Product 15-1038 20-1126 ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- The leader in the field, Emergency Medical Responder, Ninth Edition, provides clear first responder-level training for fire service, emergency, law enforcement, military, civil, and industrial personnel. The new ninth edition retains many successful features from previous editions and includes new topics and concepts that have recently become part of most Emergency Medical Responder programs. The foundation of this text is the new National Emergency Medical Services Education Standards for Emergency Medical Responder, and it also includes the 2010 American Heart Association guidelines for Cardiopulmonary Resuscitation and First Aid. Product 15-1021 The transition from line staff to management is fraught with difficulty. Sixty percent of new managers either fail outright or underperform in their first two years, while 51% of managers said they were unprepared for their first managerial role. In this quick-reference guide, Master Trainer and Professional Coach Joan Underwood shares practical insights and proven strategies for conquering the

three most common challenges associated with this transition-managing self, managing others, and managing processes. This practical "how-to" guide is an invaluable resource for experienced, new, and aspiring supervisors and managers who would like to take their performance to the next level. Underwood draws from over twenty-five years of experience as a manager, lecturer, HR practitioner, consultant, trainer, and coach to craft a relatable blend of theory, practical models, proven strategies, and engaging stories. As a bonus, each chapter contains activities designed to help readers apply and reinforce the lessons learned. By implementing the strategies in this guide, you will: - Make a smoother transition from individual contributor to manager - Possess a higher level of self-awareness - Gain proven strategies for self-regulation - Have the ability to anticipate and respond rather than merely reacting to challenges - Possess an enhanced ability to get things done with and through others

It's time to distinguish yourself from the majority of managers struggling to succeed in a new and challenging role. *Managers' First Aid Kit* is your go-to resource to master the art and science of managing, so you can become the leader your company needs and the best manager you have the capacity to be. Product 15-1912 Rev. ed. of: *First aid/CPR/AED for schools and the community*. 3rd ed. c2006. This text covers all information included in the US Department of Transportation (DOT) First Responder National Standard Curriculum. Some 30 skill drills present step-by-step instructions for procedures, illustrated with color photos at each step. Trauma photos prepare students to handle a real-life This 2006 revised student workbook, one of two *Heartsaver First Aid* texts, contains information on how to manage illness and injuries in the first few minutes of an emergency until professional help arrives. Workbook contains the three required modules (General Principles, Medical Emergencies, and Injury Emergencies) and three optional modules (CPR, AED, and Environmental Emergencies) for the *Heartsaver First Aid Course*. Comes shrink-wrapped with the *Heartsaver First Aid Quick Reference Card (#80-1057)*, the *Adult CPR And AED Reminder Card*, the *Child And Infant CPR And AED Reminder Card*, and a CD containing supplemental CPR and AED skills information. Ideal for first responders and for students attending the *Heartsaver First Aid* course. Part of a series of titles authored by the National Safety Council, *First Aid: Taking Action* covers the material required for a semester long *Advanced First Aid* course . The focus is teaching how to recognize and act in any emergency and to sustain life until professional help can arrive. Other information includes bleeding control, and first aid for sudden illnesses and injuries. Information is presented in a concise easy-to-read manner that works as a handy reference after the course. National Safety Council programs and products are designed to benefit all types of learning styles by combining lectures, video presentations, group discussions, and hands-on training. As most public safety professionals are aware, the events that require emergency response personnel also frequently attract members of the news media. Covering such essential topics as press releases, the types of media, and interviewing techniques, this book provides public safety professionals with the tools necessary to successfully interact with the media, from the department rookie to the seasoned Public Information Officer. Product 90-1074 Teaches lay rescuers how to recognize the most common life-threatening emergencies in the workplace, when to call for help, and how to perform lifesaving skills until professional help arrives. Product 15-2848 The *Heartsaver First Aid* course trains participants first aid basics for the most common first aid emergencies, including how to recognize them, how to call for help, and how to perform lifesaving skills. Product 15-1018 20-2804 20-1126 Product 90-2805TR Product 15-1073 For courses in emergency medical responder programs. Help students think like EMRs The leader in the field, *Emergency Medical Responder: First on Scene* provides clear, first responder --level training for fire service, emergency, law enforcement, military, civil, and industrial personnel. The text is based on the new National Emergency Medical Services Education Standards for Emergency Medical Responders and includes the 2017 Focused Updates from the American Heart Association Guidelines for Cardiopulmonary Resuscitation and First Aid. The fully updated 11th edition

covers new topics recently introduced into emergency medical responder programs.
