The rollicking comedies of Plautus, who brilliantly adapted Greek plays for Roman audiences c. 205–184 BCE, are the earliest Latin works to survive complete and are cornerstones of the European theatrical tradition from Shakespeare and Molière to modern times. This first volume of a new Loeb edition of all 21 of Plautus's extant comedies presents *Amphitruo*, *Asinaria*, *Aulularia*, *Bacchides*, and *Captivi* with freshly edited texts, lively modern translations, and ample explanatory notes. Accompanying the plays is a detailed introduction to Plautus's oeuvre as a whole, discussing his techniques of translation and adaptation, his use of Roman humor, stage conventions, language and meter, and his impact on the Greco-Roman comedic theater and beyond. In 1822 Elijah Mounts, barely eighteen, shouldered his rifle and walks from his uncle's Missouri farm to Saint Louis to seek his fortune in the fur trade. Frank B. Linderman's 1922 novel is a first-person account, based on a true story and his own trapping experience, of a young man's coming of age among the trappers and Indians in remote Montana, on the upper reaches of the wild Missouri River. Befriended by Wash Lamkin, "Dad" to all who know him, "Lige" learns to live on the trail, trap the beaver, hunt the buffalo, speak the Cree language, and observe the customs of the country and its people. Enamored of the freedom, wildness, and beauty of the high plains and tied to the people at whose hands he has experienced kindness, welcome, and acceptance, he must ultimately decide whether he will return to civilization or choose the life of a plainsman. Frank B. Linderman (1869-1938) was a Montana miner, trapper, newspaperman, politician, and chronicler of Indian life and culture. His many works include *The Montana Stories of Frank B. Linderman*, *Indian Why Stories: Sparks from War Eagle's Lodge-Fire*, and *Indian Old-Man Stories: More Sparks from War Eagle's Lodge-Fire*, all available in Bison Books editions. David J. Wishart, a professor of geography at the University of Nebraska-Lincoln, is the author of *An Unspeakable Sadness: The Dispossession of the Nebraska Indians* and the editor of *The Encyclopedia of the Great Plains*, both available from the University of Nebraska Press. Sarah Waller Hatfield is Linderman's granddaughter. One of *Esquire's* Most Anticipated Books of 2019 As seen in the Summer Reading Previews of *Esquire* • *NYLON* • *BuzzFeed* • *BookRiot* • *Southern Living* *The World Doesn't Require You* announces the arrival of a generational talent, as Rion Amilcar Scott shatters rigid genre lines to explore larger themes of religion, violence, and love—all told with sly humor and a dash of magical realism. Established by the leaders of the country's only successful slave revolt in the mid-nineteenth century, *Cross River* still evokes the fierce rhythms of its founding. In lyrical prose and singular dialect, a saga beats forward that echoes the fables carried down for generations—like the screecher birds who swoop down for their periodic sacrifice, and the water women who lure men to wet deaths. Among its residents—wildly spanning decades, perspectives, and species—are David Sherman, a struggling musician who just happens to be God's last son; Tyrone, a ruthless PhD candidate, whose dissertation about a childhood game ignites mayhem in the neighboring, once-segregated town of Port Yooga; and Jim, an all-too-obedient robot who serves his Master. As the book builds to its finish with *Special Topics in Loneliness Studies*, a fully-realized novella, two unhinged professors grapple with hugely different ambitions, and the reader comes to appreciate the intricacy of the world Scott

has created—one where fantasy and reality are eternally at war. Contemporary and essential, *The World Doesn't Require You* is a “leap into a blazing new level of brilliance” (Lauren Groff) that affirms Rion Amilcar Scott as a writer whose storytelling gifts the world very much requires. Within the past fifty years of social transformations, the institution of marriage has witnessed a portentous shrinkage in size and importance. The rates of divorce, even as they seem to be leveling off today compared with few decades ago, are still a source of much confusion. Challenges in interpersonal relations between men and women with an aim of forming a family have become even more complicated, rendering marriages extraneous. For the young adults, however, the so-called millennials, who continue to be flustered by the welter of demographic changes and sociological experiences, marked with a growing power of