Jonothon Wyer trembled beneath his desk as the sirens blared their dreaded warning: Magic is coming! His entire life, he had been told to fear the wizards from across the Dawn, but never did his small town expect to be the epicenter of the next world war of machines against magic! Sickly and friendless, Jono's only hope was to enlist into the mechanized army of the Dark End. He was promised that machines will make him strong enough to be the hero he read about in books. Jono never questioned his fate until his discovery of an ancient relic revealed that a wizard was living with them all along! What is a true hero to do, when good and evil depended on which side of the border you were born? Caught between the politics, prophesy and prejudice of a fantastical world drowning in fear, Jono must dare to question everything he was raised to believe in order to prevent the key to controlling the sun itself from falling into the wrong hands. As living shadows of the Dark Empress hunt to gain the key's terrible power and the Sage of Ages rallies spell-casting knights to prepare for war, Jono must race for answers across a planet mired in a rusting history, from the shimmering towers of Caer Midus to the dank caverns of the Windom Academy. With the help of a chipper mechgineer and a chemix caster, Jono must use all his wit and courage to reveal the horrible truth that lurks behind the mask of blind faith before the stories both sides tell themselves lead to their own destruction. *Dark & Day* is a journey of discovering and defining who you are and what you believe in, even when the world around you has already made up its mind. Abstract: As part of the 1977-78 USDA Nationwide Food Consumption Survey, average 1-day food intakes were reported for 2305 individuals in Alaska. The results of the analysis are presented in 16 age-sex categories for intakes from 10 major food groups and 43 subgroups. Other tables cover the nutrient contribution to the diet of 14 food groups, average intakes of energy and 14 nutrients, comparisons of intakes to 1980 RDAs, and nutrient densities. Infant nutrition and food intake is discussed, as well as some demographic characteristics of households and individuals. An overall summary is included in addition to interpretive summaries of each set of data. #1 INTERNATIONAL BESTSELLER • "One of the most hilarious and emotionally riveting love stories you'll ever encounter." —People • Don't miss the major motion picture starring Anne Hathaway and Jim Sturgess! "One of the 50 Best Nonfiction Books of the Last 25 Years"—Slate On New Year's Day 2013, two-time Pulitzer Prize winner Gene Weingarten asked three strangers to, literally, pluck a day, month, and year from a hat. That day—chosen completely at random—turned out to be Sunday, December 28, 1986, by any conventional measure a most ordinary day. Weingarten spent the next six years proving that there is no such thing. That Sunday between Christmas and New Year's turned out to be filled with comedy, tragedy, implausible irony, cosmic comeuppances, kindness, cruelty, heroism, cowardice, genius, idiocy, prejudice, selflessness, coincidence, and startling moments of human connection, along with evocative foreshadowing of momentous events yet to come. Lives were lost. Lives were saved. Lives were altered in overwhelming ways. Many of these events never made it into the news; they were private dramas in the lives of private people. They were utterly compelling. One Day asks and answers the question of whether there is even such a thing as "ordinary" when we are talking about how we all lurch and stumble our way through the daily, daunting challenge of being human. Since Sylvia Plath's death in 1963, she has become the subject of a constant stream of books, biographies, and articles. She has been hailed as a groundbreaking poet for her starkly beautiful poems in *Ariel* and as a brilliant forerunner of the feminist coming-of-age novel in her semiautobiographical *The Bell Jar*. Each new biography has offered insight and sources with which to measure Plath's life and influence. *Sylvia Plath Day by Day*, a two-volume series, offers a distillation of this data without the inherent bias of a narrative. Volume 1 commences with Plath's birth in Boston in 1932, records her response to her elementary and high school years, her entry into Smith College, and her breakdown and suicide attempt, and ends on February 14, 1955, the day she wrote to Ruth Cohen, principal of Newnham College, Cambridge, to accept admission as an "affiliated student at Newnham College to read for the English Tripos." *Sylvia Plath Day by Day* is for readers of all kinds with a wide variety of interests in the woman and her work. The entries are suitable for dipping into and can be read in a minute or an hour. Ranging over several sources, including Plath's diaries, journals, letters, stories, and other prose and poetry—including new material and archived material rarely seen by readers—a fresh kaleidoscopic view of the writer emerges. "From the authors of the hit diet book, *21 Pounds in 21 Days*, an expanded, simplified, month-long program to cleanse your body, as well as a new plan for keeping it clean for the rest of your life"-- *The Decameron* is a collection of short stories by the 14th-century Italian author Giovanni Boccaccio. The book is structured as a frame story containing 100 tales told by a group of seven young women and three young men; they shelter in a secluded villa just outside Florence in