This title presents an in-depth treatment of over 22,000 words, phrases and meanings. Informed by the 85-million-word Oxford Corpus of academic English, which includes a broad range of textbooks and academic journals from 26 different disciplines within the subject areas of humanities, social sciences, life sciences and physical sciences. Corpus-based examples show words in genuine academic contexts and help students use words correctly. This book tells the history of the Oxford English Dictionary from its beginnings in the middle of the nineteenth century to the present. The author, uniquely among historians of the OED, is also a practising lexicographer with nearly thirty years' experience of working on the Dictionary. He has drawn on a wide range of sources-including previously unexamined archival material and eyewitness testimony-to create a detailed history of the project. The book explores the cultural background from which the idea of a comprehensive historical dictionary of English emerged, the lengthy struggles to bring this concept to fruition, and the development of the book from the appearance of the first printed fascicle in 1884 to the launching of the Dictionary as an online database in 2000 and beyond. It also examines the evolution of the lexicographers' working methods, and provides much information about the people-many of them remarkable individuals-who have contributed to the project over the last century and a half. This dictionary contains around 60,000 English terms with their Polish translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from English to Polish. If you need translations from Polish to English, then the companion volume The Great Dictionary Polish - English is recommended. Comprehensive English to Hebrew dictionary with over 50,000 words. This dictionary contains around 60,000 English terms with their Spanish translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from English to Spanish. If you need translations from Spanish to English, then the companion volume The Great Dictionary Spanish - English is recommended. Reference/World History "Consistently informative, lively, and accurate . . . a pathbreaking achievement." --The New York Times Book Review s the world's axes of population, power, and commerce shift from North to South and from West to East, the old Eurocentric model of culture is giving way to a new global paradigm. This dictionary, which has been compiled by two of our most esteemed scholars, is the first work of its kind to devote equal emphasis to the cultural contributions of the non-Western world alongside those of Europe and North America. Prepared by regional experts from five continents (including both scholars from other cultures and Western scholars of other cultures), the book's more than 1,200 entries include: Chinua Achebe , Aeschylus , Bo Diddley , Denis Diderot , Martha Graham , The Great Leap Forward , Igbo , Inanna , Jainism , Henry James , John Milton , Yukio Mishima , Ramayana , Raphael , François Toussaint L'Ouverture , Trail of Tears , Zionism , Zydeco Vast in scope and lucidly written, The Dictionary of Global Culture is an indispensable reference for students, businesspeople, or anyone seeking a foothold in the civilization of the next millennium. "Detailed, accurate and solid. . . It contains much to interest and inform." --Baltimore Sun - Deluxe, one-volume Encyclopedic Edition with 170,000 dictionary entries selected by distinguished lexicographers.- Over 1350 pages- 1200 spot illustrations- Alphabetized Thsaurus of 90,000 synonymys and antonyms.- Contains a featured Segment on United States with Full-color photographs and biographies of all US Presidents including George Walker Bush.- Information including Flags. Capitals of all US States.- Declaration of Independence- Constitution of the United States- Government of the United States- Government of the United States- Executive Agencies- Magna Carta- A 1372 page dictionary that is a complete quick-reference library. The best dictionary available in the market at an affordable price is the Cambridge Low Price E dition Dictionary.The factors which makes it attractive are its price,maximum coverage of words and most importantly it gives an 'use in sentence 'for every word something u cannot find in other dictionaries.I would say this is the best dictionary suited for any one who has a flair for english. A Dictionary of Marketing is an accessible and wide-ranging A-Z, providing over 2,600 entries on topics spanning terms for traditional marketing techniques (from strategy, positioning, segmentation, and branding, to all aspects of marketing planning, research, and