The Reckoning Apr 28 2023 Enter the territory of Jeff Long, where the unknown is deeply present, death is a constant shadow, and the human spirit is our final hope. Now comes The Reckoning, another superbly original thriller -- a story of predation, betrayal, and resurrection that is at once intricate, haunting, and terrifying. Armed with only a camera and iron determination, thirty-year-old photojournalist Molly Drake arrives in modern-day Cambodia to cover the U.S. military search for the remains of an American pilot shot down during the Vietnam War. In this eerie wasteland pockmarked with human bones and live land mines, the people hold more secrets than the landscape, from aging archaeologist Duncan O'Brian to John Kleat, a caustic vet hunting for his long lost brother. When Molly's camera captures a flight helmet buried among Khmer Rouge victims, diplomatic powers force her and her civilian comrades off the dig. But just as a typhoon looms offshore, the outcasts learn of an even bigger find. A mysterious expatriot guides them into the ruins of an ancient city, where they begin a harrowing search for the remains of an entire patrol of GIs that strayed in combat thirty years ago. With storm winds hammering their jungle fortress, Molly discovers that a war she never knew never died. Her survival comes to depend on her journalistic skills to solve a forgotten murder among these warriors left behind. In the end, her only hope for salvation is to redeem the lost souls that surround her. As stylishly written as it is suspenseful, The Reckoning is a thriller that illuminates the fragile thread between life and death, knowledge and ignorance, hope and horror. Bringing readers ever closer to enemy territory, it is a hair-raising journey into one of modern history's darkest periods and an intense look into the hearts still haunted by it.

Summary - Rising Strong Mar 16 2022 Rising Strong: A Complete Summary! Rising Strong is a book by Brene Brown, a social work professor and psychology researcher who focuses on discovering what it is that prevents people from being happy and living fulfilled lives. Brown has also written two other brilliant works in addition to Rising Strong, titled The Gifts of Imperfection and Daring Greatly, both of which fall into the category of self-help literature. These two books, similar to Rising Strong, use real life situations and stories to provide practical approaches to every problem. This book talks, as the title suggests, about getting up when we "fall down." The author does not mean getting up when we literally fall down, but when we fall down emotionally and spiritually. Every human being has, more or less, this unpleasant experience of falling, when we feel like the world and our life is just pressing us too hard and that it is seemingly impossible to continue living. This is something that will be familiar to many, if not all, people. The author, as in her previous works, uses real experiences from people in her everyday life to offer her readers practical solutions to their problems by showing them a different perspective and demonstrating what to do in order to solve particular problems. If you liked Brown's previous work, then you will most certainly like Rising Strong even more because it will be in a familiar style. If you haven't read any of Brown's previous books, then it is never too late to start, and Rising Strong would be a great book to begin with. Here Is A Preview Of What You Will Get: - A summarized version of the book. - You will find the book analyzed to further strengthen your knowledge. - Fun multiple choice quizzes, along with answers to help you learn about the book. The Reckoning Jun 30 2023 'I couldn't help thinking of Harper Lee's great American novel To Kill a Mockingbird while reading The Reckoning . . . [Grisham] knows how to spin a yarn' - Chicago Sun-Times 'May be his greatest work yet' - David Grann, New York Times bestselling author of Killers of the Flower Moon In his unforgettable new novel, John Grisham tells the story of an unthinkable murder, the bizarre trial that followed it, and its profound and lasting effect on the people of Ford County. Pete Banning was Clanton's favourite son, a returning war hero, the patriarch of a prominent family; a farmer, father, and a faithful member of the Methodist Church. Then one cool October morning in 1946, he rose early, drove into town, walked into the Church, and calmly shot and killed the Reverend Dexter Bell. As if the murder wasn't shocking enough, it was even more baffling that Pete's only statement about it - to the sheriff, to his defense attorney, to the judge, to his family and friends, and to the people of Clanton - was 'I have nothing to say'. What turned Pete from a pillar of the community into cold-hearted killer? And why won't he confide in anyone? All his closest family knows is that it must have been something devastating- and that the fallout will haunt them, and the town, for decades to come . . . Further praise for The Reckoning 'Beautifully constructed . . . weaves a truly magical spell' - Daily Mail 'In this saga of love and war, John Grisham has given us a sprawling and engrossing story about a southern family, a global conflict, and the kinds of secrets that can shape all of us. From the courtrooms and jails of rural Mississippi to the war-torn Pacific, Grisham spins a tale that is at once entertaining and illuminating' - Jon Meacham, New York Times bestselling author of The Soul of America 'John Grisham is the master of legal fiction, and his latest starts with a literal bang - and then travels backward through the horrors of war to explore what makes a hero, what makes a villain, and how thin the line between the two might be' - Jodi Picoult, internationally bestselling author of A Spark of Light and Small Great Things 'When a master of storytelling and suspense takes on one of the most wrenching stories in history, the result is a book that will break your heart, set your blood pumping and your mind racing, and leave you gasping for breath by the final page. I'm still trying to recover from The Reckoning' - Candice Millard, New York Times bestselling author of The River of Doubt and Destiny of the Republic ***** THE INNOCENT MAN by John Grisham is now a major six-part documentary series on Netflix *****