order to escape the Black Death, which was afflicting the city. The various tales of love in *The Decameron* range from the erotic to the tragic. Tales of wit, practical jokes, and life lessons contribute to the mosaic. In addition to its literary value and widespread influence (for example on Chaucer's *Canterbury Tales*), it provides a document of life at the time. Written in the vernacular of the Florentine language, it is considered a masterpiece of classical early Italian prose. From David Baldacci--the modern master of the thriller and #1 worldwide bestselling novelist--comes a hero: a lone Army Special Agent taking on the toughest crimes facing the nation. And *Zero Day* is where it all begins.... John Puller is a combat veteran and the best military investigator in the U.S. Army's Criminal Investigation Division. His father was an Army fighting legend, and his brother is serving a life sentence for treason in a federal military prison. Puller has an indomitable spirit and an unstoppable drive to find the truth. Now, Puller is called out on a case in a remote, rural area in West Virginia coal country far from any military outpost. Someone has stumbled onto a brutal crime scene, a family slaughtered. The local homicide detective, a headstrong woman with personal demons of her own, joins forces with Puller in the investigation. As Puller digs through deception after deception, he realizes that absolutely nothing he's seen in this small town, and no one in it, are what they seem. Facing a potential conspiracy that reaches far beyond the hills of West Virginia, he is one man on the hunt for justice against an overwhelming force. *Red Hot New "Relax & Renew: Mindfulness For Every Day!"* Release! Abstract: More than 12,000 low-income individuals participating in the Food Stamp Program (FSP) from the 48 conterminous states (between Nov 77-Mar 78) participated in a 1 day food and nutrient intake survey. The survey was a supplement to the Nationwide Food Consumption Survey (Apr '77-Mar '78). Included are: the percentage of individuals eating from each food group; average food energy intakes; and 14 nutrients, nutrient densities, and nutritive contributions of foods eaten away from home as compared to the 1980 Recommended Dietary Allowances. Results are summarized based on data presented in 118 tables which profile FSP participants and the differences between program participants and non-participants regarding their general consumption patterns. (kbc). How will she choose, knowing all she must sacrifice? Libby has been given a powerful gift: to live one life in 1774 Colonial Williamsburg and the other in 1914 Gilded Age New York City. When she falls asleep in one life, she wakes up in the other. While she's the same person at her core in both times, she's leading two vastly different lives. "This is a terrific book" - Kara Swisher An acclaimed tech reporter reveals the inner workings of Amazon, Facebook, Google, Apple, and Microsoft, showing how to compete with the tech titans using their own playbook. At Amazon, "Day One" is code for inventing like a startup, with little regard for legacy. Day Two is, in Jeff Bezos's own words, "stasis, followed by irrelevance, followed by excruciating, painful decline, followed by death." Most companies today are set up for Day Two. They build advantages and defend them fiercely, rather than invent the future. But Amazon and fellow tech titans Facebook, Google, and Microsoft are operating in Day One: they prioritize reinvention over tradition and collaboration over ownership. Through 130 interviews with insiders, from Mark Zuckerberg to hourly workers, *Always Day One* reveals the tech giants' blueprint for sustainable success in a business world where no advantage is safe. Companies today can spin up new products at record speed -- thanks to artificial intelligence and cloud computing -- and those who stand still will be picked apart. The tech giants remain dominant because they've built cultures that spark continual reinvention. It might sound radical, but those who don't act like it's always day one do so at their own peril. Kantrowitz uncovers the engine propelling the tech giants' continued dominance at a stage when most big companies begin to decline. And he shows the way forward for everyone who wants to compete with--and beat--the titans. (Willis). Contact JoinUs@EiPublishing.com or visit www.EiPublishing.com Give Us This Day is a unique daily devotional commentary for the entire New Testament based on the ancient method called lectio divina. Lectio divina, or "divine reading," is the method used by the early church and countless Christians through the centuries to read the Scriptures to form and transform the soul more than merely to inform the mind. Give Us This Day deals in depth with entire passages and their contexts. Rather than selecting only certain portions of the New Testament to write about, Fr. Charles has written a devotional for each and every passage of the New Testament. Fr. Charles writes for the whole person: he's not afraid to use his sense of humor, and he carefully relates the Bible not only to the individual's life but also to the life of the church. At the end of each day's devotional, an appropriate prayer is offered, as well as "Points for Further Reflection" on the day's lesson. Each devotional concludes with a suggested resolution to put into effect what the Spirit has stirred up in the heart of the reader during the course of his reading, meditation, and prayer.
