The Bible Myth Aug 21 2022 First published in 1998, The Bible Myth was acclaimed for its scholarship and insight. Examining the troubling questions of why ancient Israel has no archaeological or documentary presence prior to and just after the Exodus from Egypt, Greenberg asks who were the earliest Israelites, where did they come from and under what circumstances did they come to power in Canaan? Challenging conventional wisdom in this field, he posits a radical new model for the study of biblical Israel. Provocative, polemical and erudite, this is essential reading.

History of the Jews Mar 04 2021

A Historical Atlas of the Jewish People Aug 28 2020 The history of the Jews spans more than two millenia and encompasses most parts of the globe--an extraordinary saga which is set forth pictorially in this comprehensive, and richly illustrated and designed volume. With hundreds of brilliantly detailed maps, photographs, and

drawings, and chronologies and commentaries by leading experts, A Historical Atlas of the Jewish People is both an authoritative reference work and a sumptuous gift volume.

The Jewish Body Feb 12 2022 An encyclopedic survey of the Jewish body as it has existed and as it has been imagined from biblical times to the present That the human body can be the object not only of biological study but also of historical consideration and cultural criticism is now widely accepted. But why, Robert Jütte asks, should a historian bother with the Jewish body in particular? And is the "Jewish body" as much a concept constructed over the course of centuries by Jews and non-Jews alike as it is a physical reality? To comprehend the notion and existence of a Jewish body, he contends, one needs to look both at the images and traits that have been ascribed to Jews by themselves and others, and to the specific bodily practices that have played an important role in creating the identity of a religious and cultural community. Jütte has written an encyclopedic survey of the Jewish body as it has existed and as it has been imagined from biblical times to the present, often for anti-Jewish purposes. He examines the techniques for caring for the body that Jews acquire in childhood

from parents and authority figures and how these have changed over the course of a more than 2000-year history, most of it spent in exile. From consideration of traditional body stereotypes, such as the so-called Jewish nose, to matters of gender and sexuality, sickness and health, and the inevitable end of the body in death, The Jewish Body explores the historical foundations of the human physis in all its aspects.

The Chosen Few Dec 13 2021 Maristella Botticini and Zvi Eckstein show that, contrary to previous explanations, this transformation was driven not by anti-Jewish persecution and legal restrictions, but rather by changes within Judaism itself after 70 CE--most importantly, the rise of a new norm that required every Jewish male to read and study the Torah and to send his sons to school. Over the next six centuries, those Jews who found the norms of Judaism too costly to obey converted to other religions, making world Jewry shrink. Later, when urbanization and commercial expansion in the newly established Muslim Caliphates increased the demand for occupations in which literacy was an advantage, the Jews found themselves literate in a world of almost universal illiteracy. From then forward, almost all Jews entered crafts and trade, and many of them

began moving in search of business opportunities, creating a worldwide Diaspora in the process.

A Theology of the Jewish-Christian Reality Sep 29 2020 This is the first, and most referred to, Christian systemic theology to make clear for the Church the relevance of the continuing existence of the Jewish people to every aspect of its theology. The three volumes set out to correct a major and central deficiency in the field: that the continuing existence of Israel, the people of God and the people of Jesus, whose ancestors produced by far the largest part of the Church's Bible, and who have lived by the covenant of those Scriptures through the ages, has been either ignored or treated negatively. A Theology of the Jewish-Christian Reality continues to stimulate fresh thinking about the foundations for responsible theological reflection. This opening volume explores the implications of the Church's own confession that the God it worships is the God of Israel. Just this truth, it is argued, is expressed in the Church's doctrine of the Trinity, and it grounds the further reflections on the Church's identity, on the Bible, on revelation and on redemption. Originally published in 1983 by Harper and Row Publishers.

