard live and on record with many great names. In this vivid account of over fifty years in the world of popular music, Altman explains why he is the 'Hidden Man', whose scores include such well-known film sequences as 'Always Look on the Bright Side of Life' from Life of Brian, which he arranged, conducted and whistled; the tank chase through St. Petersburg in the James Bond movie Goldeneye and the ship sinking in Titanic, with the orchestra playing on deck. In all, he has composed the music for over 50 movies, and won most major film awards in his long and distinguished career. His orchestrations can be heard in film scores by legends like Elmer Bernstein and Jule Styne, and he was musical director for several television series, notably Miss Marple, starring Joan Hickson, as well as Peak Practice. As an arranger/conductor he has worked on hit records for numerous stars, among them Rod Stewart, George Michael, Tina Turner, Barry White, Diana Ross, Bjork, and Alison Moyet. As a saxophonist, flautist and clarinet player he has performed with an equally stellar list of musicians. John Altman has also found time to write, produce and arrange over 4,000 commercials worldwide, including his theme for the 'Sheila's Wheels' advertisement. Such anonymity coupled with universally-known themes is why Monty Python's Terry Gilliam named Altman the 'Hidden Man'. In this entertaining, fast-paced memoir you will discover how Ingrid Bergman smiled at his back; how a Beatle always greeted him by singing one of his musical phrases; how he tried in vain to persuade Nick Drake to continue performing in public;

how he reduced Freddy Mercury to helpless laughter; how he got Pierce Brosnan his big movie break; how he sat with Charlie Chaplin watching a movie that hadn't been seen for a quarter of a century (with a running commentary from the great man himself); how he sang over a mobile phone to James Cameron and the cast of Titanic; how he inspired a five-year-old George Michael to become a musician; how he was the Wailers' tour guide around London, and how Tina Turner made him a cup of tea. One of the most poignant parts of the story is how he mentored the young Amy Winehouse. Motivation is key to substance use behavior change. Counselors can support clients' movement toward positive changes in their substance use by identifying and enhancing motivation that already exists. Motivational approaches are based on the principles of person-centered counseling. Counselors' use of empathy, not authority and power, is key to enhancing clients' motivation to change. Clients are experts in their own recovery from SUDs. Counselors should engage them in collaborative partnerships. Ambivalence about change is normal. Resistance to change is an expression of ambivalence about change, not a client trait or characteristic. Confrontational approaches increase client resistance and discord in the counseling relationship. Motivational approaches explore ambivalence in a nonjudgmental and compassionate way. Part field guide, part history, part ornithology primer, and altogether fun. Fact: Pigeons are amazing, and until recently, humans adored them. We 've kept them as pets, held pigeon beauty contests, raced

them, used them to carry messages over battlefields, harvested their poop to fertilize our crops—and cooked them in gourmet dishes. Now, with *The Pocket Guide to Pigeon Watching*, readers can rediscover the wonder. Equal parts illustrated field guide and quirky history, it covers behavior: Why they coo; how they flock; how they preen, kiss, and mate (monogamously); and how they raise their young (on chunky pigeon milk). Anatomy and identification, from Birmingham Roller to the American Giant Runt to the Scandaroon. Birder issues, like what to do if you find a baby pigeon stranded in the park. And our lively shared story together, including all the things we ’ ve taught them—Ping-Pong, for example. “ Rats with wings? ” Think again. Pigeons coo, peck and nest all over the world, yet most of us treat them with indifference or disdain. So Rosemary Mosco, a bird-lover, science communicator, writer, and cartoonist (and co-author of *The Atlas Obscura Explorer ’ s Guide for the World ’ s Most Adventurous Kid*) is here to give the pigeon's image a makeover, and to help every town- and city-dweller get closer to nature by discovering the joys of birding through pigeon-watching. Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife. In the early 1990s, at the watershed age of thirty, Marilyn Abildskov decided she needed to start over. She accepted an offer to move from Utah to Matsumoto, Japan, to teach English to junior high school students. “ All I knew is that I had to

get away and when I stared at my name on the Japanese contract, the squiggles of katakana, my name typed in English sturdily beneath, I liked how it looked. As if it—as if I—were translated, transformed, emerging now as someone new.” The Men in My Country is the story of an American woman living and loving in Japan. Satisfied at first to observe her exotic surroundings, the woman falls in love with the place, with the light, with the curve of a river, with the smell of bonfires during obon, with blue and white porcelain dishes, with pencil boxes, and with small origami birds. Later, struggling for a deeper connection— “ I wanted the country under my skin ” —Abildskov meets the three men who will be part of her transformation and the one man with whom she will fall deeply in love. A travel memoir offering an artful depiction of a very real place, The Men in My Country also covers the terrain of a complex emotional journey, tracing a geography of the heart, showing how we move to be moved, how in losing ourselves in a foreign place we can become dangerously—and gloriously—undone.

