If you teach Personal Finance as a  
Telecourse, this text is a perfect fit! A  
Telecourse program is available from  
Coastline Community College titled: Dollars  
& Sense: Personal Finance for the 21st  
Century that is based on the Kapoor, Dlabay,  
and Hughes text. The program includes 26  
30-minute video tapes, which you directly  
purchase from Coast by contacting Lynn  
Dahnke, Marketing Director, Coast Learning  
Systems, 11460 Warner Ave., Fountain Valley,  
CA 92708, (800) 547-4748. Web Site:

**INSTANT NEW YORK TIMES AND USA TODAY BESTSELLER!** Soon to be a major motion picture written and directed by Academy Award-winning director of Green Book, Peter Farrelly. "Chickie takes us thousands of miles on a hilarious quest laced with sorrow, but never dull. You will laugh and cry, but you will not be sorry that you read this rollicking story."—Malachy McCourt A wildly entertaining, feel-good memoir of an Irish-American New Yorker and former U.S. marine who embarked on a courageous, hare-brained scheme to deliver beer to his pals serving Vietnam in the late 1960s. One night in 1967, twenty-six-year-old John Donohue—known as Chick—was out with friends, drinking in a New York City bar. The friends

gathered there had lost loved ones in Vietnam. Now, they watched as anti-war protesters turned on the troops themselves. One neighborhood patriot came up with an inspired—some would call it insane—idea. Someone should sneak into Vietnam, track down their buddies there, give them messages of support from back home, and share a few laughs over a can of beer. It would be the Greatest Beer Run Ever. But who'd be crazy enough to do it? One man was up for the challenge—a U. S. Marine Corps veteran turned merchant mariner who wasn't about to desert his buddies on the front lines when they needed him. Chick volunteered. A day later, he was on a cargo ship headed to Vietnam, armed with Irish luck and a backpack full of alcohol. Landing in Qui Nho'n, Chick set off on an adventure that would change his life forever—an odyssey that took him through a series of hilarious escapades and harrowing close calls, including the Tet Offensive. But none of that mattered if he could bring some cheer to his pals and show them how much the folks back home appreciated them. This is the story of that epic beer run, told in Chick's own words and those of the men he visited in Vietnam. Focus on Personal Finance is a

brief, 14-chapter book, covering the critical topics in Personal Finance courses. This 4-color, paperback text is designed and written to appeal to a range of ages, life situations, and levels of financial literacy. A unique aspect of this text is its active approach. This text will not only get your students thinking about their current situation and financial goals, but also to put these in writing to use as a guide and revise over the course of their lives. The more a student involves themselves in the assessments, exercises and worksheets provided, the more they will discover about their current habits and how to improve them for greater financial freedom. Students have many different financial goals, but none are more important than having a basic understanding of financial issues and peace of mind with regard to their decisions. The ultimate goal of Focus on Personal Finance is to get students to this point as a first step to achieving the many financial goals they have set for themselves. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class

Praise for the Second Edition "This book has never had a competitor. It is the only book that takes a broad approach to sampling . . . any good personal statistics library should include a copy of this book." —Technometrics "Well-written . . . an excellent book on an important subject. Highly recommended." —Choice "An ideal reference for scientific researchers and other professionals who use sampling." —Zentralblatt Math Features new developments in the field combined with all aspects of obtaining, interpreting, and using sample data Sampling provides an up-to-date treatment of both classical and modern sampling design and estimation methods, along with sampling methods for rare, clustered, and hard-to-detect populations. This Third Edition retains the general organization of the two previous editions, but incorporates extensive new

material—sections, exercises, and examples—throughout. Inside, readers will find all-new approaches to explain the various techniques in the book; new figures to assist in better visualizing and comprehending underlying concepts such as the different sampling strategies; computing notes for sample selection, calculation of estimates, and simulations; and more. Organized into six sections, the book covers basic sampling, from simple random to unequal probability sampling; the use of auxiliary data with ratio and regression estimation; sufficient data, model, and design in practical sampling; useful designs such as stratified, cluster and systematic, multistage, double and network sampling; detectability methods for elusive populations; spatial sampling; and adaptive sampling designs. Featuring a broad range of topics, *Sampling, Third Edition* serves as a valuable reference on useful sampling and estimation methods for researchers in various fields of study, including biostatistics, ecology, and the health sciences. The book is also ideal for courses on statistical sampling at the upper-undergraduate and graduate levels. The integrated solutions for