The Resurrection of Jesus Apr 04 2021 I accept the resurrection of Jesus not as an invention of the community of disciples, but as an historical event. Ó When a leading orthodox Jew makes such a declaration, its significance can hardly be overstated. Pinchas Lapide is a rabbi and theologian who has specialized in the study of the New Testament. In this book he convincingly shows that an irreducible minimum of experience underlies the New Testament account of the resurrection, however much of the details of the narrative may be open to objection. He maintains that life after death is part of the Jewish faith experience, and that it is Jesus' messiahship, not his resurrection, which marks the division between Christianity and Judaism. Dr. Lapide quotes Moses Maimonides, the greatest Jewish thinker, in his support: All these matters which refer to Jesus of Nazareth...only served to make the way free for the King Messiah and to prepare the whole world for the worship of God with a united heart. Ó

Paul, the Law, and the Jewish People Aug 09 2021 This book is devoted both to the problem of Paul's view of the law as a whole, and to his thought about and relation to his fellow Jews. Building upon his previous study, the critically

acclaimed Paul and Palestinian Judaism, E.P. Sanders explores Paul's Jewishness by concentrating on his overall relationship to Jewish tradition and thought. Sanders addresses such topics as Paul's use of scripture, the degree to which he was a practicing Jew during his career as apostle to the Gentiles, and his thoughts about his "kin by race" who did not accept Jesus as the messiah. In short, Paul's thoughts about the law and his own people are re-examined with new awareness and great care. Sanders addresses an important chapter in the history of the emergence of Christianity. Paul's role in that development -- specially in light of Galatians and Romans -- is now re-evaluated in a major way. This book is in fact a significant contribution to the study of the emergent normative self-definition in Judaism and Christianity during the first centuries of the common era.

*A Short History of the Jewish People Apr 28 2023
From the original legends of the Bible to the peace accords of today's newspapers, this engaging, one-volume history of the Jews will fascinate and inform. 30 illustrations.*

A Handbook on the Jewish Roots of the Christian Faith Oct 30 2020 A Handbook on the Jewish Roots of the Christian Faith is a comprehensive

handbook that serves as an introduction to the Jewish roots of the Christian Faith. It includes Old Testament background, Second Temple Judaism, the life of Jesus, the New Testament, and the early Jewish followers of Jesus. It is intended as a resource for college and/or higher education. It is no longer a novelty to say that Jesus was a Jew. In fact, the term Jewish roots has become something of a buzzword in books, articles, and especially on the internet. But what does the Jewishness of Jesus actually mean, and why is it important? This collection of articles aims to address those questions and serve as a comprehensive yet concise primer on the Jewish roots of the Christian faith. It consists of thirteen chapters, most of which are divided into four or five articles. It is in a handbook format, meaning that each article is brief but informative. The thirteen chapters are grouped into four major sections: (1) The Soil, (2) The Roots, (3) The Trunk, and (4) The Branches. Craig A. Evans, PhD, DHabil, is the John Bisagno Distinguished Professor of Christian Origins at Houston Baptist University in Texas. He is a frequent contributor to scholarly journals and the author or editor of over seventy books. Evans resides in Houston, TX. David Mishkin, PhD, serves on the faculty of

Israel College of the Bible in Netanya, Israel. He is the author of The Wisdom of Alfred Edersheim and Jewish Scholarship on the Resurrection of Jesus. Mishkin resides in Fort Wayne, Indiana.

The Big Jewish Book for Jews Sep 09 2021 A hilarious compendium of traditional wisdom, recipes, and lore from the authors of the bestselling Yiddish with Dick and Jane. Modern Jews have forgotten cherished traditions and become, sadly, all- too assimilated. It's enough to make you meshugeneh. Today's Jews need to relearn the old ways so that cultural identity means something other than laughing knowingly at Curb Your Enthusiasm- and The Big Jewish Book for Jews is here to help. This wise and wise-cracking fully-illustrated book offers invaluable instruction on everything from how to sacrifice a lamb unto the lord to the rules of Mahjong. Jews of all ages and backgrounds will welcome the opportunity to be the Jewiest Jew of all, and reconnect to ancestors going all the way back to Moses and a time when God was the only GPS a Jew needed.