David and Jack Meredith grow up in a patriotic suburban Melbourne household during the First World War, and go on to lead lives that could not be

more different. Through the story of the two brothers George Johnston created an enduring exploration of two Australian myths: that of the man who loses his soul as he gains worldly success, and that of the tough, honest, Aussie battler, whose greatest ambition is to serve his country during the war. Acknowledged as one of the true Australian classics, *MY BROTHER JACK* is a deeply satisfying, complex and moving literary masterpiece. The National Book Critics Circle Award – winning author delivers a collection of essays that serve as the perfect “antidote to mansplaining” (*The Stranger*). In her comic, scathing essay “Men Explain Things to Me,” Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they know things and wrongly assume women don’t, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful encounters. She ends on a serious note—because the ultimate problem is the silencing of women who have something to say, including those saying things like, “He’s trying to kill me!” This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf’s embrace of mystery, of not knowing, of doubt and ambiguity, a highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. “In this series of personal but unsentimental essays, Solnit gives succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even

unrecognized.” —The New York Times “ Essential feminist reading.” —The New Republic “ This slim book hums with power and wit.” —Boston Globe “ Solnit tackles big themes of gender and power in these accessible essays. Honest and full of wit, this is an integral read that furthers the conversation on feminism and contemporary society.” —San Francisco Chronicle “ Essential.” —Marketplace “ Feminist, frequently funny, unflinchingly honest and often scathing in its conclusions.” —Salon

A SUNDAY TIMES BOOK OF THE YEAR A TIME 'MUST-READ' 'An extraordinarily thought-provoking memoir that makes a controversial contribution to the fraught debate on race and racism . . . intellectually stimulating and compelling' SUNDAY TIMES A reckoning with the way we choose to see and define ourselves, *Self-Portrait in Black and White* is the searching story of one American family's multi-generational transformation from what is called black to what is assumed to be white. Thomas Chatterton Williams, the son of a 'black' father from the segregated South and a 'white' mother from the West, spent his whole life believing the dictum that a single drop of 'black blood' makes a person black. This was so fundamental to his self-conception that he'd never rigorously reflected on its foundations - but the shock of his experience as the black father of two extremely white-looking children led him to question these long-held convictions. It is not that he has come to believe that he is no longer black or that his daughter is white, Williams notes. It is that these categories cannot

adequately capture either of them - or anyone else, for that matter. Beautifully written and bound to upset received opinions on race, *Self-Portrait in Black and White* is an urgent work for our time. An Instant New York Times Bestseller! In their first collaboration since the Newbery Medal- and Caldecott Honor-winning *Last Stop on Market Street*, Matt de la Peña and Christian Robinson deliver a poignant and timely new picture book that's sure to be an instant classic. When Carmela wakes up on her birthday, her wish has already come true--she's finally old enough to join her big brother as he does the family errands. Together, they travel through their neighborhood, past the crowded bus stop, the fenced-off repair shop, and the panadería, until they arrive at the Laundromat, where Carmela finds a lone dandelion growing in the pavement. But before she can blow its white fluff away, her brother tells her she has to make a wish. If only she can think of just the right wish to make . . . With lyrical, stirring text and stunning, evocative artwork, Matt de la Peña and Christian Robinson have crafted a moving ode to family, to dreamers, and to finding hope in the most unexpected places. Mr Bump sat on a wall, Mr Bump had a great fall... It's time for some nursery rhymes with the Mr Men! This fun book includes lots of popular nursery rhymes with their own Mr Men twist! The Mr Men and Little Miss have been delighting children for generations with their charming and funny antics. Poetry. *THE MAN SUIT*, a darkly comic debut from poet Zachary Schomburg, assembles a macabre cast of doppelgangers,