analysis), as well as leading marketing theories and concepts. Both classic and modern marketing techniques are covered. Entries reflect modern changes in marketing practice, including the use of digital and multi media, the impact of the world wide web on advertising, and the increased influence of social media, search engine optimization, and global marketing. Also included is a time line of the development of marketing as a discipline and the key events that impacted the development, as well as over 100 relevant web links, accessed and updated via a companion website. In addition, the main appendix provides greater depth on the subject, including advertising and brand case studies with a strong international focus. These are arranged thematically, e.g. automobile industry, food and drink, luxury goods, and focus on iconic brands, marketing campaigns, and slogans of the 20th century that have permeated our collective consciousness, exploring how the ideas defined in the main text of the book have been utilised successfully in practice across the globe. This dictionary is an indispensable resource for students of marketing and related disciplines, as well as a practical guide for professional practitioners. The OPD Second Canadian Edition English/Chinese is an illustrated, theme-based dictionary for second-language learners. This four-colour dictionary defines words through pictures, and presents each new word in context. The OPD English/Chinese, along with the monolingual workbooks and many other components, can be used as a reference book or as text for high school or adult ESL students at the beginner level.For years, the first monolingual Canadian edition of the OPD has been the industry leader among picture dictionaries. The second edition expands on the topics covered, providing more depth of vocabulary in the areas that matter most to students and offers Chinese speakers the additional advantage of having words and phrases defined in their native language. The illustrations have been completely updated in a more realistic style that is visually appealing to adult learners.The second edition also contains two new features: Introductory Pages and Story Pages. The Introductory Pages have been added to the beginning of each theme to give lower-level students a basic overview of key vocabulary words, and to give a starting point for discussion and an introduction to the theme for more advanced students. The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills.The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are

studying on their own. This dictionary contains around 60,000 English terms with their Portuguese translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from English to Portuguese. If you need translations from Portuguese to English, then the companion volume *The Great Dictionary Portuguese - English* is recommended. Phenomena related to the transition from a literacy-dominated civilization to one of various means of expression and communication are at the center of his book. The fall of totalitarian regimes, the current structural difficulties of the European Community, the burden of state bureaucracies, the world-wide effort of re-engineering, and the global economy are part of the bigger picture of a necessary development. English is growing at a rate unprecedented in its 1500-year history. Now, for the first time ever, a compendium of English language miscellany that identifies the most fascinating recent developments in the language, from the realms of entertainment, technology and business to the mixing of English with foreign languages. As president of the Global Language Monitor, author Paul Payack knows his stuff and includes fun facts about word origins and usage all over the globe. The ultimate authority on the usage and meaning of English words and phrases, unparalleled in its accuracy and comprehensiveness, the Oxford English Dictionary is the supreme reference work for anyone who loves the language. Key features: * Integrates the material from the original OED and the Supplement into one alphabetical sequence * Includes over 5,000 new words and meanings * Completely redesigned and reset to enhance readability * Replaces James Murray's pronunciation system with the International Phonetic Alphabet * Treats over a half-million words, illustrating definitions with over 2.4 million quotations

This book provides everything translators need to know, from digital equipment to translation techniques, dictionaries in over seventy languages, and sources of translation work. It is the premier reference for all linguists, used by beginners and veterans, and its predecessor...