The Jewish War Mar 16 2022 Josephus' account of a war marked by treachery and atrocity is a superbly detailed and evocative record of the Jewish rebellion against Rome between AD 66

and 70. Originally a rebel leader, Josephus changed sides after he was captured to become a Rome-appointed negotiator, and so was uniquely placed to observe these turbulent events, from the siege of Jerusalem to the final heroic resistance and mass suicides at Masada. His account provides much of what we know about the history of the Jews under Roman rule, with vivid portraits of such key figures as the Emperor Vespasian and Herod the Great. Often self-justifying and divided in its loyalties, The Jewish War nevertheless remains one of the most immediate accounts of war, its heroism and its horrors, ever written.

History Of The Jewish People Jul 28 2020 First published in 2007. Routledge is an imprint of Taylor & Francis, an informa company.

The Religion of Israel to the Fall of the Jewish State Jun 06 2021

The Jewish Book of Why Jun 30 2023 Why do Jews eat gefilte fish? Why is a glass broken at the end of a Jewish wedding ceremony? Why must the chapter of curses in the Torah be read quickly in a low voice? Why are shrimp and lobster not kosher? Why do Jews fast on Yom Kippur? Why are some Matzot square while others are round? If you've ever asked or been asked any of these

questions, *The Jewish Book of Why* has all the answers. In this complete, concise, fascinating, and thoroughly informative guide to Jewish life and tradition, Rabbi Alfred J. Kolatch clearly explains both the significance and the origin of nearly every symbol, custom, and practice known to Jewish culture—from Afikomon to Yarmulkes, and from Passover to Purim. Kolatch also dispels many of the prevalent misconceptions and misunderstandings that surround Jewish observance and provides a full and unfettered look at the biblical, historical, and sometimes superstitious reasons and rituals that helped develop Jewish law and custom and make Judaism not just a religion, but a way of life. L'chaim!

The Myth of the Jewish Race Oct 11 2021 As a youth, the author, who had two Jewish grandparents, was defined as a Jew by Vichy France; his parents, however, refused to register the family as Jews. (In March 1944 Corcos and his brother fled to Spain and joined the Allied Forces in North Africa.) States that antisemites consider Jewishness to be inherited and to embody inferior, evil traits. This view is based on two false biological premises: that there are pure races of humans, and that some races are superior to

others. Rejects these premises by considering modern biology and Jewish history. The latter indicates that the Jews cannot be a race, due to their lack of sexual isolation; diversity among Jews is a result of both intermarriage and proselytism. Sees the Spanish "limpieza de sangre" statutes and the Inquisition as precursors of Nazi racism. Observes that sometimes Jews have joined antisemites in accepting biological determinism. Intermarriage in countries such as China, India, and the USA has led to considerable biological diversity among Jews and to the reduction of diversity between Jews and non-Jews, if such diversity existed at all. Stresses that if antisemites have worried about "contamination" of their "race" by the Jews they have already missed the boat since Jews have mixed with non-Jews for many centuries.

Celebrate! May 25 2020 This wonderful charmingly illustrated book celebrates Jewish holidays all year long. From Rosh Hashanah, the Jewish New Year, to Sukkot, the celebration of the harvest, to Hanukkah, the festival of lights, this is the perfect book for families to enjoy together.

Calendar and Community Jan 02 2021 Calendar and Community traces the development of the Jewish calendar from its origins until it reached, in

the tenth century CE, its present form. Drawing on a wide range of often neglected sources - literary, documentary, epigraphic, Jewish, Graeco-Roman and Christian - it is the first comprehensive work to have been written on the subject. It will be useful not only to historians and epigraphists for the interpretation of early Jewish datings, but also as a historical study of early Judaism in its own right. Its main theme is that the Jewish calendar evolved in the course of this period from considerable diversity (with a variety of solar and lunar calendars) to unity (with the normative rabbinic calendar). The unification of the calendar was one element in the unification of Jewish identity in later antiquity and the early medieval world.

The Jewish Festivals May 30 2023 Why is the Jewish New Year designated on the Jewish calendar as the first day of the seventh month, and not of the first month? Why do women cover their eyes when reciting the blessing over the Sabbath candles? How did the Seder originate? Does the Book of Esther, read on Purim, mirror any real historical events? Long considered a classic, The Jewish Festivals provides a rich and charming account of the origins, development, and symbolism of the Jewish holidays, and of the

diverse rituals, prayers, ceremonial objects, and special foods that have been used throughout history and around the world to celebrate them. Drawing upon a wealth of knowledge of Jewish folkways and customs, Hayyim Schauss shows how these holidays evolved in meaning and importance, depending on the contemporary needs of those who observed them. Written with passion and warmth, this book will infuse your own experience of the holidays with extra meaning and delight.

