The Invention of the Jewish People Jul 06 2021 A historical tour de force that demolishes the myths and taboos that have surrounded Jewish and Israeli history, *The Invention of the Jewish People* offers a new account of both that demands to be read and reckoned with. Was there really a forced exile in the first century, at the hands of the Romans? Should we regard the Jewish people, throughout two millennia, as both a distinct ethnic group and a putative nation—returned at last to its Biblical homeland? Shlomo Sand argues that most Jews actually descend from converts, whose native lands were scattered far across the Middle East and Eastern Europe. The formation of a Jewish people and then a Jewish nation out of these disparate groups could only take place under the sway of a new historiography, developing in response to the rise of nationalism throughout Europe. Beneath the biblical back fill of the nineteenth-century historians, and the twentieth-century intellectuals who replaced rabbis as the architects of Jewish identity, *The Invention of the Jewish People* uncovers a new narrative of Israel's formation, and proposes a bold analysis of nationalism that accounts for the old myths. After a long stay on Israel's bestseller list, and winning the coveted Aujourd'hui Award in France, *The Invention of the Jewish People* is finally available in English. The central importance of the conflict in the Middle East ensures that Sand's arguments will reverberate well beyond the historians and politicians that he takes to task. Without an adequate understanding of Israel's past, capable of superseding today's opposing views, diplomatic solutions are likely to remain elusive. In this iconoclastic work of history, Shlomo Sand provides the intellectual foundations for a new vision of Israel's future.

On the Jews and Their Lies Nov 09 2021 Founder of modern-day Lutheranism, Martin Luther (1483-1546) confronted many opponents, most notably, the Jews. Their religion directly denied Jesus as Messiah, and their arrogance, lies, usury, and hatred of humanity meant that they posed a mortal threat to society. Hence, said Luther, the harshest of measures are warranted. A shocking book.

The Jews in America Jul 18 2022 “A wondrous tale of American Judaism” from the Colonial Era to the twentiethcentury, by the acclaimed author of *Jews, God, and History* (Kirkus Reviews). Beginning with the Sephardim who first reached the shores of America in the 1600s, this fascinating book by historian Max Dimont traces the journey of the Jews in the United States. It follows the various waves of immigration that brought people and families from Germany, Russia, and beyond; recounts the cultural achievements of those who escaped oppression in their native lands; and discusses the movement away from Orthodoxy and the attitudes of American Jews—both religious and secular—toward Israel. From the author of *Jews, God, and History*, which has sold more than one million copies and was called “unquestionably the best popular history of the Jews written in the English language” by the LosAngeles Times, this is a compelling account by an author who was himself an immigrant, raised in Helsinki, Finland, before arriving at Ellis Island in 1929 and going on to serve in army intelligence in World War II.

The Jews: their past, present and future Apr 02 2021

The Future of the Jews Jan 29 2021 In *The Future of the Jews*, Stuart E. Eizenstat, a senior diplomat of international reputation, surveys the major geopolitical, economic, and security challenges facing the world in general, and the Jewish world and the United States in particular. These forces include the shift of power and influence from the United States and Europe to the emerging powers in Asia and Latin America; globalization and the new information age; the battle for the direction of the Muslim world; nontraditional security threats; changing demographics, which pose a particular challenge for Jews worldwide and the rise of a new anti-Semitism that seeks to delegitimize Israel as a Jewish state. He also discusses the enduring nature of and challenges to the strategic alliance between the United States and Israel. In an extensive new foreword to the paper edition, Eizenstat addresses crucial developments affecting the Jewish people since the book first appeared in 2012, including increasing tensions in the Middle East, the digital revolution and NSA revelations, declining optimism on the Arab Spring, the Israeli-Palestinian peace process, the revival of anti-Semitism. In addition, he reflects on the changing identify of American Jews as revealed by the Pew Center Survey of U.S. Jews (2013). Eizenstat's provocative analysis will be of interest to everyone concerned about the future of Jews worldwide and in Israel and the United States' role in a world that is confronting unprecedented simultaneous, cataclysmic changes.