The Reckoning Aug 09 2021 Sorceress of psychological suspense, Ninie Hammon, brings you the third book in The Knowing Saga, a sprawling tale of spiritual warfare that spans a quarter of a century. If you crave sleep-with-the-lights-on suspense coupled with characters so true they'll feel like family then, The Reckoning is right up your alley. Ordinary people. A demon from hell. The final showdown... In the summer of 1985, Daniel Burke, Becca Hawkins, and Jack Carpenter confronted a demon prince, an efreet, and somehow drove it back to hell. They were twelve years old. Twenty-six years later, the efreet returns and sends superhuman assassins to kill the now-adult "Three Muskateers" before they can challenge him again. Reconnecting for the first time in a quarter of a century, the childhood friends piece together fragmentary memories of that long-ago summer as they fight desperately to stay alive—and to stop the voracious quest for power of the man possessed by the efreet, Chapman Whitworth, Now comes the final confrontation. The only thing that stands between Whitworth and the presidency of the United States is a rag-tag group of ordinary people--Daniel, Becca, Jack, and their friends. This time, they have to go after the demon, not the man—and it doesn't matter that none of them remembers how they defeated it the first time. They have to find the monster--hidden in a labyrinth of dark caves protected by legions of poisonous spiders and snakes. And they have to stand together against it. If any one of them breaks, they all will die. It has come down to this—one last chance. It's time for the reckoning. The Knowing began the tale. The Deceiving expanded it. Now, The Reckoning delivers a heart-pounding continuation with a riveting account of the battle against an evil as old as the skeleton of the universe. ????? "Simply phenomenal. It's hard to nail the conclusion to a trilogy in a satisfying manner, but Ninie really knocked it out of the park." -- Steve Bochte ????? "What a ripping finale to the trilogy!! The author's wild imagination, coupled with brilliant word skills and dazzling descriptive abilities, present this work as a reading experience - not just a book. Suspense, action, horror, intrigue - it's all there, along with beautifully balanced and subtle humour when the occasion calls for it." -- M. Dusrston ????? "There are times during the reading of the book that I was so caught up in the story that I reacted physically with racing heart and sweating palms. At other times I consciously breathed a sigh of relief and appreciated the calm. It's possible to read any of the three books in this set alone and follow the story line. But don't cheat yourself, read The Knowing and The Deceiving before you jump off into The Reckoning. You won't regret it!" -- Phyllis W. ????? "LOVED IT...Again Ninie has not let me down. Before I read book 3 I re-read the first two again. I was expecting to rush thru those because of knowing what happened, NOT. I enjoyed reading them again and picked up some points I didn't see the first time. If you have not tried this author, you really must. Most of her books I would give 10 stars if I could. You rock Ninie!!!" -- D. Price ????? "This book is fairly fast paced which makes it hard to put down. The fact that the action keeps you turning pages, sometimes does cause me to get less sleep. Then when I finally read the last page, I am sorry that I read so quickly and that it is already over." -- Kaye If you like fast-paced action, gut-tying thrills and themes that will challenge everything you believe about yourself, life and reality, about good and evil and the whole nature of the universe—The Reckoning is the book for you.