Jesus and the Jewish Roots of the Eucharist Sep 02 2023 A revelatory exploration of the Jewish roots of the Last Supper that seeks to understand exactly what happened at Jesus' final Passover. "Clear, profound and practical—you do not want to miss this book."—Dr. Scott Hahn, author of *The Lamb's Supper and The Fourth Cup* *Jesus and the Jewish Roots of the Eucharist* shines fresh light on the Last Supper by looking at it through Jewish eyes. Using his in-depth knowledge of the Bible and ancient Judaism, Dr. Brant Pitre answers questions such as: What was the Passover like at the time of Jesus? What were the Jewish hopes for the Messiah? What was Jesus' purpose in instituting the Eucharist during the feast of Passover? And, most important of all, what did

Jesus mean when he said, "This is my body... This is my blood"? To answer these questions, Pitre explores ancient Jewish beliefs about the Passover of the Messiah, the miraculous Manna from heaven, and the mysterious Bread of the Presence. As he shows, these three keys—the Passover, the Manna, and the Bread of the Presence—have the power to unlock the original meaning of the Eucharistic words of Jesus. Along the way, Pitre also explains how Jesus united the Last Supper to his death on Good Friday and his Resurrection on Easter Sunday. Inspiring and informative, Jesus and the Jewish Roots of the Eucharist is a groundbreaking work that is sure to illuminate one of the greatest mysteries of the Christian faith: the mystery of Jesus' presence in "the breaking of the bread."

The Jewish Writings Feb 24 2023 Although Hannah Arendt is not primarily known as a Jewish thinker, she probably wrote more about Jewish issues than any other topic. As a young adult in Germany, she wrote about German Jewish history. After moving to France in 1933, she helped Jewish youth immigrate to Palestine. During her years in Paris, her principle concern was the transformation of antinomianism from prejudice to policy, which would culminate in the

*Nazi "final solution." After France fell, Arendt escaped from an internment camp and made her way to America. There she wrote articles calling for a Jewish army to fight the Nazis. After the war, she supported the creation of a Jewish homeland in a binational (Arab-Jewish) state of Israel. Arendt's original conception of political freedom cannot be fully grasped apart from her experience as a Jew. In 1961 she attended Adolf Eichmann's trial in Jerusalem. Her report, *Eichmann in Jerusalem*, provoked an immense controversy, which culminated in her virtual excommunication from the worldwide Jewish community. Today that controversy is the subject of serious re-evaluation, especially among younger people in the United States, Europe, and Israel. The publication of *The Jewish Writings*—much of which has never appeared before—traces Arendt's life and thought as a Jew. It will put an end to any doubts about the centrality, from beginning to end, of Arendt's Jewish experience.*

Jesus and the Jewish Roots of Mary Jan 26 2023
"Brant Pitre is one of the most compelling theological writers on the scene today." –Bishop Robert Barron
Bestselling author of *Jesus and the Jewish Roots of the Eucharist* casts new light on

the Virgin Mary, illuminating her role in the Old and New Testaments. Are Catholic teachings on Mary really biblical? Or are they the "traditions of men"? Should she be called the "Mother of God," or just the mother of Jesus? Did she actually remain a virgin her whole life or do the "brothers of Jesus" refer to her other children? By praying to Mary, are Catholics worshipping her? And what does Mary have to do with the quest to understand Jesus? In Jesus and the Jewish Roots of Mary, Dr. Pitre takes readers step-by-step from the Garden of Eden to the Book of Revelation to reveal how deeply biblical Catholic beliefs about Mary really are. Dr. Pitre uses the Old Testament and Ancient Judaism to unlock how the Bible itself teaches that Mary is in fact the new Eve, the Mother of God, the Queen of Heaven and Earth, and the new Ark of the Covenant.

