*Survive the Unthinkable* Feb 23 2021 Approximately 1.9 million women are physically assaulted annually in the United States alone. In *Survive the Unthinkable*, Tim Larkin empowers women to understand that surviving a potential attack isn't about being physically bigger, faster, or stronger; it's about knowing how to self-protect, not self-defend. *Survive the Unthinkable* reveals the effective, proven principles behind Target Focus Training, the system Larkin has used to train Navy SEALs, celebrities, and soccer moms. It's a counter-intuitive mind / body approach women can use to protect themselves and their loved ones. Readers learn how to identify the difference between social aggression (which can be avoided) and asocial violence (which is unavoidable), recognize personal behaviors that may jeopardize safety, and target highly specific areas on an attacker's body for a strategic counterattack. Larkin discusses how predators think and teaches women how to spot them, outsmart them, and stop them in their tracks. With principles proven to work regardless of size, strength, or athleticism, Larkin's approach revolutionizes women's perspective on violence and self-protection. Armed with the tools to neutralize any threat, readers will blast through the victim mindset and live freer, safer, more peaceful lives.

BRADY A new perspective on the overused and misunderstood concept of "karma" that offers the key to happiness and enlightenment, from the world-renowned spiritual master Sadhguru. What is karma? Most people understand karma as a balance sheet of good and bad deeds, virtues and sins. The mechanism that decrees that we cannot evade the consequences of our own actions. In reality, karma has nothing to do with reward and punishment. Karma simply means action: your action, your responsibility. It isn't some external system of crime and punishment, but an internal cycle generated by you. Accumulation of karma is determined only by your intention and the way you respond to what is happening to you. Over time, it's possible to become ensnared by your own unconscious patterns of behavior. In Karma, Sadhguru seeks to put you back in the driver's seat, turning you from a terror-struck passenger to a confident driver navigating the course of your own destiny. By living consciously and fully inhabiting each moment, you can free yourself from the cycle. Karma is an exploration and a manual, restoring our understanding of karma to its original potential for freedom and empowerment instead of a source of entanglement. Through Sadhguru's teachings, you will learn how to live intelligently and joyfully in a challenging world.

*The Eyre Affair* Apr 15 2020 Meet Thursday Next, literary detective without equal, fear or boyfriend Jasper Fforde's beloved New York Times bestselling novel introduces literary detective Thursday Next and her alternate reality of literature-obsessed England—from the author of *The Constant Rabbit* Fans of Douglas Adams and P. G. Wodehouse will love visiting Jasper Fforde's Great Britain, circa 1985, when time travel is routine, cloning is a reality (dodos are the resurrected pet of choice), and literature is taken very, very seriously: it's a bibliophile's dream. England is a virtual police state where an aunt can get lost (literally) in a Wordsworth poem and forging Byronic verse is a punishable offense. All this is business as usual for Thursday Next, renowned Special Operative in literary detection. But when someone begins kidnapping characters from works of literature and plucks Jane Eyre from the pages of Brontë's novel, Thursday is faced with the challenge of her career. Fforde's ingenious fantasy—enhanced by a Web site that re-creates the world of the novel—unites intrigue with English literature in a delightfully witty mix.

**The Motivation Manifesto** Jul 19 2020 "The Motivation Manifesto is a poetic and powerful call to reclaim our lives and find our own personal freedom. It's a triumphant work that transcends the title, lifting the reader from mere motivation into a soaringly purposeful and meaningful life. I love this book." —Paulo Coelho The Motivation Manifesto is a pulsing, articulate, ferocious call to claim our personal power. World-renowned high performance trainer Brendon Burchard reveals that the main motive of humankind is the pursuit of greater Personal Freedom. We desire the grand liberties of choice—time freedom, emotional freedom, social freedom, financial freedom, spiritual freedom. Only two enemies stand in our way: an external enemy, defined as the social oppression of who we are by the mediocre masses, and an internal enemy, a sort of self-oppression caused by our own doubt and fear. The march to Personal Freedom, Burchard argues, can be won only by

declaring our intent and independence, stepping into our personal power, and battling through self-doubt and the distractions of the day until full victory is won. Recalling the revolutionist voices of the past that chose freedom over tyranny, Burchard—at times poetic yet always fierce—motivates us to free ourselves from fear and take back our lives once and for all.

*The Daily Stoic* Oct 22 2020 From the team that brought you *The Obstacle Is the Way* and *Ego Is the Enemy*, a daily devotional of Stoic meditations—an instant Wall Street Journal and USA Today Bestseller. Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the most valuable wisdom is timeless and that philosophy is for living a better life, not a classroom exercise. The Daily Stoic offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to come) you'll find the serenity, self-knowledge, and resilience you need to live well.