The Reckoning Aug 01 2023 #1 NEW YORK TIMES BESTSELLER • John Grisham's most powerful, surprising, and suspenseful thriller yet • “A murder mystery, a courtroom drama, a family saga.” —USA Today October 1946, Clanton, Mississippi Pete Banning was Clanton, Mississippi's favorite son—a decorated World War II hero, the patriarch of a prominent family, a farmer, father, neighbor, and a faithful member of the Methodist church. Then one cool October morning he rose early, drove into town, and committed a shocking crime. Pete's only statement about it—to the sheriff, to his lawyers, to the judge, to the jury, and to his family—was: "I have nothing to say." He was not afraid of death and was willing to take his motive to the grave. In a major novel unlike anything he has written before, John Grisham takes us on an incredible journey, from the Jim Crow South to the jungles of the Philippines during World War II; from an insane asylum filled with secrets to the Clanton courtroom where Pete's defense attorney tries desperately to save him. Reminiscent of the finest tradition of Southern Gothic storytelling, The Reckoning would not be complete without Grisham's signature layers of legal suspense, and he delivers on every page. **Disobedient Women** May 06 2021 Journalist Sarah Stankorb outlines how access to the internet—its networks, freedom of expression, and resources for deeply researching and reporting on powerful church figures—allowed women to begin dismantling the false authority of evangelical communities that had long demanded their submission. A generation of American Christian girls was taught submitting to men is God's will. They were taught not to question the men in their families or their pastors. They were told to remain sexually pure and trained to feel shame if a man was tempted. Some of these girls were abused and assaulted. Some made to shrink down so small they became a shadow of themselves. To question their leaders was to question God. All the while, their male leaders built fiefdoms from megachurches and sprawling ministries. They influenced politics and policy. To protect their church's influence, these men covered up and hid abuse. American Christian patriarchy, as it rose in political power and cultural sway over the past four decades, hurt many faithful believers. Millions of Americans abandoned churches they once loved. Yet among those who stayed (and a few who still loved the church they fled), a brave group of women spoke up. They built online megaphones, using the democratizing power of technology to create long-overdue change. In Disobedient Women, journalist Sarah Stankorb gives long-overdue recognition for these everyday women as leaders and as voices for a different sort of faith. Their work has driven journalists to help bring abuse stories to national attention. Stankorb weaves together the efforts of these courageous voices in order to present a full, layered portrait of the treatment of women and the fight for change within the modern American church. Disobedient Women is not just a look at the women who have used the internet to bring

down the religious power structures that were meant to keep them quiet, but also a picture of the large-scale changes that are happening within evangelical culture regarding women's roles, ultimately underscoring the ways technology has created a place for women to challenge traditional institutions from within.

The Reckoning Nov 23 2022 New York Times Bestseller: "A historical overview of the auto industry in the United States and Japan [and] the gradual decline of U.S. manufacturing" (Library Journal). After generations of creating high-quality automotive products, American industrialists began losing ground to the Japanese auto industry in the decades after World War II. David Halberstam, with his signature precision and absorbing narrative style, traces this power shift by delving into the boardrooms and onto the factory floors of the America's Ford Motor Company and Japan's Nissan. Different in every way—from their reactions to labor problems to their philosophies and leadership styles—the two companies stand as singular testaments to the challenges brought by the rise of the global economy. From the Pulitzer Prize-winning author of *The Fifties* and *The Coldest Winter*, and filled with intriguing vignettes about Henry Ford, Lee Iacocca, and other visionary industrial leaders, *The Reckoning* remains a powerful and enlightening story about manufacturing in the modern age, and how America fell woefully behind. This ebook features an extended biography of David Halberstam.