An Empire of Their Own Jul 30 2023 A provocative, original, and richly entertaining group biography of the Jewish immigrants who were the moving forces behind the creation of America's motion picture industry. The names Harry Cohn, William Fox, Carl Laemmle, Louis B. Mayer, Jack and Harry Warner, and Adolph Zucker are giants in the history of contemporary Hollywood, outsiders who dared to invent their own vision of the American Dream. Even to this day, the American values defined largely by the movies of these émigrés endure in American cinema and culture. Who these men were, how they came to dominate Hollywood, and what they gained and lost in the process is the exhilarating story of *An Empire of Their Own*.

Jews and Samaritans Jan 24 2023 Engaged with previous scholarship and bringing to bear new material and literary evidence, this book offers a new understanding of the history, identity, and relationship of early Samaritans and Jews.

The Story of the Jews Volume Two Nov 29 2020 In the second of two volumes of this magnificently illustrated cultural history—the tie-in to the PBS and BBC series *The Story of the Jews*—Simon Schama details the story of the Jewish people, spanning from their expulsion from Spain during the Inquisition across six hundred years to the present day. It is a story like no other: an epic of endurance against destruction, of creativity in the face of oppression, joy amidst grief, the affirmation of life against the steepest of odds. It spans the centuries and the continents—from the Iberian Peninsula and the collapse of “the golden age” to the shtetls of Russia to the dusty streets of infant Hollywood. Its voices ring loud and clear, from the philosophical musings of Spinoza to the poetry written on slips of paper in concentration camps. Within these pages, the Enlightenment unfolds, a great diaspora transforms a country, a Viennese psychiatrist forever changes the conception of the human mind. And a great story unfolds. Not—as often imagined—of a people apart, but of a Jewish culture immersed in and imprinted by the peoples among whom they have dwelled. Which, as Simon Schama so brilliantly demonstrates, makes the story of the Jews everyone's story, too. *The Story of the Jews Volume 2* features 24 pages of color photos, numerous maps, and printed endpapers.

The Origin of the Jews Sep 27 2020 The scholarly quest to answer the question of Jewish origins The Jews have one of the longest continuously recorded histories of any people in the world, but what do we actually know about their origins? While many think the answer to this question can be found in the Bible, others look to archaeology or genetics. Some skeptics have even sought to debunk the very idea that the Jews have a common origin. Steven Weitzman takes a learned and lively look at what we know—or think we know—about where the Jews came from, when they arose, and how they came to be. He sheds new light on the assumptions and biases of those seeking answers—and the religious and political agendas that have made finding answers so elusive. Introducing many approaches and theories, *The Origin of the Jews* brings needed clarity and historical context to this enduring and divisive topic.

The Jews, Their History, Culture, and Religion: The role of Judaism in civilizationFeb 10 2022

The Jews Feb 22 2023

Jews and Words Aug 07 2021 DIV Why are words so important to so many Jews? Novelist Amos Oz and historian Fania Oz-Salzberger roam the gamut of Jewish history to explain the integral relationship of Jews and words. Through a blend of storytelling and scholarship, conversation and argument, father and daughter tell the tales behind Judaism's most enduring names, adages, disputes, texts, and quips. These words, they argue, compose the chain connecting Abraham with the Jews of every subsequent generation. Framing the discussion within such topics as continuity, women, timelessness, and individualism, Oz and Oz-Salzberger deftly engage Jewish personalities across the ages, from the unnamed, possibly female author of the Song of Songs through obscure Talmudists to contemporary writers. They suggest that Jewish continuity, even Jewish uniqueness, depends not on central places, monuments, heroic personalities, or rituals but rather on written words and an ongoing debate between the generations. Full of learning, lyricism, and humor, *Jews and Words* offers an extraordinary tour of the words at the heart of Jewish culture and extends a hand to the reader, any reader, to join the conversation. /div

