Decisions students make today can affect not only their life now but have an impact on their future. If students make wise financial decisions, life can become a more joyous experience. On the other hand, if students make bad decisions, life may not turn out so well. Personal Finance was written with one purpose: To provide the information students need to make informed decisions that can literally change their life. The 13th provides the information needed to take advantage of opportunities and to help manage their personal finances. This new edition of Personal Finance is packed with updated information and examples to help students plan for the future and achieve financial security. For example, we have revised important topics like taxes, college loans, health care, and investments to provide the most current information available. Other important topics including credit, housing, legal protection, retirement planning, and estate planning have also been revised in this edition. Focus on Personal Finance is a brief, 14-chapter book, covering the critical topics in Personal Finance courses. This 4-color, paperback text is designed and written to appeal to a range of ages, life situations, and levels of financial literacy. A unique aspect of this text is its active approach. This text will not only get your students thinking about their current situation and financial goals, but also to put these in writing to use as a guide and revise over the course of their lives. The more a student involves themselves in the assessments, exercises and worksheets provided, the more they will discover about their current habits and how to improve them for greater financial freedom. Students have many different financial goals, but none are more important than having a basic understanding of financial issues and peace of mind with regard to their decisions. The ultimate goal of Focus on Personal Finance is to get students to this point as a first step to achieving the many financial goals they have set for themselves. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.