The Reckoning Sep 21 2022 The authors of *After the Revolution* return with an incisive study of the work of contemporary women artists. In *After the Revolution*, the authors concluded that "The battles may not all have been won . . . but barricades are gradually coming down, and work proceeds on all fronts in glorious profusion." Now, with *The Reckoning*, authors Heartney, Posner, Princenthal, and Scott bring into focus the accomplishments of 24 acclaimed international women artists born since 1960 who have benefited from the groundbreaking efforts of their predecessors. The book is organized in four thematic sections: "Bad Girls" profiles artists whose work represents an assault on conventional notions of gender and racial difference. "History Lessons" offers reflections on the self in the context of history and globalization.

"Spellbound" focuses on women's embrace of the irrational, subjective, and surreal, while "Domestic Disturbances" takes on women's conflicted relationship to home, family, and security. Written in lively prose and fully illustrated throughout, this book gives an informed account of the wonderful diversity of recent contemporary art by women. "An indispensable contribution to the literature on contemporary art by women." (Whitney Chadwick, author of *Women, Art and Society*) "In the 2007 book *After the Revolution: Women Who Transformed Contemporary Art*, [the authors] set a new standard in documenting and evaluating the work of a dozen key women artists, spanning generations between the 1960s to the 2000s. . . The beat goes on with the appearance of *The Reckoning*, written by the same authors in the same accessible scholarly style, but reflecting important historical changes over the past decade and more. In line with the increased presence of women in mainstream art, the book includes twice as many artists as its predecessor. And its global reach has expanded vastly, stretching from Europe and the Americas to Africa and China." (Holland Cotter, *The New York Times*)

The Reckoning Oct 23 2022 The instant New York Times and USA Today bestseller *America* is suffering from PTSD—*The Reckoning* diagnoses its core causes and helps us begin the healing process. For four years, Donald J. Trump inflicted an onslaught of overlapping and interconnected traumas upon the American people, targeting anyone he perceived as being an "other" or an enemy. Women were discounted and derided, the sick were dismissed as weak and unworthy of help, immigrants and minorities were demonized and discriminated against, and money was elevated above all else. In short, he transformed our country into a macro version of his malignantly dysfunctional family. How can we make sense of the degree to which our institutions and leaders have let us down? How can we negotiate a world in which all sense of safety and justice seems to have been destroyed? How can we—as individuals and as a nation—confront, process, and overcome this loss of trust and the ways we have been forever altered by chaos, division, and cruelty? And when the dust finally settles, how can we begin to heal, in the midst of ongoing health and economic crises and the greatest political divide since the Civil War? Mary L. Trump is uniquely positioned to answer these difficult questions. She holds a Ph.D. in clinical psychology specializing in trauma, has herself been diagnosed with post-traumatic stress disorder, and happens to be Donald J. Trump's only niece. In *The Reckoning*, she applies her unique expertise to the task of helping us confront an all-encompassing trauma, one that has taken an immense toll on our nation's health and well-being. A new leader alone cannot fix us. Donald J. Trump is only the latest symptom of a disease that has existed within the body politic since America's inception—from the original sin of slavery through our unceasing, organized commitment to inequality. Our failure to acknowledge this, let alone root it out, has allowed it to metastasize. Now, we are confronted with the limits of our own agency on a daily basis. Whether it manifests itself in rising levels of rage and hatred, or hopelessness and apathy, the unspeakable stress of living in a country we no longer recognize has affected all of us for a long time, in ways we may not fully understand. An enormous amount of healing must be done to rebuild our lives, our faith in leadership, and our hope for this nation. It starts with *The Reckoning*.