The Jews in Their Land in the Talmudic Age (70-640 C.E.) May 16 2022

The Jews Sep 07 2021 Hilaire Belloc's book "The Jews" examines the background, traditions, and influence of the Jewish people on Western society. Belloc gives a thorough summary of Jewish history, including everything from their Middle Eastern roots through their global dispersion and experiences in Europe. A profound regard for the Jewish people and their contributions to society, as well as a sophisticated comprehension of the intricate political and cultural forces that have created their history, are characteristics of Belloc's work. In order to offer understanding on the challenging and sometimes unpleasant experiences of this ancient people, he also examines some of the debates and disputes that have occurred between the Jewish people and other civilizations throughout history. "The Jews" provides readers with a clearer knowledge of one of the most significant and influential societies in human history as a whole. This book is a must-read for anybody interested in the history of the Jewish people or the effects of religion and culture on society since Belloc's enthusiasm for the subject matter is evident on every page.

The Jews of Philadelphia Their History From the Earliest Settlements, to the Present TimeApr 22 2020 Excerpt from *The Jews of Philadelphia Their History From the Earliest Settlements, to the Present Time: A Record of Events and Institutions, and of Leading Members of the Jewish Community, in Every Sphere of Activity During the Summer season of 1891*, Mr. Robert M. McWade, the distinguished City Editor of the Philadelphia Public Ledger, requested that I would furnish for publication in the columns of that popular journal, an article, or a series of articles, descriptive of the Jew 8 and their work, specially in relation to our city. I set about the task, with a view to present facts bearing upon the settlement and subsequent development of the Jewish community in our midst. The result of my endeavors was a series of ten historical articles, contained in the Public Ledger, of July 31st, August 3d, 25th, 26th, 27th, 28th, September 2d, 4th, 10th, and 12th, 1891. Those articles - whatever their merit may have been - attracted general attention. The writer felt encouraged in his efforts, notably by the kind words of that good man - now, unhappily, no longer with us - Mr. George W. Childs, proprietor of the Ledger, and a true friend of many a literary worker. During the continuance, and since the publication, of that series of articles, numerous were the requests that the subject treated might be enlarged upon, so as to embrace, as far as possible, a complete record of Israelites in Philadelphia, from their first arrival until a recent date. In the attempt to comply with those requests, the writer had not sufficiently realized the immensity of the work involved. To perform such labor single-handed, required more than ordinary perseverance. Besides, the field had not been gone over. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our

edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Gifts of the Jews May 04 2021 NATIONAL BESTSELLER • The author of the runaway bestseller *How the Irish Saved Civilization* takes us on another "captivating...persuasive as well as entertaining" journey into history (The New York Times), recreating a time when the actions of a small band of people had repercussions that are still felt today. *The Gifts of the Jews* reveals the critical change that made western civilization possible. Within the matrix of ancient religions and philosophies, life was seen as part of an endless cycle of birth and death; time was like a wheel, spinning ceaselessly. Yet somehow, the ancient Jews began to see time differently. For them, time had a beginning and an end; it was a narrative, whose triumphant conclusion would come in the future. From this insight came a new conception of men and women as individuals with unique destinies--a conception that would inform the Declaration of Independence--and our hopeful belief in progress and the sense that tomorrow can be better than today. As Thomas Cahill narrates this momentous shift, he also explains the real significance of such Biblical figures as Abraham and Sarah, Moses and the Pharaoh, Joshua, Isaiah, and Jeremiah. Full of compelling stories, insights and humor, *The Gifts of the Jews* is an irresistible exploration of history as fascinating and fun as *How the Irish Saved Civilization*.

