There are more than 100 stickers included, so there's enough to use as reward stickers when you finish an activity, and loads more to use just for fun!

**The Zones of Regulation** Oct 23 2020 "... a curriculum geared toward helping students gain skills in consciously regulating their actions, which in turn leads to increased control and problem solving abilities. Using a cognitive behavior approach, the curriculum's learning activities are designed to help students recognize when they are in different states called "zones," with each of four zones represented by a different color. In the activities, students also learn how to use strategies or tools to stay in a zone or move from one to another. Students explore calming techniques, cognitive strategies, and sensory supports so they will have a toolbox of methods to use to move between zones. To deepen students' understanding of how to self-regulate, the lessons set out to teach students these skills: how to read others' facial expressions and recognize a broader range of emotions, perspective about how others see and react to their behavior, insight into events that trigger their less regulated states, and when and how to

use tools and problem solving skills. The curriculum's learning activities are presented in 18 lessons. To reinforce the concepts being taught, each lesson includes probing questions to discuss and instructions for one or more learning activities. Many lessons offer extension activities and ways to adapt the activity for individual student needs. The curriculum also includes worksheets, other handouts, and visuals to display and share. These can be photocopied from this book or printed from the accompanying CD."--Publisher's website.

*100 Things to Do... Cartoon Network* Jun 30 2021 100 Stickers 100 Activities 100 Pages This bumper sticker book features enduringly popular Mr Men characters and well-known characters from Cartoon Network. It includes 1020 reward stickers covering seasons and holidays, all bound into a book for easy use and storage. Each sticker measures approx. 1.25" x 1".

*Growing Friendships* Feb 24 2021 From psychologist and children's friendships expert Eileen Kennedy-Moore and parenting and health writer Christine McLaughlin comes a social development primer that gives kids the answers they need to make and keep friends. Friendship is complicated for kids. Almost every child struggles socially at some time, in some way. Having an argument with a friend, getting teased, or even trying to find a buddy in a new classroom...although these are typical problems, they can be very painful. And friendships are never about just one thing. With research-based practical solutions and plenty of true-to-life examples--presented in more than 200 lighthearted cartoons--*Growing Friendships* is a toolkit for both girls and boys as they make sense of the social order around them. Children everywhere want to fit in with a group, resist peer pressure, and be good sports--but even the most socially adept children struggle at times. But after reading this highly illustrated guide on their own or with a caring adult, kids everywhere will be well equipped to face any friendship challenges that come their way.

**Colours** Jun 18 2020 Educational and fun new series of sticker activity books, one of four first concept titles to collect. Each book features glossy, varnished pages with over 100 reusable, photographic stickers, plus reward stickers to place on every completed page. Children will learn colours through play as they complete and repeat the sticker puzzles and activities inside. Encourages development of multiple skills including problem-solving, matching and hand-eye coordination.

*I Want to Be a Teacher Activity Book* May 10 2022 With 100 stickers and pop-out props, *I Want to Be a Teacher Activity Book* provides preschoolers with everything they need to put themselves at the front of the (pretend!) classroom and teach like a real teacher would. As kids use the colorfully illustrated report cards and attendance sheets, library cards, reward stickers, and bulletin board signs to outfit their play classroom and conduct classes for each other and their stuffed animals, they'll get more than just hours of creative fun. They'll be laying the foundation for success in math and reading through play, and be better prepared for learning within the structure and routines of the classroom environment.

The Very Hungry Caterpillar and Friends Aug 01 2021 The Very Hungry Caterpillar and Friends: My Very First Annual by Eric Carle is a must-have for every Very Hungry Caterpillar fan. Count, colour and sticker in this very busy big book celebrating The Very hungry Caterpillar and his friends. Complete the Hungry Caterpillar's own story with giant stickers, count your way to the zoo with a host of animals and colour them in, and as an extra special treat read the story of the Very Lonely Firefly and help him shine with lots of glittery stickers. This is an enchanting first annual for two - to - five-year-olds with lots of activities and classic stories for hours of holiday entertainment. Eric Carle is an internationally bestselling and award-winning author and illustrator of books for very young children. He was born in New York, but spent his early life in Germany. He returned to the States in his early twenties and worked as a graphic designer and an art director before he began creating children's books. He lives in Massachusetts with his wife, Barbara. Stick on your shirt, take a selfie, and share on social media! Easy to stick on and peel off clothing. Stickers are 2-3/4 inches round. Package measures 8-1/2 inches wide by 11 inches high.

*Basil* Jul 20 2020 Do you know that Basil grows from 10 to 50 inches tall? And do you know that you must plant Basil yearly? It is sometimes difficult to make our children understand the beauty of nature, to make them appreciate the small things, the beauty of a flower, the freshness of the air, the scent of grass. Many times we are not fortunate

to be in contact with nature, far from a meadow, closed in the cities, but so often while being able to look out from our balcony in a beautiful country house, we know how to observe but do not appreciate the beauty of creation. Know the details of fruit and vegetables is as common as it is surprising, through a simple path and that fuels the interest and curiosity of your child. That is the purpose of this book. But beware, prepare for the challenge! You will have to be able to answer the questions that your child will ask you by showing off their deep knowledge in the microworld of the Asparagus: -Mom, do you know how many different types of Basil there is in the world? I do! -Hey dad, do you know how to make Basil tea? I do! -Grandpa, do you know how far away Basil plants should be placed? I do! -Grandma, do you know where the best place to plant Basil is? I do! -Sarah, you're my big sister and you've studied a lot, but I bet you don't know what Basil was used for in Ancient Egypt! I know that. You do not need anything else, just one click on "Buy Now" and you will let your child live a magical new adventure with fruits and vegetables.

**Hey Duggee: Duggee's Book of Badges** Dec 05 2021 Would you like to earn your Squirrel Club badges? Duggee's Book of Badges is packed full of them! Just follow Duggee's instructions, play and have fun. Inside, you'll find lots of brilliant things to do, colourful badge stickers and a special reward chart with a poster on the back. A-woof!

*Why Evolution is True* May 30 2021 For all the discussion in the media about creationism and 'Intelligent Design',

virtually nothing has been said about the evidence in question - the evidence for evolution by natural selection. Yet, as this succinct and important book shows, that evidence is vast, varied, and magnificent, and drawn from many disparate fields of science. The very latest research is uncovering a stream of evidence revealing evolution in action - from the actual observation of a species splitting into two, to new fossil discoveries, to the deciphering of the evidence stored in our genome. *Why Evolution is True* weaves together the many threads of modern work in genetics, palaeontology, geology, molecular biology, anatomy, and development to demonstrate the 'indelible stamp' of the processes first proposed by Darwin. It is a crisp, lucid, and accessible statement that will leave no one with an open mind in any doubt about the truth of evolution.

**LazyTown Colouring and Activity** Feb 07 2022 Get up and get going with Sportacus and Stephanie. Complete the puzzles and place your reward stickers on the challenge chart, learn amazing facts and have lots of fun with your stencils.