women in socioeconomic status, and constantly in search of explanations, a marriage (as a rite of passage) is still relevant. But if we're to salvage the institution of marriage from extinction and that of family defined by father, mother, and children, says Mokes Gama, we must critically analyze our own attitudes on patriarchal, feminism, education, and individualistic values that we embrace and adjust accordingly. This work was undertaken with a desire to place before the medical profession in condensed form a resume of the *Materia Medica* of all remedies in common use to date, their pharmacy and therapeutics, together with a chapter on prescription writing. There is no available information at this time. Mark Sturdy traces the unlikely saga of Jarvis Cocker and his ever-changing band in meticulous detail, from schoolboy promise to semi-retirement. If Cocker's career was launched by a precocious session on John Peel's show, his stated ambition was always to be on Top Of The Pops... and despite his edgy lyrics and dour manner, he has often seemed more at home as media jester than serious pop performer. Illustrated and including a comprehensive discography. Libby O'Rourke has a short fuse. Her mother, Mae, carries a big match. Engulfed in the never-ending life-juggling of suburbia, Libby fails to notice Mae's emerging dementia symptoms until a kitchen fire puts the problem on the front burner. Proficient in the art of denial, Mae brushes the shattering diagnosis aside and sets her sights on a matchmaking crusade for her eldest son. After all, if her lucid days are numbered, Mae's going to make damned sure he makes it down the aisle while she still recognizes the groom. It's going to take a razor wit and an iron stomach to handle Mae's diagnosis. Thankfully, just like her mother Libby has both. Now a Netflix film starring Florence Pugh: In this “old-school page turner” (Stephen King, *New York Times Book Review*) by the bestselling author of *Room*, an English nurse is brought to a small Irish village to observe what appears to be a miracle—a girl said to have survived without food for months—and soon finds herself fighting to save the child's life. Tourists flock to the cabin of eleven-year-old Anna O'Donnell, who believes herself to be living off manna from heaven, and a journalist is sent to cover the sensation. Lib Wright, a veteran of Florence Nightingale's Crimean campaign, is hired to keep watch over the girl. Written with all the propulsive tension that made *Room* a huge bestseller, *The Wonder* works beautifully on many levels -- a tale of two strangers who transform each other's lives, a powerful psychological thriller, and a story of love pitted against evil. Acclaim for *The Wonder*: “Deliciously gothic.... Dark and vivid, with complicated characters, this is a novel that lodges itself deep” (*USA Today*, 3/4 stars) “Heartbreaking and transcendent”(New York Times) “A fable as lean and discomfiting as Anna's dwindling body.... Donoghue keeps us riveted” (*Chicago Tribune*) “Donoghue poses powerful questions about faith and belief” (*Newsday*) Keturah thought she wanted to be in Helaman's army, but she didn't expect to be fending off cruel pranks and fighting to keep her place in the ranks. She definitely didn't expect the straying of her heart and forbidden kisses from the wrong warrior. Gideon thought he wanted the army life, but what he really wants is a soldier, a pretty one who is trained to fight and practically betrothed to someone else. Together, they've

got to lure the Lamanites from their stronghold or Keturah will never get the chance to fight. But she's got to figure out which battles can be won before she ruins everything with Zeke forever. The Vietnam War era (1961-1975), one of our country's most turbulent periods, was also a time of change and social evolution. Seeded in the aftermath of World War II, the nation enjoyed a remarkable economic boom. Knoxville and East Tennessee stood witness to the transformation of American society and the problems that came with the new success. From the first recognized combat casualty of the Vietnam War to the evacuation of Saigon, Knoxvilleians were there, and their stories of sacrifice and service earned little mention or were forgotten in historical texts. At home, urban decay gained a grip on Knoxville's once vibrant downtown, and protests were not an uncommon sight on the evening news, but there was progress too. This volume documents the start of a new beginning for Knoxville as the city tried to hold onto its traditional Appalachian values and move into a new era.