The Jews: Their History, Culture, and Religion Sep 19 2022

Jews and Their Roman Rivals Dec 31 2020 How encounters with the Roman Empire compelled the Jews of antiquity to rethink their conceptions of Israel and the Torah Throughout their history, Jews have lived under a succession of imperial powers, from Assyria and Babylonia to Persia and the Hellenistic kingdoms. *Jews and Their Roman Rivals* shows how the Roman Empire posed a unique challenge to Jewish thinkers such as Philo, Josephus, and the Palestinian rabbis, who both resisted and internalized Roman standards and imperial ideology. Katell Berthelot traces how, long before the empire became Christian, Jews came to perceive Israel and Rome as rivals competing for supremacy. Both considered their laws to be the most perfect ever written, and both believed they were a most pious people who had been entrusted with a divine mission to bring order and peace to the world. Berthelot argues that the rabbinic identification of Rome with Esau, Israel's twin brother, reflected this sense of rivalry. She discusses how this challenge transformed ancient Jewish ideas about military power and the use of force, law and jurisdiction, and membership in the people of Israel. Berthelot argues that Jewish thinkers imitated the Romans in some cases and proposed competing models in others. Shedding new light on Jewish thought in antiquity, *Jews and Their Roman Rivals* reveals how Jewish encounters with pagan Rome gave rise to crucial evolutions in the ways Jews conceptualized the Torah and conversion to Judaism.

The Jewish People Mar 02 2021 "This handsomely produced and interestingly illustrated volume is two works in one. The first part offers a survey of Jewish history and literature. The second part presents what the preface describes as 'a thematic analysis of the teachings and practices of Judaism.'" Israel Finestein, *Jewish Chronicle* 'Fluently written, with an admirable fair-mindedness in surveying both history and belief.' A.J. Sherman, *Times Literary Supplement* 'The intelligent non-expert gets a clear picture of Jewish life, letters and history and it will be an endlessly useful reference book.' Julia Neuberger, *Times Educational Supplement* 'A wide-ranging account of things Jewish that one can truly recommend to intellectually curious Gentiles, as well as to the majority of modern secularized Jews who know relatively little about their complex tradition.' Louis Marcus, *Irish Times*

Notices of the Jews and Their Country Oct 09 2021 Reprint of the original.

The Jewish Festivals Mar 26 2023 Why is the Jewish New Year designated on the Jewish calendar as the first day of the seventh month, and not of the first month? Why do women cover their eyes when reciting the blessing over the Sabbath candles? How did the Seder originate? Does the Book of Esther, read on Purim, mirror any real historical events? Long considered a classic, *The Jewish Festivals* provides a rich and charming account of the origins, development, and symbolism of the Jewish holidays, and of the diverse rituals, prayers, ceremonial objects, and special foods that have been used throughout history and around the world to celebrate them. Drawing upon a wealth of knowledge of Jewish folkways and customs, Hayyim Schauss shows how these holidays evolved in meaning and importance, depending on the contemporary needs of those who observed them. Written with passion and warmth, this book will infuse your own experience of the holidays with extra meaning and delight.

The Jews Aug 26 2020

Jews of Spain Jun 04 2021 The history of the Jews of Spain is a remarkable story that begins in the remote past and continues today. For more than a thousand years, Sepharad (the Hebrew word for Spain) was home to a large Jewish community noted for its richness and virtuosity. Summarily expelled in 1492 and forced into exile, their tragedy of expulsion marked the end of one critical phase of their history and the beginning of another. Indeed, in defiance of all logic and expectation, the expulsion of the Jews from Spain became an occasion for renewed creativity. Nor have five hundred years of wandering extinguished the identity of the Sephardic Jews, or diminished the proud memory of the dazzling civilization, which they created on Spanish soil. This book is intended to serve as an introduction and scholarly guide to that history.

The Jews May 28 2023 *The Jews: A History*, second edition, explores the religious, cultural, social, and economic diversity of the Jewish people and their faith. The latest edition incorporates new research and includes a broader spectrum of people - mothers, children, workers, students, artists, and radicals - whose perspectives greatly expand the story of Jewish life.