The Jewish People Jan 31 2021 'This handsomely produced and interestingly illustrated volume is two works in one. The first part offers a survey of Jewish history and literature. The second part presents what the preface describes as 'a thematic analysis of the teachings and practices of Judaism.'" Israel Finestein, Jewish Chronicle 'Fluently written, with an admirable fair-mindedness in surveying both history and belief.'

A.J. Shermann, Times Literary Supplement 'The intelligent non-expert gets a clear picture of Jewish life, letters and history and it will be an endlessly useful reference book.' *Julia Neuberger, Times Educational Supplement 'A wide-ranging account of things Jewish that one can truly recommend to intellectually curious Gentiles, as well as to the majority of modern secularized Jews who know relatively little about their complex tradition.'* *Louis Marcus, Irish Times*
The History of the Jews Jun 18 2022

Jewish Views of the Afterlife Apr 24 2020 In the third edition of *Jewish Views of the Afterlife*, Rabbi Simcha Paull Raphael walks readers through the Jewish tradition of the afterlife while providing insights into spiritual care with dying and grieving individuals and families.

Shuva Oct 23 2022 Offers a roadmap for revitalizing the connection between the Jewish people and the Jewish past

Being Jewish Dec 01 2020 Discussing the tenets and practice of Judaism from both a contemporary and a historical perspective, a comprehensive and insightful exploration of the nature of Judaism, its spiritual heritage, and its rituals offers a non-ideological framework for its viewpoint. Reprint. 17,500 first printing.

A Portion of the People Apr 16 2022 In the year 1800, South Carolina was home to more Jews than any other place in North America. As old as the province of Carolina itself, the Jewish presence has been a vital but little-examined element in the growth of cities and towns, in the economy of slavery and post-slavery society, and in the creation of American Jewish religious identity. The record of a landmark exhibition that will change the way people think about Jewish history and American history, A Portion of the People: Three Hundred Years of Southern Jewish Life presents a remarkable group of art and cultural objects and a provocative investigation of the characters and circumstances that produced them. The book and exhibition are the products of a seven-year collaboration by the Jewish Historical Society of South Carolina, the McKissick Museum of the University of South Carolina, and the College of Charleston. Edited and introduced by Theodore Rosengarten, with original essays by Deborah Dash Moore, Jenna Weissman Joselit, Jack Bass, curator Dale Rosengarten, and Eli N. Evans, A Portion of the People is an important addition to southern arts and letters. A photographic essay by Bill Aron, who has documented Jewish

The Jews and the Crusaders May 18 2022 The unique emotional power of each chronicle may be felt in the translation. The Chronicle of Solomon bar Samson is a moving narrative concerning the Rhineland massacres. The second chronicle, that of Eliezer bar Nathan, interprets some of the same events in elegiac style and liturgical language while the third chronicle, the Mainz Anonymous though fragmented, is highly analytical in nature. The fourth chronicle, Sefer Zekhirah, is a personal description of the Second Crusade, full of poignant detail. Together, the chronicles present a moving human record of these events, of value not only to professional historians but to all who seek to broaden their understanding of the Jewish experience.

Inviting God In Jul 08 2021 This warm, inspiring look at the Jewish holidays—by one of the most dynamic and accessible teachers of Jewish thought today—shows us how each holy day empowers us to recognize God's loving presence in our life every day. There are many books that discuss how to celebrate the holidays; *Inviting God In* explains why we should celebrate. Using biblical references, anecdotes, and teaching tales, Rabbi David Aaron takes us through the Jewish calendar year and explains how each

holiday—from the most joyous to the most somber—reveals God's ever-present love for us. Passover, for example, celebrates unconditional love; Shavuot reminds us of freedom and our power to take responsibility; Rosh Hashanah is about the joy of accountability and Yom Kippur sanctifies compassion and forgiveness. Rabbi Aaron helps us to awaken our soulful connection to the dramatic events that occurred on those days, and to experience the holidays as opportunities to revitalize our personal relationship with God. Rabbi Aaron is an enthusiastic guide, and his fresh view of the holidays will enliven and enrich traditional celebration. Inviting God In will inspire both practicing Jews who want to reinvigorate their observance of the holidays and secular Jews searching for a meaningful way to reconnect with their Jewish roots.

