Birds Do It, Too Jan 25 2023 Straight from the internationally renowned bird-watching team of Kit and George Harrison comes the shocking, eye-opening truth: raw facts of love and sex among the feathered species. In *Birds Do It, Too* the Harrisons introduce the reader to multiple variations of love among birds, ranging from the friendly wren in your backyard to the over-endowed alpine accentor, from the cuckolded chickadee to the lesbian gulls of Santa Barbara Island. The details are fascinating, amusing and frank. With a light, wry touch, the Harrisons chronicle scientifically accurate tidbits, as illustrator Michael James Riddet wields a delicate pencil capturing each moment in striking black-and-white detail.

Print Workshop Aug 20 2022 This is a book for low budgets and high ambition. Read it and you will learn how to put images of things onto other things. You will start by rolling up your sleeves. Your shirt will be stained anyways. At some point, you will harness the power of the sun. Go ahead, look inside. You will see that you do not need a fancy studio to print a T-shirt or a picnic blanket. There is no specialized machine required to print anything you want in any room you want. A mural, a dartboard, a deck of cards, these are all possible. In a week or a month, you will wake up to find you know words like acetate and substrate. You will be comfortable talking about ink and shopping at military supply stores. Perhaps most important of all, you will be printing images of things onto other things.
