The Alvin Hale Cartoon Drawing Collection By: Alvin Hale Alvin Hale is the talented artist who drew all of the pictures for The Alvin Hale Cartoon Drawing Collection. NOTHING IN THIS BOOK CAN BE REPRODUCED WITHOUT THE PERMISSION OF ALVIN HALE. This FULL COLOR book contains fifty differentiated art lessons for K-12 students, with extensions for advanced classes. Many include links within lessons that will connect to mini-video tutorials. Most explorations in his book can be done with different kinds of media. Don't have oil pastels? Use crayons, colored pencils, or just about any drawing media. Taking a drawing project and re-tooling it to be a painting lesson is often possible. Use what you have on hand. These are lessons I have developed over my thirty year art teaching career. I specifically chose these fifty, because the root of each can be simplified for younger students, and beefed up for the more advanced. This is also helpful while working in an integrated classroom where special needs students work alongside their peers. While a class works on a particular lesson, the simplified version can be used as well so that all can work on the same root concepts. These lessons appear in our other book "Extended Sub Plans For Art Teachers." However, this book is designed with the classroom art teacher in mind, so it does not include media tutorials needed for a sub. This book ends with critique worksheets, grading rubrics, classroom resources, and enough sub plans for 25 days of absences! Many additional free resources, videos, plans, and more can be found on the author's blog at Artedguru.com. This beginning drawing book is perfect...for you child How to Draw for Cars, Trucks, Planes, and Other Things That Go! provides simple, easy-to-follow pictures that make it easy for kids to start drawing. Draw the Flow Way "Create whatever causes a revolution in your heart." -Elizabeth Gilbert "I cannot rest, I must draw, however poor the result, and when I have a bad time come over me it is a stronger desire than ever." -Beatrix Potter "Drawing, painting, creating...it's like a muscle. You have to work on it every day." -Sarah Walsh "Draw the art you want to see, start the business you want to run, play the music you want to hear, write the books you want to read, build the products you want to use—do the work you want to see done." -Austin Kleon "Drawing is the discipline by which I constantly rediscover the world. I have learned that what I have not drawn, I have never really seen, and that when I start drawing an ordinary thing, I realize how extraordinary it is, sheer miracle." -Frederick Frank "Have no fear of perfection, you'll never reach it." -Salvador Dalí "Creativity is a way of living life, no matter what our vocation or how we earn our living." -Madeline L'Engle "I believe the most important single thing, beyond discipline and creativity, in any artistic work, is daring to dare." -Maya Angelou "I sometimes think that there is nothing so delightful as drawing." -Vincent van Gogh In this innovative approach to drawing instruction, the illustrators from Flow magazine open up their tool kits, sharing secrets and techniques to teach the creatively curious how to draw. The lessons, 50 in all, curated from the best of Flow's two special drawing issues, show how to render the kinds of things we see every day: a bouquet of flowers, a beloved teacup, colorful mittens, the kitchen table, a bike, jam jars, a cat, an apple tree. Along the way we learn about color, materials, perspective, tools, and negative space. With its bound-in paper goodies, this book is also a canvas for artistic exploration—reminding us of the mindful pleasure of doing creative work. Filled With Paper Goodies: Mini daily drawing pad DIY postcards Watercolor, tracing, and colored papers House interiors to unfold and decorate A barrel of laughs is what aspiring cartoonists of all ages will have while they learn to draw their favorite characters from the funny pages.