The Jewish Body Sep 21 2022 A history of the Jewish people from bris to burial, from “muscle Jews” to nose jobs. Melvin Konner, a renowned doctor and anthropologist, takes the measure of the “Jewish body,” considering sex, circumcision, menstruation, and even those most elusive and controversial of microscopic markers—Jewish genes. But this is not only a book that examines

*the human body through the prism of Jewish culture. Konner looks as well at the views of Jewish physiology held by non-Jews, and the way those views seeped into Jewish thought. He describes in detail the origins of the first nose job, and he writes about the Nazi ideology that categorized Jews as a public health menace on par with rats or germs. A work of grand historical and philosophical sweep, *The Jewish Body* discusses the subtle relationship between the Jewish conception of the physical body and the Jewish conception of a bodiless God. It is a book about the relationship between a land-Israel-and the bodily sense not merely of individuals but of a people. As Konner describes, a renewed focus on the value of physical strength helped generate the creation of a Jewish homeland, and continued in the wake of it. With deep insight and great originality, Konner gives us nothing less than an anatomical history of the Jewish people. Part of the Jewish Encounter series*

The Invention of the Jewish People Aug 01 2023
*A historical tour de force that demolishes the myths and taboos that have surrounded Jewish and Israeli history, *The Invention of the Jewish People* offers a new account of both that demands to be read and reckoned with. Was*

*there really a forced exile in the first century, at the hands of the Romans? Should we regard the Jewish people, throughout two millennia, as both a distinct ethnic group and a putative nation—returned at last to its Biblical homeland? Shlomo Sand argues that most Jews actually descend from converts, whose native lands were scattered far across the Middle East and Eastern Europe. The formation of a Jewish people and then a Jewish nation out of these disparate groups could only take place under the sway of a new historiography, developing in response to the rise of nationalism throughout Europe. Beneath the biblical back fill of the nineteenth-century historians, and the twentieth-century intellectuals who replaced rabbis as the architects of Jewish identity, *The Invention of the Jewish People* uncovers a new narrative of Israel's formation, and proposes a bold analysis of nationalism that accounts for the old myths. After a long stay on Israel's bestseller list, and winning the coveted Aujourd'hui Award in France, *The Invention of the Jewish People* is finally available in English. The central importance of the conflict in the Middle East ensures that Sand's arguments will reverberate well beyond the historians and politicians that he takes to task. Without an*

adequate understanding of Israel's past, capable of superseding today's opposing views, diplomatic solutions are likely to remain elusive. In this iconoclastic work of history, Shlomo Sand provides the intellectual foundations for a new vision of Israel's future.

Feeling Jewish Jan 14 2022 In this sparkling debut, a young critic offers an original, passionate, and erudite account of what it means to feel Jewish—even when you're not. Self-hatred. Guilt. Resentment. Paranoia. Hysteria.

Overbearing Mother-Love. In this witty, insightful, and poignant book, Devorah Baum delves into fiction, film, memoir, and psychoanalysis to present a dazzlingly original exploration of a series of feelings famously associated with modern Jews. Reflecting on why Jews have so often been depicted, both by others and by themselves, as prone to "negative" feelings, she queries how negative these feelings really are. And as the pace of globalization leaves countless people feeling more marginalized, uprooted, and existentially threatened, she argues that such "Jewish" feelings are becoming increasingly common to us all. Ranging from Franz Kafka to Philip Roth, Sarah Bernhardt to Woody Allen, Anne Frank to Nathan Englander, Feeling Jewish

bridges the usual fault lines between left and right, insider and outsider, Jew and Gentile, and even Semite and anti-Semite, to offer an indispensable guide for our divisive times.

The Jewish Century, New Edition Jul 20 2022 This masterwork of interpretative history begins with a bold declaration: "The Modern Age is the Jewish Age, and the twentieth century, in particular, is the Jewish Century." The assertion is, of course, metaphorical. But it drives home Yuri Slezkine's provocative thesis: Jews have adapted to the modern world so well that they have become models of what it means to be modern. While focusing on the drama of the Russian Jews, including émigrés and their offspring, The Jewish Century is also an incredibly original account of the many faces of modernity—nationalism, socialism, capitalism, and liberalism. Rich in its insight, sweeping in its chronology, and fearless in its analysis, this is a landmark contribution to Jewish, Russian, European, and American history.