This dictionary contains around 60,000 English terms with their Dutch translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from English to Dutch. If you need translations from Dutch to English, then the companion volume *The Great Dictionary Dutch - English* is recommended. "Most people think of the Oxford English Dictionary (OED) as a distinctly British product. Begun in England one hundred and fifty years ago, it took over sixty years to complete and when it was finally finished in 1928 the British Prime Minister heralded it as a 'national treasure.' This book shows that the dictionary is not as 'British' as we all thought. The linguist and lexicographer, Sarah Ogilvie, combines her insider knowledge and experience with impeccable research to show rather than the OED is an international product in both its content and its making. She examines the policies and practices of the various editors, applies qualitative and quantitative analysis, and finds new OED archival materials in the form of letters, reports and proofs. She demonstrates that the OED, in its use of readers from all over the world and its coverage of World English, was in fact a global text"-- This wide-ranging dictionary contains a wealth of information on all aspects of history, from prehistory right up to the present day. Over 4,000 clear, concise entries include biographies of key figures in world history (living and dead), separate entries for every country in the world (summarising key historical events), and in-depth entries on religious and political movements, international organizations, and major conflicts and events and their after-effects. For this new edition, existing entries have been revised and updated to reflect the very latest global events including changes in leadership, wars, political situations, and the statistical information given for each country (population counts, currency, languages, religions). New entries have been included for key figures who have recently come to prominence and world events. The book also contains twenty-five detailed maps linked to key historical events and topics. These include the African slave trade, the Black Death, and the Normandy campaign. Also included are over 200 country maps. The dictionary is enhanced by entry-level web links which are accessed via a dedicated companion website. Encyclopedic in scope, this ambitious A to Z provides an excellent overview of world history both for students and anyone with an interest in the subject. *Global English Slang* brings together nineteen key international experts and provides a timely and essential overview of English slang around the world today. The book illustrates the application of a range of different methodologies to the study of slang and demonstrates the interconnection between the different sub-fields of linguistics. A key argument throughout is that slang is a function played by specific words or phrases rather than a characteristic inherent in the words themselves- what is slang in one context is not slang in another. The volume also challenges received wisdom on the nature of slang: that it is short-lived and that slang is restricted to verbal language. With an introduction by editor Julie Coleman, the topics covered range from Inner City New York slang and Hip Hop Slang to UK student slang and slang in Scotland. Authors also explore slang in Jamaica, Australia, New Zealand, India and Hong Kong and the influence of English slang on Norwegian, Italian and Japanese. A final section looks at slang and new media including online slang usage, and the possibilities offered by the internet to document verbal and gestural slang. *Global English Slang* is an essential reference for advanced undergraduates, postgraduates and researchers working in the areas of lexicology, slang and World Englishes.

Theological dictionaries are foundational to any theological library. But until now there has been no *Global Dictionary of Theology*, a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology. The *Global Dictionary of Theology* is inspired by the shift of the center of Christianity from the West to the Global South. But it also reflects the increase in two-way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree. The editorial perspective of the *Global Dictionary of Theology* is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale. Thus a distinctive feature of the *Global Dictionary of Theology* is its conversational approach. Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited. William A. Dyrness, Veli-Matti Kärkkäinen, Juan F. Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives. Pastors, theological teachers, theological students and lay Christian leaders will all find the *Global Dictionary of Theology* to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry. Here is a new launching point for doing theology in today's global context. *Glocal English* compares the usage patterns and stylistic conventions of the world's two dominant native varieties of English (British and American English) with Nigerian English, which ranks as the English world's fastest-growing non-native variety courtesy of the unrelenting ubiquity of the Nigerian (English-language) movie industry in Africa and the Black Atlantic Diaspora. Using contemporary examples from the mass media and the author's rich experiential data, the book isolates the peculiar structural, grammatical, and stylistic characteristics of Nigerian English and shows its similarities as well as its often humorous differences with British and American English. Although Nigerian English forms the backdrop of the book, it will benefit teachers of English as a second or foreign language across the world. Similarly, because it presents complex grammatical concepts in a lucid, personal narrative style, it is useful both to a general and a specialist audience, including people who study anthropology and globalization. The true-life experiential encounters that the book uses to instantiate the differences and similarities between Nigerian English and native varieties of English will make it valuable as an empirical data mine for disciplines that investigate the movement and diffusion of linguistic codes across the bounds of nations and states in the age of globalization. This dictionary contains around 80,000 English terms with their Finnish translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from English to Finnish. If you need translations from Finnish to English, then the companion volume *The Great Dictionary Finnish - English* is recommended. "Business language around the world in the twenty-first century is in a state of rapid change. This creates the need