The Story of the Jews Oct 28 2020 In this magnificently illustrated cultural history—the tie-in to the pbs and bbc series *The Story of the Jews*—simon schama details the story of the jewish people, tracing their experience across three millennia, from their beginnings as an ancient tribal people to the opening of the new world in 1492 It is a story like no other: an epic of endurance in the face of destruction, of creativity in the face of oppression, joy amidst grief, the affirmation of life despite the steepest of odds. It spans the millennia and the continents—from India to Andalusia and from the bazaars of Cairo to the streets of Oxford. It takes you to unimagined places: to a Jewish kingdom in the mountains of southern Arabia; a Syrian synagogue glowing with radiant wall paintings; the palm groves of the Jewish dead in the Roman catacombs. And its voices ring loud and clear, from the severities and ecstasies of the Bible writers to the love poems of wine bibbers in a garden in Muslim Spain. In *The Story of the Jews*, the Talmud burns in the streets of Paris, massed gibbets hang over the streets of medieval London, a Majorcan illuminator redraws the world; candles are lit, chants are sung, mules are packed, ships loaded with gems and spices founder at sea. And a great story unfolds. Not—as often imagined—of a culture apart, but of a Jewish world immersed in and imprinted by the peoples among whom they have dwelled, from the Egyptians to the Greeks, from the Arabs to the Christians. Which makes the story of the Jews everyone's story, too.

The Jews of Philadelphia May 23 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. From Kabul to Queens Jan 12 2022 This engaging, innovativ book brings to life the history of Afghan Jewry - from its earliest roots to the 21st century. Spanning from the communnity's origins - which many Afghan Jews trace to biblical times - to the development of their Jewish commnical institutions, *From Kabul to Queens* details the story of a small Jewish community that lived in relative peace with its Sunni Muslim neighbors. Sara Y. Aharon compellingly brisges teh Jews' experiences in Afghanistan to their successes and struggles in rebuilding a new life in the U.S. and among American Jewish society.

History of the Jews in Modern Times Jun 16 2022 Lloyd Gartner presents, in chronologically-arranged chapters, the story of the changing fortunes of the Jewish communities of the Old World (in Europe and the Middle East and beyond) and their gradual expansion into the New World of the Americas. The book starts in 1650, when there were no more than one and a quarter million Jews in the world (less than a sixth of the number at the start of the Christian era). Gartner leads us through the traditions, religious laws, communities and their interactions with their neighbours, through the Enlightenment, the French Revolution, and into Emancipation, the dark shadows of anti-Semitism, the impact of World War II, bringing us up to the twentieth century through Zionism, and the foundation of Israel. Throughout, the story is powerful and engrossing - enlivened by curious detail and vivid insights. Gartner, an expert guide and scholar on the subject, writing from within the Jewish community, remains objective and effective whilst being careful to introduce and explain Jewish terminology and Jewish institutions as they appear in the text. This is a superb introductory account - authoritative, in control, lively of the central threads in one of the greatest historical tapestries of modern times.

The Jews: Their History, Culture, and Religion Aug 31 2023

The History of the Jews of Spain and Portugal, from the Earliest Times to Their Final Expulsion from Those Kingdoms, and Their Subsequent Dispersion Aug 19 2022

When General Grant Expelled the Jews Dec 11 2021 On December 17, 1862, just weeks before Abraham Lincoln announced the Emancipation Proclamation, General Grant issued what remains the most notorious anti-Jewish order by a government official in American history. His attempt to eliminate black marketeers by targeting for expulsion all Jews "as a class" from portions of Kentucky, Tennessee, and Mississippi unleashed a firestorm of controversy that made newspaper headlines and terrified and enraged the approximately 150,000 Jews then living in the United States, who feared the importation of European anti-Semitism onto American soil. Although the order was quickly rescinded by a horrified Abraham Lincoln, the scandal came back to haunt Grant when he ran for president in 1868. Never before had Jews become an issue in a presidential contest and never before had they been confronted so publicly with the question of how to balance their "American" and "Jewish" interests. Award-winning historian Jonathan D. Sarna gives us the first complete account of this little-known episode—including Grant's subsequent apology, his groundbreaking appointment of Jews to prominent positions in his administration, and his unprecedented visit to the land of Israel. Sarna sheds new light on one of our most enigmatic presidents, on the Jews of his day, and on the ongoing debate between ethnic loyalty and national loyalty that continues to roil American political and social discourse. (With black-and-white illustrations throughout.)