talking animals and dead presidents in poems that explore concepts of identity, truth and fate. The resulting body of work walks a dynamic line--often reading like anecdotal fables or cautionary tales in the form of prose poems. Through it all, Schomburg balances irony with sincerity; wit with candor; and a playful tone with the knowledge of inevitable sorrow. "The often funny yet haunting prose and verse poems of this eagerly anticipated debut deal with the subtle and unexpected ways things can transform, usually just beneath an observer's awareness.... Schomburg may be one of the sincerest surrealists around."--Publishers Weekly "Zachary Schomburg is a wildly imaginative poet who will take you many places you've never been or even dreamed of, always with grace and quirky humor. Whether you are caught in Abraham Lincoln's Death Scene or the Sea of Japan, you are certain to enjoy the original vision of this highly entertaining poet. It's a book like no other."--James Tate "Zachary Schomburg's THE MAN SUIT comes to us from the past but it is a thoroughly new book. It comes to us out of the familiar and it strikes us in the face with its novelty. You will recognize your own history, the history of our nation, the influence of Mad Magazine and Benjamin Peret. And underneath it all, and what holds it all together, however unlikely, is the deep and abiding love of the little things that make up our days."--Matthew Rohrer "It is a rare and fine thing when a poet momentarily affiliates his words and his cadences with the entirety of a world, thus freeing his poem from all burden of mediation, all

transgression. In our own era, Ren Char and Pablo Neruda come most vividly to mind in this regard. With *THE MAN SUIT*, Zachary Schomburg, quietly but with deep conviction, begins to join their company. His book is a blessing."--Donald Revell

The story of the abduction, beating, and rape of a teenage boy, followed by the unsolved brutal murder of his assailant, is now a moving novel written by the man who survived this vicious attack. The first English translation of the classic Japanese novel that has sold over 2 million copies—a childhood favorite of anime master Hayao Miyazaki (*Spirited Away*, *My Neighbor Totoro*, *Howl 's Moving Castle*), with an introduction by Neil Gaiman. First published in 1937, Genzabur Yoshino 's *How Do You Live?* has long been acknowledged in Japan as a crossover classic for young readers. Academy Award – winning animator Hayao Miyazaki has called it his favorite childhood book and announced plans to emerge from retirement to make it the basis of his final film. *How Do You Live?* is narrated in two voices. The first belongs to Copper, fifteen, who after the death of his father must confront inevitable and enormous change, including his own betrayal of his best friend. In between episodes of Copper 's emerging story, his uncle writes to him in a journal, sharing knowledge and offering advice on life 's big questions as Copper begins to encounter them. Over the course of the story, Copper, like his namesake Copernicus, looks to the stars, and uses his discoveries about the heavens, earth, and human nature to answer the question of how he will live. This first-

ever English-language translation of a Japanese classic about finding one's place in a world both infinitely large and unimaginably small is perfect for readers of philosophical fiction like *The Alchemist* and *The Little Prince*, as well as Miyazaki fans eager to understand one of his most important influences. It is separated into two halves, each with different approaches to that subject. The first half goes through the concepts of causality, with very little in the way of estimation. It introduces the concept of identification thoroughly and clearly and discusses it as a process of trying to isolate variation that has a causal interpretation. Subjects include heavy emphasis

on data-generating processes and causal diagrams. Concepts are demonstrated with a heavy emphasis on graphical intuition and the question of what we do to data. When we “ add a control variable ” what does that actually do? Key Features:

- Extensive code examples in R, Stata, and Python
- Chapters on overlooked topics in econometrics classes: heterogeneous treatment effects, simulation and power analysis, new cutting-edge methods, and uncomfortable ignored assumptions
- An easy-to-read conversational tone
- Up-to-date coverage of methods with fast-moving literatures like difference-in-differences

**A GRIPPING, FEARLESS EXPLORATION OF MASCULINITY**

The effects of traditionally defined masculinity have become one of the most prevalent social issues of our time. In this engaging and provocative new book, beloved actor, director, and social activist Justin Baldoni reflects on his own struggles with masculinity. With insight and honesty, he explores a range of difficult, sometimes uncomfortable topics including strength and vulnerability, relationships and marriage, body image, sex and sexuality, racial justice, gender equality, and fatherhood. Writing from experience, Justin invites us to move beyond the scripts we ’ ve learned since childhood and the roles we are expected to play. He challenges men to be brave enough to be vulnerable, to be strong enough to be sensitive, to be confident enough to listen. Encouraging men to dig deep within themselves, Justin helps us reimagine what it means to be man enough and in the process what it means to be human.