for new business dictionaries that are not tied to the past but rather reflect the new global economy. This is particularly true in regard to an English-Arabic business dictionary, which brings together two economic systems that are far from identical. As the new century unfolds, the Arabic-speaking world is looking to take its place in the global economy, where, for the most part, English is the universal language, while Arabic is in the process of developing business terminology and such related terminology as computer terms." "This dictionary provides Arabic translations of American business terms. It covers many areas of business, such as banking, insurance, real estate, export-import, stock market, and more. In addition, several hundred business-related computer and Internet terms have been included."--BOOK JACKET. The English language is growing, accelerated by the Internet, e-commerce and global business. It is used by one in five of the world's population, is being learnt by 1 billion people and is the language of 85% of Internet home pages. Throughout the world, business people, tourists, students, teachers and first-time buyers of computers are confronted every day with new words and terms. The need for a manual to this dynamic language has never been greater. The Encarta? Concise Dictionary, compiled from the same database as the Encarta? World English Dictionary, is the result of an in-depth survey of professors, teachers, students and parents into the requirements and expectations of all English speakers in the 21st century. Consequently readers will find international coverage of global English, enhanced with innovative features: * Quick Facts: short digests of key concepts in the arts and science * Literary Links: notes on major works of literature * Internet Guide on navigating and researching on the Internet * Spellchecks: warnings about spelling errors ignored by spellcheckers * Usage Notes: dealing with common queries on spelling and grammar * Comprehensive coverage of high-technology, scientific and business terms In addition to this, the Encarta? Concise Dictionary provides an easy-to-use layout, 30 tables of key facts and dates, over 700 illustrations, maps and photos, and the reader's attention is drawn to commonly misspelt words. A unique Quick Definition system, with brief definitions in bold, enables the reader to pick out the appropriate sense at speed. The Encarta? Concise Dictionary- designed to meet the everyday requirements of all global English speakers - is the first entirely new concise dictionary to be published for two decades. Language is a powerful tool. Read the new manual. Demonstrates that the Oxford English Dictionary is an international product in both its content and its making. Written in a detailed and fascinating manner, this book is ideal for general readers interested in the English language. A Polyglot Pocket Dictionary of Lingala, English, French and Italian represents a glossary that allows the reader to appreciate positive diversity and interculturalism through multilingualism. Building on, and referring to, the author's experiences of studying and living abroad as a series of transits, transitions, and translations, it urges the reader to enhance their global competency and brain power, and to seek cosmocitizenship through the study of world languages and cultures. To this end, it shares enlightening reflections on the benefits of multilingualism, and allows the reader to develop basic language skills in Lingala, English, French, and Italian. As such, in addition to the glossary, this work also contains key facts about the languages at hand, as well as useful phrases, weekdays, numbers, and elements of grammar. "The 2nd edition of the Dictionary of Information Science and Technology is an updated compilation of the latest terms and definitions, along with reference citations, as they pertain to all aspects of the information and technology field"--Provided by publisher. A comprehensive dictionary of over 54,000 words. Commander Sam Vimes of the City Watch returns home each night to read "Where's My Cow?" to his little boy and begins to adapt the book into a dark tale that will be more useful to a youngster growing up in the big city. First published in 1996. Routledge is an imprint of Taylor & Francis, an informa company. A Dictionary of Varieties of English presents a comprehensive listing of the distinctive dialects and forms of English spoken throughout the contemporary world. Provides an invaluable introduction and guide to current research trends in the field Includes definitions both for the varieties of English and regions they feature, and for terms and concepts derived from a linguistic analysis of these varieties Explores important research issues including the transportation of dialects of English, the rise of 'New Englishes', sociolinguistic investigations of various English-speaking locales, and the study of language contact and change. Reflects our increased awareness of global forms of English, and the advances made in the study of varieties of the language in recent decades Creates an invaluable, informative resource for students and scholars alike, spanning the rich and diverse linguistic varieties of the most widely accepted language of international communication This dictionary contains around 130,000 English terms with their French translations, making it one of the most comprehensive books of its kind. It offers a wide vocabulary from all areas as well as numerous idioms. The terms are translated from English to French. If you need translations from French to English, then the companion volume The Great Dictionary French - English is recommended.