The Jewish Encyclopedia Dec 25 2022

Lectures on the History of the Jewish Church Nov 23 2022

The Book of Jewish Values Mar 28 2023 Rabbi Joseph Telushkin combed the Bible, the Talmud, and the whole spectrum of Judaism's sacred

writings to give us a manual on how to lead a decent, kind, and honest life in a morally complicated world. "An absolutely superb book: the most practical, most comprehensive guide to Jewish values I know." —Rabbi Harold Kushner, author of *When Bad Things Happen to Good People* Telushkin speaks to the major ethical issues of our time, issues that have, of course, been around since the beginning. He offers one or two pages a day of pithy, wise, and easily accessible teachings designed to be put into immediate practice. The range of the book is as broad as life itself:

- The first trait to seek in a spouse (Day 17)
- When, if ever, lying is permitted (Days 71-73)
- Why acting cheerfully is a requirement, not a choice (Day 39)
- What children don't owe their parents (Day 128)
- Whether Jews should donate their organs (Day 290)
- An effective but expensive technique for curbing your anger (Day 156)
- How to raise truthful children (Day 298)
- What purchases are always forbidden (Day 3)

In addition, Telushkin raises issues with ethical implications that may surprise you, such as the need to tip those whom you don't see (Day 109), the right thing to do when you hear an ambulance siren (Day 1), and why wasting time is a sin (Day 15). Whether he is

telling us what Jewish tradition has to say about insider trading or about the relationship between employers and employees, he provides fresh inspiration and clear guidance for every day of our lives.

The Jewish Encyclopedia May 06 2021

The Story of the Jews Volume Two Jun 26 2020 In the second of two volumes of this magnificently illustrated cultural history—the tie-in to the PBS and BBC series *The Story of the Jews*—Simon Schama details the story of the Jewish people, spanning from their expulsion from Spain during the Inquisition across six hundred years to the present day. It is a story like no other: an epic of endurance against destruction, of creativity in the face of oppression, joy amidst grief, the affirmation of life against the steepest of odds. It spans the centuries and the continents—from the Iberian Peninsula and the collapse of “the golden age” to the shtetls of Russia to the dusty streets of infant Hollywood. Its voices ring loud and clear, from the philosophical musings of Spinoza to the poetry written on slips of paper in concentration camps. Within these pages, the Enlightenment unfolds, a great diaspora transforms a country, a Viennese psychiatrist forever changes the conception of the human mind. And a great story

unfolds. Not—as often imagined—of a people apart, but of a Jewish culture immersed in and imprinted by the peoples among whom they have dwelled. Which, as Simon Schama so brilliantly demonstrates, makes the story of the Jews everyone’s story, too. The Story of the Jews Volume 2 features 24 pages of color photos, numerous maps, and printed endpapers.

Tastes of Faith Nov 11 2021 "Tell me what you eat, and I will tell you what you are," wrote the 18th Century French politician and musician Jean Brillat-Savarin, giving expression to long held assumptions about the role of food, taste, and eating in the construction of cultural identities. Foodways—the cultural, religious, social, economic, and political practices related to food consumption and production—unpack and reveal the meaning of what we eat, our tastes. They explain not just our flavor profiles, but our senses of refinement and judgment. They also reveal quite a bit about the history and culture of how food operates and performs in society. More specifically, Jewish food practices and products expose and explain how different groups within American society think about what it means to be Jewish and the values (as well as the prejudices) people have about what "Jewish" means.

Food—what one eats, how one eats it, when one eats it—is a fascinating entryway into identity; for Jews, it is at once a source of great nostalgia and pride, and the central means by which acculturation and adaptation takes place. In chapters that trace the importance and influence of the triad of bagels, lox, and cream cheese, southern kosher hot barbecue, Jewish vegetarianism, American recipes in Jewish advice columns, the draw of eating treyf (nonkosher), and the geography of Jewish food identities, this volume explores American Jewish foodways, predilections, desires, and presumptions.
