"The legal thriller of the decade."
—Cleveland Plain Dealer
Described as “a page-turner filled with greed, duplicity, heartache, and bare-knuckle

legal brinksmanship" by The New York Times, *A Civil Action* is the searing, compelling tale of a legal system gone awry—one in which greed and power fight an unending struggle against justice. Yet it is also the story of how one man can ultimately make a difference. Representing the bereaved parents, the unlikeliest of heroes emerges: a young, flamboyant Porsche-driving lawyer who hopes to win millions of dollars and ends up nearly losing everything, including his sanity. With an unstoppable narrative power reminiscent of Truman Capote's *In Cold Blood*, *A Civil Action* is an unforgettable reading experience that will

leave the reader both shocked and enlightened. *A Civil Action* was made into a movie starring John Travolta and Robert Duvall. For undergraduate and graduate courses in organizational behavior. Robbins/Judge provides the research you want in the language your students understand; accompanied with the best selling self-assessment software, SAL. The Editorial team at Pearson has worked closely with educators around the world to include content, which is especially relevant to students outside the United States. "This book was created as an alternative to the 600- or 700-page comprehensive text in organizational behavior (OB). It attempts to provide balanced coverage of all the key elements comprising the discipline of OB in a style that readers will find both informative and interesting. We're pleased to say that this text has achieved a wide following in short courses and

executive programs as well as in traditional courses as a companion volume to experiential, skill development, case, and readings books. It is currently used at more than 500 colleges and universities in the United States, Canada, Latin America, Europe, Australia, and Asia. It's also been translated into Spanish, Portuguese, Japanese, Chinese, Dutch, Polish, Turkish, Danish, and Bahasa Indonesian"-- "As clever and witty a novel as anyone has written in a long time . . . Robbins takes readers on a wild, delightful ride. . . . A delight from beginning to end."—Buffalo News Switters is a contradiction for all seasons: an anarchist who works for the

government; a pacifist who carries a gun; a vegetarian who sops up ham gravy; a cyberwhiz who hates computers; a man who, though obsessed with the preservation of innocence, is aching to deflower his high-school-age stepsister (only to become equally enamored of a nun ten years his senior). Yet there is nothing remotely wishy-washy about Switters. He doesn't merely pack a pistol. He is a pistol. And as we dog Switters's strangely elevated heels across four continents, in and out of love and danger, discovering in the process the "true" Third Secret of Fatima, we experience Tom Robbins—that fearless storyteller, spiritual

renegade, and verbal break dancer—at the top of his game. On one level this is a fast-paced CIA adventure story with comic overtones; on another it's a serious novel of ideas that brings the Big Picture into unexpected focus; but perhaps more than anything else, *Fierce Invalids* is a sexy celebration of language and life. Praise for *Fierce Invalids Home From Hot Climates* "Superb."—New York Post "Dangerous? Wicked? Forbidden? You bet. . . . Pour yourself a bowl of chips and dig in."—Daily News, New York "Robbins is a great writer . . . and definitely a provocative rascal."—The Tennessean "Whoever said truth is stranger than fiction never read a Tom

Robbins novel. . . Clever, creative, and witty, Robbins tosses off impassioned observations like handfuls of flower petals.”—San Diego Union-Tribune This second European edition of this classic textbook brings the exceptional introduction to organizational behaviour written by the masters of the subject, and adapts it to meet the needs of students studying in Europe today. Fully updated and revised, this adaptation continues the tradition of making current, relevant research come alive for students, while maintaining its hallmark features - clear writing style, cutting-edge content and compelling

pedagogy. This new edition offers real-life examples drawn from a global range of organizations including Google, Cadbury, Apple, Capital One, Microsoft, Lego, Ferrari and more, plus up-to-date insights into the latest research and hot topics from across the world. Key features include: ‘Myth or science?’ boxes, which provide repeated evidence that common sense can often lead us astray in the attempt to understand human behaviour, and that behavioural research offers a means for testing the validity of common-sense notions. ‘OB in the news’ which prepares students to recognise and evaluate OB issues which often appear in the news when

presented with them in newspapers, magazines, TV, etc. ‘Face the facts’: these boxes highlight interesting facts from recent surveys that emphasise key aspects of the text. For example, diversity across Europe, the extent of employee engagement, and the popularity of working in teams. "As a whole, the content of the book is strong, and is well-structured with a European focus." Mohammad Lafiti, Uppsala University, Sweden Robbins Management: The Essentials covers the concepts essential to management in the 21st century in a fresh, lively format that’s perfectly suited to a typical university semester. The second edition features

new and in-depth coverage of sustainability, ethics and corporate social responsibility and new case studies from local and international businesses. From the team that brought you *The Obstacle Is the Way* and *Ego Is the Enemy*, a daily devotional of Stoic meditations—an instant Wall Street Journal and USA Today Bestseller. Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the

most valuable wisdom is timeless and that philosophy is for living a better life, not a classroom exercise. *The Daily Stoic* offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to

come) you'll find the serenity, self-knowledge, and resilience you need to live well. 'Organizational Behaviour' contains material on responding to global and cultural diversity with discussions of globalization, workforce diversity and ethics. Long considered the standard for all organizational behavior textbooks, *Organizational Behavior* provides the research you want, in the language your students understand. This text continues its tradition of making current, relevant research come alive for students.