A living science experiment – not only can I see ghosts, but I was genetically altered by a group of people who call themselves The Edison Group. What does that mean? For starters, I'm a teenage necromancer whose powers are out of control: I raise the dead without even trying. Trust me, that is not a power you want to have. Ever. I'm running for my life with three of my supernatural friends – a charming sorcerer, a cynical werewolf, and a disgruntled witch – and we have to find someone who can help us gain our freedom back before The Edison Group finds us first. Or die trying. The Reckoning The Darkest Powers Trilogy, Book III Only two weeks ago, life was all too predictable. But that was before I saw my first ghost. Now along with my supernatural friends Tori, Derek, and Simon, I'm on the run from the Edison Group, which genetically altered us as part of their sinister experiment. We're hiding in a safe house that might not be as safe as it seems. We'll be gone soon anyway, back to rescue those we'd left behind and take out the Edison Group . . . or so we hope.

When the Reckoning Comes Jan 14 2022 A haunting novel about a black woman who returns to her hometown for a plantation wedding and the horror that ensues as she reconnects with the blood-soaked history of the land and the best friends she left behind. More than a decade ago, Mira fled her small, segregated hometown in the south to forget. With every mile she traveled, she distanced herself from her past: from her best friend Celine, mocked by their town as the only white girl with black friends; from her old neighborhood; from the eerie Woodsman plantation rumored to be haunted by the spirits of slaves; from the terrifying memory of a ghost she saw that terrible day when a dare-gone-wrong almost got Jesse—the boy she secretly loved—arrested for murder. But now Mira is back in Kipsen to attend Celine's wedding at the plantation, which has been transformed into a lush vacation resort. Mira hopes to reconnect with her friends, and especially, Jesse, to finally tell him the truth about her feelings and the events of that devastating long-ago day. But for all its fancy renovations, the Woodsman remains a monument to its oppressive racist history. The bar serves antebellum drinks, entertainment includes horrifying reenactments, and the service staff is nearly all black. Yet the darkest elements of the plantation's past have been carefully erased—rumors that slaves were tortured mercilessly and that ghosts roam the lands, seeking vengeance on the descendants of those who tormented them, which includes most of the wedding guests. As the weekend unfolds, Mira, Jesse, and Celine are forced to acknowledge their history together, and to save themselves from what is to come.

Gold Wars Jul 08 2021 *Gold Wars: Battle for the Global Economy* addresses the grotesque, growing and unsustainable imbalances in the financial system. As gold is the barometer of systemic ills, a war on gold—to drive down its price—is taking place to hide the negative impacts of fiat currency, shadow banking and central banking on the global financial system. Starting with an introductory discussion on the nature of money and the bizarre fractional reserve structure currently in place, Mitchell moves on to address the massive, but little known systemic pivot point: the Petrodollar standard. Tying dollars to oil, this mechanism undergirds the dollar's reserve status. But soon it will fail with paradigm shifting consequences. Next, Mitchell addresses the twins of shadow banking and central banking (with a quick interlude to look at the traits of physical gold). Then, with the stage set and the distortions, corruptions and levers of power in better view, he examines a few historical precedents and likely outcomes through deflationary/inflationary effects and their combinations. *Gold Wars* features a detailed breakdown of the gross manipulations in the gold market - from nonexistent paper gold, smackdowns, high-frequency trading, and ETF's to Central Bank games like swapping/leasing, shell accounting, midnight raids, clandestine gold movements and regulatory attacks on investors. Mitchell offers a prediction of the results for the gold market: when the manipulation fails, paper and physical prices will separate, with the physical selling for multiples of paper. Similarly silver, with its own unique characteristics for industry and investment, is also targeted as a potential refuge for flight from paper, though strangely, above-ground gold is now more plentiful than silver. Add to this a silver short position rolling from one institution to another as each fails, a 4-year foot dragging investigation into market fraud, and a class action suit for manipulation and the market has a recipe for a pressure cooker at maximum. Western banks, lacking the gold to cover their obligations, will eventually declare a force majeure—an event supposedly the result of the elements of nature, as opposed to one caused by human behavior—as a pretext for settling their obligations in increasingly valueless paper. Where is the resistance to this distortion and corruption of value? Power is flowing East as China and Russia have drawn in massive amounts of gold while denyin
